

evidence that the officer was in fact engaged in actual or attempted apprehension of a Federal criminal or prevention of a Federal crime.

§ 10.740 In what situations will OWCP automatically presume that a law enforcement officer is covered by the FECA?

(a) Where an officer is detailed by a competent State or local authority to assist a Federal law enforcement authority in the protection of the President of the United States, or any other person actually provided or entitled to U.S. Secret Service protection, coverage will be extended.

(b) Coverage for officers of the U.S. Park Police and those officers of the Uniformed Division of the U.S. Secret Service who participate in the District of Columbia Retirement System is adjudicated under the principles set forth in paragraph (a) of this section, and does not extend to numerous tangential activities of law enforcement (for example, reporting to work, changing clothes). However, officers of the Non-Uniformed Division of the U.S. Secret Service who participate in the District of Columbia Retirement System are covered under the FECA during the performance of all official duties.

§ 10.741 How are benefits calculated in LEO claims?

(a) Except for continuation of pay, eligible officers and survivors are entitled to the same benefits as if the officer had been an employee under 5 U.S.C. 8101. However, such benefits may be reduced or adjusted as OWCP in its discretion may deem appropriate to reflect comparable benefits which the officer or survivor received or would have been entitled to receive by virtue of the officer's employment.

(b) For the purpose of this section, a comparable benefit includes any benefit that the officer or survivor is entitled to receive because of the officer's employment, including pension and disability funds, State workers' compensation payments, Public Safety Officers' Benefits Act payments, and State and local lump-sum payments. Health benefits coverage and proceeds of life insurance policies purchased by

the employer are not considered to be comparable benefits.

(c) The FECA provides that, where an officer receives comparable benefits, compensation benefits are to be reduced proportionally in a manner that reflects the relative percentage contribution of the officer and the officer's employer to the fund which is the source of the comparable benefit. Where the source of the comparable benefit is a retirement or other system which is not fully funded, the calculation of the amount of the reduction will be based on a per capita comparison between the contribution by the employer and the contribution by all covered officers during the year prior to the officer's injury or death.

(d) The non-receipt of compensation during a period where a dual benefit (such as a lump-sum payment on the death of an officer) is being offset against compensation entitlement does not result in an adjustment of the respective benefit percentages of remaining beneficiaries because of a cessation of compensation under 5 U.S.C. 8133(c).

Subpart I—Information for Medical Providers

MEDICAL RECORDS AND BILLS

§ 10.800 What kind of medical records must providers keep?

Agency medical officers, private physicians and hospitals are required to keep records of all cases treated by them under the FECA so they can supply OWCP with a history of the injury, a description of the nature and extent of injury, the results of any diagnostic studies performed, the nature of the treatment rendered and the degree of any impairment and/or disability arising from the injury.

§ 10.801 How are medical bills to be submitted?

(a) All charges for medical and surgical treatment, appliances or supplies furnished to injured employees, except for treatment and supplies provided by nursing homes, shall be supported by medical evidence as provided in § 10.800. The physician or provider shall itemize the charges on the standard Health Insurance Claim Form, HCFA 1500 or
