## Employment Standards Administration

### Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in

5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the Federal Register, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.

## NATIONAL INDIAN GAMING COMMISSION

### Notice of Approval of Class III Tribal Gaming Ordinances

**AGENCY:** National Indian Gaming Commission.

**ACTION:** Notice.

**SUMMARY:** The purpose of this notice is to inform the public of class III gaming ordinances approved by the Chairman of the National Indian Gaming Commission.

**FOR FURTHER INFORMATION CONTACT:** The NIGC at (202) 632-7003, or by facsimile at (202) 632-7066 (not toll-free numbers).

**SUPPLEMENTARY INFORMATION:** The Indian Gaming Regulatory Act (IGRA) 25 U.S.C. § 2701 et seq., was signed into law on October 17, 1988. The IGRA established the National Indian Gaming Commission (the Commission). Section 2710 of the IGRA authorizes the Commission to approve class II and class III tribal gaming ordinances. Section 2710(d)(2)(B) of the IGRA as implemented by CFR § 522.8 (58 FR 5811 (January 22, 1993)), requires the Commission to publish, in the Federal Register, approved class III gaming ordinances.

The IGRA requires all tribal gaming ordinances to contain the same requirements concerning ownership of the gaming activity, use of net revenues, annual audits, health and safety, background investigations and licensing of key employees. The Commission, therefore, believes that publication of each ordinance in the Federal Register would be redundant and result in unnecessary cost to the Commission. The Commission believes that publishing a notice of approval of each class III gaming ordinance is sufficient to meet the requirements of 25 U.S.C. § 2710(d)(2)(B). Also, the Commission will make copies of approved class III ordinances available to the public upon request. Requests can be made in writing to: National Indian Gaming Commission, 1441 L Street, N.W., 9th Floor, Washington, D.C. 20005.
