Pursuant to Paragraph 88.b of the Consent Decree for the GE-Pittsfield/Housatonic River Site, which was entered by the United States District Court for the District of Massachusetts on October 27, 2000 (the "Consent Decree"), the Environmental Protection Agency ("EPA") hereby certifies, based upon the *Final Completion Report for the 30s Complex Removal Action*, submitted by the General Electric Company, dated March, 2005, that the 30s Complex Removal Action (as described in Appendix E to the Consent Decree), excluding Post-Removal Site Control activities, has been performed in accordance with the Consent Decree and that the Performance Standards for the 30s Complex Removal Action have been achieved. In addition, this Certificate of Completion does not alter any rights reserved by the United States under the Consent Decree.
