LIBRARY DECISIONS IN ADMINISTRATIVE PROCEEDING

A. C. KLUGER & CO. REVOKED, TWO PARTNERS SANCTIONED. An order has been issued revoking the broker-dealer registration of A. C. Kluger & Co., of New York, suspending Alan C. Kluger, a partner, from association with any registered broker-dealer, registered investment company or registered investment adviser for one year, barring Kluger from any such association in a supervisory capacity, suspending George H. Newman, another partner of the firm, from association in a supervisory capacity with any registered broker-dealer, investment adviser or investment company for 60 days effective January 28, and censuring Newman. After two years, Kluger may apply to the Commission to have the restriction on his supervisory activities lifted.

The sanctions were based on findings that from about February to September 1972 the firm, Kluger and Newman unlawfully sold unregistered common stock of Minute Approved Credit Plan, Inc., and, in the offer and sale of that stock, made material misrepresentations concerning the participation of others in the stock's distribution, the misapplication and diversion of funds realized from its sale, the return to certain investors of a portion of the purchase price, purchases of Minute stock by the firm, and the placing of a substantial portion of the Minute offering in nominee accounts. They also failed to deposit promptly in a separate bank account sales proceeds from the firm's "best efforts, 50% or none" underwriting of Minute stock, and to return such proceeds to the persons entitled thereto when the required minimum amount of the offering was not sold. In addition, the firm, Kluger and Newman failed to comply with provisions governing sending confirmations to customers, and with recordkeeping and reporting requirements.

The Commission's order was based on the firm's consent and its partners' offers of settlement. The firm, Kluger and Newman, without admitting or denying the charges against them, consented to the above findings and the indicated sanctions. (Rel. 34-10598)

COMMISSION ANNOUNCEMENTS

COMMISSION RESCINDS ITS NON-TRADING REQUEST WITH RESPECT TO GOVERNMENTAL SECURITIES OF BULGARIA, HUNGARY AND ROMANIA. The Commission today announced its intention to withdraw, effective January 28, 1974, its earlier request that brokers and dealers refrain from effecting transactions in securities issued or guaranteed by the governments of Bulgaria, Hungary and Romania. The Commission noted however, its action notwithstanding, trading in securities issued by Hungary after April 13, 1934, may be prohibited by provisions of the Johnson Act (18 U.S.C. §955). The Commission further pointed out that brokers and dealers who resume trading in these securities should not overlook their responsibilities under the Federal securities laws, including the antifraud provisions, and when making recommendations to purchase or sell these bonds, should assure that full disclosure is made to investors concerning the status of these bonds. In addition, the Commission noted that the provisions of Rule 15c2-11 under the Securities Exchange Act impose many requirements on broker-dealers who are engaged in making a market in a particular security. Among other things, that Rule requires such broker-dealers to maintain in their records current information relating to the issuer. (Rel. 34-10610)

TRADING BAN IN KORACORP TO TERMINATE. The SEC has announced that the suspension of exchange and over-the-counter trading in the securities of Koracorp Industries, Inc. of San Francisco, Cal. will terminate at midnight (EDT) on January 24, 1974.

The Commission initiated the trading suspension on August 8, 1973 because of questions on the accuracy and adequacy of public information available about Koracorp's financial condition. The questions arose from Koracorp's announcement that it had requested an investigation by Arthur Andersen and Company to determine whether certain transactions of its subsidiary, Koratec Communications, Inc., were treated in accordance with generally accepted accounting principles. The New York Stock Exchange and the Pacific Coast Stock Exchange halted trading in the securities of Koracorp on August 7, 1973.

On January 3, 1974, Koracorp mailed a letter to its shareholders, which stated, among other things, that Arthur Andersen withdrew its prior certification on Koracorp's consolidated financial statements for the year ended December 29, 1972; that the magazine, *Homemaking with a Flair*, the major asset of Koratec, was sold; that Koracorp had determined to discontinue several of its nonapparel operations; and that for the nine months ended September 30, 1973, Koracorp had a net loss of \$10,518,000, taking into account the loss from discontinued operations, compared to net income of \$1,674,000 for the nine months ended September 29, 1972; and that previously reported net income for year-end 1972 of \$604,000 has been restated as a net income loss of \$1,996,000.

Koracorp informed the Commission that it expects to distribute to its shareholders about March 31, 1974, audited and certified financial statements for 1972 and 1973, being prepared by Koracorp's new auditors, Clarence Rainess and Co. (Rel. 34-10609)
