INTERNATIONAL BROTHERHOOD  
OF ELECTRICAL WORKERS**

**AND**

**PUGET SOUND CHAPTER  
NATIONAL ELECTRICAL CONTRACTORS  
ASSOCIATION**

**EFFECTIVE DATES  
JUNE 1, 2001 – MAY 31, 2004**

**INSIDE CONSTRUCTION AGREEMENT**

Agreement by and between the Puget Sound Chapter, National Electrical Contractors Association, and Local Union No. 46, International Brotherhood of Electrical Workers. It shall apply to all firms who sign a Letter of Assent to be bound by this Agreement. As used hereinafter in this Agreement, the term "Association" shall mean the Puget Sound Chapter, National Electrical Contractors Association and the term "Union" shall mean Local Union No. 46, IBEW. The term "Employer" shall mean an individual firm who has been recognized by an assent to this Agreement.

**BASIC PRINCIPLES**

The Employer and the Union have a common and sympathetic interest in the Electrical Industry. Therefore, a working system and harmonious relations are necessary to improve the relationship between the Employer, the Union and the Public. Progress in the industry demands a mutuality of confidence between the Employer and the Union. All will benefit

by continuous peace and by adjusting any difference by rational common sense methods. Now, therefore, in consideration of mutual promises and Agreements herein contained the parties hereto agree as follows.

This Agreement shall cover all inside electrical construction work and workers within the territorial jurisdiction of Local Union No. 46 of the International Brotherhood of Electrical Workers.

## **ARTICLE I EFFECTIVE DATE – TERMINATION AMENDMENTS – DISPUTES**

**Section 1.01** This Agreement shall take effect June 1, 2001, and shall remain in effect until May 31, 2004, unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from June 1, through May 31 of each year unless changed or terminated in the way later provided therein.

**Section 1.02(a)** Either party desiring to change or terminate this Agreement must notify the other in writing at least ninety (90) days prior to the anniversary date.

(b) Whenever notice is given for changes, the nature of the changes desired must be specified in the notice.

(c) The existing provisions of the Agreement shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.

(d) In the event that either party has given a timely notice of proposed changes and an Agreement has not been reached by the anniversary date to renew, modify or extend this Agreement or to submit the unresolved issues to the Council of Industrial Relations, either party may serve the other a ten (10) day written notice terminating this Agreement. The terms

and conditions of this Agreement shall remain in full force and effect until the expiration of the ten (10) day period.

(e) By mutual agreement only, the parties may jointly submit the unresolved issues to the Council on Industrial Relations for the Electrical Contracting Industry for adjudication. The Council decision shall be final and binding on all parties hereto.

**Section 1.03** The Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto, and submitted to the International Office of IBEW and the National Office of the NECA for approval, the same as this Agreement.

**Section 1.04** There shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

**Section 1.05** There shall be a Labor-Management Committee of three (3) representing the Union and three (3) representing the Employer. It shall meet regularly at such stated times as it may decide. However, it shall also meet within forty-eight (48) hours when notice is given by either party. It shall select its own Chairman and Secretary. However, there shall be at least one meeting per month of the Labor-Management Committee which shall hold discussions for the good of the industry.

**Section 1.06** All grievances, changes, or questions in dispute shall be adjusted by following the four step procedure outlined below (a settlement at any step shall be binding upon all parties):

1. A Union representative and a Contractor representative shall meet to resolve the grievance within forty-eight (48) hours from date of filing. In the event settlement is not

reached, the grievance shall proceed to step two.

2. The Union Business Manager/Agent and the NECA Chapter Manager shall meet to resolve the grievance within five (5) days from completion of step one. In the event settlement is not reached, the grievance shall proceed to step three.

3. A Grievance Committee consisting of three (3) Electricians selected by the Union who are not part of the staff and three (3) Contractors selected by NECA on a rotating basis selected from a list of all Contractors signatory with Local 46 shall meet to resolve the grievance within five (5) days of completion of step two. In the event settlement is not reached, the grievance shall proceed to step four.

4. In the event the grievance is not resolved in step three, Representatives of the Labor-Management Committee, one from each side, shall meet within five (5) days of the completion of step three and select an arbitrator by alternately striking from a list of five (5) names supplied by the Federal Mediation and Conciliation Service. The arbitrator shall not have the right to add or subtract from any terms of this Agreement and all decisions must be within the scope and terms of this Collective Bargaining Agreement. The Labor-Management representatives shall meet with the arbitrator and present their cases. They shall have the right to override the arbitrator during this meeting. In the event they can not reach a decision, the decision of the arbitrator shall be final and binding.

**Section 1.07** All matters coming before the Labor-Management Committee shall be decided by majority vote. Four (4) members of the Committee, two (2) from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be counted as though all were present and voting.

**Section 1.08** When any matter in dispute has been referred to conciliation or arbitration for adjustment, the pro-

visions and conditions prevailing prior to the time such matter arose shall not be changed or abrogated, pending a decision in such conciliation or arbitration.

**Section 1.09** Any complaint, dispute or grievance not filed in writing by the complaining party within thirty (30) days of the alleged complaint, dispute or grievance shall be waived.

**Section 1.10 Non-Discrimination.** All provisions of this Agreement, including provisions with respect to wages, hours and conditions of work, shall apply equitably, fairly, and without discrimination to all Employees covered by this Agreement. There shall be no discrimination by either the Union or the Employer against any Employee or job applicant because of race, religion, color, sex, age or national origin.

## **ARTICLE II EMPLOYER RIGHTS - UNION RIGHTS**

**Section 2.01** Members of the Union, with the exception of those meeting the requirements of an electrical contractor, as defined herein, shall not contract for any electrical work.

**Section 2.02(a)** The Employer recognizes the Union as the sole collective bargaining agency between itself and the Employees covered under the scope of the Agreement.

(b) The Employer shall have the right to determine the competency and qualifications of its Employees and the right to discharge such Employees for any just and sufficient cause. The Union may institute a grievance procedure under the terms of this Agreement if it feels any Employee has been unjustly discharged. In applying the above provisions the Employer shall not discriminate against Employees in regard to hire or tenure of employment by reason of Union member-

ship; provided, however, all workers, Union or otherwise, shall be classified and receive the wage scales as provided under the wage schedules attached to this Collective Bargaining Agreement.

(c) All Employees covered by this Agreement shall be required to become and remain members in good standing of the Union as a condition of employment from and after the eighth (8th) day following the date of their employment or the effective date of this Agreement, whichever is later. All Employees who may be accepted into membership shall thereafter maintain their continuous good standing in the Union, as a condition of employment, by paying regular monthly union fees uniformly paid by other members of the same classification in the Union in order to defray the costs of the collective bargaining agency in accordance with its rules. In the event that an Employee fails to tender the admission fee or a member of the Union fails to maintain his or her membership in accordance with the provisions of this Section, the Union shall notify the Employer in writing and such written notice shall constitute a request to the Employer to discharge said individual Employee.

**Section 2.03** Certain qualifications, knowledge, experience and responsibility are required of everyone desiring to be an Employer in the Electrical Industry. Therefore, no individual firm or corporation shall be considered qualified to become a party to this Agreement unless it meets the following requirements: Furnishes a Fringe Benefit Guarantee Bond as specified in Section 4.01; having a suitable financial status to meet the payroll requirements each and every week; shall maintain a permanent place of business and/or shop with a business telephone and open to the public during normal business hours located in a recognized business location and area, aside and separate from any residence or place or abode; employing not less than one (1) Journeyman continuously.

**Section 2.04** **Restriction on Owners Performing Electrical Work.** One person (with substantial owners interest)

per firm will be allowed to work with the tools while employing not more than four (4) workers. However, nothing in this rule shall be construed as preventing any individual from making a temporary repair or adjustment where an emergency exists involving a hazard to life or property. Owners performing electrical work shall pay an equivalent total package as provided in this Agreement.

**Section 2.05** For all Employees covered by this Agreement, the Employer shall carry Workman's Compensation Insurance and such other protective insurance as may be required by the laws of this state and shall furnish satisfactory proof of such to the Union. The Employers shall also make payments to the Washington State Unemployment Compensation Commission and Federal Government Social Security Department for all Employees covered by the terms of this Agreement.

**Section 2.06 Management's Rights.** The Union understands the Employer is responsible to perform the work required by the owner. The Employer shall therefore have no restrictions, except those specifically provided for in the Collective Bargaining Agreement, in planning, directing and controlling the operation of all work, in deciding the number and kind of Employees to properly perform the work in hiring and laying off Employees, in transferring Employees from job to job within the local Union's geographical jurisdiction, in determining the need and number as well as the person who will act as Foreman, in requiring all Employees to observe the Employer's and/or Owner's rules and regulations not inconsistent with the Agreement in requiring all Employees to observe all safety regulations, and in discharging Employees for proper cause.

(a) **Foreman by Name Clause.** To clarify the intent of this clause, it is hereby agreed that when this clause is utilized the individual called out as Foreman shall work as Foreman and be paid as Foreman. If contractors make such a call out and do not adhere to this understanding, a complaint shall

promptly be filed by the Union. The Business Manager and Chapter Manager shall promptly investigate the complaint and the matter will then be promptly resolved.

A Foreman as compared to a Journeyman has some distinct responsibilities which include: supervision of the workers, material requisition, Employee planning and scheduling, keeping good relations with other trades and owners representatives; study and understand electrical, structural, and mechanical specs; knowing electrical code and keeping a copy of the code book on the job; and special responsibilities to the Employer.

A Foreman may be the first person on the job, but under the call for Foreman by Name Clause it is expected he or she will be supervising electricians as the job progresses to the point where other electricians are required.

In the event that it is found that the above is not the intent of the Employer, the Business Manager may refuse to dispatch a Foreman to the Employer.

(b) The Employer shall be permitted to request by name, any applicant the Employer desires to employ as Foreman, provided the individual has successfully completed the JATC Foreman Training Class. Then the Union will refer such applicant to the Employer, if the applicant's name appears on the referral register and, has not quit their former Employer less than two (2) calendar weeks prior to the Employer's request for said applicant, and all other "eligible" applicants in higher seniority referral groups have first been referred. Then the Employer shall immediately upon employment of said applicant, classify said applicant (Employee) as a Foreman and pay such applicant (Employee) Foreman's wages as established in Section 3.08 (a) of this Agreement for a period of ninety (90) days unless terminated sooner.

Foreman shall have a valid first aid card and adhere to any other state laws, which are required by statute, and have completed a JATC Foreman Training Class. A Journey-

man may act as a Foreman if they have signed up for the next available JATC Foreman Training Class but may not continue to work as a Foreman if he or she does not successfully complete that class. Training provisions shall apply to all existing foremen.

(c) **Favored Nations Clause.** The Union agrees that if, during the term of this Agreement, it grants to any Employer in the electrical contracting industry any better terms or conditions for any of the work covered by this Agreement, all the terms and conditions of the Agreement shall be made available to the Employers signatory to this Agreement. The Union agrees to notify the Puget Sound Chapter, NECA of any such Agreements made by the Union covering work on any single project, and NECA agrees to notify all Employers signatory to this Agreement. However, an exception to this clause is as follows: The Union may, with prior notification to NECA, offer some modifications if necessary to organize a non-signatory electrical contractor.

(d) **Administrative Maintenance Fund.** Effective June 1, 2001, Employers signatory to this Labor Agreement with Local Union No. 46, IBEW, shall contribute one half of one percent (.5%) of productive labor payroll as reported on their fringe benefit report to the Administrative Maintenance Fund. The monies are for the purpose of administration of all trust funds as delineated in this Agreement, and other administrative costs. The administrator of the Administrative Maintenance Fund shall be appointed by the Puget Sound Chapter, NECA. No portion of this fund shall be used contrary to the Local Union No. 46, IBEW. The Local shall have the right to inspect the books of this fund. Any Electrical Contractor bound to this Labor Agreement with Local Union No. 46, IBEW, shall contribute one half of one percent (.5%) of productive labor payroll to the Administrative Maintenance Fund (AMF). The AMF contribution shall be submitted with all other fringe benefits as delineated in the Labor Agreement by the fifteenth (15th) of the following month in which they are due to the Administrator receiving said funds.

In the event any Employer is delinquent in submitting the required Administrative Maintenance Fund to the designated Administrator, the Administrator shall have authority to recover any funds, along with any attorney fees, court costs, interest at one percent (1%) per month and liquidated damages receiving said funds.

**Section 2.07** Each electrical contractor employing members of Local Union No. 46, IBEW shall be required to have identification signs, seals, decals, stickers or painted signs on their trucks, bearing the company's name, not less than three (3) inches high and visible from the outside of each of its trucks.

**Section 2.08 Discipline of Union Members.** The Union reserves the right to discipline its members for violation of its laws, rules and agreements.

**Section 2.09 Union Assistance to Other Local Unions.** This Agreement does not deny the right of the Union or its representatives to render assistance to other organizations by removal of its members from jobs when necessary, and when the Union or its proper representatives decide to do so; but no removal shall take place until notice is first given to the Employer involved. When such removal takes place, the Union or its representatives shall direct the workers on such job to carefully put away all tools, material, equipment or any other property of the Employer in a safe manner. The Union will be financially responsible for any loss to the Employer for neglect in carrying out this provision, but only when a safe place is provided for these by the Employer.

**Section 2.10 Loaning of Employees.** The Employer shall not loan, or cause to be loaned, the members of the Union in his employ to any other Employer without first securing permission of the Union and then only when applicants possessing the required skills are not available under the referral procedure.

**Section 2.11(a) Job Stewards.** The Union shall have the right to appoint a Steward at any job where bargaining unit members are employed. Such appointed Steward shall remain at such job, except when terminated for cause, until such job has been reduced to core personnel. Stewards appointed under this Section of the Agreement shall have received Steward training by the Union, and other training as developed by the Joint Labor-Management Committee that would assist a Steward in the performance of their duties.

(b) The Steward shall in no case cause a stoppage of work. In case of any trouble on the job, he or she shall immediately notify the Business Manager who will take up any grievance, dispute and/or any other subject matter with the Employer. (It is understood between the parties to this Agreement that the Steward will not discuss any violation of this Agreement, disputes of any nature or grievances with Employers, but will report them to the Business Manager.)

(c) Stewards shall work under the direction of the Business Manager and be subject to his or her authority. Such Steward shall see that this Agreement and working rules are observed and shall be allowed sufficient time to perform the duties during regular working hours. The Business Manager shall notify the Employer of the appointment of a Steward. Under no circumstances shall an Employer dismiss or otherwise discriminate against an Employee and/or Shop Steward for making a complaint or giving evidence with respect to an alleged violation of a provision of this Agreement.

(d) The Employer shall notify the Union representative twenty-four (24) hours prior to termination of a Steward except for discharge for just cause. Just cause is defined as intoxication or insubordination. In case of discharge of a Steward for just cause, the Employer shall immediately notify the Union office.

(e) In no event shall the Employer discriminate against a Steward in the matter of overtime, layoffs, or rehires. In the event a Steward is to be laid off, a Committee representing

the parties to this Agreement may review the action upon request.

**Section 2.12 Union Access to Shop and Jobs.** The representative of the Union shall be allowed access to any job at any reasonable time where workers are employed under the terms of this Agreement. The Union will call the Employer's office at least one (1) hour before a visit. If an emergency to life occurs or if there is a strike by any craft, the one (1) hour notice will not apply. The Employer will provide the Union with a list of ongoing job sites upon request.

**Section 2.13 No Rebate of Wages.** No Employer or member of the Union or their agent shall give or accept directly or indirectly any rebate of wages. Any Employer found violating this provision shall be subject to having the Agreement terminated upon written notice thereof being given by the Union.

**Section 2.14** The Employer shall furnish the Union with a list, monthly, of workers employed showing the hours and weeks worked if requested to do so by the Union.

**Section 2.15** The policy of the Local Union and its members is to promote the use of materials and equipment manufactured, processed or repaired under economically sound wage, hour and working conditions by the members of the IBEW when possible.

**Section 2.16(a) Annulment and Subcontracting.** The Local Union is a part of the International Brotherhood of Electrical Workers and any violation or annulment by an individual Employer of the approved Agreement of this or any other Local Union of the IBEW, other than violations of paragraph (b) of this Section, will be sufficient cause for the cancellation of his Agreement by the Local Union, after a finding has been made by the International President of the Union that such a violation or annulment has occurred.

(b) The subletting, assigning or transfer by an individual Employer of any work in connection with electrical work to any person, firm or corporation not recognizing the IBEW or one of its Local Unions as the collective bargaining representative of their Employees on any electrical work in the jurisdiction of this or any other local union to be performed at the site of the construction, alteration, painting or repair of a building, structure or other work will be deemed a material breach of this Agreement.

(c) All charges of violation of paragraph (b) of this Section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement covering the procedure for the handling of grievances and final and binding resolution of disputes.

**Section 2.17 Outside Contractors - Provision for Bringing in Workers.** Contractors from outside the jurisdiction of Local Union No. 46, IBEW doing work in the jurisdiction of Local Union No. 46, IBEW may bring in one (1) Journeyman Wireman except as modified by the Ninth District Construction Manpower Reciprocal Agreement. When any complaint or dispute arises dealing with this question, any ruling made by the International Office of the Union shall be accepted and put into effect. Realizing the portability of Employees is necessary for the preservation of some categories of electrical work covered by this Agreement, portability will be provided as mutually agreed to between Local 46 and other IBEW Local Unions.

**Section 2.18** The Business Manager shall have authority to target a job for the purpose of protecting the jurisdiction of the Union and work opportunity of the Employees it represents. But while engaging in such targeting activities, the Union agrees that it will not discriminate against any contractor.

**ARTICLE III**  
**HOURS – WAGE PAYMENT**  
**APPRENTICES – WORKING CONDITIONS**

**Section 3.01 Establishment of Six Hour – Eight Hour Day.** Work under this Agreement shall be on the basis of the six (6) hours per day or eight (8) hours per day, as decided by the Labor-Management Committee. Four Tens (4 x 10's) will be acceptable providing the Union is notified by the Employer at least twenty-four (24) hours before beginning the four-tens (4 x 10's) within the following guidelines: Shift must occur between Monday through Friday; and days must be consecutive; and within standard starting times as provided herein; and, overtime shall be double the straight time rate after regular hours and shall be one and one half (1½) times the regular shift rate for the first eight (8) hours of the fifth (5th) day excluding Sunday and all other overtime shall be double time the regular shift time rate. Within the context of this Section the Employer shall be allowed to stagger a shift on short (6 hour) workdays.

The Labor-Management Committee shall meet to consider six (6) hour days provided in this Section when unemployment reaches 20% or more.

**Section 3.02 Standard Hours – Starting time.** Work under this Agreement shall be on the basis of eight (8) hours per day between the hours of six (6:00) a.m., six-thirty (6:30) a.m., seven (7:00) a.m., seven-thirty (7:30) a.m. or eight (8:00) a.m. and four-thirty (4:30) p.m., with thirty (30) minutes for a meal period, after not more than five (5) hours of work. Forty (40) hours within five (5) days, Monday through Friday inclusive, shall constitute a workweek. JATC Training Director may alter the 6:00 a.m. start time for Apprentices to 6:30 a.m. as the situation warrants.

**Section 3.03 Shift Work.** When so elected by the contractor, multiple shifts of eight (8) hours for at least five (5)

days duration may be worked. When two (2) or three (3) shifts are worked:

- (a) The First Shift (day shift) shall be within the standard hours as delineated in Section 3.02.
- (b) The Second Shift (swing shift) shall consist of eight (8) consecutive hours worked following the first shift and shall be paid at the regular hourly rate of pay plus 17.3% for all hours worked.
- (c) The Third Shift (graveyard shift) shall consist of eight (8) consecutive hours worked following the second shift. Workmen on the "graveyard shift" shall be paid at the regular hourly rate of pay plus 31.4% for all hours worked.
- (d) The Employer shall be permitted to adjust the starting hours of the second or third shift by up to two (2) hours in order to meet the needs of the customer.
- (e) If the parties to the Agreement mutually agree, the shift week may commence with the third shift (graveyard shift) at 12:30 a.m. Monday to coordinate the work with the customer's work schedule. However, any such adjustment shall last for at least a five (5) consecutive day duration unless mutually changed by the parties to this Agreement.
- (f) An unpaid lunch period of thirty (30) minutes shall be allowed on each shift. The first two hours of overtime work required before the established start time or after the completion of the eight (8) hours of any shift shall be paid at one and one half times the "shift" hourly rate.
- (g) There shall be no pyramiding of overtime rates and double the straight rate shall be the maximum compensation for any hour worked. There shall be no requirement for a day shift when either the second or third shift is worked.

**Section 3.04 Different Starting Times.** Due to tides, ordinances and other conditions beyond the control of both parties to this Agreement, the starting time of the work day may be established by the Labor-Management Committee to fit such conditions. When Employees work under the above mentioned conditions during the weekdays, they shall receive a full day's pay at the straight time rate of pay. If Employees report for work and are not put to work, they shall receive one-half (1/2) day's pay. On Saturday, Sunday and Holidays, if Employees report for work and are not put to work, they shall be paid one-half (1/2) day at the double time rate and if work is started the Employee shall be paid a minimum of one-half (1/2) day at the double time rate. However, Employees who voluntarily quit, are laid off or are discharged for cause shall be paid for actual hours worked. This Section shall apply where circumstances are determined by the Labor-Management Committee to be appropriate for review.

**Section 3.05 Assignment of Overtime Work.** Workers who are not employed on the job during regular working hours shall not be permitted to work overtime on such jobs until other workers on the same job are offered an opportunity to work overtime, except where specialized work is to be performed and providing there is not a sufficient number of specialty electricians on the job.

**Section 3.06(a) Overtime Rate.** All work performed outside of the regularly scheduled working hours shall be considered overtime. During the regular work week the first two hours of overtime worked shall be at one and one-half (1 1/2) times the regular shift rate. During the first eight (8) hours of work on Saturday the overtime rate shall be one and one-half (1 1/2) times the regular shift rate. All work performed outside of the hours specified in Section 3.06 (a) shall be paid at double the regular shift rate. The first two (2) hours of emergency call out shall be at the time and one-half (1 1/2) rate. When Employees are required to work more than three (3) hours of overtime beyond their established shift, the Employee shall

be allowed a paid thirty (30) minute meal period prior to or during the overtime period. The paid meal period shall be scheduled by the Employer.

(b) **Overtime Rate Holiday.** All work performed on the following holidays: New Year's Day, Martin Luther King, Jr. Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, the day after Thanksgiving, and Christmas Day or any holiday observed by the Seattle (Washington) Building and Construction Trades Council of the American Federation of Labor shall be paid for at double the straight time rate of pay with the exception to this rate noted in Section 3.03. When a holiday falls on Sunday, the following Monday shall be observed, when a holiday falls on Saturday, the preceding Friday shall be recognized and shall be paid for at double the regular straight time rate of pay. No work shall be performed on Labor Day, except in case of an emergency.

**Section 3.07(a) Overtime Rate - Bremerton Only.** Maintenance, repair and alteration type work (alteration work defined as on occupied premises) performed during all hours outside the normal working hours, Saturday and Sunday inclusive, shall be paid for at one and one-half (1½) times the regular straight time rate of pay.

(b) **Shift Work on Occupied Premises.** An Employer may establish a swing shift without a day shift, a graveyard shift without a day shift or swing shift and without a stipulated ratio for electricians on shifts on work on one or more premises where the shift is continuous for one or more days. This clause applies to occupied premises only and the regular shift work premium is also applicable.

(c) Any Employee working on swing or graveyard must be employed for a full shift or be paid at the applicable overtime rate. There must be at least eight (8) hours of off duty time for any worker who moves to a different shift time. Where this is not adhered to double the straight time rate shall be paid for all time worked.

(d) Prior notice must be given to the Business Manager for establishment of swing or graveyard shift.

(d) **Prevailing Wage Jobs.** With the approval of both the IBEW and NECA and on a bid-by-bid basis, prevailing wage projects may be frozen at the prevailing wage contained in the bid documents for the length of the projects. Any increase in fringe benefits will not be affected by a wage freeze. Overtime rates shall be as provided by statute. Apprentices'

wages shall not be affected by this Section and, therefore, when working on frozen prevailing wage jobs, their wage shall be the contract wage and shall not be based upon the frozen prevailing wage amount.

**Section 3.09(a) Wages and Expenses Due Date.** Wages and other expenses shall be paid weekly on Friday. Not more than five (5) days' wages may be withheld at any one time by the Employer. The Employer shall have the option of either mailing the paycheck or giving it to the Employee on Friday. Checks mailed and not received by Friday shall carry a \$100.00 late penalty if the postmark is stamped later than Wednesday. This late penalty shall only be assessed if the check arrives after Friday and the electrician retains the envelope with the postage date stamp. Whether or not the fault of the Employer, Employers who violate this provision more than three (3) times in any six (6) months shall forfeit the right to mail paychecks for a period of one (1) year. If the Employee has not received the paycheck by the start of the day shift on Monday, the company shall deliver a replacement check to the job site by the end of the day shift or be subject to a \$100.00 penalty.

(b) **Dues Deduction.** The Employer agrees to deduct working dues and assessments from the wages of its Employees and forward the money, along with the fringe payments, to the Administrator. The Employee shall authorize in writing the deduction of dues on a form furnished by the Union. The Employer agrees to make deductions each payroll period in an amount as determined by the Union.

**Section 3.10(a) Payment of Wages to Workers Laid Off.** Any worker laid off by the Employer shall be paid all his wages immediately. Any Employee terminated or discharged for cause may have his/her wages paid by mail at the next regular pay period; this is at the option of the Employer. In the event he or she is not paid immediately, waiting time at the regular rate shall be charged until payment is made, but in no event shall the worker be paid for more than eight (8) hours

waiting time at the regular established straight time hourly rate as set forth in Section 3.08(a) in any twenty-four (24) hour period or calendar day. Waiting time will not be required for errors in the workers severance pay for four (4) hours or less. Two (2) hours penalty time, at the straight time rate, will be paid if the error in severance pay exceeds four (4) hours. However, such errors shall be corrected before the end of the Employer's next regular working day (Monday through Friday). The Employee shall pick up the check at the Employer's office or request that it be mailed to the Employee for the amount in error. This clause is applicable in the case of NSF checks. An NSF check shall be treated as if the Employee did not receive a check. The Employee shall be paid eight (8) hours at the applicable shift rate for each day (Monday through Friday) until the Employee is made whole for all payroll and penalties owed. This Section shall not apply to NSF checks due to bank errors. However, the Employer shall be held strictly accountable for any documented returned check charges incurred by the Employee, if the Employee notifies the Employer immediately of the NSF check.

(b) **Layoff of Workers.** In accordance with Article V, Section 5.21, the layoff of workers shall apply on a job basis only. Employers shall have the right to transfer Employees from job to job. Preference shall be given to Group 1. Such transfers must be acceptable to the Employee. Employees declining transfer shall be granted a RIF. Upon notification by the Employer, the Union will refer out another applicant.

(c) **Notification of Layoff and Termination.** Workers shall be notified one-half ( $\frac{1}{2}$ ) hour before quitting time when they are being terminated and/or being laid off.

(d) **Discharge Slips.** Contractors are required to make out a discharge slip on each Employee who permanently leaves their employ. Forms will be furnished by the Union. These forms are to be filled out in quadruplicate and copies distributed as follows: Original, Employee's copy; 1st copy, Local

Union No. 46 office; 2nd copy, Local NECA office; 3rd copy, Employer's file. The exact reason for discharge must be noted on the form. Discharged Employees will not be referred to another job unless a discharge slip is made out and distributed in accordance with this clause.

(e) **Statement of Earnings and Deductions.** An itemized detachable statement on all earnings and deductions shall be attached to each paycheck.

(f) **Payroll Checks.** If the Employer does not have a bank within Washington State, then the Employer shall make arrangements for the Employee to cash the payroll check locally without any cost to the Employee. The Employer may direct deposit the payroll check into the Employee's account, but only with the Employee's prior consent.

**Section 3.11** On any job on which four (4) or more Journeymen are employed, a Foreman shall be designated. No Foreman shall have more than ten (10) journeymen per crew. When the second Foreman is required, each Employer shall designate a General Foreman.

(a) General Foreman may act as the second Foreman and supervise up to 10 wiremen. When a third Foreman is required, General Foreman shall not work with the tools or supervise a crew.

(b) Nothing in this Section shall prohibit a General Foreman from expediting tools or materials, providing layout and supervision to Foremen and checking out electrical systems.

(c) On multiple shift jobs, a General Foreman may direct several shifts. However, he/she must be available to perform his/her duties. In no case shall a Foreman take on the responsibility of being a de facto General Foreman.

**Section 3.12 Apprenticeship and Training.** There shall be a local Joint Apprenticeship and Training Committee (JATC) consisting of a total of eight members who shall also

serve as trustees to the local apprenticeship and training trust. An equal number of four members each shall be appointed, in writing, by the Puget Sound Chapter of the National Electrical Contractors Association (NECA) and IBEW Local No. 46.

The local apprenticeship standards shall be in conformance with national guideline standards and policies. All apprenticeship standards shall be registered with the NJATC and thereafter submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.).

**Section 3.13** All JATC member appointments, reappointments and acceptance of appointments shall be in writing. Each member shall be appointed for a three-year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a chairman and a secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the chairman.

**Section 3.14** Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be

referred to the Parties to this Agreement for resolution as outlined in Article I of this agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

**Section 3.15** There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

**Section 3.16** The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training Director's Job Description provided by the NJATC. All Employees of the JATC shall serve at the pleasure and discretion of the JATC.

**Section 3.17** To help ensure diversity of training, provide reasonable continuous employment opportunities and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one Employer to another. The Employer shall cooperate in providing apprentices with needed work experiences. The IBEW Local Union No. 46 referral office and Puget Sound Chapter, NECA office shall be notified, in writing, of all job training assignments. If the Employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified. JATC Training Director may alter the 6:00 a.m. start time for Apprentices to 6:30 a.m. as the situation warrants.

**Section 3.18** All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

**Section 3.19** The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture a total number of apprentices not to exceed a ratio of one (1) apprentice to three (3) Journeyman Wiremen normally employed in the jurisdiction, unless they are authorized and instructed to increase the number by the parties to the local IBEW/NECA collective bargaining agreement. The JATC shall indenture a larger number of apprentices provided the individuals are entering the program as the result of direct entry through organizing; as provided for in the registered apprenticeship standards.

**Section 3.20** Though the JATC cannot guarantee any number of apprentices; if a qualified Employer requests an apprentice, the JATC shall make reasonable efforts to honor the request. If the JATC is unable to fill the request they shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

**Section 3.21** To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage-and-hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the Employer agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices, and that they are not to work on wage-and-hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

**Section 3.22** The Employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other Sections of this Agreement.

**Section 3.23(a)** There shall be a minimum of six periods of apprenticeship. The first two periods, consisting of one thousand (1,000) OJT hours each and satisfactory completion of the first year of related classroom training, shall constitute the probationary period. Successive periods will require the minimum hours of OJT and satisfactory progress in the classroom training. The six periods are as follows:

Period	OJT Hours	Related Training
1	0-1000	Satisfactory progress
2	1000-2000	Satisfactory progress by the JATC
3	2000-3500	Satisfactory progress by the JATC
4	3500-5000	Satisfactory progress by the JATC
5	5000-6500	Satisfactory progress by the JATC
6	6500-8000	Satisfactory progress by the JATC

(b) An individual Employer shall employ only apprentices secured from the Committee. The Committee will determine whether or not any individual Employer is entitled to an apprentice, as well as the total number of apprentices to be assigned to that Employer.

The Committee shall allow each qualified Employer a ratio of one first year apprentice to one apprentice to three journeymen on any job or in any shop as shown below:

<sup>1</sup> If 1st year or unindentured are not available and upper level are, they can be used in lieu of the 1st year or unindentured to complete the allowable apprentices and vice-versa. The first person on a job shall be a Journeyman Wireman.

A job site is considered to be the physical location where Employees report for their work assignments. The Employer's shop (service center) is considered to be a separate, single job site.

All other physical locations where workers report for work are each considered to be a single, separate job site.

A first year apprentice, as used above, may be an indentured apprentice in his/her probationary period, or an unindentured Employee from the pool of qualified applicants.

Unindentureds shall be replaced by first year indentured apprentices when they are available for assignment.

First year apprentices may perform all tasks assigned by a General Foreman, Foreman, and/or Journeyman; however, they shall not work on or near live voltage circuits or systems.

If unable to furnish a first year indentured apprentice in accordance with the allowable ratio, the JATC shall assign the next available individual who was interviewed but not selected from the pool of applicants. If such a list does not exist, an individual applicant who has met all basic requirements for apprenticeship shall be assigned to the Employer. The rate of pay for all such Employees shall be at the first period apprentice rate.

If the supply of apprentices (3rd through 6th period) is exhausted, the first or second period indentured apprentices may be used on a temporary basis to fulfill the apprentice ratio until successive period apprentices become available to replace them.

The only benefit plans in which first year apprentices and unindentured shall participate are the local health and welfare plans and NEBF.

**Section 3.24** An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not

imply that the apprentice must always be in sight of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative.

Work may be laid out by the Employer's designated supervisor or Journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.
