
Acknowledgments

This report was prepared by **Frank B. Hobbs**, Chief, Age and Sex Statistics Branch, with the assistance of **Bonnie L. Damon**, Age and Sex Statistics Branch, under the general direction of **Nampeo R. McKenney**, Assistant Division Chief for Special Population Statistics, Population Division. **Arthur J. Norton**, Chief, Population Division, provided overall direction. Principal statistical assistance was provided by **Bonnie L. Damon**. Additional statistical assistance was provided by **Linda M. Chase**, **Deborah L. Carroll**, **Valerie A. Lawson**, **Stephanie M. Marshall**, and **Leigh Zarbough**, computer programming assistance was provided by **Rachel J. Hall**. Thanks are extended to **Cynthia M. Taeuber**, Director, Customer Liaison Office, and to **Kevin G. Kinsella**, Chief, Aging Studies Branch, International Programs Center, for their review and valuable comments to the entire report. Major contributions to the updating of Chapter 4, Economic Characteristics, was made by staff members under the general direction of **Charles T. Nelson**, Assistant Division Chief, Housing and Household Economic Statistics Division. We are grateful to many other staff members of the Population Division, the Housing and Household Economic Statistics Division, and other Census Bureau personnel who contributed to various phases of the production of this report.

Sampling review was conducted by **Andrew Zbikowski** and **Michael J. Roebuck** of the Demographic Statistical Methods Division and **Felipe Kohn** of Decennial Statistical Studies Division.

The staff of the Administrative Customer Services Division, **Walter C. Odom**, Chief, performed publication planning, design, composition, editorial review, and printing planning and procurement. **Christine O. Langley** provided publication coordination and editing, and graphic services were provided by **Janet S. Sweeney** of the Graphics Design and Composition Section.

Funding for this report was provided by the United States National Institute on Aging's Office of Demography of Aging, **Richard M. Suzman**, Director.

This report is updated and revised from an earlier version written by **Cynthia M. Taeuber** with the assistance of **Bonnie L. Damon** and published in May 1993. This revision updates nearly all the data throughout the report, expands the use of 1990 decennial census data, incorporates updated national and State projections, and incorporates new survey data and analytical findings from Federal agencies and numerous researchers in the field of aging studies.
