##### I. Background

Individuals filing with the U.S. Department of Labor, Office of Workers' Compensation Programs (OWCP), Division of Coal Mine Workers' Compensation (DCMWC) for benefits under the Black Lung Benefits Act may elect to be represented or assisted by an attorney or other representative. For

#### OFCCP Complaint Form (CC-4)

##### I. Background

The Office of Federal contract compliance Programs administers three equal employment opportunity

programs: Executive Order 11246, as amended; Section 503 of the Rehabilitation Act of 1973, as amended; and 38 U.S.C. 4212, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended. These programs require affirmative action by Federal contractors and subcontractors and prohibit discrimination on the basis of race, color, sex, religion, national origin, disability, or veteran status. All three programs give individuals the right to file complaints. It is now well established in law that no private right of action exists under the three programs and that the exclusive remedy for complainants is the administrative procedures of the U.S. Department of Labor which are initiated by a written complaint. This is done on the Complaint Form CC-4, Complaint of Discrimination in Employment Under Federal Government Contracts, which is used for all three programs. Under Executive Order 11246, as amended, the authority for collection of complaint information is found at Section 206(b). The implementing regulations which specify the content of this information collection are found at 41 CFR 60-1.23(a).

Under the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, the authority for collecting complaint information is at 38 U.S.C. 4212(b). The implementing regulations which specify the content of this information collection are found at 41 CFR 60-250.26(c).

Section 503 (b) of the Rehabilitation Act of 1973, as amended, is the authority for collecting complaint information under this statute. The implementing regulations which specify the content of this information collection are found at 41 CFR 60-741.61.
