

## Tool 1: Mapping Prevention Strategies

Key Prevention Strategies	Target Audience	Location/ Provider	Corresponding Activities	Duration/ Intensity	Reason for Selection	Length of Time in Place	Evidence of Effectiveness
Enhancing student Skills	<i>For example:</i> 7 <sup>th</sup> graders	Classroom/7 <sup>th</sup> grade teachers	Curriculum only	15 30-minute lessons	Recommended by a local researcher/ teacher's friend	It has been implemented for the last three years	Teacher observations; no evaluation data
Identifying and intervening with at-risk students and families							
Providing safe and supervised alternatives							
Restructuring classrooms to promote student engagement							
Influencing school and community norms							
Establishing and enforcing clear school policies							
Establishing and enforcing community policies							
Building school-family-community partnerships
