Subject: Rest of the River

Hi, Susan! I support Jane Winn's (BEAT) position regarding the Rest of the River clean-up. This all reminds me of Robert Fulghum's "All I Need To Know I Learned in Kindergarten," where he says, "If you make a mess, clean it up." Our mothers told us that, so when will we ever learn? And just do it. No half-way measures.

My father worked for GE as a test engineer, thendesigner and manager of its high voltage research laboratory (he made indoor lightning!). He would definitely agree with me -- and so would my mother. Astrid Hagenguth
