

**CONSOLIDATED STATE PERFORMANCE REPORT:
Parts I and II**

**for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended by the
No Child Left Behind Act of 2001**

For reporting on
School Year 2006-07

BUREAU OF INDIAN AFFAIRS

**PART I DUE FRIDAY, DECEMBER 28, 2007
PART II DUE FRIDAY, FEBRUARY 22, 2008**

**U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202**

INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended by the *No Child Left Behind Act* of 2001 (*NCLB*) provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning.

The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children*
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title I, Part F – *Comprehensive School Reform*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title II, Part D – *Enhancing Education through Technology*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title IV, Part B – *21st Century Community Learning Centers.*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *NCLB* Consolidated State Performance Report (CSPR) for school year (SY) 2006-07 consists of two information collections.

PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school.

Starting with SY 2005-06, collection of data for the Education of Homeless Children and Youths was added to Part I in order to provide timely data for the program's performance measures. This change allowed ED to retire OMB collection 1810-0650. For SY 2006-07, Migrant Education Program child count information that is used for funding purposes is now collected via Part I. This change allowed ED to retire OMB collection 1810-0519

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations.
3. The information will provide valid evidence of program outcomes or results.
4. The CSPR is the best vehicle for collection of the data.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2006-07 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Friday, December 28, 2007**. Part II of the Report is due to the Department by **Friday, February 22, 2008**. Both Part I and Part II should reflect data from the SY 2006-07, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2006-07 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2006-07 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

According to the Paperwork Reduction Act of 1965, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0614. The time required to complete this information collection is estimated to average 111 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimates(s) contact School Support and Technology Programs, 400 Maryland Avenue, SW, Washington DC 20202-6140. Questions about the new electronic CSPR submission process, should be directed to the EDEN Partner Support Center at 1-877-HLP-EDEN (1-877-457-3336).

**CONSOLIDATED STATE PERFORMANCE REPORT:
PART I**

For reporting on
School Year 2006-07

PART I DUE DECEMBER 28, 2007

1.1 STANDARDS AND ASSESSMENT DEVELOPMENT

This section requests descriptions of the State's implementation of the *NCLB* academic content standards, academic achievement standards and assessments to meet the requirements of Section 1111(b)(1) of *ESEA*.

1.1.1 Academic Content Standards

In the space below, provide a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's academic content standards in mathematics, reading/language arts or science. Indicate specifically in what year your state expects the changes to be implemented.

If the State has not made or is not planning to make revisions or changes, respond "No revisions or changes to content standards taken or planned."

The response is limited to 8,000 characters.

The Bureau of Indian Education (BIE) funded schools use the academic content standards of the geographic of the state in which they are located. They do not develop or change these standards. (CFR 25, Part 30)

Source – Manual input by the SEA using the online collection tool.

Note: Mathematics and Reading/Language Arts has been added to this data collection for the SY 2006-07 CSPR.

1.1.2 Assessments in Mathematics and Reading/Language Arts

In the space below, provide a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's assessments in mathematics or reading/language arts required under Section 1111(b)(3) of *ESEA*. As applicable, include any assessment (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of *ESEA*. Indicate specifically in what year your state expects the changes to be implemented.

If the State has not made or is not planning to make revisions or changes, respond "No revisions or changes to assessments made or planned."

The response is limited to 8,000 characters.

BIE funded schools use the assessments of the states in which the schools are located. They have no input in to development or change; this includes alternate assessments. (CFR 25 Part 30)

Source – Manual input by the SEA using the online collection tool.

Note: The subject of science has been removed from this data element.

1.1.3 Academic Achievement Standards in Mathematics and Reading/Language Arts

In the space below, provide a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's academic achievement standards in mathematics or reading/language arts implemented to meet the requirements under Section 1111(b)(3) of *ESEA*. As applicable, include alternate achievement standards for students with significant cognitive disabilities and modified academic achievement standards implemented to meet the requirements of Section 1111(b)(3) of *ESEA*. Indicate specifically in what year your state expects the changes to be implemented.

If the State has not made or is not planning to make revisions or changes, respond "No revisions or changes to content standards taken or planned."

The response is limited to 8,000 characters.

BIE funded schools use the academic achievement standards of the geographic state in which they are located; this includes alternate standards. (CFR 25, Part 30)

Source – Manual input by the SEA using the online collection tool.

Note: The subject of science has been removed from this data element.

1.1.4 Assessments in Science

In the space below, provide a description of the State's progress in developing and implementing assessments in science that meet the requirements of Section 1111(b)(3) of ESEA in the required grade levels, including remaining major milestones (e.g., field testing) and a timeline for them. As applicable, include any assessment (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of *ESEA*.

The response is limited to 8,000 characters.

Not applicable to BIE. At this time BIE does not develop or maintain assessments.

Source – Manual input by the SEA using the online collection tool.

Note: This table was formerly part of Section 1.1.2 of the SY 2005-06 CSPR.

1.1.5 Academic Achievement Standards in Science

In the space below, provide a description of the State's progress in developing and implementing academic achievement standards in science that meet the requirements of Section 1111(b)(3) in the required grade levels, including remaining major milestones and a timeline for them. As applicable, include alternate achievement standards for students with significant cognitive disabilities implemented to meet the requirements of Section 1111(b)(3) of *ESEA*.

The response is limited to 8,000 characters.

Not applicable to BIE. At this time the BIE does not develop or maintain standards. BIE uses the standards of the state in which the school is located.

Source – Manual input by the SEA using the online collection tool.

Note: This table was formerly part of Section 1.1.3 of the SY 2005-06 CSPR.

1.2 PARTICIPATION IN STATE ASSESSMENTS

This section collects data on the participation of students in the State *NCLB* assessments.

1.2.1 Participation of All Students in Mathematics Assessment

In the table below, provide the number of students enrolled during the State's testing window for *NCLB* mathematics assessments required under Section 1111(b)(3) of ESEA (regardless of whether the students were present for a full academic year) and the number of students who were tested in mathematics. The percentage of students who were tested for mathematics will be calculated automatically.

The student group "children with disabilities (*IDEA*)" includes children who were tested using regular assessments with or without accommodations and alternate assessments.

The student group "limited English proficient students (LEP)" includes recently arrived students who have attended schools in the United States for fewer than 12 months; and it does not include former LEP students.

Student Group	# Students Enrolled	# Students Tested	Percent of Students Tested
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
Black, non-Hispanic			
Hispanic			
White, non-Hispanic			
Children with disabilities (<i>IDEA</i>)			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			

Comments: Data for above Table:

Student Group	# Students Enrolled	# Students Tested	Percentage of Students Tested
All students	21,764	21,314	97.93
Amer. Ind./Alaska. Nat.	21,764	21,314	97.93
Asian or Pacific Is	Na	Na	
Black, non-Hispanic	Na	Na	
Hispanic	Na	Na	
White, non-Hispanic	Na	Na	
Children - dis. (<i>IDEA</i>)	3,892	3,889	98.32
Limited English (LEP)	7,932	7,535	94.99
Econom. disadvantaged	21,764	21,314	97.93
Migratory students	na	na	
Male	10,889	10,658	97.88
Female	10,875	10,656	97.99

Source – The table above is produced through EDFacts. The SEA submits the data in file N/X081 that includes data group 588, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its

accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

Note: This table was formerly Section 1.2.1.1 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the total number of students enrolled has been added to this data collection.

1.2.2 Participation of Students with Disabilities in Mathematics Assessment

In the table below, provide the number of children with disabilities (IDEA) tested during the State's testing window for mathematics assessments required under Section 1111(b)(3) of ESEA (regardless of whether the children were present for a full academic year) by the type of assessment. The percentage of children with disabilities (IDEA) who were tested in mathematics for each type of assessment will be calculated automatically. The total number of children with disabilities (IDEA) tested will also be calculated automatically.

The data provided below should include mathematics participation results from all students with disabilities as defined under the Individuals with Disabilities Education Act. Do not include results from students covered under Section 504 of the Rehabilitation Act of 1973.

Type of Assessment	# Children with Disabilities (IDEA) Tested	Percentage of Children with Disabilities (IDEA) Tested, Who Took the Specified Assessment
Regular Assessment without Accommodations	1223	31.4
Regular Assessment with Accommodations	2383	61.3
Alternate Assessment Based on Grade-Level Achievement Standards	139	3.6
Alternate Assessment Based on Modified Achievement Standards		
Alternate Assessment Based on Alternate Achievement Standards	144	3.7
Total	3889	
Comments: Data on Section 1.2.1 entered in the comments section. Therefore validation check invalid. 3,889 is the total reported.		

Source – Manual input by the SEA using the online collection tool.

Note: This table was formerly Section 1.2.2.1 of the SY 2005-06 CSPR.

1.2.3 Participation of All Students in the Reading/Language Arts Assessment

This section is similar to 1.2.1 and collects data on the State's *NCLB* reading/language arts assessment.

Student Group	# Students Enrolled	# Students Tested	Percent of Students Tested
All students			
American Indian or Alaska Native			
Asian or Pacific Islander			
Black, non-Hispanic			
Hispanic			
White, non-Hispanic			
Children with disabilities (<i>IDEA</i>)			
Limited English proficient (LEP) students			
Economically disadvantaged students			
Migratory students			
Male			
Female			
Comments: Student Group # Students Enrolled # Students Tested Percentage of Students Tested			
All students 22,827 22,353 97.62			
Amer. Ind./Alaska Nat. 22,827 22,353 97.62			
Asian or Pacific Islander			
Black, non-Hispanic			
Hispanic			
White, non-Hispanic			
Children-disab.(<i>IDEA</i>) 4,188 4,099 97.87			
Limited Eng. (LEP) 8,655 8,479 97.97			
Economically disadv. 22,827 22,353 97.92			
Migratory students			
Male 11,425 11,162 97.70			
Female 11,402 11,173 97.99			

Source – The same file specification as 1.2.1 is used, but with data group 589 instead of 588.

Note: This table was formerly Section 1.2.1.2 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the total number of students enrolled has been added to this data collection.

1.2.4 Participation of Students with Disabilities in Reading/Language Arts Assessment

This section is similar to 1.2.2 and collects data on the State's *NCLB* reading/language arts assessment.

The data provided should include reading/language arts participation results from all students with disabilities as defined under the Individuals with Disabilities Education Act and do not include results from students covered under Section 504 of the Rehabilitation Act of 1973.

Type of Assessment	# Children with Disabilities (IDEA) Tested	Percentage of Children with Disabilities (IDEA) Tested, Who Took the Specified Assessment
Regular Assessment without Accommodations	1288	
Regular Assessment with Accommodations	2534	
Alternate Assessment Based on Grade-Level Achievement Standards	147	
Alternate Assessment Based on Modified Achievement Standards	0	
Alternate Assessment Based on Alternate Achievement Standards	130	
Total		
<p>Comments: Total = 4,099 as reported in 1.2.3</p> <p>1,288 = 31.42% (Reg. No Accommodations)</p> <p>2,534 = 61.81% (Reg. with Accommodations)</p> <p>147 = 3.42 Alt/grade level</p> <p>130 = 3.17 Alt/Alt</p>		

Source – Manual input by the SEA using the online collection tool.

Note: This table was formerly Section 1.2.2.2 of the SY 2005-06 CSPR.

1.3 STUDENT ACADEMIC ACHIEVEMENT

This section collects data on student academic achievement on the State *NCLB* assessments.

1.3.1 Student Academic Achievement in Mathematics

In the format of the table below, provide the number of students who completed the State *NCLB* assessment(s) in mathematics implemented to meet the requirements of Section 1111(b)(3) of ESEA (regardless of whether the students were present for a full academic year) and for whom a proficiency level was assigned, and the number of these students who scored at or above proficient, in grades 3 through 8 and high school. The percentage of students who scored at or above proficient is calculated automatically.

The student group "children with disabilities (*IDEA*)" includes children who were tested using regular assessments with or without accommodations and alternate assessments.

The student group "limited English proficient students (LEP)" does not include recently arrived students who have attended schools in the United States for fewer than 12 months; and does not include monitored former LEP (MFLEP) students.

1.3.2 Student Academic Achievement in Reading/Language Arts

This section is similar to 1.3.1. The only difference is that this section collects data on the State's *NCLB* reading/language arts assessment.

1.3.1 Student Academic Achievement in Mathematics - Grade 3

Grade 3	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	3147	1296	41.2
American Indian or Alaska Native	3147	1296	41.2
Asian or Pacific Islander	0	0	0.0
Black, non-Hispanic	0	0	0.0
Hispanic	0	0	0.0
White, non-Hispanic	0	0	0.0
Children with disabilities (<i>IDEA</i>)	492	115	23.4
Limited English proficient (LEP) students	1237	388	31.4
Economically disadvantaged students	3147	1296	41.2
Migratory students	0	0	0.0
Male	1531	608	39.7
Female	1616	688	42.6

Comments: The results above are aggregated across the 23 state systems of assessment. BIE does not develop assessments and uses those of the states. What is reflected in this section is the number of students who achieved at proficiency or above based on 23 different criteria. While each state has developed their assessment and resultant measure of proficiency differently the concept of proficiency is a common one. This supports the aggregation to look at the system as a whole. Within the BIE reporting to schools each state group of BIE schools is aggregated.

Student groups of ALL, American Indian and Economically Disadvantaged are comprised of the same individuals and therefore are the same numbers.

Source – Initially prepopulated by ED*Facts* in file N/X075 that is data group 583, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.2 Student Academic Achievement in Reading/Language Arts - Grade 3

Grade 3	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	3319	1448	43.6
American Indian or Alaska Native	3319	1448	43.6
Asian or Pacific Islander	0	0	0.0
Black, non-Hispanic	0	0	0.0
Hispanic	0	0	0.0
White, non-Hispanic	0	0	0.0
Children with disabilities (<i>IDEA</i>)	516	104	20.2
Limited English proficient (LEP) students	1393	465	33.4
Economically disadvantaged students	3319	1448	43.6
Migratory students	0	0	0.0
Male	1620	627	38.7
Female	1699	821	48.3

Comments: See above comment.

Reading and Language Arts results have been combined. Not all states report the same area.

Source – Initially prepopulated by ED*Facts* in file N/X076, N/X077, or N/X078 that are data group 584, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.3 Student Academic Achievement in Mathematics - Grade 4

Grade 4	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	3038	1127	37.1
American Indian or Alaska Native	3038	1127	37.1
Asian or Pacific Islander	0	0	0.0
Black, non-Hispanic	0	0	0.0
Hispanic	0	0	0.0
White, non-Hispanic	0	0	0.0
Children with disabilities (<i>IDEA</i>)	518	95	18.3
Limited English proficient (LEP) students	1148	326	28.4
Economically disadvantaged students	3038	1127	37.1
Migratory students	0	0	0.0
Male	1531	530	34.6
Female	1507	597	39.6
Comments: See comments under 3rd grade			

Source – Initially prepopulated by ED Facts in file N/X075 that is data group 583, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.4 Student Academic Achievement in Reading/Language Arts - Grade 4

Grade 4	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	3230	1340	41.5
American Indian or Alaska Native	3230	1340	41.5
Asian or Pacific Islander	0	0	0.0
Black, non-Hispanic	0	0	0.0
Hispanic	0	0	0.0
White, non-Hispanic	0	0	0.0
Children with disabilities (<i>IDEA</i>)	557	112	20.1
Limited English proficient (LEP) students	1234	377	30.6
Economically disadvantaged students	3230	1340	41.5
Migratory students	0	0	0.0
Male	1621	567	35.0
Female	1609	773	48.0
Comments: See comments under 3rd grade.			

Source – Initially prepopulated by ED Facts in file N/X076, N/X077, or N/X078 that are data group 584, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.5 Student Academic Achievement in Mathematics - Grade 5

Grade 5	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	2906	993	34.2
American Indian or Alaska Native	2906	993	34.2
Asian or Pacific Islander	0	0	0.0
Black, non-Hispanic	0	0	0.0
Hispanic	0	0	0.0
White, non-Hispanic	0	0	0.0
Children with disabilities (<i>IDEA</i>)	524	81	15.5
Limited English proficient (LEP) students	1009	216	21.4
Economically disadvantaged students	2906	993	34.2
Migratory students	0	0	0.0
Male	1441	466	32.3
Female	1465	527	36.0
Comments: See comments 3rd grade.			

Source – Initially prepopulated by ED Facts in file N/X075 that is data group 583, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.6 Student Academic Achievement in Reading/Language Arts - Grade 5

Grade 5	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	3068	1300	42.4
American Indian or Alaska Native	3068	1300	42.4
Asian or Pacific Islander	0	0	0.0
Black, non-Hispanic	0	0	0.0
Hispanic	0	0	0.0
White, non-Hispanic	0	0	0.0
Children with disabilities (<i>IDEA</i>)	560	94	16.8
Limited English proficient (LEP) students	1115	333	29.9
Economically disadvantaged students	3068	1300	42.4
Migratory students	0	0	0.0
Male	1524	577	37.9
Female	1544	723	46.8
Comments: See comments 3rd grade			

Source – Initially prepopulated by ED Facts in file N/X076, N/X077, or N/X078 that are data group 584, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.7 Student Academic Achievement in Mathematics - Grade 6

Grade 6	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	2846	836	29.4
American Indian or Alaska Native	2846	836	29.4

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.4 SCHOOL AND DISTRICT ACCOUNTABILITY

This section collects data on the Adequate Yearly Progress (AYP) status of schools and districts.

1.4.1 All Schools and Districts Accountability

In the table below, provide the total number of public elementary and secondary schools and districts in the State and the total number of those schools and districts that made AYP based on data for the SY 2006-07 school year. The percentage that made AYP will be calculated automatically.

Entity	Total #	# That Made AYP in SY 2006-07	Percentage That Made AYP in SY 2006-07
Schools			
Districts			
Comments: Made AYP			
2005-2006 - 53 schools			
2006-2007 - 48 schools + 2 held harmless (1 working on an alternate definition of AYP, 1 extenuating test circumstance with access to state testing.			

Source – The table above is produced through *EDFacts*. The SEA submits the data in N/X103 for data group 32.

1.4.2 Title I School Accountability

In the table below, provide the total number of public Title I schools by type and the total number of those schools that made AYP based on data for the SY 2006-07 school year. Include only public Title I schools. Do not include Title I programs operated by local educational agencies in private schools. The percentage that made AYP will be calculated automatically.

Title I School	# Title I Schools	# Title I Schools That Made AYP in SY 2006-07	Percentage of Title I Schools That Made AYP in SY 2006-07
All Title I schools			
Schoolwide (SWP) Title I schools			
Targeted assistance (TAS) Title I schools			
Comments: All BIE schools are title schools.			
Made AYP.			
2005-2006 - 53 schools			
2006-2007 - 48 schools + 2 held harmless (1 working on an alternate definition of AYP, 1 extenuating test circumstance with access to state testing.			

Source – The table above is produced through *EDFacts*. The SEA submits the data in N/X101 for data group 22 and N/X103 for data group 32.

Note: New for the SY 2006-07 CSPR is the data collection requirement to report for public schools and to include data for schoolwide (SWP) and targeted assistance (TAS) Title I Schools.

1.4.3 Accountability of Districts That Received Title I Funds

In the table below, provide the total number of districts that received Title I funds and the total number of those districts that made AYP based on data for SY 2006-07. The percentage that made AYP will be calculated automatically.

# Districts That Received Title I Funds	# Districts That Received Title I Funds and Made AYP in SY 2006-07	Percentage of Districts That Received Title I Funds and Made AYP in SY 2006-07
0	0	0.0

Comments: All BIE schools are school-wide Title I. There is not a district equivalent within the BIE structure.

Source – Initially, pre-populated by EDFacts file N/X103 that is data group 32 and 582. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of Section 1.4.2 of the SY 2005-06 CSPR.

1.4.4 Title I Schools Identified for Improvement

1.4.4.1 List of Title I Schools Identified for Improvement

In the following table, provide a list of Title I schools identified for improvement, corrective action, or restructuring under Section 1116 for the SY 2007-08 based on the data from SY 2006-07. For each school on the list, provide the following:

- District Name and NCES ID Code
- School Name and NCES ID Code
- Whether the school missed the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the school met the participation rate target for the reading/language arts assessment
- Whether the school missed the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the school met the participation rate target for the mathematics assessment
- Whether the school missed the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the school missed the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2007-08 (Use one of the following improvement status designations: School Improvement – Year 1, School Improvement – Year 2, Corrective Action, Restructuring Year 1 (planning), or Restructuring Year 2 (implementing))¹
- Whether the school is a Title I school (This column is optional and is used only by States that choose to list all schools in improvement.)

See attached for blank template that can be used to enter School Data.

Download template: [Question 1.4.4.1_0607.xls](#) ([Get MS Excel Viewer](#))

Source – Manual entry by SEA into the online collection tool.

Note: Identification as Title I school is a new data collection for the SY 2006-07 CSPR.

¹ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be found on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

1.4.4.2 Actions Taken for Title I Schools Identified for Improvement

In the space below, describe the measures being taken to address the achievement problems of schools identified for improvement, corrective action, and restructuring. Include a discussion of the technical assistance provided by and supported by the State, including a description of the statewide systems of support under *NCLB* (e.g., the number of schools served, the nature and duration of assistance provided, etc.).

The response is limited to 8,000 characters.

In School Year 2006-07, the BIE did not have a statewide system of support under NCLB. Through the BIE's State Plan and Memorandum of Agreement signed in subsequent years, this requirement was waived. In April 2006, regional trainings were held for 21 schools that would be in Corrective Action and 32 schools that would be in Restructuring. Guidance was provided on development of Corrective Action or Restructuring Plans and the required steps for implementation of these plans. These schools were targeted for additional school improvement funds. For the most part, BIE allocates school improvement funds based on an approved school improvement plan reviewed and approved by the Education Line Officer. It is left up to the school to select an outside expert to advise the school. Often times, school principals appoint a staff person to lead a school improvement team. Schools in School Improvement, Corrective Action, or Restructuring are targeted for additional dollars through sub-grants from the various NCLB programs, like Reading First and 21st Century Community Learning Centers.

Source – Manual entry by SEA into the online collection tool.

Note: The inclusion of the discussion of technical assistance provided by and supported by the State is a new data collection for the SY 2006-07 CSPR.

1.4.4.3 Corrective Action

In the table below, for schools in corrective action, provide the number of schools for which the listed corrective actions under *NCLB* are being implemented.

Corrective Action	# of Schools in Corrective Action in Which the Corrective Action Is Being Implemented
Required implementation of a new research-based curriculum or instructional program	0
Extension of the school year or school day	5
Replacement of staff members relevant to the school's low performance	0
Significant decrease in management authority at the school level	0
Replacement of the principal	0
Restructuring the internal organization of the school	0
Appointment of an outside expert to advise the school	0
Comments: The BIE does not have a data based established to determine the number of schools that took the identified Corrective Actions listed above. At least five schools extended the day through academic enrichment activities in reading and math through their Title IV, Part B - 21st Century Community Learning Centers sub-grants. Three schools were identified as FOCUS schools and participated in school-wide data retreats, principal leadership activities, as well as access to reading and math coaches.	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.4.4 Restructuring – Year 2

In the table below, for schools in restructuring – year 2 (implementation year), provide the number of schools for which the listed restructuring actions under *NCLB* are being implemented.

Restructuring Action	# of Schools in Restructuring in Which Restructuring Action Is Being Implemented
Replacement of all or most of the school staff (which may include the principal)	0
Reopening the school as a public charter school	0
Entering into a contract with a private entity to operate the school	0
Take over the school by the State	0
Other major restructuring of the school governance	0
Comments: Two-thirds of the schools funded by the BIE are operated by the tribes. The tribe is the entity that would determine to take actions such as those listed. None of these actions were taken in a BIE operated school.	
Replacement of all or some of school staff is not a practical option when it is very difficult to recruit and then train teachers to work in the very isolated areas in which BIE schools are located. There is little or no housing available, health care is frequently located at a very far distance, and the amenities that are commonly expected are few or non-existent for teachers from outside the community.	
The other restructuring actions are not applicable to BIE due to statutes.	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.5 Districts That Received Title I Funds Identified for Improvement

1.4.5.1 List of Districts That Received Title I Funds and Were Identified for Improvement

In the following table, provide a list of districts that received Title I funds and were identified for improvement or corrective action under Section 1116 for the SY 2007-08 based on the data from SY 2006-07. For each district on the list, provide the following:

- District Name and NCES ID Code
- Whether the district missed the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the reading/language arts assessment
- Whether the district missed the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the school met the participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the district met the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2007-08 (Use one of the following improvement status designations: Improvement or Corrective Action²)
- Whether the district is a district that received Title I funds (This column is optional and is used only by States that choose to list all districts in improvement.)

See attached for blank template that can be used to enter School Data.

Download template: [Question 1.4.5.1_0607.xls](#) ([Get MS Excel Viewer](#))

Source – Manual entry by SEA into the online collection tool.

Note: Identification of a district as receiving Title I funds is a new data collection for the SY 2006-07 CSPR.

² The district improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be found on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

1.4.5.2 Actions Taken for Districts That Received Title I Funds Identified for Improvement

In the space below, describe the measures being taken to address the achievement problems of districts identified for improvement or corrective action. Include a discussion of the technical assistance provided by the State (e.g., the number of districts served, the nature and duration of assistance provided, etc.).

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: The inclusion of the discussion of technical assistance provided by the State is a new data collection for the SY 2006-07 CSPR.

1.4.5.3 Corrective Action

In the table below, for districts in corrective action, provide the number of districts in corrective action in which the listed corrective actions under *NCLB* are being implemented.

Corrective Action	# of Districts in Corrective Action in Which Corrective Action Is Being Implemented
Implementing a new curriculum based on State standards	
Authorized students to transfer from district schools to higher performing schools in a neighboring district	
Deferred programmatic funds or reduced administrative funds	
Replaced district personnel who are relevant to the failure to make AYP	
Removed one or more schools from the jurisdiction of the district	
Appointed a receiver or trustee to administer the affairs of the district	
Restructured the district	
Abolished the district (list the number of districts abolished between the SYs 2005-06 and 2006-07 as a corrective action)	
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.6 Dates of AYP and Identification Determinations

In the table below, provide the dates (MM/DD/YY) when your State provided final school and district AYP and identification for improvement, corrective action, or restructuring to schools and districts based on SY 2006-07 assessments. If applicable, also provide the dates for preliminary determinations provided to schools and districts.

	Districts	Schools
Final AYP and identification determinations		174
Preliminary school AYP and identification determinations (if applicable)		
Comments: Because the BIE does AYP determinations based on assessment information from 23 different state systems and we do not govern when schools receive this information dates vary by state. Schools get test information directly; they then report by the categories to the BIE in an Annual Report. It is at that time BIE can begin AYP calculations. SY 2006-2007 assessment data was released to our schools between May and December (state had vendor problems). BIE does not have an automated program for calculations at this time. Each AYP determination is calculated separately. We are currently working with our students information system vendor to automate this calculation by state criteria.		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.7 Appeal of AYP and Identification Determinations

In the table below, provide the number of districts and schools that appealed their AYP designations based on 2006-07 data and the results of those appeals.

	# Appealed Their AYP Designations	# Appeals Resulted in a Change in the AYP Designation
Districts		
Schools	6	2
Comments: The number above reflects appeals that would be consistent with states' 30 day period. The BIE must also address any appeals that are submitted via the federal appeal system at the time they are received which may be months or years later. This is the more common route used by BIE schools.		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

Date (MM/DD/YY) that processing appeals based on SY 2006-07 data was complete	
-------------------------------------------------------------------------------	--

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.8 Section 1003(a) Funds

In the space below, describe your State's use of Section 1003(a) of ESEA funds. Specifically, address the following:

- Describe briefly any priorities the State uses in allocating these funds to schools.
- Describe briefly the State's methods for distributing these funds (e.g., formula, competitive, etc.).
- Describe briefly the types of activities supported by the Section 1003(a) funds.

The response is limited to 8,000 characters.

BIE identified schools for School Improvement, Corrective Action, and Restructuring and prioritized then use of these School Improvement funds for activities that could strengthen core academic subjects of reading and math through math and reading coaches and on-going sustainable professional development for teachers. Schools submitted development plans for initial review by the Education Line officers and final review by the Division of Performance and Accountability prior to the disbursement of School Improvement funds.

Source – Manual input by the SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.9 Public School Choice and Supplemental Educational Services

This section collects data on public school choice and supplemental educational services.

1.4.9.1 Public School Choice

This section collects data on public school choice. FAQs related to the public school choice provisions are at the end of this section.

1.4.9.1.1 Schools Using Public School Choice

In the table below, provide the number of public schools *from which* and *to which* students transferred under the provisions for public school choice in Section 1116 of ESEA.

	# Schools
Title I schools <i>from which</i> students transferred for public school choice	
Public Schools <i>to which</i> students transferred for public school choice	
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 1.4.5.1 of the SY 2005-06 CSPR.

1.4.9.1.2 Public School Choice – Students

In the table below, provide the number of students who were eligible for public school choice, the number of eligible students who applied for public school choice, and the number who transferred under the provisions for public school choice in Section 1116 of ESEA.

Students who are eligible for public school choice includes:

- (1) Students currently enrolled in a school identified for improvement
- (2) Students who transferred in the current school year under the public school choice provisions of section 1116, and
- (3) Students who previously transferred under section 1116 and are continuing to transfer for the current school year under section 1116.

	# Students
Eligible for public school choice	
Who applied to transfer	
Who transferred to another school under Title I public school choice provisions	

Indicate in the table below the categories of students that are included in the count of eligible students.

	Yes/No
1. Enrolled in a school identified for improvement	No Response__
2. Transferred in the current school year, only	No Response__
3. Transferred in a prior year and in the current year	No Response__
Comments:	

Source – Initially, pre-populated by ED*Facts* file N/X010 that includes data groups 579, 574 and 544. If necessary, it is updated through manual entry by the SEA into the online CSPR collection tool.

Note: This table was formerly part of section 1.4.5.1 of the SY 2005-06 CSPR.

1.4.9.1.3 Funds Spent on Public School Choice

In the table below, provide the total dollar amount spent by LEAs on transportation for public school choice in Section 1116 of ESEA.

	Amount
Dollars spent by LEAs on transportation for public school choice	\$
Comments:	

Source – Initially, pre-populated by ED*Facts* file N/X102 that includes data group 652. If necessary, it is updated through manual entry by the SEA into the online CSPR collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.9.1.4 Availability of Public School Choice Options

In the table below provide the number of LEAs in your State that are unable to provide public school choice options to eligible students due to any of the following reasons:

1. All schools at a grade level are in school improvement, corrective action, or restructuring.
2. LEA only has a single school at the grade level of the school at which students are eligible for public school choice
3. LEA's schools are so remote from one another that choice is impracticable.

	# LEAs
LEAs Unable to Provide Public School Choice	
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

FAQs about public school choice:

- a. *How should States report data on Title I public school choice for those LEAs that have open enrollment and other choice programs?* An LEA may consider a student as eligible for and participating in Title I public school choice, and may consider costs for transporting that student towards its funds spent on transportation for public school choice, if the student meets the following conditions:
 - Has a "home" or "neighborhood" school (to which the student would have been assigned, in the absence of a choice program) that receives Title I funds and has been identified, under the statute, as in need of improvement, corrective action, or restructuring; and
 - Has elected to enroll, at some point since July 1, 2002 (the effective date of the Title I choice provisions), and after the home school has been identified as in need of improvement, in a school that has not been so identified and is attending that school; and
 - Is using district transportation services to attend such a school.³
- b. *How do States report on public school choice for those LEAs that are not able to offer public school choice (e.g., LEAs in which all schools in a grade level are in school improvement, LEAs that have only a single school at that grade level, or LEAs whose schools are so remote from one another that choice is impracticable)?* For those LEAs, States should count as eligible all students who attend identified Title I schools. States should report that no eligible schools or students were provided the option to transfer and should provide an explanation why choice is not possible within the LEA in the Comment Section.

³ Adapted from OESE/OII policy letter of August 2004. The policy letter may be found on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/stateletters/choice/choice081804.html>.

1.4.9.2 Supplemental Educational Services

This section collects data on supplemental educational services.

1.4.9.2.1 Schools with Students Eligible for Supplemental Educational Services

In the table below, provide the number of Title I schools identified as in need of improvement, corrective action, or restructuring whose students received supplemental educational services under Section 1116 of ESEA. A Frequently Asked Questions (FAQ) section related to supplemental educational services is below the table.

	# Schools
Title I schools whose students received supplemental educational services	
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 1.4.5.2 of the SY 2005-06 CSPR.

FAQ about supplemental education services

How should a State define the phrase "students who received supplemental educational services"? States should consider students who "received" supplemental educational services as those students who enrolled and participated in some hours of services. States have the discretion to determine the minimum number of hours of participation necessary for a student to have "received" services.

1.4.9.2.2 Supplemental Educational Services - Students

In the table below, provide the number of students who were eligible for, who applied for, and who received supplemental educational services under Section 1116 of ESEA.

	# Students
Eligible for supplemental educational services	
Who applied for supplemental educational services	
Who received supplemental educational services	
Comments:	

Source – Initially, pre-populated by ED*Facts* file N/X102 that includes data groups 578, 575, and 546. If necessary, it is updated through manual entry by the SEA into the online CSPR collection tool.

Note: This table was formerly part of Section 1.4.5.2 of the SY 2005-06 CSPR.

1.4.9.2.3 Funds Spent on Supplemental Educational Services

In the table below, provide the total dollar amount spent by LEAs on supplemental educational services under Section 1116 of ESEA.

	Amount
Dollars spent by LEAs on supplemental educational services	\$
Comments:	

Source – Initially, pre-populated by ED*Facts* file N/X102, which includes data group 651. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.5 TEACHER QUALITY

This section collects data on "highly qualified" teachers as the term is defined in Section 9101(23) of the *ESEA*.

1.5.1 Core Academic Classes Taught by Teachers Who Are Highly Qualified

In the table below, provide the number of core academic classes for each of the school types listed and the number of those core academic classes taught by teachers who are highly qualified (as the term is defined in section 9101(23) of the *ESEA*) and the number taught by teachers who are not highly qualified. The percentage of core academic classes taught by teachers who are highly qualified and the percentage taught by teachers who are not highly qualified will be calculated automatically. Below the table are FAQs about these data. The percentages used for high- and low-poverty schools and the poverty metric used to determine those percentages are reported in 1.5.3.

School Type	# of Core Academic Classes (Total)	# of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are Highly Qualified	# of Core Academic Classes Taught by Teachers Who Are NOT Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are NOT Highly Qualified
All schools	7019	5984	85.3	1035	14.7
Elementary level					
High-poverty schools					
Low-poverty schools					
All elementary schools					
Secondary level					
High-poverty schools					
Low-poverty schools					
All secondary schools					
Comments: BIE schools include many varied grade combinations, including kindergarten through 12th grade. The Highly qualified teacher data is aggregated across all schools at this time. Disaggregation by grade will be possible in the student information system. Present target is SY 2008-2009. All BIE schools are considered High Poverty.					

Do the data in Table 1.5.1 above include classes taught by special education teachers who provide direct instruction core academic subjects?

Data table includes classes taught by special education teachers who provide direct instruction core academic subjects.	<u>Yes</u>
-------------------------------------------------------------------------------------------------------------------------	------------

If the answer above is no, please explain:

--

Does the State count elementary classes so that a full-day self-contained classroom equals one class, or does the State use a departmentalized approach where a classroom is counted multiple times, once for each subject taught?

The response is limited to 8,000 characters.

Because the BIE has schools located in 23 states and they vary in size from eight (8) students 10 approximately 1,500 there is not a standard way of addressing this issue. Where schools have one teacher with the same group of students all day long they report as one class. If a school has students or teachers rotate by class (ie., Math; Science, etc.) each subject taught is counted.

Source – Manual entry by SEA into the online collection tool.

Note: The data collection requirement to submit data for core classes taught by teachers who are NOT highly qualified has been added for the SY 2006-07 CSPR.

FAQs about highly qualified teachers and core academic subjects:

- a. *What are the core academic subjects?* English, reading/language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography [Title IX, Section 9101(11)]. While the statute includes the arts in the core academic subjects, it does not specify which of the arts are core academic subjects; therefore, States must make this determination.
- b. *How is a teacher defined?* An individual who provides instruction in the core academic areas to kindergarten, grades 1 through 12, or ungraded classes, or individuals who teach in an environment other than a classroom setting (and who maintain daily student attendance records) [from NCES, CCD, 2001-02]
- c. *How is a class defined?* A class is a setting in which organized instruction of core academic course content is provided to one or more students (including cross-age groupings) for a given period of time. (A course may be offered to more than one class.) Instruction, provided by one or more teachers or other staff members, may be delivered in person or via a different medium. Classes that share space should be considered as separate classes if they function as separate units for more than 50 percent of the time [from NCES Non-fiscal Data Handbook for Early Childhood, Elementary, and Secondary Education, 2003].
- d. *Should 6th-, 7th-, and 8th-grade classes be reported in the elementary or the secondary category?* States are responsible for determining whether the content taught at the middle school level meets the competency requirements for elementary or secondary instruction. See Question A-14 in the August 3, 2006, Non-Regulatory Guidance for additional information. Report classes in grade 6 through 8 consistent with how teachers have been classified to determine their highly qualified status, regardless of whether their schools are configured as elementary or middle schools.
- e. *How should States count teachers (including specialists or resource teachers) in elementary classes?* States that count self-contained classrooms as one class should, to avoid over-representation, also count subject-area specialists (e.g., mathematics or music teachers) or resource teachers as teaching one class. On the other hand, States using a departmentalized approach to instruction where a self-contained classroom is counted multiple times (once for each subject taught) should also count subject-area specialists or resource teachers as teaching multiple classes.
- f. *How should States count teachers in self-contained multiple-subject secondary classes?* Each core academic subject taught for which students are receiving credit toward graduation should be counted in the numerator and the denominator. For example, if the same teacher teaches English, calculus, history, and science in a self-contained classroom, count these as four classes in the denominator. If the teacher were Highly Qualified to teach English and history, he/she would be counted as Highly Qualified in two of the four subjects in the numerator.
- g. *What is a "high-poverty school"?* Section 1111(h)(1)(C)(viii) defines "high-poverty" schools as schools in the top quartile of poverty in the State. The poverty quartile breaks are reported later in this section.
- h. *What is a "low-poverty school"?* Section 1111(h)(1)(C)(viii) defines "low-poverty" schools as schools in the bottom quartile of poverty in the State. The poverty quartile breaks are reported later in this section.

1.5.2 Reasons Core Academic Classes Are Taught by Teachers Who Are Not Highly Qualified

In the table below, estimate the percentages for each of the reasons why teachers who are not highly qualified teach core academic classes. For example, if 900 elementary classes were taught by teachers who are not highly qualified, what percentage of those 900 classes falls into each of the categories listed below? If the three reasons provided at each grade level are not sufficient to explain why core academic classes at a particular grade level are taught by teachers who are not highly qualified, use the row labeled "other" and explain the additional reasons. The total of the reasons is calculated automatically for each grade level and must equal 100% at the elementary level and 100% at the secondary level.

Note: Use the numbers of core academic classes taught by teachers who are **NOT** highly qualified from 1.5.1 for both elementary school classes (1.5.2.1) and for secondary school classes (1.5.2.2) as your starting point.

	Percentage
Elementary School Classes	
Elementary school classes taught by certified general education teachers who did not pass a subject-knowledge test or (if eligible) have not demonstrated subject-matter competency through HOUSSE	
Elementary school classes taught by certified special education teachers who did not pass a subject-knowledge test or have not demonstrated subject-matter competency through HOUSSE	
Elementary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	
Other (please explain)	
Total	

Source – Manual entry by SEA into the online collection tool.

	Percentage
Secondary School Classes	
Secondary school classes taught by certified general education teachers who have not demonstrated subject-matter knowledge in those subjects (e.g., out-of-field teachers)	
Secondary school classes taught by certified special education teachers who have not demonstrated subject-matter competency in those subjects	
Secondary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	
Other (please explain)	
Total	
<p>Comments: This data is not collected at this time. There is no centralized personnel system across all BIE schools. Teachers are licensed at the state level. Individual schools are required to maintain the required documentation to verify the teachers are highly qualified for the classes they are teaching. The student information will be used in SY 2008-2009 to collect this data. It will include a profile of the teachers qualifications as well as a record of the class(es) they teach.</p>	

Source – Manual entry by SEA into the online collection tool.

1.5.3 Poverty Quartiles and Metrics Used

In the table below, provide the poverty quartiles breaks used in determining high- and low-poverty schools and the poverty metric used to determine the poverty quartiles. Below the table are FAQs about the data collected in this table.

	High-Poverty Schools (more than what %)	Low-Poverty Schools (less than what %)
Elementary schools		
Poverty metric used	See comment	
Secondary schools		
Poverty metric used	See comment.	
Comments: All BIE schools are considered high poverty. Economically disadvantaged is not a category that is disaggregated by BIE.		

Source – Manual entry by SEA into the online collection tool.

FAQs on poverty quartiles and metrics used to determine poverty

- a. *How are the poverty quartiles determined?* Separately rank order elementary and secondary schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.
- b. *Since the poverty data are collected at the school and not classroom level, how do we classify schools as either elementary or secondary for this purpose?* States may include as elementary schools all schools that serve children in grades K through 5 (including K through 8 or K through 12 schools) and would therefore include as secondary schools those that exclusively serve children in grades 6 and higher.

1.6 TITLE III AND LANGUAGE INSTRUCTIONAL PROGRAMS

This section collects annual performance and accountability data on the implementation of Title III programs.

Throughout this section:

- "AYP grades" is sometimes used to reference grades used for accountability determinations (grades 3 through 8 and one year of high school)
- "Non-AYP grades" is used to reference grades not used for accountability determinations.

1.6.1 Language Instruction Educational Programs (formerly 1.1. of the Title III Biennial Collection)

In the table below, provide the number of Title III subgrantees that use each type of language instruction educational program, as defined in Section 3301(8).

Note: Numbers reflected in 1.6.1 can be duplicative due to subgrantees' use of more than one type of program. The number for each type of program should be equal to or less than the total number of subgrantees in 1.6.4.1.

Table 1.6.1 Definitions:

1. **# Using Program** = Number of subgrantees that reported using a specific type of language instruction educational program. Subgrantees may use multiple programs. **(a.)** If multiple programs are used, count one for each program type used. **(b.)** Consortium is always counted as **one if all members used the same type of program**. If consortium members used different types of programs, count all members using the same type of program as one for each type. Do not count the members of the consortium individually as one, unless each member used a different type of program (e.g., use the same method of counting as one subgrantee using multiple types of programs in **(a.)**)
2. **Type of Program** = Type of programs described in the subgrantee's local plan (as submitted to the State or as implemented) that is closest to the descriptions in <http://www.ncela.gwu.edu/expert/glossary.html>.
3. **Other Language** = Name of the language of instruction, other than English, used in the program.
4. **% Language of Instruction** = Average percentages of English and the other language used as a language of instruction in the program or use the percentage of the most common practice in the State (applies **only** to the first five bilingual program types).
5. **OLOI** = Other Language of Instruction used in the bilingual language instruction educational program.

# Using Program	Type of Program	Other Language	% Language of Instruction	
			English	OLOI
	Dual language			
	Two-way immersion			
	Transitional bilingual			
	Developmental bilingual			
	Heritage language			
	Sheltered English instruction			
	Structured English immersion			
	Specially designed academic instruction delivered in English (SDAIE)			
	Content-based ESL			
	Pull-out ESL			
	Other (explain)			
Comments: BIE does not receive or report Title III.				

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.2 Student Demographic Data

1.6.2.1 Number of LEP Students Who Received Title III Language Instruction Educational Program Services

In the table below, provide the unduplicated number of the number of LEP students who received services in Title III language instructional education programs.

	#
LEP students who received services in a Title III language instruction educational program in grades K through 12 for this reporting year.	0
Comments: BIE does not receive Title III funds.	

Source – The SEA submits the data in file N/X116 that contains data group 648, category set A.

Note: New data collection for the SY 2006-07 CSPR.

1.6.2.2 Most Commonly Spoken Languages in the State

In the table below, provide the five most commonly spoken languages, other than English, in the State. The top five languages should be determined by the highest number of students speaking each of those languages listed.

Language	# LEP Students

For additional significant languages please use comment box.

Comments: The BIE serves Native American students from multiple tribes. Navajo is the most frequent language. Since there are no assessments available to assess Native Language usage data about the "other" language has not been available. In the student information system self identification of Native Language is being collected and will be available for SY 2007-2008.

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly in Section 1.6.3.2 of the SY 2005-06 CSPR.

1.6.3 Student Performance Data

This section collects data on LEP student English language proficiency and LEP academic content performance data (e.g., LEP tested in native language tables and MFLEP/AYP Grades results table).

1.6.3.1 Student English Language Proficiency Testing Status

This section collects data on the number of ALL LEP students and Title III-served LEP students in the State by testing status for English language proficiency.

1.6.3.1.1 ALL LEP Student English Language Proficiency Testing Status

In the table below, provide the unduplicated number of ALL LEP students in the State by testing status for English language proficiency. ALL LEP students includes the following students:

- Newly enrolled and continually enrolled LEP students in the State for the year of this report, whether or not they receive services in a Title III language Instruction educational program;
- All students assessed for English language proficiency (ELP) using an annual State English Language proficiency (ELP) assessment as required under Section 1111(b)(7) of the ESEA in the reporting year and who meet the LEP definition in Section 9101 (25).

Table 1.6.3.1.1. Definitions:

- **Tested/State Annual ELP** = Number of LEP students who took the annual State English language proficiency assessment as required under Section 1111(b)(7) of the *ESEA* in this reporting year.
- **Not Tested/State Annual ELP** = Number of LEP students enrolled at the time of testing but did not take the annual State English language proficiency assessment.
- **Subtotal** = Sum of "Tested/State Annual ELP" and "Not Tested/State Annual ELP" (i.e., the number of LEP students enrolled at the time of testing).
- **LEP/One Data Point** = Number of LEP students who took the annual State English language proficiency assessment as required under Section 1111(b)(7) for the first time in this reporting year. Note that "LEP/One Data Point" is a subset of those students reported as Tested on the annual State English Language proficiency assessment.

ALL LEP Testing Status	#
Tested/State annual ELP	0
Not tested/State annual ELP	0
Subtotal	15641
LEP/One Data Point	0
<p>Comments: BIE does not collect data for LEP students as requested above. BIE does require yearly assessments to be eligible to receive BIE funding for these students.</p> <p>The BIE schools are recommended to use the assessment of the state in which for this purpose. If they do not they must use an instrument designed for this purpose.</p> <p>The subtotal above is the total number of students in BIE schools identified as LEP for SY 2006-2007.</p>	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.1.2 Title III Student English Language Proficiency Testing Status

In the table below, provide the unduplicated number of Title III-served LEP students in the State by testing status for English language proficiency.

Table 1.6.3.1.2. Definitions:

- **Tested/State Annual ELP** = Number of LEP students in Title III language instruction educational programs who took the annual State English language proficiency assessment.
- **Not Tested/State Annual ELP** = Number of LEP students in Title III language instruction educational programs enrolled at the time of testing but did not take the annual State English language proficiency assessment.
- **Subtotal** = Sum of "Tested/State Annual ELP" and "Not Tested/State Annual ELP" (i.e., the number of LEP students in Title III language instruction educational programs enrolled at the time of testing).
- **LEP/One Data Point** = Number of LEP students in Title III language instructional programs who took the annual State English language proficiency assessment for the first time in this reporting year. Note that "LEP/One Data Point" is a subset of those students reported as Tested on the annual State English Language proficiency assessment.

Title III LEP Testing Status	#
Tested/State annual ELP	
Not tested/State annual ELP	
Subtotal	
LEP/One Data Point	
Comments: NA	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.2 Student English Language Proficiency Results

This section collects data on the results from the annual State English language proficiency assessment(s) for LEP students. Before completing Table 1.6.3.2.2 or 1.6.3.2.3, please indicate your State's use of the flexibility to apply annual measurable achievement objectives (AMAOs) to all LEP students.

1.6.3.2.1 Application of Title III English Language Proficiency Annual Assessment and AMAOs (formerly 1.6.8 of the Title III Biennial Collection, reformatted)

In the table below, indicate the State application of the following:

State applied the Title III English language proficiency annual assessment to all LEP students in LEAs receiving Title III funds.	<u>No Response</u>
State applied the annual measurable achievement objectives (AMAOs) to ALL LEP students in LEAs receiving Title III funds.	<u>No Response</u>
Comments: BIE receives no Title III funds	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.2.2 All LEP English Language Proficiency Results

Please report information in this section **ONLY** if the State checked "Yes" in section 1.6.3.2.1 (row 2), that annual measurable achievement objectives are applied to all LEP students in LEAs receiving Title III funds.

Report the results from the annual State English language proficiency assessment(s) for ALL LEP students in grades K through 12.

Table 1.6.3.2.2 Definitions:

1. **Making Progress** = Number of LEP students who met the definition of "Making Progress" as defined by the State and submitted to OELA in the State Consolidated Application (CSA), or as amended.
2. **No Progress** = Number of LEP students who did not meet the State definition of "Making Progress."
3. **ELP Attainment** = Number of LEP students who attained English language proficiency as defined by the State and submitted to OELA in the State Consolidated Application (CSA), or as amended.
4. **Target** = AMAO target for the year as established by the State and submitted to OELA in the CSA (September 2003 submission), or as amended, for each of "Making Progress" and "Attainment" of ELP.
5. **Results** = Number and percent of LEP students who met the State definition of "Making Progress" and the definition of "Attainment" of English language proficiency.
6. **Met/Y** = Met the annual target, "Met/N" = did not meet annual target. This cell will be automatically populated, based on the Target % and the Results %.

	Target	Results		Met
	%	#	%	Y/N
Making progress				
No progress				
ELP attainment				
Comments: NA				

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

If a State does not count "ELP attainment" students as also "Making Progress", the number for "No Progress" should be the "Subtotal" in 1.6.3.1.1 minus the number "Making Progress" and "Attainment." If a State counts "ELP attainment" students as also "Making Progress", the number for "No Progress" should be the "Subtotal" in 1.6.3.1.1 minus "Making Progress".

1.6.3.2.3 Title III LEP English Language Proficiency Results

Please report information in this section **ONLY** if the State checked "No" in section in 1.6.3.2.1 (row 2), reporting that annual measurable achievement objectives (AMAOs) are applied to LEP students served by Title III.

In the table below, provide the results from the annual State English language proficiency assessment for Title III LEP students who participated in a Title III language instruction educational program in grades K through 12.

Table 1.6.3.2.3 Definitions:

1. **Making Progress** = Number of Title III LEP students who met the definition of "Making Progress" as defined by the State and submitted to OELA in the State Consolidated Application (CSA), or as amended.
2. **No Progress** = Number of Title III LEP students who did not meet the State definition of "Making Progress."
3. **ELP Attainment** = Number of Title III LEP students who attained English language proficiency as defined by the State and submitted to OELA in the State Consolidated Application (CSA), or as amended.
4. **Target** = AMAO target for the year as established by the State and submitted to OELA in the CSA (September 2003 submission), or as amended, for each of "Making Progress" and "Attainment" of ELP.
5. **Results** = Number and percent of Title III LEP students who met the State definition of "Making Progress" and the definition of "Attainment" of English language proficiency.
6. **Met/Y** = Met the annual target, "Met/N" = did not meet annual target. This cell will be automatically populated, based on the Target % and the Results %.

	Target	Results		Met
	%	#	%	Yes/No
Making progress				
No progress				
ELP attainment				
Comments:				

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

If a State does not count "ELP attainment" students as also "Making Progress", the number for "No Progress" should be the "Subtotal" in 1.6.3.1.2 minus the number "Making Progress" and "Attainment." If a State counts "ELP attainment" students as also "Making Progress", the number for "No Progress" should be the "Subtotal" in 1.6.3.1.2 minus "Making Progress".

1.6.3.4 LEP Subgroup Academic Content Assessment Results (formerly 3.2.3/MFLEP of the Title III Biennial Collection)

This section collects data on the academic content assessment results for LEP students.

1.6.3.4.1 LEP Subgroup Flexibility

In the table below, report whether the State exercises the LEP flexibility afforded States through the new regulation for monitored former LEP (MFLEP), in AYP determination.

MFLEP	No Response
Comments: This will be tracked in SY 2007-2008.	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.4.3 Status of Monitored Former LEP Students (MFLEP) (formerly 3.1 of the Title III Biennial Collection, modified)

In the table below, report the unduplicated count of MFLEP students in K-12 for each of the two years monitored during the SY 2006-07, which includes both MFLEP students in AYP grades and in non-AYP grades in row 1 and MFLEP students only in AYP grades in row 2.

Table 1.6.3.4.3 Definitions:**1. Monitored Former LEP (MFLEP) includes:**

- Students that have transitioned into classrooms that are not designed for LEP students;
- Students that are no longer receiving LEP services; and who are being monitored for academic content achievement for 2 years after transition.

2. Total MFLEP = State aggregated number of all MFLEP students in grades K through 12.**3. MFLEP/AYP Grades =** State aggregated number of MFLEP students in grades used for accountability determinations (3 through 8 and once in high school). These students may be included in the LEP subgroup AYP calculations.

	#
Total MFLEP	
MFLEP/AYP grades

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.5 Native Language Assessments

This section collects data on LEP students assessed in their native language.

1.6.3.5.1 LEP Students Assessed in Native Language (formerly 2.4.1 of the Title III Biennial Collection)

State offers the State mathematics or reading/language arts content tests in the students' native language(s).	No
Comments: Not available in Native American languages.	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

* If "No", proceed to 1.6.3.6.

1.6.3.5.2 Native Language of Mathematics Tests Given (formerly 2.4.2 of the Title III Biennial Collection)

In the table below, report the language(s) in which native language assessments are given at each grade used for NCLB accountability determinations for mathematics.

Grade	Language
3

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.5.4 Native Language Version of State NCLB Mathematics Assessment Results (formerly 2.4.3 of the Title III Biennial Collection)

In the table below, report the number of LEP students who took a mathematics assessment in their native language across all grades used for NCLB accountability determinations (3 through 8 and once in high school).

Table 1.6.3.5.4 Definitions:

1. **# Tested** = Number of LEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) who took the native language version of the mathematics assessment.
2. **# At or Above Proficient** = Number of students tested through the native language version of the mathematics assessment who scored at or above proficient.
3. **% Results** = Automatically calculated based on the number who scored at or above proficient divided by the number tested.

# Tested	# At or Above Proficient	% Results
0	0	0.0
Comments: No Native American language assessments available.		

Source – Initially pre-populated by *EDFacts* file N/X049 that is data group 272, category set A. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.5.5 Native Language Version of State NCLB Reading/Language Arts Assessment Results (formerly 2.4.3 of the Title III Biennial Collection)

In the table below, report the number of LEP students who took a reading/language arts assessment in their native language across all grades used for NCLB accountability determinations (3 through 8 and once in high school).

Table 1.6.3.5.5 Definitions:

1. **# Tested** = Number of LEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) who took the native language version of the reading/language arts assessment.
2. **# At or Above Proficient** = Number of students tested through the native language version of the reading/language arts assessment who scored at or above proficient.
3. **% Results** = Automatically calculated based on the number who scored at or above proficient divided by the number tested.

# Tested	# At or Above Proficient	% Results
0	0	0.0
Comments: No Native American assessments available.		

Source – Initially pre-populated by *EDFacts* file N/X049 that is data group 272, category set A. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.6 Title III Served Monitored Former LEP Students

This section collects data on the performance of former LEP students.

1.6.3.6.1 Title III Served MFLEP Students by Year Monitored (formerly 3.1 of the Title III Biennial Collection)

In the table below, report the unduplicated count of monitored former LEP students during the two consecutive years of monitoring, which includes both MFLEP students in AYP grades and in non-AYP grades.

Table 1.6.3.6.1 Definitions:

1. **# Year One** = Number of former LEP students in their first year of being monitored.
2. **# Year Two** = Number of former LEP students in their second year of being monitored.
3. **Total** = Number of monitored former LEP students in year one and year two. This is automatically calculated.

# Year One	# Year Two	Total
Comments: NA		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.6.2 Monitored Former LEP (MFLEP) Students in AYP Grades Results for Mathematics (formerly 3.2 of the Title III Biennial Collection)

In the table below, report the number of monitored former LEP (MFLEP) students who took the annual mathematics assessment.

Table 1.6.3.6.2 Definitions:

1. **# Tested** = State-aggregated number of MFLEP students who were tested in mathematics for AYP.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual mathematics assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the number tested.
4. **# Below proficient** = State-aggregated number of MFLEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) who did not score proficient on the State *NCLB* mathematics assessment. This will be automatically calculated.

# Tested	# At or Above Proficient	% Results	# Below Proficient

The number tested should be the same or near the total in 1.6.3.4.3 row 2, if not explain the difference in the comment box below.

Comments: Not currently collected.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.6.3 Monitored Former LEP (MFLEP) Students in AYP Grades Results for Reading/Language Arts (formerly 3.2 of the Title III Biennial Collection)

In the table below, provide the number of monitored former LEP (MFLEP) students who took the annual reading/language arts assessment.

Table 1.6.3.6.3 Definitions:

1. **# Tested** = State-aggregated number of MFLEP students who were tested in reading/language arts for AYP.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual reading/language arts assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the total number tested.
4. **# Below proficient** = State-aggregated number MFLEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) who did not score proficient on the State annual reading/language arts assessment. This will be automatically calculated.

# Tested	# At or Above Proficient	% Results	# Below Proficient

The number tested should be the same or near the total in 1.6.3.4.3 row 2, if not explain the difference in the comment box below.

Comments: Not collected at this time.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.4 Title III Subgrantees

This section collects data on the performance of Title III subgrantees.

1.6.4.1 Title III Subgrantee Performance (formerly 4.1 of the Title III Biennial Collection)

In the table below, report the number of Title III subgrantees meeting the criteria described in the table. Use the same method of counting consortia as in 1.6.1 (consortia regardless of number of members is only counted as one). Do not leave items blank. If there are zero subgrantees, who met the condition described, put a zero in the number (#) column. Do not double count subgrantees by category. The total of the # met all three AMAOs + # met 2 AMAOs only + # Met one AMAO + # Met zero AMAOs=total # of subgrantees for the year.

Note: Do not include number of subgrants made under Section 3114(d)(1) reserved funds for education programs and activities for immigrant children and youth. (Report Section 3114(d)(1) subgrants in 1.6.5.1 ONLY.)

	#
Total number of subgrantees for the year	
Number of subgrantees that met all three Title III AMAOs	
Number of subgrantees that met only 2 AMAOs	
Number of subgrantees that met AMAOs of Making Progress and ELP Attainment	
Number of subgrantees that met AMAOs of Making Progress and AYP	
Number of subgrantees that met AMAOs of ELP Attainment and AYP	
Number of subgrantees that met only 1 AMAO	
Number of subgrantees that met AMAO of Making Progress	
Number of subgrantees that met AMAO of Attainment of ELP	
Number of subgrantees that met AMAO AYP	
Number of subgrantees that did not meet any AMAOs	
Number of subgrantees that did not meet AMAOs for two consecutive years	
Number of subgrantees with an improvement plan for not meeting Title III AMAOs	
Number of subgrantees who have not met Title III AMAOs for four consecutive years (beginning in SY 2007-08)	
Comments: BIE does not receive Title III	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly in section 1.6.10 of the SY 2005-06 CSPR.

1.6.4.2 State Accountability (formerly 4.2 of the Title III Biennial Collection)

In the table below, indicate whether the State met all three Title III AMAOs.

Note: Meeting all three Title III AMAOs means meeting each State-set target for each objective: Making Progress, Attaining Proficiency, and Making AYP for the LEP subgroup.

State met <u>all</u> three Title III AMAOs	<u>No Response</u>
Comments: NA	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly in Section 1.6.10 of the SY 2005-06 CSPR.

1.6.4.3 Termination of Title III Language Instruction Educational Programs (formerly 6.1 of the Title III Biennial Collection)

Any Title III language instruction educational programs <u>or</u> programs and activities for immigrant children and youth terminated for failure to reach program goals.	<u>No Response</u>
If yes, provide the number of language instruction educational programs <u>or</u> programs and activities for immigrant children and youth terminated.	
Comments: NA	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.5 Education Programs and Activities for Immigrant Students (formerly 5.1 of the Title III Biennial Collection)

This section collects data on education programs and activities for immigrant students.

1.6.5.1 Immigrant Students

In the table below, report the unduplicated number of immigrant students enrolled in the State and in qualifying educational programs under Section 3114(d)(1).

Table 1.6.5.1 Definitions:

- 1. Immigrant Students Enrolled** = Number of students who meet the definition of immigrant children and youth in Section 3301 (6) and enrolled in the elementary or secondary schools in the State.
- 2. Students in 3114(d)(1) Program** = Number of immigrant students who participated in programs for immigrant children and youth funded under Section 3114(d)(1), using the funds reserved for immigrant education programs/activities. This number should not include immigrant students who receive services in Title III LIEPs under Sections 3114(a) & 3115(a) ONLY.
- 3. 3114(d)(1) Subgrants** = Number of subgrants made in the State under Section 3114(d)(1), with the funds reserved for immigrant education programs/activities. Do not include Title III LIEP subgrants made under Sections 3114(a) & 3115(a) that have immigrant students enrolled in them.

# Immigrant Students Enrolled	# Students in 3114(d)(1) Program	# of 3114(d)(1) Subgrants

If state reports zero (0) students in programs or zero (0) subgrants, explain in comment box below.

Comments: BIE does not serve immigrant students.

Source – Initially, the first column of the table is pre-populated by ED*Facts* file N/X045 that contains data group 519, grand total. The second and third columns are manual entry by the SEA.

Note: This table was formerly in section 1.6.4 of the SY 2005-06 CSPR.

1.6.5.2 Distribution of Immigrant Funds (formerly 5.3 of the Title III Biennial Collection, reformatted)

In the table below, report how the State distributes the funds reserved for the education of immigrant children and youth to subgrantees.

Subgrant award cycle			
Annual	<u>No Response</u>	Multi-year	<u>No Response</u>
Type of subgrant awarded			
Competitive	<u>No Response</u>	Formula	<u>No Response</u>

If the State checked more than one item in each category, explain in the comment box.

Comments: NA

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.6 Teacher Information and Professional Development

This section collects data on teachers in Title III language instruction education programs.

1.6.6.1 Teacher Information (formerly 7.1 of the Title III Biennial Collection, modified)

In the table below, report the number of teachers who are working in the Title III language instruction educational programs as defined in Section 3301(8) and reported in table 1.6.1 (Types of language instruction educational programs).

Note: Section 3301(8) – The term 'Language instruction educational program' means an instruction course – (A) in which a limited English proficient child is placed for the purpose of developing and attaining English proficiency, while meeting challenging State academic content and student academic achievement standards, as required by Section 1111(b)(1); and (B) that may make instructional use of both English and a child's native language to enable the child to develop and attain English proficiency and may include the participation of English proficient children if such course is designed to enable all participating children to become proficient in English and a second language.

	#
Number of all certified/licensed teachers currently working in Title III language instruction educational programs.	
Number of certified/licensed/endorsed ESL/BE teachers in the state currently working with LEP students (e.g., ESL/BE teachers for ALL LEP students), if the State has such requirements. <u>Or</u> number of teachers with professional development points or course work in ESL/BE, if the State does not require such certification/licensure/endorsement.	
Estimate number of additional certified/licensed teachers that will be needed for Title III language instruction educational programs in the next 5 years*.	

Explain in the comment box below if there is a zero for any item in the table above.

Comments: NA - BIE does not receive Title III funds.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

* This number should be the total additional teachers needed for the next 5 years, not the number needed for each year. Do not include the number of teachers currently working in Title III English language instruction educational programs.

1.6.6.2 Professional Development (PD) Activities of Subgrantees Related to the Teaching and Learning of LEP Students
(formerly 7.4 of the Title III Biennial Collection)

In the table below, provide the number of professional development activities that specifically address only the teaching of LEP students or are related to the learning of LEP students. These professional development activities must meet the requirements of the Title III subgrantee required activities.

Table 1.6.6.2 Definitions:

1. **Types of Professional Development Activity** = Subgrantee activities for professional development required under Title III.
2. **#Subgrantees** = Number of subgrantees who conducted each type of professional development activity. A subgrantee may conduct more than one professional development activity. (Use the same method of counting subgrantees, including consortia, as in 1.6.1.1 and 1.6.4.1.)
3. **Total Number of Participants** = Number of teachers, administrators and other personnel who participated in each type of the professional development (PD) activities reported.
4. **Total** = Number of all participants in PD activities.

Type of Professional Development Activity	# Subgrantees	
Instructional strategies for LEP students		
Understanding and implementation of assessment of LEP students		
Understanding and implementation of ELP standards and academic content standards for LEP students		
Alignment of the curriculum in language instruction educational programs to ELP standards		
Subject matter knowledge for teachers		
Other (Explain in comment box)		
Participant Information	# Subgrantees	# Participants
PD provided to content classroom teachers		
PD provided to LEP classroom teachers		
PD provided to principals		
PD provided to administrators/other than principals		
PD provided to other school personnel/non-administrative		
PD provided to community-based organization personnel		
Total		
Comments: BIE has no sub grantees.		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.7 State Subgrant Activities

This section collects data on State grant activities.

1.6.7.1 State Subgrant Process

In the table below, report the time between when the State receives the Title III allocation from ED, normally on July 1 of each year for the upcoming school year, and the time when the State distributes these funds to subgrantees for the intended school year. Dates must be in the format MM/DD/YY.

Table 1.6.7.1 Definitions:

1. **Date State Received Allocation** = Annual date the State receives the Title III allocation from US Department of Education (ED).
2. **Date Funds Available to Subgrantees** = Annual date that Title III funds are available to approved subgrantees.
3. **# of Days/\$\$ Distribution** = Average number of days for States receiving Title III funds to make subgrants to subgrantees beginning from July 1 of each year, except under conditions where funds are being withheld.

Example: State received SY 2006-07 funds July 1, 2006, and then made these funds available to subgrantees on August 1, 2006, for SY 2006-07 programs. Then the "# of days/\$\$ Distribution" is 30 days.

Date State Received Allocation	Date Funds Available to Subgrantees	# of Days/\$\$ Distribution
Comments: NA		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.7.2 Steps To Shorten the Distribution of Title III Funds to Subgrantees

In the comment box below, describe how your State can shorten the process of distributing Title III funds to subgrantees.

NA

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.7 PERSISTENTLY DANGEROUS SCHOOLS

In the table below, provide the number of schools identified as persistently dangerous, as determined by the State, by the start of the school year. For further guidance on persistently dangerous schools, refer to section B "Identifying Persistently Dangerous Schools" in the Unsafe School Choice Option Non-Regulatory Guidance, available at:

<http://www.ed.gov/policy/elsec/guid/unsafeschoolchoice.pdf>.

Persistently Dangerous Schools	0
<p>Comments: Currently we do not identify "persistently dangerous schools" in our system. Schools report Critical Incidents to their Education Line Officers, the Associate Deputy Director, Deputy Director and Director. At that point the managers determine if the situation has been resolved or if further assistance to the school is required. All BIE funded schools receive NCLB funds and are required to track their violent incidents and report annually. Since 1995, schools have defined violence incidents and report those incidents that they determine to be violent. The consistency of defining and reporting could greatly be improved. We are working with the contractor for our student information system, Infinite Campus, to develop a standard definition of what constitutes an incident of violence through a working group of BIE school counselors and dormitory administrators. This tracking system will be implemented in School Year 2008-09. The Operation Safe Schools working group will assist in developing a system-wide policy for identifying "persistently dangerous schools" and steps the BIE will take to get that school off this list.</p>	

Source – Manual entry by SEA into the online collection tool.

1.8 GRADUATION RATES AND DROPOUT RATES

This section collects graduation and dropout rates.

1.8.1 Graduation Rates

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **previous school year** (SY 2005-06). Below the table are FAQs about the data collected in this table.

Student Group	Graduation Rate
All Students	57.3
American Indian or Alaska Native	57.3
Asian or Pacific Islander	0.0
Black, non-Hispanic	0.0
Hispanic	0.0
White, non-Hispanic	0.0
Children with disabilities (<i>IDEA</i>)	46.5
Limited English proficient	38.3
Economically disadvantaged	57.3
Migratory students	0.0
Male	56.3
Female	61.8
Comments: Graduation rate data has been inconsistent due to different calculations across states. Within 2 years a four year tracking of graduation will be available in the student information system.	

Source – Initially, pre-populated by EDFacts file N/X041 that is data group 563, category sets A, B, C, D, E, and F. If necessary, it is updated through manual entry by the SEA into the online collection tool. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

FAQs on graduation rates:

- a. *What is the graduation rate?* Section 200.19 of the Title I regulations issued under the *No Child Left Behind Act* on December 2, 2002, defines graduation rate to mean:
 - The percentage of students, measured from the beginning of high school, who graduate from public high school with a regular diploma (not including a GED or any other diploma not fully aligned with the State's academic standards) in the standard number of years; or,
 - Another more accurate definition developed by the State and approved by the Secretary in the State plan that more accurately measures the rate of students who graduate from high school with a regular diploma; and
 - Avoids counting a dropout as a transfer.
- b. *What if the data collection system is not in place for the collection of graduate rates?* For those States that are reporting transitional graduation rate data and are working to put into place data collection systems that will allow the State to calculate the graduation rate in accordance with Section 200.19 for all the required subgroups, please provide a detailed progress report on the status of those efforts.

1.8.2 Dropout Rates

In the table below, provide the dropout rates calculated using the annual event school dropout rate for students leaving a school in a single year determined in accordance with the National Center for Education Statistic's (NCES) Common Core of Data (CCD) for the **previous school year** (SY 2005-06). Below the table is an FAQ about the data collected in this table.

Student Group	Dropout Rate
All Students	7.7
American Indian or Alaska Native	7.7
Asian or Pacific Islander	0.0
Black, non-Hispanic	0.0
Hispanic	0.0
White, non-Hispanic	0.0
Children with disabilities (<i>IDEA</i>)	9.9
Limited English proficient	11.1
Economically disadvantaged	7.7
Migratory students	0.0
Male	8.6
Female	6.2
<p>Comments: 1. Drop-out rates have been calculated by schools and summary data has been sent to BIA. BIE has implemented a new student information system that will allow individual student tracking and drop-outs. This information will be available starting with SY 2007-2008.</p> <p>2. In the BIE school system students may attend school until the school year in which they reach 21. Students frequently take more than the four years used by the states to complete high school. Because years beyond four are acceptable if a students meets the age range for funding these students may not graduate in four years but are not considered dropouts.</p>	

Source – Manual entry by SEA into the online collection tool.

FAQ on dropout rates:

What is a dropout? A dropout is an individual who: 1) was enrolled in school at some time during the previous school year; and 2) was not enrolled at the beginning of the current school year; and 3) has not graduated from high school or completed a State- or district-approved educational program; and 4) does not meet any of the following exclusionary conditions: a) transfer to another public school district, private school, or State- or district-approved educational program (including correctional or health facility programs); b) temporary absence due to suspension or school-excused illness; or c) death.

1.9 EDUCATION FOR HOMELESS CHILDREN AND YOUTHS PROGRAM

This section collects data on homeless children and youths and the McKinney-Vento grant program.

In the table below, provide the following information about the number of LEAs in the State who reported data on homeless children and youths and the McKinney-Vento program. The totals will be will be automatically calculated.

	#	# LEAs Reporting Data
LEAs without subgrants	0	0
LEAs with subgrants	4	4
Total	4	4
Comments: At the current time schools that have not received a subgrant may choose to identify a students as homeless on their annual report to the BIE. This is the only data collected from those schools at this time.		

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly Section 1.9.1.2 of the SY 2005-06 CSPR.

1.9.1 All LEAs (with and without McKinney-Vento subgrants)

The following questions collect data on homeless children and youths in the State.

1.9.1.1 Homeless Children And Youths

In the table below, provide the number of homeless children and youths by grade level enrolled in public school at any time during the regular school year. The totals will be automatically calculated:

Age/Grade	# of Homeless Children/Youths Enrolled in Public School in LEAs <u>Without</u> Subgrants	# of Homeless Children/Youths Enrolled in Public School in LEAs <u>With</u> Subgrants
Age 3 through 5 (not Kindergarten)	0	0
K	0	<N
1	0	24
2	0	19
3	0	24
4	0	19
5	0	27
6	0	24
7	0	24
8	0	18
9	0	41
10	0	24
11	0	29
12	0	12
Ungraded	0	0
Total	0	

Comments: Currently a data base is being developed through collaboration with the Native American Student Information System (NASIS) The BIE student information system.

The data provided above is from the four (4) schools that had subgrants in SY 2006-2007.

Schools have reported a total of 1312 students a homeless. Of these 290 are identified by the schools that do have a subgrant. Of the remaining 1022 the only information available at this time is the fact that the school identified the student as homeless based on their own criteria. Other information will be available beginning with SY 2007-2008 via the Native American Information System (NASIS), the Student information system.

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly section 1.9.1.3 of the SY 2005-06 CSPR.

1.9.1.2 Primary Nighttime Residence of Homeless Children and Youths

In the table below, provide the number of homeless children and youths by primary nighttime residence enrolled in public school at any time during the regular school year. The primary nighttime residence should be the student's nighttime residence when he/she was identified as homeless. The totals will be automatically calculated.

	# of Homeless Children/Youths - LEAs <u>Without</u> Subgrants	# of Homeless Children/Youths - LEAs <u>With</u> Subgrants
Shelters, transitional housing, awaiting foster care	0	89
Doubled-up (e.g., living with another family)	0	17
Unsheltered (e.g., cars, parks, campgrounds, temporary trailer, or abandoned buildings)	0	0
Hotels/Motels	0	0
Total	0	106

Comments: The above numbers are from one (1) high school that had a subgrant (Flandreau). This data has not been collected from other schools. The distribution of the 1027 students identified by non-subgrant LEA's is not available.

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly section 1.9.1.4 of the SY 2005-06 CSPR.

1.9.2 LEAs with McKinney-Vento Subgrants

The following sections collect data on LEAs with McKinney-Vento subgrants.

1.9.2.1 Homeless Children and Youths Served by McKinney-Vento Subgrants

In the table below, provide the number of homeless children and youths by grade level who were served by McKinney-Vento subgrants during the regular school year. The total will be automatically calculated.

Age/Grade	# Homeless Children/Youths Served by Subgrants
Age 3 through 5 (not Kindergarten)	0
K	<N
1	24
2	19
3	24
4	19
5	27
6	24
7	24
8	18
9	41
10	24
11	29
12	12
Ungraded	0
Total	

Comments: 1. Only one (1) school has a kindergarten program (Pinon Community School)

2. There are no ungraded students served.

Source – Initially, pre-populated by EDFacts file N/X043 that is data group 560, category set A. If necessary, it is updated through manual entry by the SEA into the online collection tool.

1.9.2.2 Subpopulations of Homeless Students Served

In the table below, please provide the following information about the homeless students served during the regular school year.

	# Homeless Students Served
Unaccompanied youth	80
Migratory children/youth	0
Children with disabilities (<i>IDEA</i>)	0
Limit English proficient students	0

Comments: Information not disaggregated by students with disabilities or those with Limited English proficiency. That will be available for SY 2007-2008 in the student information system.

Source – Initially, pre-populated by EDFacts file N/X043 that is data group 560, category sets B, C, D, and E. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly Sections 1.9.2.3, 1.9.2.4, and 1.9.2.5 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the data collection has been changed to show the total number of students served.

1.9.2.3 Educational Support Services Provided by Subgrantees

In the table below, provide the number of subgrantee programs that provided the following educational support services with McKinney-Vento funds.

	# McKinney-Vento Subgrantees That Offer
1. Tutoring or other instructional support	4
2. Expedited evaluations	0
3. Staff professional development and awareness	4
4. Referrals for medical, dental, and other health services	4
5. Transportation	4

1.9.2.4 Barriers To The Education Of Homeless Children And Youth

In the table below, provide the number of subgrantees that reported the following barriers to the enrollment and success of homeless children and youths.

	# Subgrantees Reporting
1. Eligibility for homeless services	0
2. School Selection	0
3. Transportation	0
4. School records	4
5. Immunizations	4
6. Other medical records	0
7. Other Barriers	0
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly Section 1.9.2.7 of the SY 2005-06 CSPR. Immunizations and Other Medical Records have been changed to two separate data collections for the SY 2006-07 CSPR.

1.9.2.5 Academic Progress of Homeless Students

The following questions collect data on the academic achievement of homeless children and youths served by McKinney-Vento subgrants.

1.9.2.5.1 Reading Assessment

In the table below, provide the number of homeless children and youths served who were tested on the State *NCLB* reading/language arts assessment and the number of those tested who scored at or above proficient. Provide data for grades 9 through 12 only for those grades tested for *NCLB*.

Grade	# Homeless Children/Youths Served by McKinney-Vento Taking Reading Assessment Test	# Homeless Children/Youths Served by McKinney-Vento Who Scored At or Above Proficient
3	24	<N
4	19	<N
5	27	<N
6	24	<N
7	24	<N
8	18	<N
High School	54	<N
Comments:		

Source – Initially, pre-populated by EDFacts file N/X076, N/X077, or N/X078 that are data group 584, category set G. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of section 1.9.2.9 of the SY 2005-06 CSPR. Grades 9 through 12 have been changed to High School for the SY 2006-07 CSPR.

1.9.2.5.2 Mathematics Assessment

This section is similar to 1.9.2.5.1. The only difference is that this section collects data on the State *NCLB* mathematics assessment.

Grade	# Homeless Children/Youths Served by McKinney-Vento Taking Mathematics Assessment Test	# Homeless Children/Youths Served by McKinney-Vento Who Scored At or Above Proficient
3	24	<N
4	19	<N
5	27	<N
6	24	<N
7	24	<N
8	18	<N
High School	54	<N
Comments:		

Source – Similar to 1.9.2.5.1 but the file specification is N/X075 that is data group 583, category set G.

Note: This table was formerly part of section 1.9.2.9 of the SY 2005-06 CSPR. Grades 9 through 12 have been changed to High School for the SY 2006-07 CSPR.

1.10 MIGRANT CHILD COUNTS

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the reporting period of September 1, 2006 through August 31, 2007. This section also collects a report on the procedures used by States to produce true, accurate, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in Section 1.10.3.4 *Quality Control Processes*.

Please note that in submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

FAQs on Child Count:

How is "out-of-school" defined? Out-of-school means youth up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school, youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping.

How is "ungraded" defined? Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

1.10.1 Category 1 Child Count

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the reporting period of September 1, 2006 through August 31, 2007. This figure includes all eligible migrant children who may or may not have participated in MEP services. Count a child who moved from one age/grade level to another during the reporting period only once in the highest age/grade that he/she attained during the reporting period. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

Note: New data collection for the SY 2006-07 CSPR.

1.10.2 Category 2 Child Count

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the reporting period of September 1, 2006 through August 31, 2007. Count a child who moved from one age/grade level to another during the reporting period only once in the highest age/grade that he/she attained during the reporting period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

1.10.2.1 Category 2 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10%.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3 Child Count Calculation and Validation Procedures

The following question requests information on the State's MEP child count calculation and validation procedures.

1.10.3.1 Student Information System

In the space below, respond to the following questions: What system(s) did your State use to compile and generate the Category 1 and Category 2 child count for this reporting period (e.g., NGS, MIS 2000, COEStar, manual system)? Were child counts for the last reporting period generated using the same system(s)? If the State's category 2 count was generated using a different system from the category 1 count, please identify each system.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3.2 Data Collection and Management Procedures

In the space below, respond to the following questions: How was the child count data collected? What data were collected? What activities were conducted to collect the data? When were the data collected for use in the student information system? If the data for the State's category 2 count were collected and maintained differently from the category 1 count, please describe each set of procedures.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, describe how the child count data are inputted, updated, and then organized by the student information system for child count purposes at the State level

The response is limited to 8,000 characters.

If the data for the State's category 2 count were collected and maintained differently from the category 1 count, please describe each set of procedures.

The response is limited to 8,000 characters.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3.3 Methods Used To Count Children

In the space below, respond to the following question: How was each child count calculated? Please describe the compilation process and edit functions that are built into your student information system(s) specifically to produce an accurate child count. In particular, describe how your system includes and counts only:

- children who were between age 3 through 21;
- children who met the program eligibility criteria (e.g., were within 3 years of a last qualifying move, had a qualifying activity);
- children who were resident in your State for at least 1 day during the eligibility period (September 1 through August 31);
- children who—in the case of Category 2—received a MEP-funded service during the summer or intersession term; and
- children once per age/grade level for each child count category.

The response is limited to 8,000 characters.

If your State's category 2 count was generated using a different system from the category 1 count, please describe each system separately.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3.4 Quality Control Processes

In the space below, respond to the following question: What steps are taken to ensure your State properly determines and verifies the eligibility of each child included in the child counts for the reporting period of September 1 through August 31 before that child's data are included in the student information system(s)?

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, describe specifically the procedures used and the results of any re-interview processes used by the SEA during the reporting period to test the accuracy of the State's MEP eligibility determinations. In this description, please include the number of eligibility determinations sampled, the number for which a test was completed, and the number found eligible.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, respond to the following question: Throughout the year, what steps are taken by staff to check that child count data are inputted and updated accurately (and—for systems that merge data—consolidated accurately)?

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, respond to the following question: What final steps are taken by State staff to verify the child counts produced by your student information system(s) are accurate counts of children in Category 1 and Category 2 prior to their submission to ED?

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

Describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations in light of the prospective re-interviewing results.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, discuss any concerns about the accuracy of the reported child counts or the underlying eligibility determinations on which the counts are based.

The response is limited to 8,000 characters.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.
