

Table A – Hawaii Part B
Issues Identified in the State Performance Plan

SPP Indicator	Issue	Required Action
<p>Indicator 8: Percent of parents with a child receiving special education services who report that schools facilitated parent involvement as a means of improving services and results for children with disabilities. (20 U.S.C. 1416(a)(3)(A))</p>	<p>On page 8-1 of the SPP, Hawaii indicated that it is using the parent survey developed by the National Center for Special Education Accountability Monitoring to collect data for indicator 8; however, a copy of the survey was not included in the SPP as required in the directions in the Part B Measurement Table for this indicator. Also, OSEP was unable to determine whether parents of preschool-aged children with disabilities would participate in the survey.</p>	<p>The State must submit a copy of the survey in the FFY 2005 APR, due February 1, 2007. In the next APR, the State also must clarify whether parents of preschool-aged children with disabilities participate in the survey.</p>
