

Hi Smiley!

I know you're much happier where you're at. Sano would like you to find out about her girlfriend with the long curly hair. Tell her she knows where she belongs and you are there talking to her for Sano and listen to whatever she has to say and tell her afterward that you'll be getting back to her, that you are going to be seeing someone on this to make sure that everything is alright. If not, ask her who she's going with. Get the name and anything else that you can from her and get it back to Sano as soon as you can. Give the name of the person to Sano's pal Y-B or give it to Skins 'cause when she goes with her son to see Sano in the hospital she can give him the name. Also, find out anything you can by going to see her girlfriend (Nafie) and try to find out all you can from her. If she does not want to go back to her friend, don't say anything just listen to what she has to say and then when you can get all the information back to Sano. Someone told Sano that everything was okay but Sano would like to find out all he can about it for himself.

Thank you for all your help.

Your friend always,

Frank

P.S.--Smiley, find out anything you can from Nafie. Its important.
