# 1. INTRODUCTION

In February 2006 we provided SSA with a preliminary version of this deliverable, a catalogue of transition resources. The contract calls for an update every six months. The February deliverable was limited to a list of national resources. During the last six months Westat worked with each of the 22 demonstration sites to develop a catalogue of community level resources. This August 2006 version of the deliverable includes both the national and community resources that will be provided to each beneficiary enrolled in the MHTS. However, each beneficiary will receive a manual of national and local resources that is customized to their local area.

Soon after a site signed a site agreement, Westat began to work with the research assistant (RA) at the site to develop a community resources manual. The RA was sent a survey requesting a listing of community resources in each of ten community resources categories (provided in Chapter 3, Community Resource) or recommend an existing manual if it provided information for each of the ten categories. Westat reviewed each submission, and developed a resource manual for each demonstration site that contained both national and community level resources. A handful of sites received approval to use their own manual. For these sites Westat has produced a separate manual with just the national resources.

As requested in the contract, control group beneficiaries will receive the resource manual immediately following randomization. Treatment group beneficiaries will receive the manual at transition, between months 18-24 of their 24-month intervention period.

In Chapter 2 we present the national resources. Chapter 3 lists the 10 categories of community resources included in each community resource manual. Chapters 4 through 25 provide the current listing of community resources for each of the 22 demonstration sites.

## 2. NATIONAL RESOURCES

This Chapter lists organizations across the nation that provide services to individuals with mental illness. Organizations are listed under seven different categories depending on the types of services provided. An organization that provides multiple services is listed under multiple categories. The seven service categories included in the national resources listing are:

1. Information on psychiatric disorders and substance abuse,
2. Consumer self-help and support groups,
3. Alcohol and substance abuse,
4. SSA work incentive programs,
5. Health insurance,
6. Suicide helpline, and
7. Legal aid

### 3. COMMUNITY RESOURCES

As indicated in Chapter 1, Westat mailed each of the 22 site RAs the Community Resource survey (Exhibit 3-1). The survey lists 10 categories Westat felt would be valuable to beneficiaries in the control group looking for available services and those in the treatment group transitioning out of the study. For each organization listed in the manual, Westat requested the organization's name, a brief description, address, telephone number, website address, and a contact person at the organization. Westat required the RA include, at a minimum, the organization's name, description and telephone number and/or website. Upon completion, the RAs sent the surveys to Westat electronically. Sites that chose to provide beneficiaries with their own Community Resource Manual were asked to submit a hard copy to Westat for review. Following finalization of each manual, Westat will reproduce and send sites copies for distribution to each enrolled beneficiary.

**Community Resource Manual Status.** We have reserved a chapter for each of the 22 sites—chapters 4 through 25. However, not included are resources for:

- Henderson Mental Health Center in Fort Lauderdale, FL as they will be using their current community resource booklet;
- Mental Health Center of Greater Manchester in Manchester, NH as they will be using their current community resource booklet; and
- Aiken Barnwell Mental Health Center in Aiken, SC as they will be using their current community resource booklet.

Description: For people diagnosed with mood disorders including depression, dysthymia and bipolar (manic-depressive) disorders; psychotic disorders including schizophrenia; anxiety and obsessive-compulsive disorder; and personality disorders. Members also include people not diagnosed, but having difficulty dealing with problems of everyday life. Practical coping techniques are learned through the regular attendance at meetings, studying the recovery literature, and daily practice. Not affiliated with any religion or belief system, and operated entirely by non-professionals. Recovery is not a 12-step program. Because of dual diagnoses, some members attend both Recovery and 12 step group. Recovery works in conjunction with Professional mental health services.

Description: Community Support Programs.

Case Managers help clients achieve a successful adjustment to the community after long or recurrent hospitalizations. Specialized services are offered to homeless clients, and clients who are involved in the criminal justice system. The Forensic FACT Team provides treatment, rehabilitation, and support services to persons who are diagnosed with a mental illness and are under a valid Chapter 916 Conditional Release Order.

The Mental Health Recovery Program activities include therapeutic groups, peer discussions and training in basic living skills, socialization, communication and assertiveness. The Drop-In Center is a client-run community-based center that provides social activities for severely and persistently mentally ill adults.

Description: The Minority Skills Bank helps people secure suitable jobs by offering job readiness counseling, employability skills training, referral and placement assistance and follow-up support. The program also helps businesses and corporations secure well-screened and qualified employees.

In an effort to promote the economic independence of Urban League constituents, the Minority Skills Bank works with unemployed and underemployed individuals to insure appropriate job referrals. The applicants' skills and educational levels are matched with specific job requirements from local employers to insure qualified referrals, maximizing permanent placement results. Services include: job readiness counseling, employability skills development training, referral and placement assistance and follow-up. The Minority Skills Bank is assisted by a panel of human resource professionals from local corporations who volunteer their expertise through membership on the Minority Skills Bank Advisory Committee. In addition to regular interviewing and job referrals, the Minority Skills Bank has accepted the challenge of working with those deemed "hard-to-place" due to significant employment barriers.

Services are provided free of charge at three (3) locations in Pinellas County.

Eligibility Requirements:

Available to anyone, age 16 or older, who is seeking employment.

Description: Vincent House is part of an international organization of 400 clubhouses. For more information on the International Center for Clubhouse Development, or on specific program policies and goals, log on to [www.iccd.org](http://www.iccd.org)

Program Mission: The mission of Van Gogh’s Palette, Inc. is to assist, promote and celebrate individuals recovering from mental illnesses in their effort to improve social and vocational skills and become employed in the community. This will be accomplished with the input of the individual, utilizing his/her talents while demonstrating respect, encouragement and dignity.

Hours of Operation: Monday - Friday: 8:00 a.m. – 4:00 p.m.

Saturday and Sunday: 9:00 a.m. – 1:00 p.m.

Persons recovering from mental illnesses are able to relearn vocational and social skills by participating in a training program known as the “work-ordered day.” Persons that choose to participate in the clubhouse are able to perform certain duties in the work units (food service, business and employment) as a way to relearn how to interact with other people and how to complete simple tasks, thus learning basic work skills. Membership to Vincent House is open to the public. The pre-qualifications for participation are a history of mental illness and a desire to participate.

Description: Vincent House is part of an international organization of 400 clubhouses. For more information on the International Center for Clubhouse Development, or on specific program policies and goals, log on to [www.iccd.org](http://www.iccd.org).  
Program Mission: The mission of Van Gogh's Palette, Inc. is to assist, promote and celebrate individuals recovering from mental illnesses in their effort to improve social and vocational skills and become employed in the community. This will be accomplished with the input of the individual, utilizing his/her talents while demonstrating respect, encouragement and dignity.  
Hours of Operation: Monday - Friday: 8:00 a.m. – 4:00 p.m.  
Saturday and Sunday: 9:00 a.m. – 1:00 p.m.  
Persons recovering from mental illnesses are able to relearn vocational and social skills by participating in a training program known as the "work-ordered day." Persons that choose to participate in the clubhouse are able to perform certain duties in the work units (food service, business and employment) as a way to relearn how to interact with other people and how to complete simple tasks, thus learning basic work skills. Membership to Vincent House is open to the public. The pre-qualifications for participation are a history of mental illness and a desire to participate.

Application and pharmacy locations available online.

Telephone: 1-866-215-3462

Address: P.O. Box 94858

Chicago, IL 60690

Description: This is a prescription discount program for Illinois residents. In January 2006, this program will expand to provide coverage to Illinois residents without Medicare. The discount you get depends on the drug and the pharmacy, but you may save up to 24%. There is a \$10 annual fee.

To be eligible in 2006, you must be an Illinois resident with Medicare or have an Illinois Disabled Person Identification card and a Class 2 disability (meaning your doctor has certified that your disability significantly impairs your ability to work) or be an Illinois resident of any age who is uninsured and has an income of less than 300% of the Federal Poverty Level (approximately \$60,000 a year for a family of four).

Illinois Rx Buying Club will allow you to get discounts on drugs not covered by Illinois Cares Rx Basic, such as antibiotics. However, you can only get a discount on drugs when you are paying 100% of the cost.

Application and pharmacy locations available online.

Telephone: 1-866-215-3462

Address: P.O. Box 94858

Chicago, IL 60690

Description: This is a prescription discount program for Illinois residents. In January 2006, this program will expand to provide coverage to Illinois residents without Medicare. The discount you get depends on the drug and the pharmacy, but you may save up to 24%. There is a \$10 annual fee.

To be eligible in 2006, you must be an Illinois resident with Medicare or have an Illinois Disabled Person Identification card and a Class 2 disability (meaning your doctor has certified that your disability significantly impairs your ability to work) or be an Illinois resident of any age who is uninsured and has an income of less than 300% of the Federal Poverty Level (approximately \$60,000 a year for a family of four).

Illinois Rx Buying Club will allow you to get discounts on drugs not covered by Illinois Cares Rx Basic, such as antibiotics. However, you can only get a discount on drugs when you are paying 100% of the cost.
