(c) *Marketing quota erroneous notice.*

(1) If the official written notice of the farm acreage allotment and marketing quota issued for any farm erroneously stated an acreage allotment or marketing quota larger than the correct effective farm acreage allotment or marketing quota, the acreage allotment or marketing quota shown on the erroneous notice shall be deemed to be the tobacco acreage allotment or marketing quota for the farm for the current year only, if the county FSA committee determines (with the approval of the State Executive Director) that the:

(ii) Operator, relying upon such notice and acting in good faith, materially changes the operator's position with respect to the production of the crop.

(2) Undermarketings and overmarketings for farms for which the erroneous notice of marketing quota is applied shall be determined based on the correct effective farm marketing quota.

(3) For purposes of determining history acreage the correct acreage allotment shall be used, in determining whether or not 75 percent of the allotment has been planted.

The application shall be filed with the county FSA committee for the county in which the farm affected by such disaster is located. If the application involves a transfer to a nearby county, the county FSA committee for the nearby county shall be consulted before action is taken by the county FSA committee receiving the application.
