

Forest Service, USDA

§ 223.14

than is available on that claim because of Forest Service timber disposal therefrom subsequent to location of that claim. He will be granted, free of charge, timber from the nearest National Forest land which is ready for harvesting under the applicable management plan, substantially equivalent in kind and quantity to that estimated by the Forest Service to have been cut under Forest Service authorization from the claim subsequent to its location. Forest officers may be delegated authority to grant amounts of timber not in excess of those which these officers are authorized to sell in commercial sales.

(Sec. 4, 69 Stat. 368, 16 U.S.C. 612)

§ 223.10 Free use to Alaskan settlers, miners, residents, and prospectors.

Bona fide settlers, miners, residents, and prospectors for minerals in Alaska may take free of charge green or dried timber from the National Forests in Alaska for personal use but not for sale. Permits will be required for green saw timber. Other material may be taken without permit. The amount of material granted to any one person in 1 year shall not exceed 10,000 board feet of saw timber and 25 cords of wood, or an equivalent volume in other forms. Persons obtaining materials shall, on demand, forward to the supervisor a statement of the quantity taken and the location from which it was removed.

(Sec. 1, 30 Stat. 35, 16 U.S.C. 477)

§ 223.11 Free use to other Federal agencies.

(a) National Forest timber will be granted free of charge to other branches of the Federal Government when authorized by law. Permits may be approved by forest officers for amounts not greater than they are otherwise authorized to sell.

(b) Permits for timber issued hereunder shall be in accordance with the conditions prescribed in § 223.30. The permittee may be required to report to the supervisor the amount of timber, by species, actually cut or may be required to furnish scalers for work under the direction of the forest officers in charge or, if authorized, to pro-

vide funds for the employment by the Forest Service of scalers to scale or measure the timber cut. The permittee may be required to dispose of the slash as cutting proceeds, or to employ people to work under the direction of a forest officer in disposing of the slash, or, if authorized, to provide funds for the employment of people for slash disposal under the direction of a forest officer.

(38 Stat. 1100, as amended; 16 U.S.C. 492)

§ 223.12 Permission to cut, damage, or destroy trees without advertisement.

Permission may be granted to cut, damage, or destroy trees, portions of trees, or other forest products on National Forest System lands without advertisement when necessary for the occupancy of a right-of-way or other authorized use of National Forest System land. Payment for timber of merchantable size and quality will be required at its appraised value, but at not less than applicable minimum prices established by Regional Foresters, and payment will be required for young growth timber below merchantable size at its damage appraisal value. Payment will not be required:

(a) For timber necessarily killed or cut in connection with land uses which are of substantial benefit to the National Forests;

(b) For timber necessarily killed or cut and used by the permittee which would have been granted free under other applicable regulations; or

(c) For timber which will be cut by the permittee which the Forest Service retains for sale in log or other product form.

(Sec. 1, 30 Stat. 35, as amended, 16 U.S.C. 551)

§ 223.13 Compliance.

Forest officers authorizing free use shall ensure that such use is in compliance with applicable land management plans and is conducted in a manner which protects National Forest System resource values.

(92 Stat. 1301, Pub. L. 95-465)

§ 223.14 Where timber may be cut.

(a) The cutting of trees, portions of trees or other forest products may be

§ 223.30

authorized on any National Forest System lands, except for:

(1) Timber reserved by a grantor of land, during the life of such reservation.

(2) Timber reserved from cutting under other regulations.

(3) Timber on unpatented mining claims located prior to July 23, 1955, unless the claimant has executed a waiver pursuant to section 6 of the Act of July 23, 1955 (69 Stat. 367), or unless pursuant to a proceeding under Section 5 of that Act, the claimant has failed to file a verified statement or has failed to establish the validity and effectiveness of his asserted rights.

(4) Timber on lands identified in land management plans as not suited for timber production, except that salvage sales or sales necessitated to protect other multiple-use values may be made.

(b) The cutting of timber on mining claims shall be conducted in such manner as not to endanger or materially interfere with prospecting, mining or processing operations.

(c) Timber on an unpatented claim to which the United States does not otherwise have disposal rights may be disposed of with the written consent of the claimant, or, in emergencies without the consent of the claimant.

(d) Timber on an unpatented claim may be cut by the claimant only for the actual development of the claim or for uses consistent with the purposes for which the claim was entered. Any severance or removal of timber, other than severance or removal to provide clearance, shall be in accordance with plan of operations required by Part 252 of this chapter, and with sound principles of forest management.

(e) With prior approval by the Regional Forester, timber on lands under option by the United States or on offered lands included in an approved land exchange agreement may be sold. Before the sale is made, a cooperative agreement must be made with the owner of the land authorizing the Forest Service to conduct the sale and providing for return of stumpage receipts to the owner if title to the land is not accepted by the United States.

(f) With prior approval by the Regional Forester, cutting of exchange

36 CFR Ch. II (7-1-08 Edition)

timber described in § 223.4 may be authorized in advance of the acceptance of title to the non-Federal land offered in exchange.

Subpart B—Timber Sale Contracts

CONTRACT CONDITIONS AND PROVISIONS

§ 223.30 Consistency with plans, environmental standards, and other management requirements.

The approving officer will insure that each timber sale contract, permit or other authorized form of National Forest timber disposal is consistent with applicable land and resource management plans and environmental quality standards and includes, as appropriate, requirements for:

(a) Fire protection and suppression;

(b) Protection of residual timber;

(c) Regeneration of timber as may be made necessary by harvesting operations;

(d) Minimizing increases in soil erosion;

(e) Providing favorable conditions of water flow and quality;

(f) Utilization of the timber resource to provide for the optimum practical use of the wood material as may be obtained with available technology, considering opportunities to promote more efficient wood utilization, regional conditions and species characteristics;

(g) Reduction of the likelihood of loss to destructive agencies; and

(h) Minimizing adverse effects on, or providing protection for and enhancing other National Forest resources, uses and improvements.

§ 223.31 Duration of contracts.

Sale contracts shall not exceed 10 years in duration, unless there is a finding by the Chief, Forest Service, that better utilization of the various forest resources (consistent with the provisions of the Multiple-Use Sustained-Yield Act of 1960) will result.

§ 223.32 Timber sale operating plan.

Sale contracts with a term of 2 years or more shall provide for the filing of an operating plan as soon as practicable after execution of the contract, such plan shall be a part of the contract. The plan of operation shall be
