**USA Freedom Corps – Volunteering PSA**

**(:60)**

Hi. My name is Wendy Spencer. I'm Director of Volunteer Florida. After four hurricanes struck our state, we coordinated one of the largest volunteer mobilizations in the history of America.

But I don't just coordinate volunteers – I'm a volunteer myself.

Volunteering is great for the soul. One of the joys in my life is when I mentor a lively fourth-grader named Shakira. She loves the special attention I give her, and I love watching Shakira grow in her confidence and ability.

Whether it's mentoring at a local school, volunteering with Red Cross, or committing a year to national service through AmeriCorps, an equally rewarding way to give the gift of your time and energy is waiting just for you.
