AWARD OF CONTRACTS

§ 223.100 Award to highest bidder.

The sale of advertised timber shall be awarded to the responsible bidder submitting the highest bid that conforms to the conditions of the sale as stated in the prospectus unless:

(a) Determination is made to reject all bids.

(b) Two or more bidders, all of whom meet the requirements, submit equal bids which are the highest bids, in which case award may be by the drawing of lots. Equal bids from parties having direct or indirect common control or association in logging, processing or marketing may be consolidated to the extent deemed necessary by the awarding officer in order to give to any others who have bid the same amount an equitable opportunity in the drawing of lots.

(c) The highest bidder is notoriously or habitually careless with fire.

(d) Monopoly, injurious to the public welfare, would result from the control of large amounts of public or of public and private timber.

(e) The high bidder has elected Forest Service road construction in response to an advertisement extending such an option, the Forest Service cannot perform the construction and in response to solicitation has not received a satisfactory bid for such construction with-

in the period stated in the prospectus and the high timber sale bidder is unwilling to perform the construction.

§ 223.101 Determination of purchaser responsibility.

(a) A Contracting Officer shall not award a timber sale contract unless that officer makes an affirmative determination of purchaser responsibility. In the absence of information clearly indicating that the prospective purchaser is responsible, the Contracting Officer shall conclude that the prospective purchaser does not qualify as a responsible purchaser.

(b) To determine a purchaser to be responsible, a Contracting Officer must find that:

(1) The purchaser has adequate financial resources to perform the contract or the ability to obtain them;

(2) The purchaser is able to perform the contract within the contract term taking into consideration all existing commercial and governmental business commitments;

(3) The purchaser has a satisfactory performance record on timber sale contracts. A prospective purchaser that is or recently has been seriously deficient in contract performance shall be presumed not to be responsible, unless the Contracting Officer determines that the circumstances were beyond the purchaser's control and were not created through improper actions by the purchaser or affiliate, or that the purchaser has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably under a contract is strong evidence that a purchaser is not a responsible contractor. The Contracting Officer shall consider the number of contracts involved and extent of deficiency of each in making this evaluation;

(4) The purchaser has a satisfactory record of integrity and business ethics;

(5) The purchaser has or is able to obtain equipment and supplies suitable for logging the timber and for meeting the resource protection provisions of the contract;
