Proposed Extension of Information Collection; Comment Request Disclosures by Insurers to General Account Policyholders

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA 95) (44 U.S.C. 3506(c)(2)(A)), the Department of Labor (the Department) conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing collections of information. This program helps to ensure that the data the Department gathers can be provided in the desired format, that the reporting burden on the public (time and financial resources) is minimized, that the public understands the Department's collection instruments, and that the Department can accurately assess the impact of collection requirements on respondents.

By this notice, the Department is soliciting comments concerning the information collection provisions of the regulation pertaining to section 401(c) of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The statute and the regulatory provisions codified at 29 CFR 2550.401c-1 require insurers that issue certain types of insurance policies to employee benefit plans to make specific one-time and annual disclosures to such plans if assets of the plan are held in the insurer's general account. A copy of the ICR may be obtained by contacting the office listed in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office shown in the **ADDRESSES** section below on or before December 30, 2005.

ADDRESSES: Interested parties are invited to submit written comments regarding the information collection request and burden estimates to: Gerald B. Lindrew, Office of Policy and Research, U.S. Department of Labor, Employee Benefits Security Administration, 200 Constitution Avenue, NW., Room N-5647, Washington, DC 20210. Telephone: (202) 693-8410; Fax: (202) 219-4745. These are not toll-free numbers.

SUPPLEMENTARY INFORMATION:

I. Background

Section 1460 of the Small Business Job Protection Act of 1996 (Pub. L. 104-

188) amended ERISA by adding Section 401(c), which clarified the extent to which assets of an insurer's general account constitute assets of an employee benefit plan when that insurer has issued policies for the benefit of the plan and such policies are supported by assets of the general account. Section 401(c) established certain requirements and disclosures for insurance companies that offer and maintain policies for employee benefit plans where the plans' assets are held in the insurer's general account. Section 401(c) also required the Secretary to provide guidance on the statutory requirements; such guidance was issued as a final rulemaking on January 5, 2000 (65 CFR 614). The regulation includes information collection provisions pertaining to one-time and annual disclosure obligations of insurers. The information collection provisions in the final rulemaking were submitted for review by the Office of Management and Budget (OMB) in an information collection request (ICR) in connection with promulgation of the final rulemaking and were approved by OMB under OMB Control No. 1210-0114. The ICR approval is scheduled to expire on January 31, 2006.

II. Desired Focus of Comments

The Department is particularly interested in comments that:

- Evaluate whether the collections of information are necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collections of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

• Enhance the quality, utility, and clarity of the information to be collected; and

• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

III. Current Action

The Employee Benefits Security Administration (EBSA) is requesting an extension of the currently approved ICR for the Disclosures by Insurers to General Account Policyholders. EBSA is not proposing or implementing changes to the regulation or to the existing ICR. A summary of the ICR and the current burden estimates follows:
