SUBJECT: Information Resources Management (IRM) Strategic Planning

This Policy Notice relates to ADS 542, Planning and Budgeting for Information Technology (IT) Resources.

Based on cost recovery (availability of funding), revisions by the Department of State to their IRM Strategic Plan, re-alignment of the IRM Strategic Plan initiatives with the USAID Strategic Plan, or implementation of other Federal initiatives that require alteration of the Plan, IRM will conduct a review of its IRM Strategic Plan and update it, as necessary.

Instead of a mandatory annual review, M/IRM will periodically review the IRM Strategic Plan, as previously stated, to ensure that the initiatives detailed within it currently meet the Agency's information needs.

After the review process is complete, IRM must submit the revised Strategic Plan to the CIO for approval.

Point of Contact: John Streufert, M/AA, (202) 712-5460.
