

§ 103.125 Anti-money laundering programs for money services businesses.

(a) Each money services business, as defined by §103.11(uu), shall develop, implement, and maintain an effective anti-money laundering program. An effective anti-money laundering program is one that is reasonably designed to prevent the money services business from being used to facilitate money laundering and the financing of terrorist activities.

(b) The program shall be commensurate with the risks posed by the location and size of, and the nature and volume of the financial services provided by, the money services business.

(c) The program shall be in writing, and a money services business shall make copies of the anti-money laundering program available for inspection to the Department of the Treasury upon request.

(d) At a minimum, the program shall:

(1) Incorporate policies, procedures, and internal controls reasonably designed to assure compliance with this part.

(i) Policies, procedures, and internal controls developed and implemented under this section shall include provisions for complying with the requirements of this part including, to the extent applicable to the money services business, requirements for:

(A) Verifying customer identification;

(B) Filing reports;

(C) Creating and retaining records; and

(D) Responding to law enforcement requests.

(ii) Money services businesses that have automated data processing systems should integrate their compliance procedures with such systems.

(iii) A person that is a money services business solely because it is an agent for another money services business as set forth in §103.41(a)(2), and the money services business for which it serves as agent, may by agreement allocate between them responsibility for development of policies, procedures, and internal controls required by this paragraph (d)(1). Each money services business shall remain solely responsible for implementation of the re-

quirements set forth in this section, and nothing in this paragraph (d)(1) relieves any money services business from its obligation to establish and maintain an effective anti-money laundering program.

(2) Designate a person to assure day to day compliance with the program and this part. The responsibilities of such person shall include assuring that:

(i) The money services business properly files reports, and creates and retains records, in accordance with applicable requirements of this part;

(ii) The compliance program is updated as necessary to reflect current requirements of this part, and related guidance issued by the Department of the Treasury; and

(iii) The money services business provides appropriate training and education in accordance with paragraph (d)(3) of this section.

(3) Provide education and/or training of appropriate personnel concerning their responsibilities under the program, including training in the detection of suspicious transactions to the extent that the money services business is required to report such transactions under this part.

(4) Provide for independent review to monitor and maintain an adequate program. The scope and frequency of the review shall be commensurate with the risk of the financial services provided by the money services business. Such review may be conducted by an officer or employee of the money services business so long as the reviewer is not the person designated in paragraph (d)(2) of this section.

(e) *Effective date.* A money services business must develop and implement an anti-money laundering program that complies with the requirements of this section on or before the later of July 24, 2002, and the end of the 90-day period beginning on the day following the date the business is established.
