Fact Sheet for Applicants Intergovernmental Review Process

When submitting your application for Federal assistance, please observe the following steps pertaining to the intergovernmental review process.

- 1. Identify whether or not the respective program is eligible for intergovernmental review under Executive Order (E.O.) 12372. A listing of EPA programs which are eligible for intergovernmental review can be found in the April 29, 2004 Federal Register (69 FR 23500.) The Catalog of Federal Domestic Assistance (CFDA) also lists programs eligible for intergovernmental review under E.O. 12372. The CFDA listing can be found at http://www.cfda.gov, under "Search for Assistance Programs," then "By Programs Requiring Executive Order 12372 Review."
- **2**. After confirming the program's intergovernmental review eligibility, indicate whether your application is subject to the process by responding to the E.O. 12372 question on the SF-424, Application for Federal Assistance.
- **3.** If a program is eligible for the intergovernmental review process, you must respond accordingly on the application, and forward a copy of your completed application to your State Single-Point-of-Contact (SPOC). The official SPOC listing is located at: http://www.whitehouse.gov/omb/grants/spoc.html. By clicking on the state name, you may be linked to the SPOC website. Before forwarding a copy of your application, you may call the SPOC directly to determine if that office has chosen to review the program.
- **4**. If the SPOC has chosen not to review the program, or if your State does not have a SPOC, you must forward a copy of your completed application to the areawide/regional/local planning agency (or agencies) **if your project is for direct development activities such as open-space land project, construction project, water development, or land conservation project**, so that they may have the opportunity to review your application for comment. You may consult your local EPA office to obtain contact information for the planning agency in your area.
- **5**. Keep in mind that once you sign the SF-424, you are certifying that the SPOC or areawide/ regional/local planning agency has received or will receive a copy of your application. Your application might be considered deficient if a copy of your application is not forwarded to one of those agencies.
- **6**. The application must be sent to the SPOC or areawide/regional/local planning agency in a timely manner, in order for it to be reviewed before the end of the respective comment period. Under E.O. 12372, the comment period is 60 days for new and competitive awards, and 30 days for non-competing continuation awards.
- 7. If you subsequently receive comments about your application from the SPOC or areawide/ regional/local planning agency, you should forward them immediately to the EPA office (generally the awarding office) where you mailed your application package. Before making a funding decision, EPA is required to consider comments made by the SPOC or planning agency. Therefore, the awarding office may contact you to discuss concerns that may have been raised by the SPOC or planning agency.

EPA PROGRAMS ELIGIBLE FOR INTERGOVERNMENTAL REVIEW

States may select any or all of the following EPA programs and activities for review under their official intergovernmental review process. All programs are active as of September 2005. Programs which are also subject to Section 204 of the Demonstration Cities and Metropolitan Development Act are identified with an asterisk (*). Please note that tribal activities within the following EPA programs are excluded from intergovernmental review.

(N/A)	* Real property acquisition or disposition by EPA, including obtaining major leases or easements.
(N/A)	* Construction of new EPA facilities.
(N/A)	* EPA issued plans and permits which do not impact interstate areas.

¹ Selection is limited to proposals administered by the Office of Research and Development which (a) require an Environmental Impact Statement (EIS); or (b) do not require an EIS but will be newly initiated at a particular site and require unusual measures to limit the possibility of adverse exposure or hazard to the general public; or (c) have a unique geographic focus and are directly relevant to the governmental responsibilities of a State or local government within that geographic area. Otherwise, national research programs are exempt from review.
