## ARTICLE 1 - RECOGNITION, BARGAINING UNIT AND TEMPORARY EMPLOYMENT

- 1.1 The City recognizes the respective Unions as the exclusive collective bargaining representatives for the purpose stated in Chapter 108, Extra Session Laws of 1967 of the State of Washington for employees employed within the bargaining units defined in Appendices "A" through "O" of this Agreement. For purposes of this Agreement and the bargaining units described herein, the following definitions shall apply:
- 1.1.1 The term "employee" shall be defined to include probationary employees, regular employees, full-time employees, part-time employees and temporary employees not otherwise excluded or limited in the following Sections of this Article.
- 1.1.2 The term "probationary employee" shall be defined as an employee who is within his/her first twelve (12) month trial period of employment following his/her initial regular appointment within the classified service.
- 1.1.3 The term "regular employee" shall be defined as an employee who has successfully completed a twelve (12) month probationary period and who has had no subsequent break in service as occasioned by quit, resignation, discharge for just cause, or retirement.
- 1.1.4 The term "full-time employee" shall be defined as an employee who has been regularly appointed and who has a usual work schedule of forty (40) hours per week.
- 1.1.5 The term "part-time employee" shall be defined as an employee who has been regularly appointed and who has a usual work schedule averaging at least twenty (20) hours but less than forty (40) hours per week.
- 1.1.6 The term "temporary employee" shall be defined as an employee who has been hired to work during any period when additional work requires a temporarily augmented work force, in the event of an emergency, to fill in for the absence of a regular employee, or to fill a vacancy in a position on an interim basis. Work performed by a temporary employee may include, but not necessarily be limited to a variety of work schedules dependent upon the requirements of a particular temporary job assignment; e.g., full-time in assignments of limited duration; less than forty (40) hours per week; less than twenty (20) hours per week; as needed; seasonal; on call; or temporary.
- 1.1.7 The term "interim basis" shall be defined as an assignment of a regular or probationary employee or employees to fill a vacancy in a position for a short period while said position is waiting to be filled by a regularly appointed employee.

1.2 Temporary employees shall be exempt from all provisions of this Agreement except Sections 1.2; 1.2.1; 1.2.2; 1.2.2.1; 1.2.2.2; 1.2.3; 1.2.4; 1.2.5 (only applies if Temporary Employees are benefited); 1.2.6; 1.2.7; 1.2.8; 1.2.9; 1.2.10; 1.2.11; 1.2.12, 1.2.13, 1.2.14; 3.1.1; 5.1.1; 5.1.2; 5.1.3; 5.2; 5.4.2; 5.6; 5.6.2 (only applies if Temporary Employees are benefited); 14.5; 14.5.1; 14.6.3; 14.10; 14.11; 14.12; 14.13; 14.18; and Article 20, Grievance Procedure; provided however, temporary employees shall be covered by the Grievance Procedure solely for purposes of adjudicating grievances relating to Sections identified within this Section.

1.2.1 Temporary employees shall be paid for all hours worked at the first Pay Step of the hourly rates of pay set forth within the appropriate Appendix covering the classification of work in which he/she is employed.

1.2.2 Premiums Applicable Only To City Of Seattle Temporary Employees - Each temporary employee shall receive premium pay as hereinafter set forth based upon the corresponding number of cumulative non-overtime hours worked by the temporary employee:

0001st hour through 0520th hour.....	5% premium pay
0521st hour through 1,040th hour.....	10% premium pay
1,041st hour through 2,080th hour.....	15% premium pay (If an employee worked 800 hours or more in the previous twelve [12] months, they shall receive twenty percent [20%] premium pay.)
2,081st hour + .....	20% premium pay (If an employee worked eight hundred [800] hours or more in the previous twelve [12] months, they shall receive twenty-five percent [25%] premium pay.)

The appropriate percentage premium payment shall be applied to all gross earnings.

1.2.2.1 Once a temporary employee reaches a given premium level, the premium shall not be reduced for that temporary employee as long as the employee continues to work for the City without a voluntary break in service as set forth within Section 1.2.8. Non-overtime hours already worked by an existing temporary employee shall apply in determining the applicable premium rate. In view of the escalating and continuing nature of the premium, the City may require that a temporary employee be available to work for a minimum number of hours or periods of time during the year.

1.2.2.2 The premium pay in Section 1.2.2 does not include either increased vacation pay due to accrual rate increases or the City's share of any retirement contributions. Any increase in a temporary employee's vacation accrual rate

percentage shall be added on to the premium pay percentages for the temporary employee to whom it applies.

1.2.3 Medical, Dental and Vision Coverage to Temporary Employees Who Receive Premium Pay - Once a temporary employee has worked at least one thousand forty (1,040) cumulative non-overtime hours and at least eight hundred (800) non-overtime hours or more in the previous twelve (12) months, the employee may within ninety (90) calendar days thereafter elect to participate in the City's medical, dental and vision insurance programs by agreeing to pay the required monthly premium. To participate, the temporary employee must agree to a payroll deduction equal to the amount necessary to pay the monthly health care premiums, or the City, at its discretion, may reduce the premium pay of the employee who chooses this option in an amount equal to the insurance premiums. The temporary employee must continue to work enough hours each month to pay the premiums and maintain eligibility. After meeting the requirements stated in this Section, a temporary employee shall also be allowed to elect this option during any subsequent open enrollment period allowed regular employees. An employee who elects to participate in these insurance programs and fails to make the required payments in a timely fashion shall be dropped from City medical, dental and vision coverage and shall not be able to participate again while employed by the City as temporary unless he or she is converted from receiving premium pay to receiving benefits. If a temporary employee's hours of work are insufficient for their pay to cover the insurance premium, the temporary employee may, on no more than one occasion, pay the difference, or self-pay the insurance premium, for up to three (3) consecutive months.

1.2.4 Temporary Employee Holiday Work Premium Pay - A temporary employee who works on any of the specific calendar days designated by the City as paid holidays shall be paid at the rate of one and one-half (1½) times his/her regular straight-time hourly rate of pay for hours worked during his/her scheduled shift. When a specific holiday falls on a weekend day and most regular employees honor the holiday on the preceding Friday or following Monday adjacent to the holiday, the holiday premium pay of one and one-half (1½) times the employee's regular straight-time rate of pay shall apply to those temporary employees who work on the weekend day specified as the holiday.

1.2.5 Temporary, Benefits Eligible Employee Holiday Pay – A temporary employee shall be compensated at his or her straight-time rate of pay for all officially recognized City holidays that occur subsequent to the employee becoming eligible for fringe benefits, for as long as he or she remains in such eligible assignment.

1. To qualify for a holiday pay, the employee must be on active pay status the normally scheduled workday before or after the holiday as provided by Section 6.2

2. Officially recognized City holidays that fall on Saturday shall be observed on the preceding Friday. Officially recognized City holidays that fall on Sunday shall be observed on the following Monday. If the City's observance of a holiday falls on a temporary employee's normal day off, he or she shall be eligible for another day off, with pay during the same workweek.
3. Temporary employees who work less than 80 hours per pay period shall have their holiday pay pro-rated based on the number of straight-time hours compensated during the preceding pay period.
4. A temporary employee shall receive two personal holidays immediately upon becoming eligible for fringe benefits, provided he or she has not already received personal holidays in another assignment within the same calendar year.
5. Personal holidays cannot be carried over from calendar year to calendar year, nor can they be cashed out.
6. A temporary employee must use any personal holidays before his or her current eligibility for fringe benefits terminates. If a employee requests and is denied the opportunity to use his or her personal holidays during the eligibility assignment, the employing unit must permit him or her to use and be compensated for the holidays immediately following the last day worked in the assignment, prior to termination of the assignment.

1.2.6 Premium pay set forth within Section 1.2.2 shall be in lieu of the base level of vacation and all other fringe benefits, such as sick leave, holiday pay, funeral leave, military leave, jury duty pay, disability leave, and medical and dental insurance, except as otherwise provided in Sections 1.2.2.2, 1.2.3, and 1.2.4.

1.2.7 The City may, at any time after ninety (90) calendar days' advance notification to and upon consultation with the affected collective bargaining representatives, provide all fringe benefits covered by the premium pay set forth within Section 1.2.2 to all or some groups (departmental or occupational) of temporary employees to the same extent that they are available to regular employees within the same group, and in such event the premium pay provision in Section 1.2.2 shall no longer be applicable to that particular group of temporary employees. The City, at its discretion, may also after ninety (90) calendar days' advance notification to and upon consultation with the affected collective bargaining representatives, provide paid vacation and/or sick leave benefits to all or some groups (departmental or occupational) of temporary employees to the same extent that they are available to regular employees without providing other fringe benefits and in such event the premium pay in Section 1.2.2 shall be reduced by a percentage amount equivalent to the

value of vacation and/or sick leave benefits. The applicable amount for base-level vacation shall be recognized as four point eight one percent (4.81%) which could be higher dependent upon accrual rate increases. The applicable amount for base-level sick leave shall be four point six percent (4.6%). The City shall not use this option to change to and from premiums and benefits on an occasional basis. The City may also continue to provide benefits in lieu of all or part of the premiums in Section 1.2.2 where it has already been doing so and it may in such cases reduce the premium paid to the affected employees by the applicable percentage.

- 1.2.8 A temporary employee who is assigned to a benefits eligible assignment will receive fringe benefits in-lieu-of premium pay until the assignment is converted or terminated.
- 1.2.9 The premium pay provisions set forth within Section 1.2.2 shall apply to cumulative non-overtime hours that occur without a voluntary break in service by the temporary employee. A voluntary break in service shall be defined as quit, resignation, service retirement or failure to return from an unpaid leave. If the temporary employee has not worked for at least one year (twelve [12] months or twenty-six [26] pay periods), it shall be presumed that the employee's break in service was voluntary.
- 1.2.10 The City may work temporary employees beyond one thousand forty (1,040) regular hours within any twelve (12) month period; provided however, the City shall not use temporary employees to supplant regular positions. The City shall not assign or schedule temporary employees (or fail to do so) solely to avoid accumulation of regular hours that would increase the premium pay provided for in Section 1.2.2, or solely to avoid considering creation of regular positions.
- 1.2.11 A temporary employee who has worked in excess of five hundred twenty (520) regular hours and who is appointed to a regular position without a voluntary break in service greater than thirty (30) days shall have his/her time worked counted for purposes of salary step placement (where appropriate) .
- 1.2.12 A temporary employee who has worked 916 straight-time hours and is receiving benefits from the City may by mutual agreement be allowed to accrue compensatory time if the work unit in which the temporary employee is assigned has a practice/policy of accruing compensatory time. Scheduling compensatory time shall be by mutual agreement with the supervisor. If the temporary employee does not use his or her accrued compensatory time prior to the termination of the benefits eligible assignment, the compensatory time will be cashed out upon termination of the assignment.
- 1.2.13 A temporary employee who receives fringe benefits in-lieu-of premium pay may be eligible for the sick leave transfer program.

1.2.14 On an annual basis, the City will provide the Union with a copy of the Temporary Employee Utilization Report.

1.3 The City may establish on-the-job training program(s) in a different classification and/or within another bargaining unit for the purpose of providing individuals an opportunity to compete and potentially move laterally and/or upwardly into new career fields. Prior to implementation of such a program(s) relative to bargaining unit employees, the City shall discuss the program(s) with the appropriate Union or Unions and the issue of bargaining unit jurisdiction and/or salary shall be a proper subject for negotiations at that time upon the request of either party.

1.4 As part of its public responsibility, the City may participate in or establish public employment programs to provide employment and/or training for and/or service to the City by various segments of its citizenry. Such programs may result in individuals performing work for the City which is considered bargaining unit work pursuant to RCW 41.56. Such programs have included and may include youth training and/or employment programs, adult training and or employment programs, vocational rehabilitation programs, work-study and student-intern programs, court-ordered community service programs, volunteer programs and other programs with similar purposes. Some examples of such programs already in effect include Summer Youth Employment Program (SYEP), Youth Employment Training Program (YETP), Work-Study, Adopt-a-Park, Seattle Conservation Corps, and court-ordered Community Service. Individuals working for the City pursuant to such programs shall be exempt from all provisions of this Agreement.

1.4.1 The City shall have the right to implement new public employment programs or expand its current programs beyond what exists as of the signature date of this Agreement, but where such implementation or expansion involves bargaining unit work and results in a significant departure from existing practice, the City shall give thirty (30) days' advance written notice to the union of such and upon receipt of a written request from the Union thereafter, the City shall engage in discussions with the Union on concerns raised by the Union. Notwithstanding any provision to the contrary, the expanded use of individuals under such a public employment program which involves the performance of bargaining unit work within a given City department, beyond what has traditionally existed, shall not be a cause of (1) a layoff of regular employees covered by this Agreement, or (2) the abrogation of a regular budgeted full-time position covered by this Agreement that recently had been occupied by a regular full-time employee who performed the specific bargaining unit work now being or about to be performed by an individual under one of the City's public employment programs.

1.5 An employee who is worked out of classification or who is promoted on an interim basis from a classification falling under one bargaining unit to another

bargaining unit shall remain under the jurisdiction of the initial bargaining unit until such time as his/her promotion becomes permanent.

## ARTICLE 2 – NON DISCRIMINATION

2.1 The City and the Union shall not unlawfully discriminate against any employee by reason of race, creed, age, color, sex, national origin, religious belief, marital status, sexual orientation, gender identity, veteran status, political ideology, ancestry or the presence of any sensory, mental or physical handicap unless based on a bona fide occupational qualification reasonably necessary to the operations of the City.

2.1.1 Wherever words denoting a specific gender are used in this Agreement, they are intended and shall be construed so as to apply equally to either gender.

## ARTICLE 3 - UNION MEMBERSHIP AND DUES

3.1 It shall be a condition of employment that each employee covered by this Agreement who voluntarily is or who voluntarily becomes a member of said Union shall remain a member of same during the term of this Agreement. It shall also be a condition of employment that each employee hired prior to January 1, 1972, currently covered by this Agreement, who is not a member of the Union, shall on or before the thirtieth (30<sup>th</sup>) day following said date either join the appropriate Union or pay an amount equivalent to the regular monthly dues of the Union to the Union. Any employee hired or appointed to a position into a bargaining unit covered by this Agreement on or after January 1, 1972, shall on or before the thirtieth (30<sup>th</sup>) day following the beginning of such employment join the appropriate Union. Failure by any such employee to apply for and/or maintain such membership in accordance with this provision shall constitute cause for discharge of such employee; provided however, the requirements to apply for Union membership and/or maintain union membership shall be satisfied by the employee's payment of the regular initiation fee or regular reinitiation fee and the regular dues uniformly required by the Union of its members.

3.1.1 A temporary employee may, in lieu of the Union membership requirements set forth within Section 3.1, pay a Union service fee in an amount equivalent to one and one-half percent (1½%) of the total gross earnings received by the temporary employee for all hours worked within the bargaining unit each biweekly pay period, commencing with the thirty-first (31<sup>st</sup>) day following the temporary employee's first date of assignment to perform bargaining unit work.

3.1.2 Employees who are determined by the Public Employment Relations Commission to satisfy the religious exemption requirements of RCW 41.56.122 shall contribute an amount equivalent to regular union dues and initiation fees to a non-religious charity or to another charitable organization mutually agreed upon by the employee affected and the bargaining representative to which such employee would otherwise pay the regular monthly dues.

3.2 Failure by an employee to abide by the afore-referenced provisions of this Article shall constitute cause for discharge of such employee; provided however, it shall be the responsibility of the Union to notify the City in writing when it is seeking discharge of an employee for non-compliance with Sections 3.1 or 3.1.1 or 3.1.2 of this Article. When an employee fails to fulfill the union security obligations set forth within this Article, the Union shall forward a "Request For Discharge Letter" to the affected Department Head (with copies to the affected employee and the City Director of Labor Relations). Accompanying the Discharge Letter shall be a copy of the letter

to the employee from the Union explaining the employee's obligation under Article 3, Sections 3.1 or 3.1.1 or 3.1.2.

3.2.1 The contents of the "Request For Discharge Letter" shall specifically request the discharge of the employee for failure to abide by Sections 3.1 or 3.1.1 or 3.1.2 of Article 3, but provide the employee and the City with thirty (30) calendar days' written notification of the Union's intent to initiate discharge action, during which time the employee may make restitution in the amount which is overdue. Upon receipt of the Union's request, the affected Department Head shall give notice in writing to the employee, with a copy to the Union and the City Director of Labor Relations that the employee faces discharge upon the request of the Union at the end of the thirty (30) calendar day period noted in the Union's "Request For Discharge Letter" and that the employee has an opportunity before the end of said thirty (30) calendar day period to present to the affected department any information relevant to why the Department should not act upon the Union's written request for the employee's discharge.

3.2.2 In the event the employee has not yet fulfilled the obligation set forth within Sections 3.1 or 3.1.1 or 3.1.2 of this Article within the thirty (30) calendar day period noted in the Request For Discharge Letter, the Union shall thereafter reaffirm in writing to the affected Department Head, with copies to the affected employee and the Director of Labor Relations, its original written request for discharge of such employee. Unless sufficient legal explanation or reason is presented by the employee why discharge is not appropriate or unless the Union rescinds its request of the discharge the City shall, as soon as possible thereafter, effectuate the discharge of such employee. If the employee has fulfilled the union security obligation within the thirty (30) calendar day period, the Union shall so notify the affected Department Head in writing, with a copy to the City Director of Labor Relations and the affected employee. If the Union has reaffirmed its request for discharge, the affected Department Head shall notify the Union in writing, with a copy to the City Director of Labor Relations and the affected employee, that the Department effectuated the discharge and the specific date such discharge was effectuated, or that the Department has not discharged the employee, setting forth the reasons why it has not done so.

3.3 The City shall deduct from the pay check of each employee who has so authorized it, the regular initiation fee and regular monthly dues uniformly required of members of the Union or the alternative biweekly Union service fees required of temporary employees per Section 3.1.1. The amounts deducted shall be transmitted monthly to the Union on behalf of the employees involved. The Union shall indemnify and save harmless the City against any and all liability resulting from dues deductions. If an improper deduction is made, the Union shall refund directly to the employee any such amount. Authorization by the employee shall be on a form approved by the parties hereto and may be revoked by the employee upon request.

## ARTICLE 4 - CLASSIFICATIONS AND RATES OF PAY

- 4.1 The classifications of employees covered under this Agreement and the corresponding rates of pay are set forth within Appendices "A" through "O" which are attached hereto and made a part of this Agreement.
- 4.1.1 Effective December 29, 2004, the base wage rates, as displayed in the Appendices of this Agreement will be increased 2.5%.
- 4.1.2 Effective December 28, 2005, wages will be increased by 100% of the annual average growth rate of the bi-monthly Seattle-Tacoma-Bremerton Area Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the period August 2003 through June 2004 to the period August 2004 through June 2005.
- 4.1.3 Effective December 27, 2006, wages will be increased by 100% of the annual average growth rate of the bi-monthly Seattle-Tacoma-Bremerton Area Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the period August 2004 through June 2005 to the period August 2005 through June 2006.
- 4.1.4 For 2006 and 2007, the percentage increases shall be at least two percent (2%) and not more than seven percent (7%).
- 4.1.5 The base wage rates referenced above shall be calculated by applying the appropriate percentage increase to base hourly rates or as otherwise provided for herein.
- 4.1.6 In the event the "Consumer Price Index" becomes unavailable for purposes of computing any one of the afore-referenced increases, the parties shall jointly request the Bureau of Labor Statistics to provide a comparable index for purposes of computing such increase and if that is not satisfactory, the parties shall promptly undertake negotiations solely with respect to agreeing upon a substitute formula for determining a comparable adjustment.
- 4.2 An employee, upon first appointment or assignment shall receive the minimum rate of the salary range fixed for the position as set forth within the appropriate Appendices attached hereto.
- 4.2.1 An employee shall be granted the first automatic step increase in salary rate upon completion of six (6) months of "actual service" when hired at the first step of the salary range, and succeeding automatic step increases shall be granted after twelve (12) months of "actual service" from the date of eligibility for the last step increase to the maximum of the range. Actual service for purposes of this Section shall be defined in terms of one month's service for each month of full-time employment, including paid absences. This provision

shall not apply to temporary employees prior to regular appointment, except as otherwise provided for in Section 1.2.11 and except that step increments in the out-of-class title shall be authorized when a step increase in the primary title reduces the pay differential to less than what the promotion rule permits, provided that such increment shall not exceed the top step of the higher salary range. Further, when an employee is assigned to perform out-of-class duties in the same title for a total of twelve (12) months (each 2088 hours) of actual service, he/she will receive one-step increment in the higher-paid title; provided that he/she has not received a step increment in the out-of-class title based on changes to the primary pay rate within the previous twelve (12) months, and that such increment does not exceed the top step of the higher salary range. However, hours worked out-of-class that were properly paid per Article 5.9 of this Agreement, shall apply toward salary step placement if the employee's position is reclassified to the same title as the out-of-class assignment within twelve (12) months of the end of such assignment.

4.2.2 Those employees who have been given step increases for periodic "work outside of classification" prior to the effective date of this Agreement shall continue at that step but shall not be given credit for future step increases, except as provided for in Section 4.2.1.

4.2.3 For employees assigned salary steps other than the beginning step of the salary range, subsequent salary increases within the salary range shall be granted after twelve (12) months of actual service from the appointment or increase, then at succeeding twelve (12) month intervals to the maximum of the salary range established for the class.

4.2.4 In determining actual service for advancement in salary step, absence due to sickness or injury for which the employee does not receive compensation may at the discretion of the City be credited at the rate of thirty (30) calendar days per year. Unpaid absences due to other causes may, at the discretion of the City, be credited at the rate of fifteen (15) calendar days per year. For the purposes of this Section, time lost by reason of disability for which an employee is compensated by Industrial Insurance or Charter disability provisions shall not be considered absence. An employee who returns after layoff, or who is reduced in rank to a position in the same or another department, may be given credit for such prior service.

4.2.5 Any increase in salary based on service shall become effective upon the first day immediately following completion of the applicable period of service.

4.2.6 Changes in Incumbent Status Transfers - An employee transferred to another position in the same class or having an identical salary range shall continue to be compensated at the same rate of pay until the combined service requirement is fulfilled for a step increase and shall thereafter receive step increases as provided in Section 4.2.1.

4.2.7 **Promotions** - An employee appointed to a position in a class having a higher maximum salary shall be paid at the nearest step in the higher range which (1) provides the employee who is not at the top step of his/her current salary range a dollar amount at least equal to the next step increase of the employee's current salary range, or (2) provides the employee who is at the top step of his/her current salary range an increase in pay through placement at the salary step in the new salary range which is closest to a four percent (4%) increase, provided that such increase shall not exceed the maximum step established for the higher-paying position; and provided further, that this provision shall apply only to appointments of employees from regular full-time positions and shall not apply to appointments from positions designated as "intermittent" or "as needed". However, hours worked out-of-class shall apply toward salary step placement if the employee is appointed to the same title as the out-of-class assignment within twelve (12) months of the end of such assignment.

4.2.8 An employee demoted because of inability to meet established performance standards from a regular full-time or part-time position to a position in a class having a lower salary range shall be paid the salary step in the lower range determined as follows:

- If the rate of pay received in the higher class is above the maximum salary for the lower class, the employee shall receive the maximum salary of the lower range.
- If the rate of pay received in the higher class is within the salary range for the lower class, the employee shall receive that salary rate for the lower class which, without increase, is nearest to the salary rate to which such employee was entitled in the higher class; provided however, the employee shall receive not less than the minimum salary of the lower range.

4.2.9 An employee reduced because of organizational change or reduction in force from a regular full-time or part-time position to a position in a class having a lower salary range shall be paid the salary rate of the lower range which is nearest to the salary rate to which he/she was entitled in his/her former position without reduction; provided however, such salary shall in no event exceed the maximum salary of the lower range. If an employee who has completed twenty-five (25) years of City service and who within five (5) years of a reduction in lieu of layoff to a position in a class having a lower salary range, such employee shall receive the salary he/she was receiving prior to such second reduction as an "incumbent" for so long as he/she remains in such position or until the regular salary for the lower class exceeds the "incumbent" rate of pay.

4.2.10 When a position is reclassified by ordinance to a new or different class having a different salary range, the employee occupying the position immediately

prior to and at the time of reclassification shall receive the salary rate which shall be determined in the same manner as for a promotion; provided however, if the employee's salary prior to reclassification is higher than the maximum salary of the range for such new or different class, he/she shall continue to receive such higher salary as an "incumbent" for so long as he/she remains in position or until the regular salary for the classification exceeds the "incumbent" rate of pay.

4.2.11 Correction of Payroll Errors - In the event it is determined there has been an error in an employee's paycheck, an underpayment shall be corrected within two pay periods; and, upon written notice, an overpayment shall be corrected as follows:

- A. If the overpayment involved only one (1) paycheck;
  - 1. by payroll deductions spread over two (2) pay periods; or
  - 2. by payments from the employee spread over two (2) pay periods.
- B. If the overpayment involved multiple paychecks, by a repayment schedule through payroll deduction not to exceed twenty-six (26) pay periods in duration, with a minimum payroll deduction of not less than twenty-five dollars (\$25) per pay period.
- C. If an employee separates from the City service before an overpayment is repaid, any remaining amount due the City will be deducted from his/her final paycheck(s).
- D. By other means as may be mutually agreed between the City and the employee, the union representative may participate in this process at the request of the involved employee. All parties will communicate/cooperate in resolving these issues.

## ARTICLE 5 - HOURS OF WORK AND OVERTIME

5.1 Hours Of Work - Eight (8) hours within nine (9) consecutive hours shall constitute a normal workday. There shall be no split work shifts. Work schedules shall normally consist of five (5) consecutive days followed by two (2) consecutive days' off, except for relief shift assignments, four (4) day/ten-(10) hour work schedules and other special schedules.

5.1.1 Meal Period - Employees shall receive a meal period which shall commence no less than two (2) hours nor more than five (5) hours from the beginning of the employee's regular shift or when he/she is called in to work on his/her regular day off. The meal period shall be no less than one-half ( $\frac{1}{2}$ ) hour nor more than one (1) hour in duration and shall be without compensation. Should an employee be required to work in excess of five (5) continuous hours from the commencement of his/her regular shift without being provided a meal period, the employee shall be compensated two (2) times the employee's straight-time hourly rate of pay for the time worked during his/her normal meal period and be afforded a meal period at the first available opportunity during working hours without compensation.

5.1.2 Rest Breaks - Employees shall receive a fifteen (15) minute rest break during the first four (4) hour period of their workday, and a second fifteen (15) minute rest break during the second four (4) hour period in their workday. Employees shall be compensated at their prevailing wage rate for time spent while on rest breaks.

5.1.3 Where work conditions require continuous manning throughout a work shift for thirty (30) consecutive days or more the City may, in lieu of the meal period and rest periods set forth within Sections 5.1.1 and 5.1.2, provide a working meal period and working rest periods during working hours without a loss in pay so that such periods do not interfere with ongoing work requirements.

5.2 Overtime - All time worked in excess of eight (8) hours in any one (1) shift shall be paid for at the rate of two (2) times the straight-time rate of pay.

5.2.1 All time worked before an employee's regularly scheduled starting time shall be paid for at the rate of two (2) times the straight-time rate of pay.

5.2.2 All time worked on an employee's regularly scheduled days off shall be paid for at the rate of two (2) times the straight-time rate of pay.

5.2.3 Overtime shall be paid at the applicable overtime rate or by mutual consent between the employee and his/her supervisor in compensatory time off at the applicable overtime rate.

5.2.4 A "work week" for purposes of determining whether an employee exceeds forty (40) hours in a work week shall be a seven (7) consecutive day period of time beginning on Wednesday and ending on Tuesday except when expressly designated to begin and end on different days and times from the normal Wednesday through Tuesday work week.

5.2.5 All overtime work shall be offered to qualified regular employees in the classification before any temporary employees are asked to work overtime. (See J.4.11 for provision that relates to Seattle Center Laborers.)

5.3 Call Back - Employees who are called back to work after completing their regular shift shall be paid a minimum of four (4) hours straight-time pay for all time worked up to two (2) hours. Any time worked in excess of two (2) hours shall be paid for at double the straight-time rate of pay for actual hours worked.

Example: Zero (0) minutes to two (2) hours = four (4) hours' straight-time pay.  
Two and one-half (2½) hours = five (5) hours straight-time pay. Four (4) hours = eight (8) hours straight-time pay.

5.3.1 Definition of a Call Back - A Call Back shall be defined as a circumstance where an employee has left the work premises at the completion of his/her regular work shift and is required to report back to work prior to the start of his/her next regularly scheduled work shift. An employee who is called back to report to work before the commencement of his/her regular work shift shall be compensated in accordance with the Call Back provisions of his/her Labor Agreement; provided however, in the event he/she is called back to report to work within two (2) hours from the starting time of his/her next regularly scheduled work shift, he/she shall be compensated at the overtime rate of pay for only those hours immediately preceding the start of his/her next regularly scheduled work shift and the Call-Back provision shall not apply.

5.4 Meal Reimbursement - When an employee is specifically directed by the City to work two (2) hours or longer at the end of his/her normal work shift of at least eight (8) hours or work two (2) hours or longer at the end of his/her work shift of at least eight (8) hours when he/she is called in to work on his/her regular day off, or otherwise works under circumstances for which meal reimbursement is authorized per Ordinance 111768 and the employee actually purchases a reasonably priced meal away from his place of residence as a result of such additional hours of work, the employee shall be reimbursed for the "reasonable cost" of such meal in accordance with Seattle Municipal Code (SMC) 4.20.325. In order to receive reimbursement, the employee must furnish the City with a dated original itemized receipt from the establishment indicating the time of the meal no later than forty-eight (48) hours from the beginning of his/her next regular shift; otherwise, the employee shall be paid a minimum of ten dollars (\$10) in lieu of reimbursement for the meal.

5.4.1 To receive reimbursement for a meal under this provision, the following rules shall be adhered to:

- (1) Said meal must be eaten within two (2) hours after completion of the overtime work. Meals shall not be saved, consumed and claimed at some later date.
- (2) In determining "reasonable cost" the following shall also be considered:
  - The time period during which the overtime is worked.
  - The availability of reasonably priced eating establishments at that time.
- (3) The City shall not reimburse for the cost of alcoholic beverages.

5.4.2 In lieu of any meal compensation as set forth within this Section, the City may, at its discretion, provide a meal.

5.4.3 When an employee is called out in an emergency to work two (2) hours or longer of unscheduled overtime immediately prior to his/her normal eight (8) hour work shift, said employee shall be eligible for meal reimbursement pursuant to Sections 5.4, 5.4.1 and 5.4.2; provided however, if the employee is not given time off to eat a meal within two (2) hours after completion of the overtime, the employee shall be paid a minimum of ten dollars (\$10) in lieu of reimbursement for the meal. Any time spent consuming a meal during working hours shall be without compensation

5.4.4 Meal reimbursement while on Travel Status. An employee shall be reimbursed for meals while on travel status at the federal per diem rate. An employee will not be required to submit receipts for meals and may retain any unspent portion of an advance cash allowance for meals.

5.5 When management deems it necessary, work schedules may be established other than Monday through Friday; provided however, that where workweeks other than the basic departmental workweek schedules in force on the effective date of this Agreement are deemed necessary, the change(s) and reason therefore shall be provided to the Union at least forty-eight (48) hours in advance and, upon request, such change(s) shall be discussed with the Union. At least forty-eight (48) hours advance notification shall be afforded the Union and the affected employees when shift changes are required by the City. In instances where forty-eight (48) hours advance notification is not provided to an employee, said employee shall be compensated at the overtime rate of pay for the first shift worked under the new schedule.

5.6 Implementation of a four (4) day, forty (40) hour or other alternative work schedule shall be subject to consultation and agreement with the Union involved. In administering the four (4) day, forty (40) hour work schedule or other alternative work schedule, overtime shall be paid for any hours worked in excess of ten (10) hours per day or forty (40) hours per week. It will be clearly established whether an alternative work schedule is applicable for a temporary employee.

5.6.1 For employees who work a four (4) day, forty (40) hour work week or other alternative work schedule, the following shall apply:

If a holiday is observed on a Saturday or on a Friday that is the normal day off, the holiday will be taken on the last normal workday. If a holiday is observed on a Monday that is the normal day off or on a Sunday, the holiday will be taken on the next normal workday. This schedule will be followed unless the employee and his/her supervisor determine that some other day will be taken off for the holiday; provided, however, that in such case the holiday time must be used no later than the end of the following pay period. If the holiday falls on a Tuesday, Wednesday, or Thursday that is the employee's normal scheduled day off, the holiday must be scheduled off no later than the end of the following pay period.

5.6.2 Employees, including those on alternate work schedules, shall receive 8 hours pay per holiday (except as identified in 6.1.2. and 6.2.

Employees working an alternate work schedule during a holiday work week are permitted to make scheduling or pay status adjustments as follows:

1. Employees may revert back to a 5-day/40 hour work week, in which the holidays falls, if available.
2. Employees may use vacation or compensatory time to supplement the 8-hour holiday pay to achieve full pay for the work week without making other scheduling adjustments, or at the employees' discretion, to be unpaid.
3. By mutual agreement, pre-arranged between the employee and his or her supervisor, employees may work beyond their normally scheduled workday hours to make up holiday hours. These holiday make-up hours will not be counted as overtime and must be worked during the work week in which the holiday fails. In the event that a request for a modified holiday work week schedule cannot be accommodated, such denial shall not be arbitrary or capricious.

NOTE: Past practice with regard to holiday pay for employees on alternate work assignments consistent with the 1991 directive on holiday pay will continue.

- 5.7 Any past, present or future work schedule in which an employee, by action of the City, receives eight (8) hours pay for less than eight (8) hours work per day may be changed by the City, at any time, so as to require such an employee to work eight (8) hours per day for eight (8) hours pay.
- 5.8 Standby Duty - Whenever an employee is placed on Standby Duty by the City, the employee shall be available to respond to emergency calls and when necessary, report as directed. Employees who are placed on Standby Duty by the City shall be paid at a rate of ten percent (10%) of the employee's straight-time hourly rate of pay. When an employee is required to return to work while on Standby Duty the Standby Duty pay shall be discontinued for the actual hours on work duty and compensation shall be provided in accordance with Section 5.3.
- 5.9 Work Outside of Classification - Effective upon the signature date of this Agreement, work out of class is a management tool, the purpose of which is to complete essential public services whenever an employee is assigned by proper authority to perform the normal, ongoing duties of and accept responsibility of a position. When the duties of the higher-paid position are clearly outside the scope of an employee's regular classification for a period of three (3) hours or longer in any one (1) work week, he/she shall be paid at the out-of-class salary rate while performing such duties and accepting such responsibility. The out-of-class rate shall be determined in the same manner as for a promotion. Proper authority shall be a supervisor and/or Crew Chief, who has been designated the authority by a manager or director directly above the position which is being filled out of class, and who has budget management authority of the work unit. The City shall have the sole authority to direct its supervisors as to when to assign employees to a higher classification. Employees must meet the minimum qualifications of the higher class, and must have demonstrated or be able to demonstrate their ability to perform the duties of the class. (If an employee is mistakenly assigned out-of-class who does not meet the above qualifications, the City will stop the practice immediately once discovered and will see that the out-of-class is paid for work already performed.) The City may work employees out of class across bargaining unit jurisdictions for a period not to exceed six (6) continuous months for any one position. The six (6) month period may be exceeded under the following circumstances: 1) when a hiring freeze exists and vacancies cannot be filled; 2) extended industrial or off-the-job injury or disability; 3) when a position is scheduled for abrogation; or 4) a position is encumbered (an assignment in lieu of a layoff; e.g., with the renovation of the Seattle Center Coliseum). When such circumstances require that an out-of-class assignment be extended beyond six (6) months for any one position, the City shall notify the union or unions which represent the employee who is so assigned and/or the body of work which is being performed on an out-of-class basis. After nine (9) months, the union which represents the body of work being performed out of class must concur with any additional extension

of the assignment. The union that represents the body of work will consider all requests on a good faith basis.

5.9.1 The practice of no out-of-class pay for paid leave will continue.

5.9.2 An employee may be temporarily assigned to perform the duties of a lower classification without a reduction in pay. When employees voluntarily apply for and voluntarily accept a position in a lower-level classification, they shall receive the salary rate for the lower class, which, without increase, is nearest to the salary rate to which such employee was entitled in the higher class. For such temporary period, the employee shall continue to pay dues to the union of the higher class. The overtime provisions applicable are those of the contract covering the bargaining unit position of the work being performed on an overtime basis. At management's discretion, an employee may be temporarily assigned the duties of a lower-level class, or the duties of a class with the same pay rate range as his/her primary class, across union jurisdictional lines, with no change to his or her regular pay rate. Out-of-class provisions related to threshold for payment, salary step placement, service credit for salary step placement and payment for absences do not apply in these instances.

5.9.3 An employee who is temporarily unable to perform the regular duties of his/her classification due to an off-the-job injury or illness may opt to perform work within a lower-paying classification dependent upon the availability of such work and subject to the approval of the City. The involved employee shall receive the salary rate for the lower class which, without increase, is nearest to the salary rate to which such employee was entitled in the higher class.

5.9.4 The City shall make a reasonable effort to accommodate employees who have an off-the-job injury or illness with light-duty work if such work is available.

5.9.5 Out-of-class work shall be formally assigned in advance of the out-of-class opportunity created in normal operating conditions. Where the work is not authorized in advance, it is the responsibility of the proper authority to determine immediately how to accomplish the duties which would otherwise constitute an out-of-class assignment. Any employee may request that this determination be made. The employee will not carry out any duty of the higher-level position when such duty is not also a duty of his or her own classification, if the employee is not formally assigned to perform the duties on an out-of-class basis.

No employee may assume the duties of the higher-paid position without being formally assigned to do so except in a bona fide emergency. When an employee has assumed an out-of-class role in a bona fide emergency, the individual may apply to his or her department director for retroactive payment

of out-of-class pay. The decision of the department director as to whether the duties were performed and whether performance thereof was appropriate shall be final.

## ARTICLE 6 - HOLIDAYS

6.1 The following days, or days in lieu thereof, shall be recognized as paid holidays:

New Year's Day	January 1st
Martin Luther King, Jr.'s Birthday	3rd Monday in January
President's Day	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th
Labor Day	1st Monday in September
Veteran's Day	November 11th
Thanksgiving Day	4th Thursday in November
Day After Thanksgiving Day	Day after Thanksgiving Day
Christmas Day	December 25th
Two Personal Holidays	

6.1.1 Whenever any paid holiday falls upon a Sunday, the following Monday shall be recognized as the paid holiday. Whenever any paid holiday falls upon a Saturday, the preceding Friday shall be recognized as the paid holiday; provided however, paid holidays falling on Saturday or Sunday shall be recognized and paid pursuant to Section 6.4 on those actual days (Saturday or Sunday) for employees who are regularly scheduled to work those days. Payment pursuant to Section 6.4 shall be made only once per affected employee for any one holiday.

6.1.2 A permanent part-time employee shall receive paid holiday time off (or paid time off in lieu thereof) based upon straight-time hours compensated during the pay period immediately prior to the pay period in which the holiday falls. The amount of paid holiday time off for which the part-time employee is eligible shall be in proportion to the holiday time off provided for full-time employees. For example, a full-time employee working eighty (80) hours per pay period would be eligible for eight (8) hours off with pay on a holiday while a part-time employee who works forty (40) hours during the pay period preceding the holiday would be eligible for four (4) hours off with pay.

6.2 To qualify for holiday pay, City employees shall have been on pay status their normal workday before or their normal workday following the holiday; provided however, employees returning from non-pay leave who start work the day after a holiday shall not be entitled to pay for the holiday preceding their first day of work.

6.3. A Personal Holiday shall be used during the calendar year as a regular holiday. Use of the Personal Holiday shall be requested in advance. When the Personal Holiday has been approved in advance and is later canceled by the City with less than a thirty (30) day advance notice, the employee shall have the option of rescheduling the day or receiving holiday premium pay

pursuant to Section 6.4 for all time worked on the originally scheduled Personal Holiday.

- 6.4 An employee who has been given at least forty-eight (48) hours advance notification and who is required to work on a holiday shall be paid for the holiday at his/her regular straight-time hourly rate of pay and, in addition, he/she shall receive one and one-half (1½) times his/her regular straight-time hourly rate of pay for those hours worked on the holiday; or by mutual agreement between the affected employee and the City, the employee may receive one and one-half (1½) times those hours worked in the form of compensatory time off to be taken at another mutually agreed-upon date.
- 6.5 In the event an employee is required to work without having been given at least a forty-eight (48) hours advance notification on a holiday he/she normally would have off with pay, said employee shall be paid for the holiday at his/her regular straight-time hourly rate of pay and, in addition, he/she shall receive two (2) times his/her regular straight-time hourly rate of pay for those hours worked on the holiday; or by mutual agreement between the affected employee and the City, the employee may receive two (2) times those hours worked in the form of compensatory time off to be taken at another mutually agreed-upon date.

ARTICLE 7 - ANNUAL VACATION

7.1 Annual vacations with pay shall be granted to eligible employees computed at the rate shown in Section 7.3 for each hour on regular pay status as shown on the payroll, but not to exceed eighty (80) hours per pay period.

7.2 Regular pay status is defined as regular straight-time hours of work plus paid time off such as vacation time, holiday time off, compensatory time and sick leave. At the discretion of the City, up to one hundred sixty (160) hours per calendar year of unpaid leave of absence may be included as service for purposes of accruing vacation. Time lost by reasons of disability for which an employee is compensated by Industrial Insurance or Charter Disability provisions shall not be considered absence. An employee who returns after layoff shall be given credit for such prior service.

7.3 The vacation accrual rate shall be determined in accordance with the rates set forth in Column No. 1. Column No. 2 depicts the corresponding equivalent annual vacation for a regular full-time employee. Column No. 3 depicts the maximum number of vacation hours that can be accrued and accumulated by an employee at any time.

- 7.4 An employee who is eligible for vacation benefits shall accrue vacation from the date of entering City service or the date upon which he/she became eligible and may accumulate a vacation balance which shall never exceed at any time two (2) times the number of annual vacation hours for which the employee is currently eligible. Accrual and accumulation of vacation time shall cease at the time an employee's vacation balance reaches the maximum balance allowed and shall not resume until the employee's vacation balance is below the maximum allowed.
- 7.5 Employees may, with Department approval, use accumulated vacation with pay after completing one thousand forty (1,040) hours on regular pay status.
- 7.6 In the event that the City cancels an employee's already scheduled and approved vacation, leaving no time to reschedule such vacation before the employee's maximum balance will be reached, the employee's vacation balance will be permitted to exceed the allowable maximum and the employee shall continue to accrue vacation for a period of up to three (3) months if such exception is approved by both the Department Head and the Personnel Director in order to allow rescheduling of the employee's vacation. In such cases the Department Head shall provide the Personnel Director with the circumstances and reasons leading to the need for such an extension. No extension of this grace period shall be allowed.
- 7.7 "Service year" is defined as the period of time between an employee's date of hire and the one year anniversary date of the employee's date of hire or the period of time between any two (2) consecutive anniversaries of the employee's date of hire thereafter.
- 7.8 The minimum vacation allowance to be taken by an employee shall be one-half (½) of a day, or at the discretion of the Department Head, such lesser amount as may be approved by the Department Head.
- 7.9 An employee who separates from City service for any reason after more than six (6) months' service, shall be paid in a lump-sum for any unused vacation he/she has accrued.
- 7.10 Upon the death of an employee in active service, pay shall be allowed for any vacation earned in the preceding year and in the current year and not taken prior to the death of such employee.
- 7.11 Where an employee has exhausted his/her sick leave balance, the employee may use vacation for further leave for medical reasons subject to verification by the employee's medical care provider. Employees who are called to active military service or who respond to requests for assistance from Federal Emergency Management Agency (FEMA) may, at their option, use accrued vacation in conjunction with a leave of absence.

7.12 The Department Head shall arrange vacation time for employees on such schedules as will least interfere with the functions of the department but which accommodate the desires of the employees to the greatest degree feasible.

## ARTICLE 8 - SICK LEAVE, FUNERAL LEAVE AND EMERGENCY LEAVE

8.1 Sick Leave - Regular employees shall accumulate sick leave credit at the rate of .046 hours for each hour on regular pay status as shown on the payroll, but not to exceed forty (40) hours per week. New employees entering City service shall not be entitled to sick leave with pay during the first thirty (30) days of employment but shall accumulate sick leave credits during such thirty (30) day period. Sick leave credit may be used by the employee for bona fide cases of:

- Illness or injury which prevents the employee from performing his/her regular duties.
- Disability of the employee due to pregnancy and/or childbirth.
- Medical or dental appointments for the employee.
- Care of family members as required of the City by State law and/or as defined and provided for by City of Seattle ordinance, which may be repealed in whole or in part by an initiative, in which case the parties shall renegotiate this provision in accordance with the terms of Article 21.

8.1.1 Abuse of sick leave shall be grounds for suspension or dismissal.

8.1.2 Unlimited sick leave credit may be accumulated.

8.1.3 Upon retirement, twenty-five percent (25%) of an employee's unused sick leave credit accumulation can be applied to the payment of health care premiums or to a cash payment at the straight-time rate of pay of such employee in effect on the day prior to his retirement.

8.1.3.1 Cash payments of unused sick leave may be deferred for a period of one (1) year or less, providing the employee notifies the Department Personnel Office of his/her desires at the time of retirement. Request for deferred cash payments of unused sick leave shall be made in writing.

8.1.4 Upon the death of an employee, either by accident or natural causes, twenty-five percent (25%) of such employee's accumulated sick leave credits shall be paid to his/her designated beneficiary.

8.1.5 Change in position or transfer to another City department shall not result in loss of accumulated sick leave. An employee reinstated or re-employed within one (1) year in the same or another department after termination of service, except after dismissal for cause, resignation or quitting, shall be credited with all unused sick leave accumulated prior to such termination.

8.1.6 Compensation for the first four (4) consecutive workdays of absence shall be paid upon approval of the Personnel Director or his/her designee. In order to receive compensation for such absence, employees make themselves available for such reasonable investigation, medical or otherwise, as the Personnel Director or his/her designee may deem appropriate. Compensation for such absences beyond four (4) consecutive workdays shall be paid only after approval of the Personnel Director or his/her designee of a request from the employee supported by a report of the employee's physician. The employee shall provide himself/herself with such medical treatment or take such other reasonable precautions as necessary to hasten recovery and provide for an early return to duty.

8.1.7 Conditions Not Covered - Employees shall not be eligible for sick leave when:

- Suspended or on leave without pay and when laid off or on other non-pay status.
- Off work on a holiday.
- An employee works during his free time for an Employer other than the City of Seattle and his/her illness or disability arises therefrom.

8.1.8 Prerequisites For Payment - The following applicable requirements shall be fulfilled in order to establish an employee's eligibility for sick leave benefits.

8.1.8.1 Prompt Notification - The employee shall promptly notify the immediate supervisor, by telephone or otherwise, on the first day off due to illness and each day thereafter unless advised otherwise by the immediate supervisor. For those absences of more than one day, notification on his/her first day off with an expected date of return shall suffice. The employee shall advise the supervisor of any change in expected date of return. If an employee is on a special work schedule, particularly where a relief replacement is necessary when the employee is absent, the employee shall notify the immediate supervisor as far as possible in advance of the scheduled time to report for work.

8.1.8.2 Notification While On Paid Vacation Or Compensatory Time Off - If an employee is injured or is taken ill while on paid vacation or compensatory time off, he/she shall notify his/her department on the first day of disability. However, if it is physically impossible to give the required notice on the first day, notice shall be sent as soon as possible and shall be accompanied by an acceptable showing of reasons for the delay. A doctor's statement or other acceptable proof of illness or disability, while on vacation or compensatory time off, must be presented regardless of the number of days involved.

8.1.8.3 Filing Application - Unless there are extenuating circumstances, the employee shall submit the required application for sick leave pay within sixteen (16)

working hours after his/her return to duty. However, if he/she is absent because of illness or injury for more than eighty (80) working hours, he/she shall then file an application for an indefinite period for time. The necessary forms shall be available to the employee through his/her Department Supervisor.

8.1.8.4 Claims To Be In 15 Minute Increments - Sick leave shall be claimed in 15 minute increments to the nearest full 15 minute increment, a fraction of less than 8 minutes being disregarded. Separate portions of absence interrupted by a return to work shall be claimed on separate application forms.

8.1.8.5 Limitations Of Claims - All sick leave claims shall be limited to the actual amount of time lost due to illness or disability. The total amount of sick leave claimed in any pay period by an employee shall not exceed the employee's sick leave accumulation as shown on the payroll for the pay period immediately preceding his/her illness or disability. It is the responsibility of his/her department to verify that sick leave accounts have not been overdrawn; and if a claim exceeds the number of hours an employee has to his/her credit, the department shall correct his/her application.

8.1.8.6 Sick Leave Transfer Program - Employees shall be afforded the option to transfer and/or receive sick leave in accordance with the terms and conditions of the City's Sick Leave Transfer Program as established and set forth by City Ordinance. All benefits and/or rights existing under such program may be amended and/or terminated at any time as may be determined appropriate by the City. All terms, conditions and/or benefits of such program shall not be subject to the grievance procedure.

8.1.8.7 Wellness Incentive Program – Employees who, during a payroll year, use less than twenty-five (25) hours of sick leave may convert eight (8) hours of unused, accrued sick leave to a personal vacation day to be used in the next calendar year. (The “payroll year” shall be recognized as all pay periods for which compensation is paid and included as income for IRS tax purposes as one year’s reportable earnings.) This program shall expire on December 31, 2007 unless otherwise mutually agreed to by the parties.

8.2 Bereavement/Funeral Leave - Regular employees shall be allowed one (1) day off without salary deduction for bereavement purposes in the event of the death of any close relative; provided however, where attendance at a funeral requires total travel of two hundred (200) miles or more, one (1) additional day with pay shall be allowed; provided further, the Department Head may, when circumstances require and upon application stating the reasons therefore, authorize for such purpose not to exceed an additional four (4) days chargeable to the sick leave account of the employee, but no combination of paid absence under this Section shall exceed five (5) days for any one (1) period of absence. In like circumstances and upon like application the Department Head may authorize for the purpose of attending the funeral

of a relative other than a close relative, a number of days off work not to exceed five (5) days chargeable to the sick leave account of an employee. For purposes of this Section, the term "close relative" shall mean the spouse or domestic partner, child, mother, stepmother, father, stepfather, brother, sister, grandchild, grandfather or grandmother of the employee or spouse or domestic partner, and the term "relative other than a close relative" shall mean the uncle, aunt, cousin, niece, nephew or the spouse or domestic partner of the brother, sister, child or grandchild of the employee or spouse or domestic partner.

8.2.1 Bereavement/funeral leave may be allowed for bereavement purposes and/or attendance at the funeral of any other relative as allowed by Seattle Municipal Code (SMC) 4.28.020. Such relatives shall be determined as close relatives or relatives other than close relatives pursuant to the terms of SMC 4.28.020 for purposes of determining the extent of Bereavement/Funeral leave or sick leave allowable as provided for in Section 8.2. In the event SMC 4.28.020 is repealed in whole or in part by an initiative, the parties shall renegotiate this provision in accordance with the terms of Article 21.

8.3 Emergency Leave - One (1) day or a portion thereof per Agreement year without loss of pay may be taken off subject to approval of the employee's Supervisor and/or Department Head when it is necessary that the employee be immediately off work to attend to one of the following situations, either of which necessitates immediate action on the part of the employee:

The employee's spouse, child, parent, or domestic partner has unexpectedly become seriously ill or has had a serious accident; or

An unforeseen occurrence with respect to the employee's household (e.g., fire or flood or ongoing loss of power). "Household" shall be defined as the physical aspects of the employee's residence.

The "day" of emergency leave may be used for two separate incidents. The total hours compensated under this provision, however, shall not exceed eight (8) in a contract year.

## ARTICLE 9 - INDUSTRIAL INJURY OR ILLNESS

- 9.1 Any employee who is disabled in the discharge of his/her duties and if such disablement results in absence from his/her regular duties, shall be compensated, except as otherwise hereinafter provided, in the amount of eighty percent (80%) of the employee's normal hourly rate of pay, not to exceed two hundred and sixty-one (261) regularly scheduled workdays counted from the first regularly scheduled workday after the day of the on-the-job injury; provided the disability sustained must qualify the employee for benefits under State Industrial Insurance and Medical Aid Acts.
- 9.1.1 Whenever an employee is injured on the job and compelled to seek immediate medical treatment, the employee shall be compensated in full for the remaining part of the day of injury without effect to his/her sick leave or vacation or other paid leave account. Scheduled workdays falling within only the first three (3) calendar days following the day of injury shall be compensable through accrued sick leave. Any earned vacation or other paid leave may be used in a like manner after sick leave is exhausted, provided that, if neither accrued sick leave nor accrued vacation or other paid leave is available, the employee shall be placed on no pay status for these three (3) days. If the period of disability equals or extends beyond fourteen (14) calendar days, then (1) any accrued sick leave, vacation, or other paid leave utilized due to absence from his/her regular duties as provided for in this section shall be reinstated and the employee shall be paid in accordance with Section 9.1 which provides payment at the eighty percent (80%) rate, or (2) if no sick leave, vacation, or other paid leave was available to the employee at that time, then the employee shall thereafter be compensated for the three (3) calendar days at the eighty percent (80%) compensation rate described in Section 9.1.
- 9.1.2 Such compensation shall be authorized by the Personnel Director or his/her designee with the advice of such employee's Department Head on request from the employee supported by satisfactory evidence of medical treatment of the illness or injury giving rise to such employee's claim for compensation under SMC 4.44, as now or hereinafter amended.
- 9.1.3 In no circumstances will the amount paid under these provisions exceed an employee's gross pay minus mandatory deductions (taxes, retirement). This provision shall become effective when SMC 4.44 - Disability Compensation is revised to incorporate this limit.
- 9.1.4 Employees must meet the standards listed in SMC 4.44.020 to be eligible for the benefit amount provided herein which exceeds the rate required to be paid by state law, hereinafter referred to as supplemental benefits. These standards require that employees: (1) comply with all Department of Labor and Industries rules and regulations and related City of Seattle and employing

department policies and procedures; (2) respond, be available for and attend medical appointments and treatments and meetings related to rehabilitation, and work hardening, conditioning or other treatment arranged by the City and authorized by the attending physician; (3) accept modified or alternative duty assigned by supervisors when released to perform such duty by the attending physician; (4) attend all meetings scheduled by the City of Seattle Workers' Compensation unit or employing department concerning the employee's status or claim when properly notified at least five (5) working days in advance of such meeting unless other medical treatment conflicts with the meeting and the employee provides twenty-four (24) hours' notice of such meeting or examination.

The City will provide a copy of the eligibility requirements to employees when they file a workers' compensation claim. If records indicate two (2) no-shows, supplemental benefits may be terminated no sooner than seven (7) calendar days after notification to the employee.

- 9.2 Compensation for holidays and earned vacation falling within a period of absence due to such disability shall be at the normal rate of pay, but such days shall not be considered as regularly scheduled workdays as applied to the time limitations set forth within Section 9.1. Disabled employees affected by the provisions of SMC 4.44 shall continue to accrue vacation and sick leave as though actively employed during the period set forth within Section 9.1.
- 9.3 Any employee eligible for the benefits provided by SMC 4.44 whose disability prevents him/her from performing his/her regular duties, but in the judgment of his/her physician could perform duties of a less strenuous nature, shall be employed at his/her normal rate of pay in such other suitable duties as the Department Head shall direct, with the approval of such employee's physician until the Personnel Director requests closure of such employee's claim pursuant to SMC 4.44, as now or hereinafter amended.
- 9.4 Sick leave shall not be used for any disability herein described except as allowed in Section 9.1.
- 9.5 The afore-referenced disability compensation shall be understood to be in lieu of State Industrial Insurance Compensation and Medical Aid.
- 9.6 Appeals of any denials under this Article shall be made through the Department of Labor and Industries as prescribed in Title 51 R.C.W.
- 9.7 The parties agree either may reopen for negotiation the terms and conditions of this Article.

## ARTICLE 10 - PROBATIONARY PERIOD AND TRIAL SERVICE PERIOD

- 10.1 The following shall define terms used in this Article:
- 10.1.1 Probationary Period - A twelve (12) month period of employment following an employee's initial regular appointment within the Civil Service to a position.
- 10.1.2 Regular Appointment - The authorized appointment of an individual to a position covered by Civil Service.
- 10.1.3 Trial Service Period/Regular Subsequent Appointment - A twelve (12) month trial period of employment of a regular employee beginning with the effective date of a subsequent, regular appointment from one classification to a different classification; through promotion or transfer to a classification or voluntary reduction, in which the employee has not successfully completed a probationary or trial service period; or rehire from a Reinstatement Recall List to a department other than that from which the employee was laid off.
- 10.1.4 Regular Employee - An employee who has successfully completed a twelve (12) month probationary period and has had no subsequent break in service as occasioned by quit, resignation, discharge for just cause or retirement.
- 10.1.5 Revert - To return an employee who has not successfully completed his/her trial service period to a vacant position in the same class and former department (if applicable) from which he/she was appointed.
- 10.1.6 Reversion Recall List - If no such vacancy exists to which the employee may revert, he/she will be removed from the payroll and his/her name placed on a Reversion Recall List for the class/department from which he/she was removed.
- 10.2 Probationary Period/Status of Employee - Employees who are initially appointed to a position shall serve a probationary period of twelve (12) months.
- 10.2.1 The probationary period shall provide the department with the opportunity to observe a new employee's work, to train and aid the new employee in adjustment to the position, and to terminate any employee whose work performance fails to meet the required standards.
- 10.2.2 An employee shall become regular after having completed his/her probationary period unless the individual is dismissed under provisions of Section 10.3 and Section 10.3.1.

- 10.3 Probationary Period/Dismissal - An employee may be dismissed during his/her probationary period after having been given written notice five (5) working days prior to the effective date of dismissal. However, if the department believes the best interest of the City requires the immediate dismissal of the probationary employee, written notice of only one (1) full working day prior to the effective date of the dismissal shall be required. The reasons for the dismissal shall be filed with the Director of Personnel and a copy sent to the Union.
- 10.3.1 An employee dismissed during his/her probationary period shall not have the right to appeal the dismissal. When proper advance notice of the dismissal is not given, the employee may enter an appeal (for payment of up to five (5) days' salary), which the employee would have otherwise received had proper notice been given. If such a claim is sustained, the employee shall be entitled to the appropriate payment of salary but shall not be entitled to reinstatement.
- 10.4 Trial Service Period - An employee who has satisfactorily completed his/her probationary period and who is subsequently appointed to a position in another classification shall serve a twelve (12) month trial service period, in accordance with Section 10.1.3.
- 10.4.1 The trial service period shall provide the department with the opportunity to observe the employee's work and to train and aid the employee in adjustment to the position, and to revert such an employee whose work performance fails to meet required standards.
- 10.4.2 An employee who has been appointed from one classification to another classification within the same or different department and who fails to satisfactorily complete the trial service period shall be reverted to a vacant position within that department and classification from which he/she was appointed.
- 10.4.3 Where no such vacancy exists, such employee shall be given fifteen (15) calendar days' written notice prior to being placed on a Reversion Recall List for his/her former department and former classification and being removed from the payroll.
- 10.4.4 An employee's trial service period may be extended up to three (3) additional months by written mutual agreement between the department, the employee and the Union, subject to approval by the Personnel Director prior to expiration of the trial service period.
- 10.4.5 Employees who have been reverted during the trial service period shall not have the right to appeal the reversion.
- 10.4.6 The names of regular employees who have been reverted for purposes of re-employment in their former department shall be placed upon a Reversion

Recall List for the same classification from which they were promoted or transferred for a period of one (1) year from the date of reversion.

- 10.4.7 If a vacancy is to be filled in a department and a valid Reversion Recall List for the classification for that vacancy contains the name(s) of eligible employees who have been removed from the payroll from that classification and from that department, such employees shall be reinstated in order of their length of service in that classification. The employee who has the most service in that classification shall be the first reinstated.
- 10.4.8 An employee whose name is on a Valid Reversion Recall List for a specific job classification who accepts employment with the City in that same job classification shall have his/her name removed from the Reversion Recall List. Refusal to accept placement from a Reversion Recall List to a position the same, or essentially the same, as that which the employee previously held shall cause an employee's name to be removed from the Reversion Recall List, which shall terminate rights to reemployment under this Reversion Recall List provision.
- 10.4.9 An employee whose name is on a valid Reversion Recall List who accepts employment with the City in another class and/or department shall have his/her name removed from the Reversion Recall List.
- 10.4.10 A reverted employee shall be paid at the step of the range which he/she normally would have received had he/she not been appointed.
- 10.5 Subsequent Appointments During Probationary Period Or Trial Service Period  
- If a probationary employee is subsequently appointed in the same classification from one department to another, the receiving department may, with approval of the Personnel Director, require that a complete twelve (12) month probationary period be served in that department. If a regular employee or an employee who is still serving a trial service period is subsequently appointed in the same classification from one department to another, the receiving department may, with the approval of the Personnel Director, require that a twelve (12) month trial service period be served in that department.
- 10.5.1 If a probationary employee is subsequently appointed to a different classification in the same or different department, the employee shall serve a complete twelve (12) month probationary period in the new classification. If a regular employee is subsequently appointed to a different classification in the same or different department, the employee shall serve a complete twelve (12) month trial service period in the new classification.
- 10.5.2 Within the same department, if a regular employee is appointed to a higher classification while serving in a trial service period, the trial service period for the lower classification and the new trial service period for the higher

classification shall overlap provided that the higher and lower classifications are in the same or a closely related field. The employee shall complete the term of the original trial service period and be given regular status in the lower classification. Such employee shall also be granted the rights normally accruing to trial service for the remainder of the trial service period in the higher classification.

10.5.3 Within the same department, if a probationary employee is regularly appointed to a higher classification while serving in a probationary period, the probationary period and the new trial service period for the higher classification shall overlap provided the higher and the lower classifications are in the same or a closely related field. The employee shall complete the term of the original probationary period and be given regular standing in the lower class. Such employee shall also be granted the rights normally accruing to trial service for the remainder of the trial service period in the higher classification.

10.6 The probationary period shall be equivalent to twelve (12) months of service following regular appointment. Occasional absences due to illness, vacations, jury duty, and military leaves shall not result in an extension of the probationary period, but upon approval of the Personnel Director, an employee's probationary period may be extended so as to include the equivalent of a full twelve (12) months of actual service where there are numerous absences.

10.7 Nothing in this Article shall be construed as being in conflict with provisions of Article 11.

## ARTICLE 11 - TRANSFERS, VOLUNTARY REDUCTION, LAYOFF AND RECALL

11.1 Transfers - The transfer of an employee shall not constitute a promotion except as provided in Section 11.1.2.(5).

11.1.1 Intra-departmental Transfers - An appointing authority may transfer an employee from one position to another position in the same class in his/her department without prior approval of the Personnel Director, but must report any such transfer to the Personnel Department within five (5) days of its effective date.

11.1.2 Other transfers may be made upon consent of the appointing authorities of the departments involved and with the Personnel Director's approval as follows:

- (1) Transfer in the same class from one department to another.
- (2) Transfer to another class in the same or a different department in case of injury in line of duty either with the City service or with the armed forces in time of war, resulting in permanent partial disability, where showing is made that the transferee is capable of satisfactorily performing the duties of the new position.
- (3) Transfer, in lieu of layoff, may be made to a position in the same class to a different department, upon showing that the transferee is capable of satisfactorily performing the duties of the position, and that a regular, trial service or probationary employee is not displaced. The employee subject to layoff shall have this opportunity to transfer provided there is no one on the Reinstatement Recall List for the same class for that department. If there is more than one employee eligible for transfer in lieu of layoff in the same job title, the employee names shall be placed on a layoff transfer list in order of job class seniority. Eligibility to choose this opportunity to transfer is limited to those employees who have no rights to other positions in the application of the layoff language herein including Section 11.3.4.

A department will be provided with the names of eligible employees and their job skills. The department will fill the position with the most senior employee with the job skills needed for the position. The department may test or otherwise affirm the employee has the skills and ability to perform the work.

An employee on the layoff transfer list who is not placed in another position prior to layoff shall be eligible for placement on the Reinstatement Recall List pursuant to Section 11.4.

- (4) Transfer, in lieu of layoff, may be made to a single position in another class in the same or a different department, upon showing that the transferee is capable of satisfactorily performing the duties of the position, and that a regular, trial service or probationary employee is not displaced.
- (5) Transfer, in lieu of layoff, may be made to a single position in another class when such transfer would constitute a promotion or advancement in the service provided a showing is made that the transferee is capable of satisfactorily performing the duties of the position and that a regular, trial service or probationary employee is not displaced and when transfer in lieu of layoff under Section 11.1.2.(4) is not practicable.
- (6) The Personnel Director may approve a transfer under Sections 11.1.2 (1), (2), (3), (4) or (5) above with the consent of the appointing authority of the Receiving Department only, upon a showing of the circumstances justifying such action.
- (7) Transfer may be made to another similar class with the same maximum rate of pay in the same or a different department upon the Director's approval of a written request by the appointing authority.

11.1.2.1 Employees transferred pursuant to the provisions of Section 11.1.2 shall serve probationary and/or trial service periods as may be required in Article 10, Sections 10.5, 10.5.1, 10.5.2, and 10.5.3.

11.1.3 Notwithstanding any provision to the contrary as may be contained elsewhere within this Article, regular employees shall be given priority consideration for lateral transfer to any open position in the same classification within his/her department.

11.1.4 Notwithstanding any provision to the contrary as may be contained elsewhere within this Article, regular part-time employees shall be given priority consideration for full-time positions in the same classification which become available within his/her department.

11.2 Voluntary Reduction - A regularly appointed employee may be reduced to a lower class upon his/her written request stating his/her reason for such reduction, if the request is concurred in by the appointing authority and is approved by the Personnel Director. Such reduction shall not displace any regular, trial service or probationary employee.

11.2.1 The employee so reduced shall be entitled to credit for previous regular service in the lower class and to other service credit in accordance with Section 11.5. Upon a showing, concurred in by the appointing authority of the department that the reason for such voluntary reduction no longer exists, the Personnel Director may restore the employee to his/her former status.

11.3 Layoff - The City shall notify the Union and the affected employees in writing at least two (2) weeks in advance whenever possible, when a layoff is imminent within the bargaining unit.

11.3.1 Layoff - Layoff for purposes of this Agreement shall be defined as the interruption of employment and suspension of pay of any regular, trial service or probationary employee because of lack of work, lack of funds or through reorganization. Reorganization when used as a criterion for layoff under this Agreement shall be based upon specific policy decision(s) by legislative authority to eliminate, restrict or reduce functions or funds of a particular department.

11.3.2 In a given class in a department, the following shall be the order of layoff:

- (1) Interim appointees
- (2) Temporary or intermittent employees not earning service credit.
- (3) Probationary employees\*
- (4) Trial service employees\* (who cannot be reverted in accordance with Section 10.4.2.)
- (5) Regular employees\* in order of their length of service, the one with the least service being laid off first.

\* Except as their layoff may be affected by military service.

11.3.3 However, the City may lay off out of the order described above for one or more of the reasons cited below:

- (1) Upon showing by the appointing authority that the operating needs of the department require a special experience, training, or skill.
- (2) When (1) women or minorities are substantially underrepresented in an "EEO" category within a department; or (2) a planned layoff would produce substantial underrepresentation of women or minorities; and (3) such layoff in normal order would have a negative, disparate impact on women or minorities; then the Personnel Director shall make the minimal adjustment necessary in the order of layoff in order to prevent the negative disparate impact.

11.3.4 At the time of layoff, a regular employee or a trial service employee (per 11.3.2 above) shall be given an opportunity to accept reduction (bump) to the next lower class in a series of classes in his/her department or he/she may be transferred as provided in Section 11.1.2(3). An employee so reduced shall

be entitled to credit for any previous regular service in the lower class and to other service credit in accordance with Section 11.5.

11.4 Recall - The names of regular, trial service, or probationary employees who have been laid off shall be placed upon a Reinstatement Recall List for the same class and for the department from which laid off for a period for one (1) year from the date of layoff.

11.4.1 Anyone on a Reinstatement Recall List who becomes a regular employee in the same class in another department shall lose his/her reinstatement rights in his/her former department.

11.4.2 Refusal to accept work from a Reinstatement Recall List shall terminate all rights granted under this Agreement; provided, no employee shall lose reinstatement eligibility by refusing to accept appointment in a lower class.

11.4.3 If a vacancy is to be filled in a given department and a Reinstatement Recall List for the classification for that vacancy contains the names of eligible employees who were laid off from that classification, the following shall be the order of the Reinstatement Recall List:

- (1) Regular employees laid off from the department having the vacancy in the order of their length of service. The regular employee on the Reinstatement Recall List who has the most service credit shall be first reinstated.
- (2) Trial service employees laid off from the department having the vacancy in the order of their length of service. The trial service employee on the Reinstatement Recall List who has the most service credit shall be first reinstated.
- (3) Probationary employees laid off from the department having the vacancy without regard to length of service. The names of all these probationary employees shall be listed together on the Reinstatement Recall List.
- (4) Regular employees laid off from the same classification in another City department and regular employees on a Layoff Transfer List. The regular employee on this combined list who has the most service credit and who has the job skills necessary for the vacant position will be offered employment on a trial basis in said vacancy. The trial service provisions of Article 10, Section 10.4 shall apply.
- (5) Trial service employees laid off from the same classification in another City department and trial service employees on a Layoff Transfer List. The trial service employee on this combined list who has the most service credit and who has the job skills necessary for the vacant

position will be offered employment on a trial basis in said vacancy. The trial service provisions of Article 10, Section 10.4 shall apply.

- (6) Probationary employees laid off from the same classification in another City department and probationary employees on the Layoff Transfer List without regard to length of service. The names of all these probationary employees shall be listed together on the Reinstatement Recall List.
- (7) The City may recall laid-off employees out of the order described above upon showing by the appointing authority that the operating needs of the department require such experience, training, or skill.
- (8) The Joint Crafts Council agrees that employees from other bargaining units whose names are on the Reinstatement Recall List for the same classifications shall be considered in the same manner as employees of these bargaining units provided the Union representing those employees has agreed to a reciprocal right to employees of these bargaining units. Otherwise, this section shall only be applicable to those positions that are covered by this Agreement.

11.4.4 Nothing in this Article shall prevent the reinstatement of any regular, trial service, or probationary employee for the purpose of appointment to another lateral title or for voluntary reduction in class as provided in this Article.

11.5 For purposes of layoff, service credit in a class for a regular employee shall be computed to cover all service subsequent to their regular appointment to a position in that class and shall be applicable in the department in which employed and specifically as follows:

- (1) After completion of the probationary period, service credit shall be given for employment in the same, equal or higher class, including service in other departments and shall include temporary or intermittent employment in the same class under regular appointment prior to permanent appointment.
- (2) A regular employee who receives an appointment to a position exempt from Civil Service shall be given service credit in the former class for service performed in the exempt position.
- (3) Service credit shall be given for previous regular employment of an incumbent in a position which has been reallocated and in which the employee has been continued with recognized standing.
- (4) Service credit shall be given for service prior to an authorized transfer.
- (5) Service credit shall be given for time lost during:

- Jury Duty;
- Disability incurred in line of service;
- Illness or disability compensated for under any plan authorized and paid for by the City;
- Service as a representative of a Union affecting the welfare of City employees;
- Service with the armed forces of the United States, including but not to exceed twenty-one (21) days prior to entry into active service and not to exceed ninety (90) days after separation from such service.

11.5.1 No service credit shall be given:

- (1) For service of a regular employee in a lower class to which he/she has been reduced and in which he/she has not had regular standing, except from the time of such reduction.
- (2) For any employment prior to a separation from the Civil Service other than by a resignation which has been withdrawn within sixty (60) days from the effective date of the resignation and such request for withdrawal bears the favorable recommendation of the appointing authority and is approved by the Personnel Director.

11.6 The City agrees to support employees facing layoff by providing the Project Hire program during the term of this Agreement. If a department is hiring for a position in which the employee is qualified, and if no business reason would otherwise make the employee unsuitable for employment, the employee will be interviewed for the vacancy. This provision does not create any guarantee or entitlement to any position. The Project Hire guidelines apply.

ARTICLE 12 - HEALTH CARE, DENTAL CARE, LIFE AND  
LONG TERM DISABILITY INSURANCE

12.1 Effective January 1, 2005, the City shall provide medical, dental, and vision plans (initially Group Health, Aetna Traditional and Aetna Preventative as self-insured plans, Washington Dental Service, Willamette Dental, Dental Health Services, and Vision Services Plan) for all regular employees (and eligible dependents) represented by unions that are a party to the Memorandum of Agreement established to govern the plans. For calendar years 2005, 2006, and 2007, the selection, addition and/or elimination of medical, dental, and vision benefit plans, and changes to such plans including, but not limited to, changes in benefit levels, co-pays and premiums, shall be established through the Labor-Management Health Care Committee in accordance with the provisions of the Memorandum of Agreement established to govern the functioning of said Committee.

An employee may choose, when first eligible for medical benefits or during the scheduled open enrollment periods, the plans referenced in 12.1 or similar programs as determined by the Labor-Management Health Care Committee.

12.1.2 For calendar years 2006 and 2007, the City shall pay up to one hundred seven percent (107%) of the average employee's monthly medical, dental, and vision premiums over the prior calendar year for employees whose health care benefits are governed by the Labor-Management Health Care Committee. Costs above 107% shall be covered by the Rate Stabilization Reserve dollars and once the reserves are exhausted, the City shall pay 85% of the excess costs in healthcare and the employees shall pay 15% of the excess costs in healthcare.

12.1.3 Employees who retire and are under the age of 65 shall be eligible to enroll in retiree medical plans that are experience-rated with active employees.

12.1.4 New, regular employees will be eligible for benefits the first month following the date of hire (or immediately, if hired on the first working day of the month).

12.2 Life Insurance - The City shall offer a voluntary Group Term Life Insurance option to eligible employees. The employee shall pay sixty percent (60%) of the monthly premium and the City shall pay forty percent (40%) of the monthly premium at a premium rate established by the City and the carrier. Premium rebates received by the City from the voluntary Group Term Life Insurance option shall be administered as follows:

12.2.1 Commencing with the signing of this Agreement, future premium rebates shall be divided so that forty percent (40%) can be used by the City to pay for the

City's share of the monthly premiums, and sixty percent (60%) shall be used for benefit of employees' participating in the Group Term Life Insurance Plan in terms of benefit improvements, to pay the employees' share of the monthly premiums or for life insurance purposes otherwise negotiated.

- 12.2.2 Whenever the Group Term Life Insurance Fund contains substantial rebate monies which are earmarked pursuant to Sections 12.2 or 12.2.1 to be applied to the benefit of employees participating in the Group Term Life Insurance Plan, the City shall notify the Union of that fact.
- 12.2.3 The City will offer an option for employees to purchase additional life insurance coverage for themselves and/or their families.
- 12.3 Long Term Disability - The City shall provide a Long Term Disability (LTD) Insurance program for all eligible employees for occupation and non-occupational accidents or illnesses. The City shall pay the full monthly premium cost of a base plan with a ninety (90) day elimination period, which insures sixty percent (60%) of the employee's first six hundred sixty seven dollar (\$667) base monthly wage. Employees may purchase through payroll deduction, an optional buy-up plan with a ninety (90) day elimination period, which insures sixty percent (60%) of the remainder of the employee's base monthly wage (up to a maximum eight thousand three hundred thirty-three dollars [\$8,333] per month). Benefits may be reduced by the employee's income from other sources as set forth within the plan description. The provisions of the plan shall be further and more fully defined in the plan description issued by the Standard Insurance Company.
- 12.3.1 During the term of this Agreement, the City may, at its discretion change or eliminate the insurance carrier for any long-term disability benefits covered by Section 12.3 and provide an alternative plan either through self-insurance or another insurance carrier; however, the long-term disability benefit level shall remain substantially the same.
- 12.3.2 The maximum monthly premium cost to the City shall be no more than the monthly premium rates established for calendar year 2001 for the base plan; provided further, such cost shall not exceed the maximum limitation on the City's premium obligation per calendar year as set forth within Section 12.3.

To this end, the City agrees to confer with officials of the Unions on matters subject to collective bargaining. Each of the Unions agree that all representations made on its behalf by the Joint Crafts Council or its agents shall have the same force and effect as if made by the Union itself, and that notices or other communications exchanged between the City and the Joint Crafts Council or its agents shall have the same force and effect as if made by the Union itself, and that notices or other communications exchanged between the City and the Joint Crafts Council shall have the same effect as notices exchanged directly between the City and the Unions.
- 15.2 The parties agree that for the sake of equity among employees as well as administrative efficiency, it is desirable to standardize conditions of employment pertaining to employees represented by Unions affiliated with the Joint Crafts Council. Therefore, the parties hereto agree to encourage standardization of benefits and other conditions of employment wherever appropriate, and to utilize the good offices of the Joint Crafts Council to effect this end.
- 15.3 The mutual recognition of the Joint Crafts Council for the purposes stated herein shall continue except and until such time as either the City advises the Unions or any one Union; or the Unions or any one Union advises the City in writing of its desire to withdraw such recognition and provided further that a period of one hundred twenty (120) days has elapsed from the date of such advisement. Thereupon, the Joint Crafts Council shall no longer represent any such Union or Unions. In no event, however, shall any such notice terminate or otherwise interrupt this Agreement and the only effect of any such advisement shall be to eliminate the Joint Crafts Council as a vehicle for collective bargaining with respect to subsequent labor contracts.
- 15.4 The Joint Crafts Council shall constitute the principal forum for the Unions signatory to this Agreement to present suggestions and complaints of a general nature affecting employees of the City. To this end, the duly-authorized representatives of the Joint Crafts Council shall function as one-half of a Labor-Management Committee, the other half being certain representatives of the City named for that purpose. The co-chairs of the Coalition will be members of the Leadership Committee.

15.6      Employment Security - Labor and management support continuing efforts to provide the best service delivery and the highest-quality service in the most cost-effective manner to the citizens of Seattle. Critical to achieving this purpose is the involvement of employees in sharing information and creatively addressing workplace issues, including administrative and service delivery productivity, efficiency, quality controls, and customer service.

Labor and management agree that, in order to maximize participation and results from the Employee Involvement Committees (EIC), no one will lose employment or equivalent rate of pay with the City of Seattle because of efficiencies resulting from an EIC initiative.

In instances where the implementation of an EIC recommendation does result in the elimination of a position, management and labor will work together to find suitable alternative employment for the affected employee. An employee, who chooses not to participate in and/or accept a reasonable employment offer, if qualified, will terminate his/her rights under this Employment Security provision.

- (4) The Union(s) shall not question the unqualified right of the City to discipline or discharge employees engaging in or encouraging such action. It is understood that such action on the part of the City shall be final and binding upon the Union(s) and its members and shall be in no case construed as a violation by the City of any provision in this Agreement.

16.2 Jurisdictional Disputes - Any jurisdictional dispute which may arise between any two (2) or more labor organizations holding current collective bargaining agreements with the City of Seattle shall be settled in the following manner:

- (1) A Union which contends a jurisdictional dispute exists shall file a written statement with the City and other affected Unions describing the substance of the dispute.

- 17.4 The City agrees that performance standards shall be reasonable.

## ARTICLE 18 - SUBORDINATION OF AGREEMENT

- 18.1 The parties hereto and the employees of the City are governed by the provisions of applicable Federal Law, State Law, and the City Charter. When any provisions thereof are in conflict with the provisions of this Agreement, the provisions of said Federal Law, State Law, or City Charter are paramount and shall prevail.

Additionally, either party may amend an initial grievance up to the second Step of the following procedure. If at any Step in the contract grievance procedure, management's answer in writing is unsatisfactory, the Union's reason for non-acceptance must be presented in writing.
- 20.4 For grievances filed in accordance with Sections 20.2 and/or 20.2.1, failure by an employee or the Union to comply with any time limitation of Steps 2, 3, and 4 of the procedure in this Article shall constitute withdrawal of the grievance; provided however, any time limits stipulated in the grievance procedure may be extended for stated periods of time by the appropriate parties by mutual agreement in writing.
- 20.5 Arbitration awards or grievance settlements shall not be made retroactive beyond the date of the occurrence or non-occurrence upon which the grievance is based, that date being twenty (20) business days or less prior to the initial filing of the grievance.
- 20.6 A contract grievance shall be processed in accordance with the following procedure:
- 20.6.1 (Step 1) - The contract grievance shall be reduced to written form by the aggrieved employee and/or the Union, stating the section of the agreement allegedly violated and explaining the grievance in detail. The aggrieved employee and/or the Union Representative shall present the written grievance to the employee's supervisor within twenty (20) business days of the alleged contract violation, with a copy of the grievance submitted to the Union by the

aggrieved employee. The immediate supervisor should consult and/or arrange a meeting with his/her supervisor, if necessary to resolve the contract grievance. The parties shall make every effort to settle the contract grievance at this stage promptly. The immediate supervisor shall, in writing, answer the grievance within ten (10) business days after being notified of the grievance, with a copy of the response submitted to the aggrieved employee and the Union.

20.6.2 (Step 2) - If the contract grievance is not resolved as provided in Step 1, or if the contract grievance is initially submitted at Step 2, it shall be reduced to written form, which shall include identification of the Section(s) of the Agreement allegedly violated, the nature of the alleged violation, and the remedy sought. The Union representative shall forward the written contract grievance to the Division Head with a copy to the City Director of Labor Relations within ten (10) business days after the Step 1 answer.

#### With Mediation

At the time the Union submits the grievance to the division head, the Union Representative or the aggrieved employee or the division head may submit a written request for voluntary mediation assistance, with a copy to the Alternative Dispute Resolution (ADR) Coordinator, the City Director of Labor Relations, and the Union representative. If the ADR Coordinator determines that the case is in line with the protocols and procedures of the ADR process, within ten (10) business days from receipt of the request for voluntary mediation assistance, the ADR Coordinator or his/her designee will schedule a mediation conference and make the necessary arrangements for the selection of a mediator(s). The mediator(s) will serve as an impartial third party who will encourage and facilitate a resolution to the dispute. The mediation conference(s) will be confidential and will include the parties. The Union representative and a Labor Negotiator from City Labor Relations may attend the mediation conference(s). Other persons may attend with the permission of the mediator(s) and both parties. If the parties agree to settle the matter, the mediator(s) will assist in drafting a settlement agreement, which the parties shall sign. An executed copy of the settlement agreement shall be provided to the parties, with either a copy or a signed statement of the disposition of the grievance submitted to the City Director of Labor Relations and the Union. The relevant terms of the settlement agreement shall be provided by the parties to the department's designated officials who need to assist in the implementing the agreement. If the grievance is not settled within ten (10) business days of the initial mediation conference date, the City Director of Labor Relations, the appropriate division head, and the appropriate Union representative shall be so informed by the ADR Coordinator.

The parties to a mediation shall have no power through a settlement agreement to add to, subtract from, alter, change, or modify the terms of the collective bargaining agreement or to create a precedent regarding the

interpretation of the collective bargaining agreement or to apply the settlement agreement to any circumstance beyond the explicit dispute applicable to said settlement agreement.

If the grievance is not resolved through mediation, the Division Head shall thereafter convene a meeting within ten (10) business days between the Union representative and aggrieved employee, together with the designated Supervisor, the Section Manager, the Department Labor Relations Officer and any other members of management whose presence is deemed necessary by the City to a fair consideration of the alleged contract grievance. The City Director of Labor Relations or his/her designee may attend such meeting. The Division head shall give a written answer to the Union within ten (10) business days after the contract grievance meeting.

20.6.3 (Step 3) - If the contract grievance is not resolved as provided in Step 2, the written contract grievance defined in the same manner as provided in Step 2 shall be forwarded within ten (10) business days after the Step 2 answer or if the contract grievance is initially submitted at Step 3, within twenty (20) business days, pursuant to Section 20.2.1 to the City Director of Labor Relations with a copy to the appropriate Department Head. The Director of Labor Relations or his/her designee shall investigate the alleged contract grievance and, if deemed appropriate, he/she shall convene a meeting between the appropriate parties. He/she shall thereafter make a confidential recommendation to the affected Department Head who shall, in turn, give the Union an answer in writing ten (10) business days after receipt of the contract grievance or the meeting between the parties.

Mediation can be requested at Step 3 in the same manner as outlined in Step 2. The grievance must be filed in the time frame specified in Step 3 and responded to in the frame specified in Step 3 after receipt of notification from the ADR Coordinator that the grievance was not resolved through mediation.

20.6.4 (Step 4) - If the contract grievance is not settled in Step 3, either of the signatory parties to this Agreement may submit the grievance to binding arbitration. It may be referred to the Federal Mediation and Conciliation Service for arbitration to be conducted under its voluntary labor arbitration regulations. Such reference to arbitration shall be made within twenty (20) business days after the City's answer or failure to answer in Step 3, and shall be accompanied by the following information:

- Identification of Section(s) of Agreement allegedly violated.
- Nature of the alleged violation.
- Question(s) which the arbitrator is being asked to decide.
- Remedy sought.

In lieu of the procedure set forth in Section 20.6.4, Step 4, the City and the Union may mutually agree to select an arbitrator to decide the issue.

Mediation can be requested at Step 4 in the same manner as outlined in Step 2. The grievance must be submitted to binding arbitration within the time frame specified in Step 4 and processed within the time frame specified in Step 4 after receipt of notification from the ADR Coordinator that the grievance was not resolved in mediation.

20.6.5 A reclassification grievance will be initially submitted by the Union, in writing, to the Director of Labor Relations, with a copy to the Department. The Union will identify in the grievance letter the name(s) of the grievant(s), their current job classification, and the proposed job classification. The Union will include with the grievance letter a Position Description Questionnaire (PDQ) completed and signed by the grievant(s). At the time of the initial filing, if the PDQ is not submitted, the Union will have sixty (60) business days to submit the PDQ to Labor Relations. After initial submittal of the grievance, the procedure will be as follows:

1. The Director of Labor Relations, or designee, will notify the Union of such receipt and will provide a date [not to exceed six (6) months from the date of receipt of the grievance] when a proposed classification determination report responding to the grievance will be sent to the Union. The Director of Labor Relations, or designee, will provide notice to the Union when, due to unforeseen delays, the time for the classification review will exceed the six (6) month period.
2. The Department Director, upon receipt of the proposed classification determination report from the Director of Labor Relations, or designee, will respond to the grievance in writing.
3. If the grievance is not resolved, the Union may, within twenty (20) business days of the date the grievance response is received, submit to the Director of Labor Relations a letter designating one of the following processes for final resolution:
  - A. The Union may submit the grievance to binding arbitration per Article 20, Section 20.6.4; or
  - B. The Union may request the classification determination be reviewed by the Classification Appeals Board, consisting of two members of the Classification/Compensation Unit and one Human Resource professional from an unaffected department. The Classification Appeals Board will, whenever possible, within ten (10) business days of receipt of the request, arrange a hearing; and, when possible, convene the hearing within thirty (30) business days. The Board will make a recommendation to the Personnel Director with forty-five (45) business days of the appeal hearing. The

Director of Labor Relations, or designee, will respond to the Union after receipt of the Personnel Director's determination. If the Personnel Director affirms the Classification Board's recommendation, that decision shall be final and binding and not subject to further appeal. If the Personnel Director does not affirm the Classification Appeals Board recommendation within fifteen (15) business days, the Union may submit the grievance to arbitration per Article 20, Section 20.6.4.

20.7 The parties shall abide by the award made in connection with any arbitrable difference. There shall be no suspension of work, slowdown, or curtailment of services while any difference is in process of adjustment or arbitration.

20.8 In connection with any arbitration proceeding held pursuant to this Agreement, it is understood that:

20.8.1 The arbitrator shall have no power to render a decision that will add to, subtract from or alter, change or modify the terms of this Agreement, and his power shall be limited to interpretation or application of the express terms of this Agreement, and all other matters shall be excluded from arbitration.

20.8.2 The decision of the arbitrator regarding any arbitrable difference shall be final, conclusive and binding upon the City, the Union and the employees involved.

20.8.3 The cost of the arbitrator shall be borne equally by the City and the Union and each party shall bear the cost of presenting its own case.

20.8.4 The arbitrator's decision shall be made in writing and shall be issued to the parties within thirty (30) days after the case is submitted to the arbitrator.

20.9 In no event shall this Agreement alter or interfere with disciplinary procedures followed by the City or provided for by City Charter, Ordinance or Law; provided however, disciplinary action may be processed through the contract grievance procedure; provided further, an employee covered by this Agreement must upon initiating objections relating to disciplinary action use either the contract grievance procedure contained herein (with the Union processing the grievance) or pertinent Civil Service procedures regarding disciplinary appeals. Should the employee attempt to adjudicate his/her objections relating to a disciplinary action through both the grievance procedure and the Civil Service Commission, the grievance shall be considered withdrawn upon first notice that an appeal has been filed before the Civil Service Commission. In grievances relating to discharge, the City shall present its position first before an arbitrator or the Civil Service Commission.

20.10 The parties have agreed, through a Memorandum of Agreement, to adopt the following two procedures attached thereto that were developed by the Citywide Labor-Management Committee on Progressive Discipline:

- (1) Either party may request that grievances submitted to arbitration be subjected to a confidential Peer Review by a committee of peers from management or labor, respectively, in which case the time lines of the grievance procedure will be held in abeyance pending the completion of the Peer Review process; and
- (2) Either party may make an "Offer of Settlement" to encourage settlement of a grievance in advance of a scheduled arbitration hearing, with the potential consequence that the party refusing to accept an offer of settlement may be required to bear all of the costs of arbitration, excluding attorney and witness fees, contrary to Section 20.8.3.

The parties may mutually agree to alter, amend or eliminate these procedures by executing a revised Memorandum of Agreement.

## ARTICLE 21 - SAVINGS CLAUSE

21.1 If an Article of this Agreement or any Addenda thereto should be held invalid by operation of law or by any tribunal of competent jurisdiction, or if compliance with or enforcement of any Article should be restrained by such tribunal, the remainder of this Agreement and Addenda shall not be affected hereby, and the parties shall enter into immediate collective bargaining negotiations for the purpose of arriving at a mutually satisfactory replacement for such Article.

## ARTICLE 22– DISCIPLINARY ACTIONS

22.1 The parties agree that in their respective roles primary emphasis shall be placed on preventing situations requiring disciplinary actions through effective employee-management relations. The primary objective of discipline shall be to correct and rehabilitate, not to punish or penalize. To this end, in order of increasing severity, the disciplinary actions that the City may take against an employee include:

- A. verbal warning;
- B. written reprimand;
- C. suspensions;
- D. demotion; or
- E. termination.

Which disciplinary action is taken depends upon the seriousness of the affected employee's conduct.

22.2 In cases of suspension or discharge, the specified charges and duration, where applicable, of the action shall be furnished to the employee in writing not later than one (1) working day after the action became or becomes effective. An employee may be suspended for just cause pending demotion or discharge action.

22.3 Effective upon signature of this Agreement, whenever an employee is given written notice of a disciplinary action as defined above in Section 22.1, a copy of the disciplinary notice shall be transmitted to the Union. Provided, that the Department shall first ask the affected employee's permission, and in the event the employee declines, then a copy will not be sent to the Union.

ARTICLE 23 - TERM OF AGREEMENT

23.1 All terms and provisions of this Agreement shall become effective upon signature of both parties unless otherwise specified elsewhere, and shall remain in full force and effect through December 31, 2007. Written notice of intent to terminate or modify this Agreement must be served by the requesting party at least ninety (90) but not more than one hundred twenty (120) days prior to December 31, 2007. Any modifications requested by either party must be submitted to the other party no later than sixty (60) days prior to the expiration date of this Agreement and any modifications requested at a later date shall not be subject to negotiations unless mutually agreed upon by both parties.

23.1.1 Notwithstanding the provisions of Section 23.1, in the event negotiations for a new Agreement extend beyond the anniversary date of this Agreement, all of the terms and provisions of this Agreement shall continue to remain in full force and effect during the course of collective bargaining, until such time as the terms of a new Agreement have been consummated, or unless either party serves the other party with ten (10) days' written notice of intent to terminate the existing Agreement.

considered a violation of this Agreement nor shall the terms of this Agreement apply to such employee.

Financial Insecurity (Flat Floor Events):

- The Seattle Center may exempt a flat floor event in the Exhibition Hall, Fisher Pavilion, and Seattle Center Pavilion venues from the provision of Section C.3.3 when the event is either financially insecure, not commercial and/or of a small size. The Seattle Center may exempt a major stage event in the Exhibition Hall or Fisher Pavilion from the provisions of Section C.3.3 when the event is either financially insecure, not commercial, and/or of a small nature.

C.3.4 It is the intention of the City and the Union to identify and cover under terms of this Agreement that work which has historically and traditionally been performed by employees working under terms of past labor agreements by and between the Union and the City in Seattle Center venues. The definition of venue in this Section is as described in Section C.3.1 of this Agreement. The City and the Union agree to review the list of venues annually, and update them in a Memorandum of Agreement should a particular venue change in status, name, or major lease arrangement with Seattle Center. Pursuant to any updates during the term of this agreement, the Seattle Center venues are:

- KeyArena
- Mercer Arts Arena
- Center House Stage
- McCaw Hall
- Fisher Pavilion
- Exhibition Hall
- Mural Amphitheater
- Seattle Center Pavilion

C.3.4.1 The City and the Union each reserve the right to reopen this Appendix for negotiation of the terms applicable to physically operating the new facilities where technological advancements and permanent employee staffing of the facility may necessitate changes to the Appendix. Such terms specifically apply to the yet to be constructed McCaw Hall and the future utilization of the Mercer Arts Arena.

C.3.5 Event Identification - Work as described in C.3.3 for the following events shall be performed by regular and/or temporary bargaining unit employees, subject to any exclusions contained in Articles C.3.3 and C.3.4.

Major Stage Events - defined as those events, productions, shows, functions and/or concerts involving comedic, dramatic, magical, musical, instrumental and/or spiritual-type public attractions. Major stage events shall not include flat-floor consumer and trade shows, except as provided for by C.3.2.

Festivals - defined as work outlined in C.3.3 under the control of a promoter in the venues operated by Seattle Center (as opposed to those operated by long-term lease holders) and throughout the grounds at large. Should a promoter

secure the services of a leased venue, the work will not be performed under the terms of this contract, but, rather, under the terms of any contract that lease holder may have in their own right with the Union. If, however, the use of the leased facility is secured through use of the “demand days clause” of said lease, the work shall be that of the Seattle Center under this contract, as opposed to being performed by employees of the long-term lease holder.

Public Programs - those events produced by Seattle Center and whose artistic and performance content is under the sole control of Seattle Center throughout the grounds.

Flat Floor Shows - Stage Technician employees shall have jurisdiction over stage work which occurs within flat-floor trade and consumer shows in the KeyArena, Mercer Arena, Exhibition Hall, Fisher Pavilion and Seattle Center Pavilion when the activity taking place is a significant entertainment performance with the limitations expressed in C.3.3.

C.3.6 A committee comprised of two (2) representatives of the City and two (2) representatives of the Union shall be established for the purpose of adjudicating jurisdictional disputes relating to work alleged to be covered by this Appendix. A majority decision of the committee shall be final and binding upon the City and the Union. Failure of the committee to reach a majority decision shall permit the grieving party the right to immediately thereafter advance to Section 20.6.4 (Step 4) of the grievance procedure for purposes of resolving the dispute.

C.3.7 Those individuals employed by certain performing arts organizations who maintain seasonal contracts (e.g., the Seattle Opera and the Pacific Northwest Ballet) or long term leases with the Seattle Center (e.g., the Seattle Children’s Theatre, the Seattle Repertory Theatre, the Intiman Theatre and the Theatre Puget Sound or its sub-lessees, if any) shall continue to perform work otherwise normally covered by this Agreement under terms of the labor agreement by and between said performing arts organization(s) and the Union, if any.

C.3.8 If a lease with a major tenant with any of the venues is voided or terminated, then regular and/or temporary bargaining unit employees shall reassume jurisdiction over City-owned equipment in the venue in accordance with this Agreement. The City agrees to notify the Union of their consideration of any new lease agreement which would replace or install a major tenant in any of the Seattle Center venues. Such notification shall follow provisions described in C.3.1 of this Agreement.

C.4 Dispatching of Stage Employee-Intermittents - The Seattle Center shall, through City hiring procedures, establish a list of employees from which Stage Employee-Intermittents shall be dispatched by the Union for temporary work at the Seattle Center upon a call from the Seattle Center. Stage Employee - Intermittents shall be dispatched in a manner agreed upon by the City and the

Union involving seniority, rotation by hours worked, and specific qualifications. The Union shall be responsible for the proper dispatching of such Stage Employee-Intermittents when a request for employment of a Stage Employee-Intermittent is made by the Seattle Center. The Union shall be liable for any complaints and/or grievances relating thereto. The dispatching system shall encompass the following conditions:

- Those individuals on the Seattle Center Stage Employee-Intermittent Dispatch List as of January 17, 1983, shall remain on said list without further examination or review of their qualifications for job functions to be performed as Stage Employee-Intermittents. These particular Stage Employee-Intermittents shall be recognized as being qualified to perform all Stage Employee work for which the City and the Union have agreed said employees are qualified to perform and for which they have previously demonstrated their competence. The Stage Employee-Intermittent Dispatch List shall be modified to reflect the addition of new individuals and/or to reflect the deletion of existing individuals on the list who self-terminate or who are suspended or discharged.
- Only individuals on the Seattle Center Stage Employee-Intermittents Dispatch List as provided by Seattle Center shall be dispatched by the Union.
- Only those individuals qualified to perform special functions, such as rigging and operation of a forklift, as designated by the Seattle Center shall be dispatched by the Union when a request is made by the Seattle Center for individuals to perform such specific type work.
- The number of Stage Employee-Intermittents called for work through the dispatch system, the call-time and the utilization and/or assignment of employees for particular tasks shall be determined by the Seattle Center. The Seattle Center shall continue to establish work procedures and shall direct and supervise those Stage Employees-Intermittents who have been dispatched by the Union at the Seattle Center's request to work at the Seattle Center.
- The Seattle Center shall have the unequivocal right to immediately suspend, terminate, or otherwise remove from work and the Stage Employee-Intermittent Dispatch List, any Stage Employee-Intermittent for just cause. In the event the Union should decide to grieve such action, said grievance shall be processed in accordance with Article 20, Grievance Procedure. During the initial two hundred (200) hours of work as a Stage Employee-Intermittent, or three (3) years, whichever occurs first, the Seattle Center shall have the unequivocal right to terminate an individual's employment without recourse to the grievance provisions of this contract.
- The loading and unloading of theatrical stage equipment from trucks is one of the work activities included in the general duties of Stage Employee-

Intermittents. When the Seattle Center requests the dispatch of a specific number of Stage Employee-Intermittents, who for some portion of their shift will be assigned to load and/or unload equipment from trucks, the Union through its dispatch system may designate which employees on its Dispatch List will be assigned to that work. The Seattle Center reserves the right to modify such work assignments to meet operational needs.

- C.4.1 After having made a request to the Union for a certain number of Stage Employee-Intermittents to perform certain work and the Union has not been able to dispatch in a timely manner the requested number of qualified individuals from the Stage Employee-Intermittent Dispatch List and/or the Union has failed to notify the Seattle Center that it has dispatched the requested number of qualified individuals from the Stage Employee-Intermittent Dispatch List, the Seattle Center may then call directly whomever it chooses to fill the work assignments.
- C.4.2 The Affirmative Action goals of the Seattle Center shall be adhered to in dispatching personnel from the Seattle Center Stage Employee-Intermittent Dispatch List; provided however, should the application of this Section occasion a change adversely affecting those individuals currently on the existing Stage Employee-Intermittent Dispatch List, either party, upon written notification to the other party, may open for negotiation the provisions of Sections C.4, C.4.1 and C.4.2.
- C.4.3 Intermittent stage employees must work at least one shift per year to maintain their employment with the City. "Year" shall mean 26 consecutive pay periods beginning with the last pay period during which the employee earned wages. Thirty days prior to any separation under this clause, the City must notify the Union, in writing, of any employees who are pending separation.
- C.5 The City shall provide the Union with at least seven (7) calendar days' advance notification of all regular dispatch requests. Original dispatch requests, or changes involving more than five (5) employees within forty-eight (48) hours of the call time, shall incur a service fee of not less than twenty-five dollars (\$25) per call, or two dollars and fifty cents (\$2.50) per person for calls for more than ten (10) employees. Notwithstanding the foregoing, original dispatch requests resulting from short-notice bookings (less than ten (10) days in advance of the event), and call cancellations due to weather, natural disasters or event cancellation shall not be subject to a service fee. The Union shall not be held liable for failure to fill a request or notify employees of a call change or cancellation with less than twenty-four (24) hours' notice.
- C.6 A Stage Employee-Intermittent who is called to work by the City shall be paid a minimum of four (4) hours at the appropriate regular straight-time hourly rate of pay for Stage Employees-Intermittents. The City shall recall within the same day no less than fifty percent (50%) of those Stage Employees-Intermittents who were initially called to work by the City for any given event. Should the computation of this percentage result in a fraction, that fraction shall be

rounded off to the next higher whole number. A Stage Employee-Intermittent who has had more than a two (2) hour unpaid break and who has been called back to work within twenty-four (24) hours from the initial call of any given event pursuant to this provision shall be required to perform all available work for which he/she is qualified; provided however, in no case shall such Stage Employee-Intermittent receive less than four (4) hours pay for such recall. All time for which a Stage Employee-Intermittent works beyond his/her first eight (8) hours of compensation within twenty-four (24) hours from the initial call of any given event shall be paid for at the rate of one and one-half (1½) times the regular straight-time hourly rate of pay for Stage Employee-Intermittents.

- C.7 A Stage Employee-Intermittent who continues to work beyond the four (4) consecutive hours of any applicable four (4) hour minimum shall be paid to the next one-half (½) hour for each one-half (½) hour or any portion thereof worked thereafter.
- C.8 Section 5.1.1 shall have equal application to all Stage Employees including those employed on a temporary or intermittent basis.
- C.8.1 For events not sponsored or not co-sponsored by the Seattle Center, which takes place in the KeyArena, any Stage Employee (regular or intermittent) required to work in excess of five (5) continuous hours without being provided a meal period, shall be compensated two (2) times the prevailing rate of pay and continue at that rate until he/she receives a meal break. For other events, the provisions of Section 5.1.1 as referenced within Section C.8 shall apply. Should the facility, formerly known as the Arena, be returned to service for essentially the same lines of business, the parties agree that the terms of this Article will apply to that building.
- C.8.2 In the event a Lead Stage Technician works beyond five (5) hours of overtime in a workday without a meal break, they shall receive meal compensation of nineteen dollars (\$19) in addition to their hourly wages for every six (6) hour block of overtime so accrued.
- C.9 Rigging - A Stage Technician Rigger-Intermittent who is called to work by the City shall be paid a minimum of four (4) hours at the regular straight-time hourly rate of pay for Stage Technician Rigger-Intermittents. Whenever possible the same Stage Technician Rigger-Intermittent who installs rigging for an event shall be recalled to dismantle it. If such Stage Technician Rigger-Intermittent has more than a two (2) hour unpaid break, he/she shall receive an additional four (4) hour minimum when he/she resumes work. All time for which a Stage Technician Rigger-Intermittent works beyond his/her first eight (8) hours of actual work within twenty-four (24) hours from the initial call of any given event, shall be paid for at the rate of one and one-half (1½) times the regular straight-time hourly rate of pay for Stage Technician Rigger-Intermittents. Stage Technician Rigger-Intermittents shall do only rigging-type work. Rigging-type work may include the occasional unloading of theatrical stage equipment in order to access rigging equipment from the trucks. In the event rigging gear is

not on the back of a semi truck or within a few feet of the very tail end of the semi truck, the Lead Stage Technician and the Event Service Representative shall have two (2) options:

- (1) They may request additional loaders from the Call Steward if time permits;  
or
- (2) If, in their judgment, the show would be jeopardized by waiting for loaders, the following procedure shall be employed:
  - No less than four (4) Stage Technician Rigger-Intermittents shall be assigned to unload the truck.
  - Those Stage Technician Rigger-Intermittents so assigned shall receive a separate four (4) hour call at the Stage Technician Rigger rate of pay for unloading the truck.
  - They shall be given a minimum of a fifteen (15) minute break upon completing the unloading.
  - When these employees begin rigging work, they shall begin a new four (4) hour call. Overtime calculations shall include hours actually worked in the truck.

C.9.1 Rigging Calls in the Key Arena - For show or event rigging work on the rigging platform, there shall be no less than two riggers assigned to work on the platform, and one rigger assigned to work with the platform riggers on the arena floor. For show or event rigging work on the apex catwalks utilizing bridles, there shall be no less than four riggers assigned to work in the catwalks, and two riggers assigned to work with the apex riggers on the arena floor. For other rigging work, the City and the Union agree to make their best efforts to place the appropriate number of riggers on the job and to perform the work in a safe and efficient manner.

C.10 Health and Welfare - Effective upon signature of the agreement, the employee shall pay an additional amount equal to seven percent (7%) of the gross pay of all Stage Employee-Intermittents to the Theatrical Stage Employees Health and Welfare Trust for the purpose of providing medical insurance benefits to all eligible employees and their dependents in accordance with the specific rules of said Trust.

C.11 The work duties of Lead Stage Technicians and Stage Employee-Intermittents may include the construction of anything relating to stage theatrical presentations either indoor or outdoor including platforms for Center House events. The pay for this type work shall be at the Lead Stage Technician and Stage Employee-Intermittent rates of pay.

C.12 Service Fee - In lieu of the requirements set forth within Section 3.1.1, all Stage Employees-Intermittents shall pay to the Union, in lieu of the Union membership requirements contained within Article 3, a service fee in an amount equal to three and one-half percent (3½%) of the employee's gross straight-time and overtime earnings.

C.12.1 If during the term of this contract the Union's membership should ratify change to the service fee figure shown herein, the Union shall inform the Seattle Center of such ratified change in writing, and it shall be considered to be applicable from the date of such notification being acknowledged as received by Seattle Center.

C.13 Turnaround Time - All regular employees required to work a shift of eight (8) hours or more shall be compensated at double time until given a break of eight (8) hours or more at the end of that shift.

C.13.1 Regular employees who are called to work during turnaround time on their scheduled days off will be additionally compensated by accrual of compensatory time at the double-time rate until the passage of eight (8) hours from the end of their previous shift. (**Example:** Shift is completed at midnight Friday night, with Saturday as the scheduled day off. Operational requirements demand the return of that employee at 6:00 a.m., Saturday. The employee would be entitled to two (2) hours of compensatory time accrued at the double time rate.) This entitlement will not accrue beyond four (4) hours at the double-time rate or result in the accrual of more than eight (8) hours of compensatory time at the straight-time rate for any one day when the turnaround rules apply. Prior to performing work which would invoke this rule, the employee must first make all reasonable efforts to contact the Stage Crew Chief for instructions, schedule other staff not affected by this provision to perform the work, or reschedule the work to make working during the turnaround period unnecessary.

C.14 Vacant Positions - The City is committed to keeping the Union informed of its good faith efforts to fill vacant regular positions.

C.15 The City and the Union shall negotiate to develop an affirmative Stage Technician training program during the term of this Agreement.

C.16 At no time shall work under IATSE, Local 15's jurisdiction, as defined in this document and by past practice, be privatized or otherwise contracted outside of the Union's dispatch whatsoever, provided the Union is able to fulfill dispatch of such work. To the fullest extent practical, the City shall utilize a separate services contract with the Union when additional staffing is required.

C.16.1 The City shall make good faith efforts to maintain the Stage Employee Intermittent Dispatch List at a level adequate to meet the anticipated needs for staffing. The parties agree to confer regularly to discuss increases to the current level of available employees on the City Stage Employee Intermittent

Dispatch List. Any advertising for openings on the Stage Employee Intermittent Dispatch List shall include the Union in distribution efforts.

C.16.2 In the unlikely event that these efforts are insufficient to meet staffing needs, the City shall call labor through a letter of agreement with the Union, using such labor according to the terms and conditions outlined in such letter.

C.17 The following sections shall apply only to the Exhibit Technician or Rigger (also known as Stage Technician Rigger) Intermittent classifications. Employees in these classifications shall be employed to assist in the design and fabrication of exhibits and their components, installation of new exhibits and complete or partial replacement of existing exhibits, as well as maintenance and repair of exhibits and components. None of the previous Sections of Appendix C, except C.12 shall apply to these classifications.

C.18 Rigging - shall be defined as work directly related to the suspension of temporary or permanent equipment, personnel or exhibit elements by means of cables, pulleys, tackle, winches or other gear from ground levels, existing overhead structures and specific safe points. “Specific safe points” shall be defined as overhead structural support beams, vertical wall eyebolts and other locations which have been certified as load rated for overhead rigging. Rigging may also include the unloading and loading of rigging gear such as cables, pulleys, tackle, winches, etc., from trucks or other conveyances. Work such as the hanging of vines or incidental exhibit elements which has been traditionally and historically

performed by Exhibit Technicians, may continue to be performed by Exhibit Technicians. Riggers shall be paid a minimum of four (4) hours at the regular straight-time hourly rate of pay for Rigger-Intermittents.

Employees working in excess of twenty-eight (28) feet in height from the ground, or any employee required to work in a class three harness due to safety requirements, shall be paid at the Rigger-Intermittent rate of pay for all time so assigned.

- C.19 The overtime rates specified in Sections 5.2, 5.2.1, 5.2.2, and 5.3 shall not apply intermittent employees. Intermittent employees will have an overtime rate of one and one-half (1½) times the straight-time hourly rate.

D.1.2 The proposal to establish a new classification title and job specifications for employees assigned as helpers to Pump Station Electrical Technicians shall, upon approval by the City Personnel Director, be subject to further negotiation and subsequent accretion to this Appendix.

D.1.3 Assignment of the appropriate Hourly Rates of Pay (Pay Steps) for regular employees shall be made in accordance with the pertinent provisions of Article 4.

D.2 Electricians employed at the Seattle Center shall be afforded two (2) consecutive days' off in each seven (7) day period, Wednesday through Tuesday. Scheduling shall be arranged to meet the requirements of the foregoing sentence.

D.3 The following City-owned equipment at the Seattle Center shall be handled, operated and maintained exclusively by regular and temporary bargaining unit employees; notwithstanding the right of the City to contract out maintenance work as it deems appropriate:

- Amplifiers
- Pre-amplifiers
- Microphones
- Speakers
- Speaker systems
- Audio cables
- Equalizers
- Audio boards
- Audio racks
- Ancillary audio equipment
- Mixing consoles
- Processing equipment (Techo, system delay, limiting or any ancillary equipment used to process or shape audio signals)
- Video equipment and systems (exclusive of video training packages and large semi-permanent projection screens)

- D.3.1 The Union recognizes all others whose responsibilities are the handling and/or operation of sound equipment belonging to others, other than City-owned equipment.
- D.3.2 Intermittent sound employees must work at least two shifts per quarter to maintain their standing with the City. This may result in cases where dispatch out of seniority is necessary to avoid violation of this provision and such dispatch will be made without the ability to grieve. If insufficient work is available during a quarter to enable the intermittent working two shifts, their standing with the City shall not change.
- D.4 Overtime - When deemed necessary by the City, the City may require an employee to perform work outside of his/her regularly scheduled work shift. The immediate circumstance of the situation shall be considered by the City in deciding which employee(s) shall be assigned to perform the overtime work in question. Overtime assignments shall be allotted in as fair and equitable manner as circumstances will permit amongst employees in an affected work unit who have the work experience to immediately perform the overtime work. When an unforeseen situation arises which necessitates overtime work either as an extension of a shift or as a call-in, the City may assign or call in the first individual(s) it contacts for such overtime work.
- D.4.1 Overtime may be offered to intermittent employees.
- D.5 Temporary Employees - When the City needs additional employees, it reserves the right to hire from its own recruiting sources. Generally, however, this practice shall include a call to the Union.
- D.6 Coveralls shall be furnished to Electricians in the Parks & Recreation Department.
- D.7 The Seattle Center shall advise temporary employees of permanent full-time job openings. All candidates shall be required to compete for any such openings; provided however, the Seattle Center shall give serious consideration for full-time positions in the same classification to temporary Sound Equipment Technicians or Electricians at the Seattle Center who are eligible for consideration.
- D.8 The Seattle Center will use a crew of Laborer(s) and/or Senior Janitor(s) under the lead of an Electrician to perform changing of light bulbs on a preventive maintenance (periodic) schedule. (Laborers and Senior Janitors are cautioned not to touch certain high-powered lights.) This work will involve 10-foot ladder and 12-foot ceiling. Electrician will change certain higher lights; e.g., in ceiling of new Key Arena. The Electrician may do some of the changing of light bulbs but will mostly direct the work (which does not require that the Electrician be physically present at all times) and do the journey-level tasks of installing/wiring/rewiring of lighting fixtures or ballast in the fixtures. Because

the Electrician performs the journey-level work, work out-of-class pay for Laborers or Senior Janitors will not be applicable on changing of light bulbs.

- D.9 The City will pay training costs for employees classified as Pump Station Electrical Technicians to acquire Level 1 certification or employees classified as Senior Pump Station Electrical Technician to acquire Level II certification from Washington Waste Water Collection Personnel Association or an equivalent City-approved certification program. This practice is consistent with career development-assisted training.
- D.10 Those employees who are entitled to footwear reimbursement will receive an additional thirty-four dollars (\$34) per employee per year toward the purchase of footwear under Section 14.11.
- D.11 Sound Technician Intermittents who are called to work shall be paid for a minimum of four (4) hours work for each such call. In the event of two (2) calls within a four (4) hour or greater unpaid separation between the calls will be entitled to a separate four (4) hour minimum for each such shift. Overtime work will be based on actual hours worked as opposed to hours paid. This four (4) hour minimum applies only to work shifts and does not apply to scheduled training or meetings. Should a meeting or training be scheduled concurrently with a work shift, this language does not entitle the individual to both a four (4) hour minimum and a separate payment for the training or meeting time.
- D.12 The City and Union have renewed the Memorandum of Agreement related to McCaw Hall at the Seattle Center for the term of this Agreement.

F.7.3 Assignment of the appropriate Hourly Rates of Pay (Pay Steps) for regular employee shall be made in accordance with the pertinent provisions of Article 4.

F.8 Regular part-time Parking Attendants, and regular part-time Senior Parking Attendants shall be defined as employees hired to work in other than a temporary status at least eighty (80) hours per month. This definition of part-time employees shall replace the one cited in Section 1.1.5. The City shall not reduce the number of potential employment hours available per year to regular part-time Parking Attendants as a result of defining their status as employees hired to work an average of at least eighty (80) hours per month rather than as employees hired to work at least an average of twenty (20) hours per week.

However, nothing in this Section shall be construed so as to limit management's right to suspend, demote, discharge or lay off said employees.

- F.9 For regular full-time employees; eight (8) hours shall constitute a normal workday, and five (5) full eight (8) hour days, shall constitute a work schedule. The normal eight (8) hour days shall be worked within a nine (9) hour period in each of the five (5) days. The City shall maintain as many consecutive schedules as practicable. This language shall be in lieu of Section 5.1. There shall be a paid one-half hour working lunch period for both temporary and regular employees for shifts of five (5) or more hours.
- F.10 Notwithstanding the provisions of Section 5.2, any overtime referenced in the City of Seattle/Joint Crafts Council Labor Agreement shall be paid at the rate of one and one-half (1½) times the straight-time hourly rate of pay for Parking Attendants and Senior Parking Attendants.
- F.11 The City may, in lieu of the meal period and rest periods set forth within Sections 5.1.1 and 5.1.2, provide a working meal period and working rest periods during working hours, without a loss in pay, so that such periods do not interfere with ongoing work requirements. Management must give a forty-eight (48) hours' notice to employees if they are going to be required to take a working meal period. If such notice is not given to employees, the employees shall have the choice of whether or not they would like to take a working meal period. This language shall replace Section 5.1.3.
- F.12 Section 5.2.1 shall not be applicable to Parking Attendants; Parking Attendants, Temporary; or Senior Parking Attendants.
- F.13 When management deems it necessary, work schedules for permanent employees may be established other than Monday through Friday. Where practical, at least forty-eight (48) hours' advance notification shall be afforded the affected employees when changes in posted work schedules are required by the City. In instances where forty-eight (48) hours' advance notification is not provided to an employee, said employee shall be compensated at the overtime rate of pay for the first shift worked under the new schedule, unless said notification was impractical. This language shall be in lieu of Section 5.5.
- F.14 Work Assignments For Temporary Parking Attendants - In the interest of maintaining an efficient and equitable system of operations at the Seattle Center and to facilitate the assignment of fluctuating numbers of Temporary Parking Attendants to the various events, the City and Union agree that management shall give appropriate consideration to the following:
- Work opportunities required to maintain an adequate, interested, trained and available and Temporary Parking Attendant work force.
  - The employees' availability and their record of performance.

F.15     Scheduling for Temporary Parking Attendants - Seattle Center

Temporary Parking Attendants must have an availability of at least ten (10) periods out of a total of twenty-eight (28) periods each week (except that those Intermittent Parking Attendants hired before October 3, 1986, will continue to have an availability of eight (8) periods out of a total of twenty eight (28) periods unless on an approved leave of absence from the Department. All Seattle Center Temporary Parking Attendants must be available from 6:00 a.m. to 12:00 a.m. (midnight) during each of the days on which the following festivals are being held: Bumbershoot, Folklife, and the Bite of Seattle, and on all holidays. If employees have a time conflict with any of the afore-referenced hours during these three (3) festivals or on a holiday due to other employment or a scheduled class in a degree program, they must submit a written note from their other employer or their professor explaining such to departmental management in order to be excused from having to be available to work for those hours. Failure to comply with the above shall result in termination as a quit.

F.15.1     Seattle Center Temporary Parking Attendants must provide the Department with changes in the availability schedules by the first (1<sup>st</sup>) of each month for the subsequent month. Employees who have indicated availability for work shall be expected to accept shift assignments during the periods they have indicated that availability, unless a shift-change request has been approved more than seventy-two (72) hours in advance of the desired change by the Parking manager or his/her designee. Such request shall be approved or disapproved on the basis of (1) the impact on overall scheduling and staffing; and/or (2) whether or not there are emergency circumstances involved. Employees who do not comply with the afore-referenced shall be subject to termination as a quit; provided however, employees shall not be penalized under this Section in the case of bona fide emergencies, illnesses, or a lack of forty-eight (48) hours' notification from the City.

F.15.2     Regular attendants may submit a shift start time preference (either a.m. start or p.m. start) for one day per month. Requests must be submitted on the first of each month for the subsequent month. In addition, requests submitted seventy-two (72) hours in advance may be granted up to four times per year. (Shift-start preference requests apply to those on five-day work week. Ability to grant shift-start preferences is based on sufficient lead staffing, sufficient lead back-up, and sufficient qualified temporaries to cover anticipated operational needs. In cases where attendants simultaneously request the same or a mutually exclusive schedule change, requests will be approved based on seniority.)

F.15.3     Seattle Center management shall post a base schedule for the first week of each month by the twenty-sixth (26<sup>th</sup>) day of the prior months. They shall post a base schedule of the second week of each month by the first day of that same month. They shall post a base schedule for the third week of each month by the fourth (4<sup>th</sup>) day of that same month; and, they shall post a base schedule of hire the last week of each month by the tenth (10<sup>th</sup>) day of that same month.

Changes in said schedules may be made by management with forty-eight (48) hours' notice to employees. If base schedules are not posted by the above dates, or if said forty-eight (48) hours' notice for changes is not given, employees have the right to refuse assignments for the period of time for which the schedule was not posted or the notice was not given.

- F.16 Split Shifts - Notwithstanding the provisions of Section 5.1 and H.10, management reserves the right to schedule split shifts for training purposes twenty-four (24) times per year for all Senior Parking Attendants and eighteen (18) times per year for all regular Parking Attendants and twelve (12) times per year for all Temporary Parking Attendants. The City will attempt to schedule training which results in the least amount of disruption for the employee.
- F.16.1 For non-administrative purposes, an employee may volunteer to work straight-time, split-shift assignments for the following month by the fifteenth (15<sup>th</sup>) day of the prior month. If split shifts are available to be worked, management shall so notify those employees who volunteered to work split shifts. Under these circumstances, all employees shall have the right to refuse to work split shifts even though they may have indicated a desire to do so at an earlier point in time.
- F.17 Four-Hour Guarantee of Work - All permanent part-time and –Temporary Parking Attendants shall be guaranteed a minimum of four (4) hours of work whenever they are scheduled to work. The City reserves the right to require said Parking Attendants to perform additional job-related duties in order to ensure that wages are not paid for time during which no work is being done. The four (4) hour guarantee of work shall not apply to Section H.17.
- F.18 Seniority for Regular Employees - Seniority as a permanent employee shall be determined by the date of hire within the bargaining unit, class specification, and the employing department. Standing for purposes of seniority shall cease when an employee is separated from employment; on an unpaid leave of absence for more than one hundred twenty (120) days; or changed to temporary status.
- F.18.1 Seniority With Respect To Having Consecutive Days Off - Permanent employees with the most seniority who have the same status with regard to being either full-time or part-time employees shall have the first option for a schedule with consecutive days off, where such schedules are available. The City shall maintain as many schedules with consecutive days off as practicable, unless employees designate a preference for nonconsecutive days off.
- F.18.2 Seniority With Respect To Overtime - Permanent employees with the most seniority shall have the first option for nonshift extension overtime opportunities within that class specification.
- F.18.3 Seniority With Respect To Scheduling of Vacation - Permanent employees shall submit vacation requests by a date(s) specified by their respective

department. Vacation requests shall be approved by management, whenever practicable, on the basis of seniority. Seniority rights for vacation assignment for that calendar year shall cease to exist if an employee submits a change to his/her original vacation request after the deadline for said request is to be in.

F.19 Holiday Observation For Regular Employees - In lieu of 6.1.1. Regular employees shall observe paid holidays on the actual day of the holiday. When regular employees are scheduled to work on the holiday, the holiday premium pay of one and one-half (1½) times the employee's regular straight-time rate of pay shall apply, in addition to being paid for the holiday at his/her straight-time hourly rate of pay pursuant to Section 6.4. Payment pursuant to Section 6.4 shall be made only once per affected employee for any one holiday. In addition, for both regular and temporary employees, when an employee's shift extends beyond twelve (12:00 a.m.) midnight on New Year's Day, all hours worked on New Year's Day shall be counted as Holiday Pay.

F.19.1 Notwithstanding H.18, whenever any paid holiday falls on a permanent employee's regularly scheduled day/days off, either the working day before or the working day after the employee's scheduled day/days off may be recognized as the paid holiday at the Department's option, or the Department may elect to pay the employee for the holiday at the regular straight-time hourly rate of pay. Payment shall be made only once per affected employee for any one holiday. This language shall be in lieu of Section 6.1.1.

F.20 In lieu of Section 6.1.2., regular part-time Parking Attendants and Senior Parking Attendants shall receive holiday time off or pay at the regular straight-time hourly rate based upon hours compensated during the two (2) prior pay periods that the employee was on pay status before the one in which the holiday falls. The amount of paid holiday time off for which the part-time employee is eligible shall be in proportion to the holiday time off provided for full-time employees.

F.21 The amount of vacation time deducted from the vacation balance of permanent part-time personnel shall be calculated on the basis of the average number of hours compensated in the two (2) pay periods that the employee was on pay status prior to the pay period in which the vacation starts. For example, in the first pay period an employee works and/or is compensated ten (10) days and a total of sixty-four (64) hours and the second pay period works and/or is compensated six (6) days and a total of forty-eight (48) hours. In the combined pay periods, the employee worked sixteen (16) days and a total of one hundred twelve (112) hours'. The employee shall therefore be charged seven (7) hours vacation for each day taken per this formula.

F.22 Notwithstanding the provision of Section 8.1.6, a supervisor may require a doctor's certification per the Seattle Center Department's sick leave policy, or, at anytime the supervisor identifies sick leave use that is questionable; i.e., sick leave days taken in conjunction with holidays, vacation, scheduled days off or sick leave consistently taken on a particular day of the week.

- F.23 All employees (including temporary) must have a current valid State of Washington Driver's License.
- F.24 In lieu of Sections 14.1, and 14.1.1, regular and temporary employees employed by the Seattle Center shall be required to own and insure their own car, truck or van for use on the job at no additional cost to the City. The Seattle Center shall continue parking privileges (worth twenty dollars (\$20) per month) for regular and temporary employees and provide a flat mileage reimbursement of fifty cents (50¢) for each day worked by a regular employee and eleven dollars (\$11) per month for each permanent employee. Those employees hired prior to June 22, 1990, who do not have a car, truck or van shall not be included in this requirement and condition. Those employees hired prior to June 22, 1990, who do have a car, truck or van shall be included in this requirement and condition. All employees hired on or after June 22, 1990, shall be included in this requirement and condition.
- F.25 All employees (including temporary) must have either a telephone at their place of residence or a message phone/answering service in order to be able to be contacted by the supervisor.
- F.26 All Seattle Center employees (including temporary) must have a watch or similar timepiece that works. The watch shall be worn or the timepiece shall be carried by the employee while on duty.
- F.27 The Seattle Center may provide and arrange for the cleaning of rented uniforms, or the Seattle Center may purchase a uniform and the employee arrange for the cleaning of the purchased uniform. In either case, the City may require that employees wear said uniforms. A winter jacket shall be provided as part of the uniform. Uniform design, quantity and type of fabric shall be at the discretion of management. Uniforms lost by the employee or severely misused shall be charged to the employee at a replacement cost. The Seattle Center may determine at any time that it shall no longer provide uniforms. Employees may provide their own pants in lieu of uniform pants as long as the color, fabric and style are essentially equivalent to the uniform pant. If dark pants or skirts are not provided as part of the uniform, employees shall be responsible for providing these items. Employees must maintain a clean and neat personal appearance.
- F.28 Section 14.13 related to Seattle Center Employee monorail use shall apply to all employees covered by this Appendix.
- F.29 All employees (including temporary) shall wear or use safety equipment that is required and provided by the City while in the performance of their work.

The Crew Chief will not replace an employee or a working lead person by working overtime except when the occurrence is unscheduled.

G.3 Effective January 6, 1999, employees while assigned to do spray painting, drywall finishing work and abrasive blasting, or who are required to work on swinging staging, elevated mobile platforms or steel transmission towers shall receive an additional sixty-five cents (65¢) per hour for each straight-time or overtime hour worked. G.4.1 This provision shall be effective only when the Crew Chief does not visit the work premises once in each four (4) hour period of work. The Structural Painter assigned "in charge" shall continue to work.

G.5 Personnel temporarily assigned to the City Light Boundary Project shall be paid one-half (½) hour pay per day at the straight-time rate of pay as compensation for travel time between the work site and the board and lodging facility.

G.6 White overalls and white shirts, coveralls, or protective and specialized clothing currently provided by the City shall continue to be provided per existing departmental practice.

G.7 Temporary Employees - When the City needs additional employees, it reserves the right to hire from its own recruiting sources. Generally however, this practice shall include a call to the Union hall.

G.9.2 The swing shift period shall encompass the hours from 4:00 p.m. to 11:59 p.m. The graveyard shift shall encompass the hours from 12:00 a.m. (midnight) to 8:00 a.m.

Because the Electrician performs the journey-level work, work out-of-class pay for Laborers or Senior Janitors will not be applicable on changing of light bulbs.

J.4.8 At the Seattle Center, the City shall provide uniforms on a reasonable basis whenever employees are required by the City to wear uniforms.

J.4.9 The compensatory time limit for employees covered by this Section will increase from sixteen (16) hours to forty (40) hours per year. After an employee has reached the maximum amount of forty (40) hours' compensatory time, any overtime worked (except Holidays) will be paid at the appropriate rate of pay. Further compensatory accrual time will not be an option.

J.4.10 There shall be a minimum call for meetings for training or for all staff meetings of two (2) hours at straight-time rate of pay for temporary employees. This call shall be voluntary for temporary employees. If training or staff meetings last longer than two (2) hours, all hours shall be paid at the straight-time rate of pay.

It shall also be a condition of employment that each employee hired prior to January 1, 1972, currently covered by this Agreement, who is not a member of the Union shall on or before the thirtieth (30<sup>th</sup>) day following said date either join the Union or pay an amount equivalent to the regular monthly dues of the Union to the Union. Any employee hired or

appointed to a position into the bargaining unit covered by this Agreement on or after January 1, 1972, shall on or before the thirtieth (30<sup>th</sup>) day following the beginning of such employment either join the appropriate Union or pay an amount equivalent to regular monthly dues. Failure by any such employee to apply for an/or maintain such membership or pay an amount equivalent to the regular monthly dues of the Union in accordance with this provision shall constitute cause for discharge of such employee; provided however, the requirements to apply for Union membership and/or maintain Union membership shall be satisfied by the employee's payment of the regular dues or fees uniformly required by the Union of its members.

- M.3.1 Notwithstanding Section 3.1.1, a temporary employee may, in lieu of the Union membership requirements set forth within Section 3.1, pay a Union service fee for all hours worked within the bargaining unit each biweekly pay period, commencing with the thirty-first (31<sup>st</sup>) day following the temporary employee's first date of assignment to perform bargaining unit work.
- M.3.2 Notwithstanding Section 3.3, the City shall deduct from the pay check of each employee who has so authorized it, the regular initiation fee and regular monthly dues uniformly required of members of the Union or the alternative biweekly Union service fees required of temporary employees per Section 3.1.1. The amounts deducted shall be transmitted monthly to the Union on behalf of the employees involved. The Union shall indemnify and save harmless the City against any and all liability arising out of this Article. If an improper deduction is made, the Union shall refund directly to the employee any such amount. Authorization by the employee shall be on a form approved by the parties hereto and may be revoked by the employee upon request.
- M.4 As part of the Skagit Conditions in Article 14, Section 14.2, the Crew Chief shall be a working member of the crew. As such, he/she shall use the tools of the trade when reasonable and/or necessary as determined by the job assignment.
- M.5 Notwithstanding Section 14.5, Shop Steward shall function as the Union's representative on the job, but not solely to inform the Union of any alleged violations of the Agreement and process grievances relating thereto.

- M.8 Shirts, pants, coveralls and/or carpenter overalls currently provided by the City shall continue to be provided per existing departmental practice. Where not provided by departmental practice, the provision of shirts, pants, coveralls and/or carpenter overalls shall be established by mutual agreement of the department and bargaining unit members affected.

M.9 Employees in the City Light Department, who are required to work on swinging staging or elevated platforms over dams at Skagit or Boundary, shall receive an additional sixty-five cents (\$0.65) per hour for each straight-time or overtime hour worked.

The referenced premium shall apply only to time worked as opposed to time-off with pay and therefore, the premium shall not apply to sick leave, vacation, holiday pay, funeral leave, etc.

M.10 When deemed necessary by the City, the City may require an employee to perform work outside of his/her regularly scheduled work shift. The immediate circumstance of the situation shall be considered by the City in deciding which employee(s) shall be assigned to perform the overtime work in question. Overtime assignments shall be allotted in as fair and equitable manner as circumstances will permit amongst employees in an affected work unit who have the work experience to immediately perform the overtime work. When an unforeseen situation arises which necessitates overtime work either as an extension of a shift or as a call-in, the City may assign or call in the first individual(s) it contacts for such overtime work.

N.2 One Utility Engineer position in each respective department that has Building Operating Engineer(s) may be optionally used to perform sub-journey level duties at a wage rate negotiated with the Union below the journey-level Building Operating Engineer wage rate. The class spec defining the body of work will be developed by the City and discussed with the Union before the hiring of Utility Engineer(s).

N.3 In accordance with the Union's concurrence on March 12, 1987, with the conditions under which the City recognized the Union as exclusive collective bargaining representative for the classification title of Building Operating Engineer Trainee, assignment of the appropriate Hourly Rates of Pay (Pay Steps) for employees classified as Building Operating Engineer Trainee shall be dependent upon the Trainee having made sufficient progress in the training. The determination for advancement of the Trainee to each successive step of the five-step pay range shall be made by management in the Division of Administrative Services, Executive Services Department.

N.4 The Crew Chief whose position is not represented or part of the bargaining unit may do bargaining unit work performed by the crews that they supervise. As such, the Crew Chief may use tools of the trade when reasonable and/or necessary as determined by the job assignment. The Crew Chief will be responsible for assigning any crew work that he/she might perform. The Crew Chief will not replace an employee or a working lead person by working overtime except when the occurrence is unscheduled. The Crew Chief will perform such bargaining unit work no more than twenty-five percent (25%) of the time per month.

N.5 Instead of the Union pursuing any wage equity adjustments before the Wage Equity Panel under the Coordinated (Coalition) settlement, the Union has agreed that beginning January 6, 1999, the City will reimburse bargaining unit employees (including temporary employees effective upon signature date of the 2002-2004 agreement if they have worked as long-term temporary employees at least 1,044 consecutive hours) annually for licenses renewals required by the City, in accordance with state or local statutes. Such licenses may include: City of Seattle Boiler License, City of Seattle Refrigeration Operator's License, City of Seattle Refrigeration Mechanics License, City of Seattle Backflow Prevention License, CFC Certification (one-time cost), other relevant licenses (i.e., Emergency Power Supply Certificate, De-smoking Certification).

N.6 The footwear reimbursement in Section 14.11 for this bargaining unit shall be increased thirty-four dollars (\$34) per year.

N.7 When an employee works on the interior of boilers (firesiding) for purposes of repair or cleaning, said employee shall be compensated at two (2) times his/her regular straight-time hourly rate of pay for each hour so worked. Said compensation at the discretion of the City may be paid in the form of pay or compensatory time. For example, an employee who has worked four (4) consecutive hours under such conditions could receive the equivalent of eight (8) hours' straight-time pay and be directed to take the last four (4) hours of that shift off, or the employee could be required to work the remaining four (4) hours of his/her shift at either the straight-time (1x) rate of pay at non-firesiding duties, or the double time (2x) rate for continued "firesiding" work, and thus receive the equivalent of either twelve (12) hours' or sixteen (16) hours' straight-time pay, respectively, depending upon the circumstances, for that eight (8) hour work period.

N.8 When HVAC Technicians are employed at the Seattle Center they shall, among other licenses required, be required to obtain and/or maintain a grade II Boiler License (such as BOE Grade II employees maintained).
