South Asia – Earthquake

Fact Sheet #27, Fiscal Year (FY) 2006

November 29, 2005

BACKGROUND

- A magnitude 7.6 earthquake struck Pakistan, India, and Afghanistan, on October 8, 2005, at 8:50 a.m. local time, according to the U.S. Geological Survey (USGS). The epicenter of the earthquake was located near Muzaffarabad, the capital of Pakistani-administered Kashmir, and approximately 60 miles north-northeast of Islamabad.
- Aftershocks continue in the affected areas. The delivery of humanitarian assistance is constricted by the mountainous area, cold weather, and damaged or collapsed infrastructure. The most affected areas are the North West Frontier Province (NWFP), Northern Punjab, and Pakistani-administered Kashmir in Pakistan, and Indian-administered Kashmir in India.

NUMBERS AT A GLANCE¹		SOURCE
Pakistan	73,331 dead	Government of Pakistan (GOP) – November 29
	69,392 injured	GOP – November 29
	2.8 million homeless	International Organization for Migration (IOM) – October 21
India	1,309 dead	Government of India (GOI) – October 26
	6,622 injured	GOI – October 26
	150,000 homeless	GOI – October 14

USG Humanitarian and Reconstruction Assistance Pledged²	\$510,000,000
USAID Humanitarian and Reconstruction Assistance Pledged	\$300,000,000
USAID/OFDA Humanitarian Assistance Committed to Pakistan	\$51,149,114
Total USAID Humanitarian Assistance Committed to Pakistan	\$54,875,714
USAID/OFDA Humanitarian Assistance Committed to India	\$600,662
Total USG Humanitarian Assistance Committed to South Asia	\$55,476,376

CURRENT SITUATION

- According to the USAID/Disaster Assistance Response Team (DART) as of November 28, the GOP Federal Relief Commission (FRC) reports that there are now approximately 338 formal tent villages set up in the three affected provinces (Azad Jammu and Kashmir, NWFP, and Punjab) with about 7,618 tents total - sufficient to house approximately 77,500 people. In addition, several sites suitable for camps have been located and the U.N. High Commissioner for Refugees (UNHCR) is currently in the process of getting these sites approved by the GOP.
- Following a November 27 visit to Balakot, NWFP, the USAID/DART reports that crops have continued to come out of the nearby Kaghan Valley to market, suggesting that a final harvest was successfully gathered and cattle prices have fallen to a quarter of the regular price as individuals leaving the valley attempt to sell off their livestock.
- As of November 29, the GOP reports that 95 percent of the roads in the affected area have been cleared, and 75 percent of the water supply and 70 percent of the electricity supply has been restored.
- The U.N. World Health Organization reports that water and sanitation problems continue to be a great concern, particularly in the spontaneous camps. The GOP has mandated that the Ministry of Health review the water and sanitation situation in the camps and organize actions to be taken for improvement.
- The U.N. Office for the Coordination of Humanitarian Affairs (OCHA) reports that people from the affected areas in the high valleys continue to descend to lower elevations. The Pakistan military estimates that approximately 1,000 people are descending daily from the Kaghan Valley in Mansehra District. In addition, approximately 500 people are descending daily from the Allai Valley in Batagram District. The majority of the people descending are single males who settle with the host community. The USAID/DART notes that humanitarian agencies need to structure programs with this continued population movement in mind. As a result, the USAID/DART, GOP, and relief organizations are designing relief efforts around a two-pronged strategy: 1) delivering relief commodities to hard-to-reach areas in order to promote shelter in place, and 2) providing basic services to tent camps to encourage people in need of shelter to relocate temporarily to camps.
- According to international media reports, rain and snow halted helicopter relief operations for the first time on November 27 with up to 8 inches of snow falling in some high-altitude areas.

¹ These figures are the best available estimates.

² This pledge includes \$300 million in assistance from USAID, \$110 million in military in-kind support for relief operations, and at least \$100 million anticipated from U.S. private contributions.

USG HUMANITARIAN ASSISTANCE

Pakistan

- At the Donors Conference on Rehabilitation and Reconstruction of Earthquake Affected Areas in Islamabad on November 19, USAID Administrator Andrew S. Natsios announced an increase in the overall U.S. commitment to Pakistan for relief and reconstruction to a total of \$510 million. This pledge includes \$300 million in assistance from USAID, \$110 million in military in-kind support for relief operations, and at least \$100 million anticipated from U.S. private contributions.
- A USAID/DART has been on the ground in Pakistan since October 10. The mission of the USAID/DART is to assess humanitarian needs, assist with targeting and coordination of USG assistance in conjunction with USAID/Pakistan, and provide technical assistance as required. Headquartered in Islamabad, the USAID/DART has also established bases of operations in Muzaffarabad and Mansehra.
- To date, USAID has provided more than \$54.8 million in humanitarian assistance to earthquake-affected communities in Pakistan. USAID identified shelter, relief supplies, health, water and sanitation, and logistics as priority sectors for immediate relief operations.
- To date, USAID has provided more than \$4.6 million in emergency relief commodities, including transport costs, for earthquake-affected populations in Pakistan. USAID has completed 19 flights carrying emergency relief commodities to Pakistan. The flights delivered a total of 45,000 blankets, 1,570 winterized tents, 6,150 rolls of plastic sheeting for approximately 30,750 families, 15,000 water containers, 17 water bladders, 2 water purification units, 10 WHO emergency health kits, 20 concrete cutting saws, and 136 shelters donated by Alaska Shelters.
- In response to the U.N. Flash Appeal, USAID has provided \$19.3 million in funding to support transitional shelter programs, food, health, water and sanitation, humanitarian air service, logistical coordination, and the movement of supplies to affected populations and movement of those populations to safe areas.
- To date, USAID/Office of Food for Peace (FFP) has responded to the WFP emergency operation for Pakistan with 2,400 MT of vegetable oil and 480 MT of wheat soy blend. The total value of this contribution is approximately \$3.4 million.
- On October 20, USAID and Procter & Gamble announced a \$600,000 public-private alliance to provide safe drinking water for those affected by the earthquake. Through this partnership, USAID and Procter & Gamble are supplying a point-of-use water purification product that significantly reduces diarrheal illnesses. Through the Global Development Alliance (GDA), USAID contributed \$300,000 toward this partnership, which provides safe drinking water for more than 50,000 households for 3 months.
- As of November 28, the U.S. Department of Defense (DOD) has flown 1,955 helicopter missions, delivered 4,563 short tons of humanitarian relief supplies, evacuated casualties and transported humanitarian relief workers for a total of 14,869 passengers. The 212th Mobile Army Surgical Hospital (MASH), established October 25 in Muzaffarabad, and a III Marine Expeditionary Force medical element, established November 16 in Shinkiari, have performed a total of 276 surgeries and treated 4,937 non-surgical patients. Engineering teams (approximately 125 personnel from a Naval Mobile Construction Battalion) are operating with 73 pieces of equipment to clear school and university sites, construct airport berms, and build latrines and tent sites. The Qasim helicopter ramp expansion is now 95 percent complete. To date, DOD has obligated \$91 million for relief operations.

India

- From October 11 to October 17, a USAID/OFDA Regional Advisor was in India assisting USAID/India with damage and needs assessments and making recommendations regarding USG assistance. The USAID/OFDA Regional Advisor and a representative from USAID/India conducted a post-earthquake visit to Srinagar in Jammu and Kashmir November 15 and 16 in order to monitor program progress of USAID/OFDA-funded partners.
- On October 10, U.S. Ambassador to India David C. Mulford issued a disaster declaration due to the effects of the October 8 earthquake across northern India. As of November 1, USAID has provided more than \$600,000 to relief organizations for emergency relief supplies and shelter.
- To date, India has not requested international assistance.

U.S. GOVERNMENT HUMANITARIAN ASSISTANCE TO PAKISTAN

<i>Implementing Partner</i>	<i>Activity</i>	<i>Location</i>	<i>Amount</i>
USAID/OFDA ASSISTANCE¹			
ACTED	Relief supplies, shelter, water and sanitation, cash-for-work	NWFP: Balakot	\$2,351,232
Action Against Hunger	Shelter, relief supplies	Earthquake Affected Regions of NWFP and AJK	\$2,180,000
American Red Cross	IFRC preliminary emergency appeal	Earthquake Affected Regions of NWFP and AJK	\$1,998,276
American Refugee Committee	Shelter, livelihoods	AJK: Bagh	\$2,776,144
CRS	Livelihoods, water and sanitation, shelter	NWFP/AJK: Mansehra, Balakot, Muzaffarabad	\$2,470,000
GOAL	Shelter, livelihoods	AJK: Bagh	\$2,000,000
ICRC	Emergency relief supplies, shelter	Earthquake Affected Regions of NWFP and AJK	\$5,000,000
IOM	Delivery of relief supplies (surface transport), transport of displaced populations to safe areas, transitional shelter	Earthquake Affected Regions of NWFP and AJK	\$3,000,000
IRC	Shelter, emergency relief supplies, child protection	NWFP: Abbottabad, Batagram, Mansehra, and Shangla	\$2,483,041
Mercy Corps	Shelter, water and sanitation, cash-for-work	NWFP: Mansehra	\$1,511,168

World Vision	Emergency relief supplies, shelter	Baramulla, Kupwara districts	\$99,938
TOTAL USAID/OFDA HUMANITARIAN ASSISTANCE TO INDIA			\$600,662

² USAID/OFDA funding represents anticipated or actual obligated amounts as of November 29, 2005.

PUBLIC DONATION INFORMATION

- The most effective way people can assist relief efforts is by making cash contributions to humanitarian organizations that are conducting relief operations. Information on identifying such organizations is available in the “How Can I Help” section of www.usaid.gov – Keyword: South Asia Earthquake, or by calling The Center for International Disaster Information (CIDI) at 703-276-1914.
- USAID encourages cash donations because they: allow aid professionals to procure the exact items needed (often in the affected region); reduce the burden on scarce resources (such as transportation routes, staff time, warehouse space, etc); can be transferred very quickly and without transportation costs; support the economy of the disaster-stricken region; ensure culturally, dietary, and environmentally appropriate assistance.
- More information can be found at:
 - USAID: www.usaid.gov – Keyword: Donations
 - The Center for International Disaster Information: www.cidi.org or (703) 276-1914
 - Information on relief activities of the humanitarian community can be found at www.reliefweb.int
