Advocacy: the voice of small business in government

Texas

Texas's 2.1 million small businesses provide economic opportunities to diverse groups of people and bring innovative products and services to the marketplace.* This profile from the Office of Advocacy compiles the latest facts and figures on the status and role of small business in the state. (Note that a small business is defined here as one with fewer than 500 employees.)

- Texas had 386,422 small employers in 2006, representing 98.7% of the state's employers and 46.8% of its private-sector employment.
- The health care and social assistance industry was the state's largest small business employer in 2006; retail trade was the largest overall employer (Table 1).
- Small businesses created 44.3% of the state's net new jobs from 2004 to 2005 (Table 2).
- Texas's real gross state product increased by 4.1% in 2007. By comparison, growth in the Southwest region was 3.7% and the United States, 2.0%. (Source: U.S. Dept. of Commerce: Bureau of Economic Analysis)
