### CURRENT SITUATION

#### Indonesia Update

- According to the U.N. World Food Program (WFP), sea conditions off the west coast of Aceh will likely worsen from mid-February to July, due to the phenomenon known as “the big swell.” On January 19, WFP recommended that non-governmental organizations (NGOs) begin making plans to pre-position food stocks, because during this time period large ships cannot land in many areas and small boats will be unable to navigate the rough waters.
- On January 19, representatives of the USAID Disaster Assistance Response Team (USAID/DART), USAID/Indonesia, the U.N. High Commissioner for Refugees (UNHCR), the U.N. Development Program (UNDP), the Asian Development Bank (ADB), and the Aceh Recovery Forum (community-based civil society organizations in Aceh) met to discuss the shelter situation and offer alternatives to resettlement camps. The meeting attendees universally supported non-camp interventions, stressing the need to utilize host family and community support. In addition, the representatives encouraged transitional shelter initiatives that generate livelihood opportunities and seek to bridge the gap between relief and reconstruction.
- OCHA reports that the International Organization for Migration (IOM), the Muhammadiyah Muslim Association, and GOAL have recently set up mobile vaccination clinics in Aceh camps for internally displaced persons (IDPs). In cooperation with the U.N. Children’s Fund (UNICEF) and the Government of Indonesia, IOM aims to immunize against measles approximately 576,000 children in Aceh and North Sumatra provinces. According to UNICEF, 15,000 children have been vaccinated against measles to date. OCHA also reports that 67 cases of tetanus, most in Banda Aceh, have been identified. Government of Indonesia and U.N. World Health Organization (WHO) experts are currently investigating each case.

#### Sri Lanka Update

- The USAID/DART reports that water tankering will continue until all repairs are completed in affected districts. To date, all 10 urban water supply systems have been restored, and 3,500 out of 12,000 wells have been cleaned. In February 2005, the National Water Supply and Drainage Board, in conjunction with WHO, will conduct training for water quality testing of wells and community water systems; testing will begin on March 15.
- According to the USAID/DART, the Galle Water Board (GWB) lacks the capacity to transport the 18,000 cubic meters of drinking water it produces daily, although effective January 19 the Maltese Order was scheduled to provide four water trucks to support GWB water distribution. The U.S. Military continues water distributions in Hikkaduwa Region but is scheduled to transition these duties to the Galle Water Board (GWB) by January 25.
- To verify needs in the water and sanitation sector, from January 21 to 25, the USAID/DART will meet with local government officials as well as USAID/OFDA implementing partners in Trincomalee, Batticaloa, Ampara,

<sup>1</sup> This figure includes assistance from USAID, the U.S. Department of State, and the U.S. Department of Agriculture. The value of assistance provided by the U.S. Department of Defense (DOD) is not included in total USG assistance committed.

Hambantota, Matara, and Galle. On January 19, a coordinated effort to construct temporary latrines at schools began within Galle District. The U.S. Military, with materials provided by the U.N. Children's Fund (UNICEF) and World Vision International (WVI), will construct the foundations. A total of 40 latrines, each with one male and one female unit, will be constructed.

- The U.S. Military continues to provide support for relief activities throughout Sri Lanka, including food transport to Jaffna and Batticaloa. The U.S. military has also worked with the Indian army to airlift relief supplies to Koggala in Galle District. The U.S. Military has completed or initiated 73 requests for assistance, including 58 flights of relief supplies, as well as requests for water distribution, engineer support, and rubble clearance.

#### *India Update*

- Following a visit to Little Andaman, Teresa, and South Andaman Islands, the Union Minister of State for Home Affairs announced on January 17 that some of the camps, particularly in Car Nicobar, would be converted to temporary settlements. In addition, the Minister stressed the importance of providing employment to camp residents by involving them in the construction of shelters. On January 19, the Ministry of Home Affairs announced that approximately 40,000 people in the relief camps in the Andaman and Nicobar Islands would receive temporary shelters within one month.

#### *Maldives Update*

- The USAID/DART reported that corpses are washing ashore in Maldives from Sri Lanka, and this has raised concerns in the Maldivian population about the safety of fish consumption. WHO confirmed that fish consumption is not a health hazard, and in conjunction with the Ministry of Health, is working on an information campaign to counteract the misperception.

### **USG ASSISTANCE**

#### *USAID Regional Response*

- The USAID/DART and the U.S. military continue to conduct needs assessments and provide supplies and essential logistic support for the relief efforts in affected countries.

#### *Indonesia*

- To date, the USG has provided more than \$37.3 million to support emergency relief activities and the provision of food, water, and relief supplies for affected populations in Indonesia. On January 20, USAID/OFDA provided more than \$2.5 million to the International Rescue Committee (IRC) for water and sanitation, psychological and social activities, and health in Aceh Province. USAID/OFDA also contributed \$393,000 to Christian's Children Fund (CCF) for child protection and psychological and social activities in Aceh Province.

#### *Sri Lanka*

- To date, the USG has provided nearly \$46 million in emergency food assistance, shelter, water and sanitation, livelihoods recovery, and psychological and social support. On January 20, through funds already allocated to USAID/Sri Lanka, USAID/OFDA awarded nearly \$200,000 to the Asia Foundation for child protection and psychological and social activities. Save the Children/U.K. received an additional \$121,000 for an existing grant for shelter, water and sanitation, and emergency relief supplies.

#### *India*

- To date, USAID has provided more than \$3.8 million in emergency relief assistance, including an additional \$700,000 to USAID/India on January 19. Through funds provided to USAID/India, USAID/OFDA awarded four additional grants on January 20. EXNORA International received \$115,195 for a livelihoods program particularly targeted at youths, including a participatory waste management system and vocational skills training in areas such as craft, farming, and livestock. USAID/OFDA contributed more than \$250,000 to GOAL for cash-for-work activities to support the rehabilitation of affected villages, including repair of damaged properties and clean-up. Agence d'Aide à la Coopération Technique et au Développement (ACTED) received nearly \$300,000 for livelihood restoration projects, including livestock replenishment, through support for self-help groups. USAID/OFDA provided more than \$280,000 to Food for the Hungry International (FHI) for cash-for-work projects, including livelihood restoration and debris removal.

#### *Department of Defense (DOD) Humanitarian Assistance*

- As of January 20, more than 11,570 U.S. military personnel are involved in providing relief support in the affected region. Of the 2,926 military personnel currently on the ground, 1,651 are in Thailand, 778 in Sri Lanka, 328 in Indonesia, 102 in Maldives, 59 in Malaysia, and 8 in Bangladesh. With 16 ships and 75 aircraft, the U.S. military has delivered a total of 5,085,227 lbs of relief supplies to the governments of Indonesia, Sri Lanka, Thailand, and other affected nations, including 4,010 gallons of water; 127,910 lbs of food; and 83,850 lbs of relief supplies in the last 24 hours.

### **BACKGROUND**

- A magnitude 9.0 earthquake on December 26, off the west coast of Northern Sumatra, Indonesia, triggered massive tsunamis that affected several countries throughout South and Southeast Asia, as well as Somalia, Tanzania, and Kenya in East Africa. Aftershocks from the December 26 earthquake continue to occur in the region.

- Based on initial findings of USG assessment teams and on the recommendation of Secretary of State Powell and USAID Administrator Natsios, on December 31, President Bush committed \$350 million toward earthquake and tsunami relief and recovery efforts. Dollar amounts in this Fact Sheet are part of the total pledge of \$350 million and refer to specific funding actions that have been committed and programmed. USAID/OFDA welcomes proposals from qualified humanitarian assistance organizations prepared to implement relief activities in response to the Indian Ocean Earthquake and Tsunami disaster. Details can be found at [www.usaid.gov](http://www.usaid.gov).

**Total USG Humanitarian and Recovery Assistance Pledged..... \$350,000,000**  
**Total USAID/OFDA Humanitarian Assistance Committed..... \$72,219,369**  
**Total USG Humanitarian Assistance Committed<sup>2</sup> ..... \$102,900,675**

**FURTHER INFORMATION ON USG RESPONSE**

More detailed information on USG assistance already provided, including DOD resources, in response to the disaster may be found in previous USAID/OFDA Fact Sheets:

[http://www.usaid.gov/our\\_work/humanitarian\\_assistance/disaster\\_assistance/countries/indian\\_ocean/et\\_index.html](http://www.usaid.gov/our_work/humanitarian_assistance/disaster_assistance/countries/indian_ocean/et_index.html)

**PUBLIC DONATION INFORMATION***Making a Donation to Relief Efforts*

- The most effective way people can assist relief efforts is by making cash contributions to humanitarian organizations that are conducting relief operations.
- For a list of humanitarian organizations accepting donations for South Asia relief operations, please see “Tsunami Relief” at [www.usaid.gov](http://www.usaid.gov) or [www.usafreedomcorps.gov](http://www.usafreedomcorps.gov). Or call the Center for International Disaster Information at (703) 276-1914.
- USAID encourages cash donations because they allow aid professionals to procure the exact items needed (often in the affected region); reduce the burden on scarce resources (such as transportation routes, staff time, warehouse space, etc); can be transferred very quickly and without transportation costs; support the economy of the disaster-stricken region; and ensure culturally, dietary, and environmentally appropriate assistance.

*Additional Information*

- Information on making effective donations can be found on the following websites:
  - USAID: [www.usaid.gov](http://www.usaid.gov), Keyword: Donations
  - The Center for International Disaster Information: [www.cidi.org](http://www.cidi.org)
