

Synopsis  
Relocatable Billeting- Camp Cunningham  
Solicitation Number W917PM-07-R-0067

The U.S. Army Corps of Engineers, Afghanistan District intends to issue a Request for Proposals (RFP) to award one Firm Fixed Price contract for the upgrading of Camp Cunningham using the existing compound footprint through design and construction consisting of re-locatable buildings (RLBs). Camp Cunningham is located at Baghram Airbase in the Parvan Province approximately 11 kilometers (7 miles) southeast of the city of Charikar and 47 Kilometers (27 miles) north of Kabul. The project consists of the design and construction of relocatable billeting for up to 1440 personnel at the Camp Cunningham compound at Baghram Airfield, Afghanistan. The project is defined as the design, material, labor, and equipment to construct buildings, parking, utilities and other infrastructure for U.S. military personnel. There will be minor demolition work required however, the existing wood structures will be removed by others. The work within this contract shall meet and be designed and constructed in accordance with current U.S. design standards and International Building Codes (IBC), Life Safety Codes (NFPA-101), Force Protection and security standards. Work includes the following: preparation of site, foundation pad preparation, construction of foundation, construction of prefabricated modular billeting and toilet/shower units, connection of new facilities to existing utilities including water, prime power and communications and establishment of connection to new sanitary sewer holding tanks.

This procurement shall be conducted in accordance with the United States Federal Acquisition (FAR) regulations. The magnitude of this contract action is estimated to be between U.S. dollars \$1,000,000 and \$7,500,000. The solicitation will be evaluated using the Best value Trade-off method. It is anticipated that the solicitation will be released on or about 7 April 2007. The point of contact for this contract action is James Sinclair, Contract Specialist, at e-mail address [James.R.Sinclair@tac01.usace.army.mil](mailto:James.R.Sinclair@tac01.usace.army.mil) . The solicitation, when available, can be downloaded from the U.S. Army Corps of Engineers website at <http://www.aed.usace.army.mil/solicitations.html> . Offerors are required as per DFARS 252.204-7004 to be registered with the Central Contract Registration (CCR). Information concerning registration and the registration process can be found at the website <http://www.ccr.gov> . Please note that electronic submission of proposals will not be accepted. All proposals must be submitted by post or hand delivered by the date posted in the RFP.
