**This Transmittal rescinds and replaces Transmittal 1224. The Effective and Implementation dates have been changed from October 1, 2007 to April 1, 2008. Additionally, HCPCS codes A4255 and E0194 have been removed from Attachment II. All other information remains the same.**

**SUBJECT: Home Health Agencies (HHAs) Providing Durable Medical Equipment (DME) in Competitive Bidding Areas**

**Effective Date: April 1, 2008**

**Implementation Date: April 1, 2008**

## I. GENERAL INFORMATION

**A. Background:** Pursuant to section 1847 of the Social Security Act, competitive bidding will be conducted for certain DME.

Beginning in 2007, in a competitive bidding area, a supplier must be awarded a contract by Medicare in order to bill Medicare for competitively bid DME. Therefore, HHAs that furnish DME and are located in an area where DME items are subject to a competitive bidding program, must either be awarded a contract to furnish the items in this area or use a contract supplier in the community to furnish these items. The competitive bidding items will be identified by HCPCS codes and the competitive bidding areas will be identified based on Zip Codes where beneficiaries receiving these items maintain their permanent residence. The DME MACs will have edits in place indicating which entities are eligible to bill for competitive bid items and the appropriate competitive bid payment amount.

**B. Policy:** All suppliers of competitively bid DME must bill the DME MAC for these items and will no longer be allowed to bill the RHHIs for competitive bid items. Claims submitted to the RHHI for HCPCS codes subject to a competitive bidding program will be returned to the provider to remove the affected DME line items and the providers will be advised to submit those charges to the DME MACs, who will have jurisdiction over all claims for competitively bid items. Claims for DME furnished by HHAs that are not subject to competitive bidding would still be submitted to the RHHIs. Attached are the applicable HCPCS codes, Zip Codes, and Core Based Statistical Areas (CBSAs) for the competitive bidding areas.

<b>Oxygen Supplies/Equipment</b>			
<b>Payment Class A- Stationary Oxygen Equipment &amp; Oxygen Contents (Stationary &amp; Portable)</b>		R	
<b>Includes the following HCPCS codes:</b>			
E1390	Oxygen concentrator, single delivery port, capable of delivering 85 percent or greater oxygen concentration at the prescribed flow rate		
E1391	Oxygen concentrator, dual delivery port, capable of delivering 85 percent or greater oxygen concentration at the prescribed flow rate, each		
E0424	Stationary compressed gaseous oxygen system, rental; includes container, contents, regulator, flowmeter, humidifier, nebulizer, cannula or mask, and tubing		
E0439	Stationary liquid oxygen system, rental; includes container, contents, regulator, flowmeter, humidifier, nebulizer, cannula or mask, & tubing		
<b>Payment Class B - Portable Equipment Only (Gaseous or Liquid Tanks)</b>		R	
<b>Includes the following HCPCS codes:</b>			
E0431	Portable gaseous oxygen system, rental; includes portable container, regulator, flowmeter, humidifier, cannula or mask, and tubing		
E0434	Portable liquid oxygen system, rental; includes portable container, supply reservoir, humidifier, flowmeter, refill adaptor, contents gauge, cannula or mask, and tubing		
<b>Payment Class C - Oxygen Generating Portable Equipment Only</b>		R	
<b>Includes the following HCPCS codes:</b>			
E1392	Portable Oxygen concentrator, rental		
K0738	Portable gaseous oxygen system, rental; home compressor used to fill portable oxygen cylinders; includes portable containers, regulator, flowmeter, humidifier, cannula or mask, and tubing		
<b>Payment Class D - Stationary Oxygen Contents Only</b>		R	
<b>Includes the following HCPCS codes:</b>			
E0441	Oxygen contents, gaseous (for use with owned gaseous stationary systems or when both a stationary and portable gaseous system are owned), 1 month's supply = 1 unit		
E0442	Oxygen contents, liquid (for use with owned liquid stationary systems or when both a stationary and portable liquid system are owned), 1 month's supply = 1 unit		
<b>Payment Class E - Portable Oxygen Contents Only</b>		R	
<b>Includes the following HCPCS codes:</b>			
E0443	Portable oxygen contents, gaseous (for use only with portable gaseous systems when no stationary ga or liquid system is used), 1 month's supply = 1 unit		
E0444	Portable oxygen contents, liquid (for use only with portable liquid systems when no stationary gas or liquid system is used), 1 month's supply = 1 unit

## **10 - General Guidelines for Processing Home Health Agency (HHA) Claims**

*(Rev. 1246, Issued: 05-18-07; Effective: 04-01-08; Implementation: 04-01-08)*

This chapter, in general, describes bill processing requirements that are applicable only to home health agencies. For general bill processing requirements refer to the appropriate other chapters in the Medicare Claims Processing Manual. For a description of coverage policies see Chapter 10 in the Medicare Benefit Policy Manual and/or the Medicare National Coverage Determinations Manual.

### **A - Where and How to Bill**

Form CMS-1450, the UB-04, is used by institutional providers, including home health agencies, to bill Medicare. Such claim forms are submitted to the regional home health intermediaries (RHHIs). Home health agencies (HHAs) bill all their home health services on this form. Some home health agencies may also become approved as DMEPOS suppliers, in which case they would submit bills for DMEPOS services to the carrier on Form CMS-1500 or the electronic equivalent.

Reference to the claim form in this chapter reference the paper or hard-copy version of the Form CMS-1450 (UB-04) unless otherwise noted. However, the instructions regarding specific data requirements apply also to electronic equivalents of the form.

### **B - Services to Include on the Claim for Home Health Benefits**

Effective for all services provided on or after October 1, 2000, all services under the home health plan of care, except the following are included in the home health PPS payment amount. Services that may be included in the plan of care but excluded from the HH prospective payment system (HH PPS) are:

- Osteoporosis drugs (although the cost of administration is within the PPS rate); and
- Durable medical equipment, including prosthetics, orthotics, and oxygen

DMEPOS services may be included on the bill type 32X for the home health benefits, and are paid in addition to the PPS payment. *See §20 for additional instructions regarding competitively bid DME.* Osteoporosis drugs must be billed on bill type 34X.

Other services not under an HH plan of care provided by an HHA are billed using type of bill 34X. Such services not under a plan of care, and services not part of the home health benefit, are often referred to as “Part B and other health services.” See §90 for guidance as to the payment methodologies used by Medicare to reimburse these services, and see §40.4 in this chapter for information on deductible and coinsurance. Physical therapy, occupational therapy and speech language pathology services not delivered under an HH plan of care (optional Form CMS-485), are paid under the Medicare Physician Fee

Schedule (See Chapter 5.) Such services must be delivered under other plans of care (Forms 700 and 701).

## **20 - Home Health Prospective Payment System (HH PPS) Consolidated Billing**

*(Rev. 1246, Issued: 05-18-07; Effective: 04-01-08; Implementation: 04-01-08)*

Section 1842 (b)(6)(F) of the Social Security Act requires consolidated billing of all home health services while a beneficiary is under a home health plan of care authorized by a physician. Consequently, Medicare payment for all such items and services is to be made to a single home health agency (HHA) overseeing that plan. This HHA is known as the primary HHA for HH PPS billing purposes.

The law states payment will be made to the primary HHA without regard as to whether or not the item or service was furnished by the agency, by others under arrangement to the primary agency, or when any other contracting or consulting arrangements exist with the primary agency, or “otherwise.” Payment for all items is included in the HH PPS episode payment the primary HHA receives.

Types of services that are subject to the home health consolidated billing provision:

- Skilled nursing care;
- Home health aide services;
- Physical therapy;
- Speech-language pathology;
- Occupational therapy;
- Medical social services;
- Routine and nonroutine medical supplies;
- Medical services provided by an intern or resident-in-training of a hospital, under an approved teaching program of the hospital, in the case of an HHA that is affiliated or under common control with that hospital; and
- Care for homebound patients involving equipment too cumbersome to take to the home.

Exception: Therapy services are not subject to the home health consolidated billing methodology when performed by a physician.

Medicare periodically publishes Routine Update Notifications that contain updated lists of nonroutine supply codes and therapy codes that must be included in home health consolidated billing. The lists are always updated annually, effective January 1, as a result of changes in HCPCS codes, which Medicare also publishes annually. The lists may also be updated as frequently as quarterly if this is required by the creation of new HCPCS codes mid-year.

The HHA that submits a Request for Anticipated Payment (RAP) or No-RAP LUPA claim successfully processed by Medicare claims processing systems will be recorded as the primary HHA for a given episode in the Common Working File (CWF). If a beneficiary transfers during a 60-day episode, then the transfer HHA that establishes the new plan of care assumes responsibility for consolidating billing for the beneficiary. Contractors will reject any claims from providers or suppliers other than the primary HHA that contain billing for the services and items subject to consolidated billing when billed for dates of service within an episode, from the first day of that episode until day 60 or last billable service date, if discharged. This applies to claims from provider types including and beyond HHAs (e.g., outpatient hospital facilities, suppliers). Contractors will also reject claims subject to consolidated billing when submitted by the primary HHA as services not under an HH plan of care (using type of bill 34x) when the primary HHA has already billed other services under an HH plan of care (type of bill 32x) for the beneficiary. Institutional providers may access information on existing episodes through the home health CWF inquiry process. See §30.1.

Durable Medical Equipment (DME) is exempt from home health consolidated billing by law. Therefore, DME may be billed by a supplier to a Durable Medical Equipment Regional Carrier (DMERC)/*DME Medicare Administrative Contractors (MACs)* or billed by an HHA (including HHAs other than the primary HHA) to an RHHI. Medicare claims processing systems will allow either party to submit DME claims, but will ensure that the same DME items are not submitted to both the FI and the carrier for the same dates of service for the same beneficiary. In the event of duplicate billing to both the RHHI and the DMERC, the first claim received will be processed and paid. Subsequent duplicate claims will be denied. Medicare claims processing systems will also prevent payment for the purchase and the rental of the same item for the same dates of service. In this event, the first claim received, regardless of whether for purchase or rental, will be processed and paid.

*The exception to the above, however, is competitive bidding for certain DME. HHAs that furnish DME and are located in an area where DME items are subject to a competitive bidding program, must either be awarded a contract to furnish the items in this area or use a contract supplier in the community to furnish these items. The competitive bidding items are identified by HCPCS codes and the competitive bidding areas are identified based on Zip Codes where beneficiaries receiving these items maintain their permanent residence. Claims submitted to the RHHIs for HCPCS codes subject to a competitive bidding program will be returned to the provider to remove the affected DME line items and the providers will be advised to submit those charges to the DME MACs, who will have jurisdiction over all claims for competitively bid items.*

Osteoporosis drugs are subject to home health consolidated billing, even though these drugs continue to be paid on a cost basis, in addition to episodes payments, and are billed on a claim with a bill-type that is not specific to HH PPS (TOB 34X). When an HH episode is open for a specific beneficiary, only the primary HHA serving the beneficiary will be permitted to bill osteoporosis drugs for them. For more detailed information, refer to §90.1.
