

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

THE ASSISTANT SECRETARY

JUL 25 2008

The Honorable June Atkinson
Superintendent
North Carolina Department of Public Instruction
6301 Mail Service Center
301 North Wilmington Street
Raleigh, NC 27601

Dear Superintendent Atkinson:

I am pleased to hereby renew the Department's approval of North Carolina's participation in the U.S. Department of Education's (Department's) growth model pilot. This approval allows North Carolina to implement its growth model as a part of its calculation of adequate yearly progress (AYP) under section 1111(b)(2) of the *Elementary and Secondary Education Act of 1965* (ESEA), as amended by the *No Child Left Behind Act of 2001* (NCLB), for AYP determinations in 2008–09 based on assessments administered in the 2007–08 school year. North Carolina is granted this flexibility under section 9401 of the ESEA.

As in the past, in exchange for the flexibility granted to North Carolina, North Carolina must continue to comply with the following conditions for the growth model pilot:

- North Carolina must provide the Department with data comparing the results of determining AYP on the basis of its growth model with the results obtained when AYP is determined under the statutory model; and
- North Carolina must continue its participation in the evaluation of growth models being conducted by the National Opinion Research Council and the University of Chicago.

Continued approval to participate in the growth model pilot beyond this school year will be determined later this year. In the meantime, if you have any questions regarding North Carolina's continued participation in the growth model pilot, please contact Lauren Prehoda (Lauren.Prehoda@ed.gov) of my staff.

Sincerely,

Kerri L. Briggs, Ph.D.
