SUPPLEMENTARY INFORMATION:

I. Background

The Migrant and Seasonal Agricultural Worker Protection Act (MSPA), 29 U.S.C. 1801 *et seq.*, Section 201(c) requires any farm labor contractor, agricultural employer or agricultural association providing housing to any migrant agricultural worker to post in a conspicuous place, or present to the migrant worker, a statement of any housing occupancy terms and conditions. In addition, MSPA Section 201(g) requires a farm labor contractor, agricultural employer or agricultural association providing housing to any migrant agricultural worker to give such information in English, or as necessary and reasonable, in a language common to the worker and that the Department of Labor (DOL) makes forms available to provide such information. The implementing regulations for the MSPA set forth, at 29 CFR 500.75(f) and (g), the housing terms that a farm labor contractor, agricultural employer or agricultural association providing housing to any migrant agricultural worker must post or give in a written statement to the worker.

Regulation 29 CFR 500.1(i)(2) provides for Form WH-521 that a farm labor contractor, agricultural employer or agricultural association may use, at its option, to satisfy MSPA requirements. Form WH-521 is an optional form that a farm labor contractor, agricultural employer or agricultural association may post or present to a migrant agricultural worker to list the housing terms and conditions. While use of the Form WH-521 is optional, the MSPA requires disclosure of the information. This information collection is currently approved for use through September 30, 2005.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

III. Current Actions

The Department of Labor seeks the approval of the extension of this information collection to carry out its statutory responsibility to ensure that farm labor contractor, agricultural employer or agricultural association providing housing to any migrant agricultural worker to post in a conspicuous place, or present to the migrant worker, a statement of any housing occupancy terms and conditions.

BILLING CODE 4510-27-P

DEPARTMENT OF LABOR

Employment Standards Administration; Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and

federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from the date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration to the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.
