#### Notice Pursuant to the National Cooperative Research and Production Act of 1993—North American Laminate Flooring Association

Notice is hereby given that, on January 7, 2005, pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), North American Laminate Flooring Association ("NALFA") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) The name and principal place of business of the standards development organization and (2) the nature and scope of its standards development activities. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to section 6(b) of the Act, the name and principal place of business of the standards development organization is: North American Laminate Flooring Association, Washington, DC. The nature and scope of NALFA's standards development activities are: to provide minimum performance requirements for residential and commercial use laminate flooring using standard test methods. Such performance requirements include but are not limited to, static load, thickness, swell, impact resistance, light resistance, cleanability/stain resistance, wear resistance, dimensional tolerances and castor chair resistance. The requirement of this standard applies to laminate flooring upon manufacturer's completion and proper storage until first placed into service.

#### Notice Pursuant to the National Cooperative Research and Production Act of 1993—Semiconductor Test Consortium, Inc.

Notice is hereby given that, on January 12, 2005, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), the Semiconductor Test Consortium, Inc., has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Genesis Technology, Inc., Hygo, JAPAN; and LOA Technology, Southborough, MA have been added as parties to this venture. Also, Stargen, Marlborough, MA has withdrawn as a party to this venture.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and Semiconductor Test Consortium, Inc. intends to file additional written notification disclosing all changes in membership.

On May 27, 2003, Semiconductor Test Consortium, Inc., filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to section 6(b) of the Act on June 17, 2003 (68 FR 35913).

The last notification was filed with the Department on October 18, 2004. A notice was published in the **Federal Register** pursuant to section 6(b) of the Act on December 3, 2004 (69 FR 70283).

#### Notice Pursuant to the National Cooperative Research and Production Act of 1993—Window Covering Manufacturers Association, Inc.

Notice is hereby given that, on September 20, 2004, pursuant to Section 6(a) of the National Cooperative

Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Window Covering Manufacturers Association, Inc. ("WCMA") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the name and principal place of business of the standards development organization and (2) the nature and scope of its standards development activities. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the name and principal place of business of the standards development organization is: Window Covering Manufacturers Association, Inc., New York, NY. The nature and scope of ECMA's standards development activities are: developing and maintaining the ANSI/WCMA A100 series of standards covering window covering products including Cellular Shades, Horizontal Blinds, Pleated Shades, Roll-up Blinds, Roller Shades, Roman Shades, Traverse Rods, and Vertical Blinds, as well as ANSI/WCMA A101 series.

## DEPARTMENT OF LABOR

### Employment Standards Administration; Wage and Hour Division

#### Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931,

as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determinations decisions, and modifications and supersede decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon and Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of

Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.

#### Modification to General Wage Determination Decisions

The number of the decisions listed to the Government Printing Office document entitled "General Wage Determinations Issued Under the Davis-Bacon and related Acts" being modified are listed by Volume and State. Dates of publication in the **Federal Register** are in parentheses following the decisions being modified.

#### General Wage Determination Publication

General wage determinations issued under the Davis-Bacon and related Acts, including those noted above, may be found in the the Government Printing Officer (GPO) document entitled "General Wage Determinations Issued Under the Davis-Bacon And Related Acts". This publication is available at each of the 50 Regional Government Depository Libraries and many of the 1,400 Government Depository Libraries across the country.

General wage determinations issued under the Davis-Bacon and related Acts are available electronically at no cost on the Government Printing Office site at <http://www.access.gpo.gov/davisbacon>. They are also available electronically by subscription to the Davis-Bacon Online Service (<http://davisbacon.fedworld.gov>) of the National Technical Information Service (NTIS) of the U.S. Department of Commerce at 1-800-363-2068. This subscription offers value-added features such as electronic delivery of modified wage decisions directly to the user's desktop, the ability to access prior wage decisions issued during the year, extensive Help Desk Support, etc. Hard-copy subscriptions may be purchased from: Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, (202) 512-1800.

When ordering hard-copy subscription(s), be sure to specify the State(s) of interest, since subscriptions may be ordered for any or all of the six

separate Volumes, arranged by State. Subscriptions include an annual edition (issued in January or February) which includes all current general wage determinations for the States covered by each volume. Throughout the remainder of the year, regular weekly updates will be distributed to subscribers.

Dated: Signed at Washington, DC, This 3rd day of February 2005.

**John Frank,**

*Acting Chief, Branch of Construction Wage Determinations.*

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (05-022)]

### National Environmental Policy Act; Outrigger Telescopes Project

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of availability of the Final Environmental Impact Statement (FEIS) for the Outrigger Telescopes Project.

**SUMMARY:** Pursuant to the National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA (40 CFR Parts 1500-1508), and NASA policy and procedures (14 CFR Part 1216 Subpart 1216.3), NASA has prepared and issued a FEIS for the proposed Outrigger Telescopes Project. NASA's Proposed Action and preferred alternative is to fund the Outrigger Telescopes Project at the W.M. Keck Observatory within the Mauna Kea Science Reserve on the summit of Mauna Kea, Island of Hawai'i. The FEIS addresses alternative sites and the environmental and cultural resource impacts that could potentially occur with on-site construction, installation, and operation of four, and possibly up to six, Outrigger Telescopes. The proposed Outrigger Telescopes would be strategically placed around the existing Keck I and Keck II Telescopes, within the current footprint of W.M. Keck Observatory. A reasonable alternative site has been identified on La Palma, Canary Islands, Spain. Sites for a reduced science option have been identified at Mt. Wilson and Mt. Palomar in California.

**DATES:** NASA will not issue a Record of Decision (ROD) or take final action on the proposed Outrigger Telescopes Project before March 21, 2005, or 30

days from the date of publication in the **Federal Register** of the U.S.

Environmental Protection Agency (EPA) Notice of Availability of the FEIS for the Outrigger Telescopes Project, whichever is later.

**ADDRESSES:** NASA has sent a hard copy of the FEIS to each library within the Hawai'i State Public Library System and to Regional Libraries. Specific addresses for Hawai'i State and Regional Libraries can be found in the appropriate telephone directory and online at <http://www.librarieshawaii.org/locations/index.htm>. Hard copies of the FEIS are also available for review at certain California State Public Libraries (see **SUPPLEMENTARY INFORMATION**). The FEIS also may be reviewed at the following locations:

(a) NASA Headquarters, Library, Room 1J20, 300 E Street, SW., Washington, DC 20546-0001;

(b) Jet Propulsion Laboratory, Visitors Lobby, Building 249, 4800 Oak Grove Drive, Pasadena, CA 91109; and

(c) Legislative Reference Bureau, Room 004, State Capitol, Honolulu, HI 96813.

Limited hard copies of the FEIS are available by contacting Dr. Carl B. Pilcher at the address or telephone number indicated below. The FEIS is also available in Acrobat® format at <http://www2.keck.hawaii.edu/> (click on "News and Outreach", then on "Outrigger Telescopes").

**FOR FURTHER INFORMATION CONTACT:** Dr. Carl B. Pilcher, Program Executive, Universe Division, Suite 3W39; NASA Headquarters; 300 E Street, SW; Washington, DC 20546-0001; telephone 877-283-1977 (toll-free), electronic mail [otpeis@nasa.gov](mailto:otpeis@nasa.gov), or facsimile 202-358-3096.

**SUPPLEMENTARY INFORMATION:** The Outrigger Telescopes Project is a key element in NASA's Origins Program. The Origins Program addresses two fundamental questions: (1) How do galaxies, stars, and planets form? (*i.e.*, "Where do we come from?"); and (2) Are there planets, aside from ours, that have the conditions necessary to support life? (*i.e.*, "Are we alone?"). The Outrigger Telescopes Project has four scientific objectives that contribute to achieving the goals of the Origins Program:

1. Detect the astrometric signature (*i.e.*, the wobble of a star due to the gravitational influence of an unseen planetary companion) of planets as small as Uranus.
2. Make images of proto-stellar disks (*i.e.*, disks of dust and gas in space believed to be an early stage of star formation) and stellar debris disks (*i.e.*,

clouds of gas or other material remaining after the star is formed).

3. Provide high-resolution information about some faint objects outside our galaxy.

4. Make high-resolution observations of objects within the solar system, including asteroids, comets, and outer planets.

The first of these four objectives can be accomplished by linking the Outrigger Telescopes together as an interferometer. An interferometer combines the light from two or more separate telescopes so that they act as a single large telescope. The last three objectives require that the Outrigger Telescopes be linked as an interferometer to at least one 8-meter (m) (26-feet (ft)) or larger telescope.

NASA proposes to fund the Outrigger Telescopes Project at the W.M. Keck Observatory site located within the Astronomy Precinct in the Mauna Kea Science Reserve on the summit of Mauna Kea, Island of Hawai'i. The W.M. Keck Observatory is the site of the two largest optical telescopes in the world—the twin 10-m (33-ft) Keck I and Keck II. The Outrigger Telescopes Project, if fully implemented as proposed, would consist of up to six 1.8-m (6-ft) telescopes placed strategically around the two existing Keck Telescopes.

The California Association for Research in Astronomy, a non-profit corporation established by the University of California and California Institute of Technology, operates and maintains the W.M. Keck Observatory. The W.M. Keck Observatory site (approximately 2-hectare (ha)(5-acre (ac))) is located within the Astronomy Precinct and is subleased to the California Institute of Technology by the University of Hawai'i. The Astronomy Precinct encompasses approximately 212 ha (525 ac) of the Mauna Kea Science Reserve (4,568 ha (11,288 ac)). The Mauna Kea Science Reserve is leased to the University of Hawai'i by the State of Hawai'i.

Due to present funding constraints, only four Outrigger Telescopes would initially be installed and operated, although the foundations for six would be constructed. It is anticipated that the on-site construction and installation of four of the six Outrigger Telescopes, along with on-site construction of the underground structures for Telescopes 5 and 6, would begin in 2005, with initial operations anticipated in 2007. If funding were to become available, the aboveground construction and installation of Telescopes 5 and 6 would likely begin no earlier than 2007.

In addition to the W.M. Keck Observatory site, alternative sites with
