III. Special Issues for Comments

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collection; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments and supporting materials in response to this notice by (1) hard copy, (2) FAX transmission (facsimile), or (3) electronically through the OSHA Web page. Because of security-related problems, a significant delay may occur in receiving comments by regular mail. Please contact the OSHA Docket Office at (202) 693-2350 (TTY (877) 889-5627) for information about security procedures concerning the delivery of submissions by express delivery, hand delivery and courier service.

All comments, submissions, and background documents are available for inspection and copying at the OSHA Docket Office at the above address. Comments and submissions posted on OSHA's Web page are available at <http://www.OSHA.gov>. Contact the OSHA Docket Office for information about materials not available through the OSHA Web page, and for assistance using the Web page to locate docket submissions.

Electronic copies of this **Federal Register** notice, as well as other relevant documents, are available on OSHA's Web page. Submissions become part of the public record, therefore, private information such as social security numbers should not be submitted.

DEPARTMENT OF LABOR

Wage and Hour Division

[Administrative Order No.]

Special Industry Committee for All Industries in American Samoa; Appointment; Convention; Hearing

1. Pursuant to sections 5 and 6(a) (3) of the Fair Labor Standards Act (FLSA) of 1938, as amended (29 U.S.C. 205, 206(a) (3)), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004) and 29 CFR part 511, I hereby appoint special Industry Committee No. 26 for American Samoa.

2. Pursuant to sections 5, 6(a) (3) and 8 of the FLSA, as amended (29 U.S.C. 205, 206(a) (3), and 208), Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and 29 CFR part 511, I hereby:

(a) Convene the above-appointed industry committee;

(b) Refer to the industry committee the question of the minimum rate or rates for all industries in American Samoa to be paid under section 6(a)(3) of the FLSA, as amended; and,

(c) Give notice of the hearing to be held by the committee at the time and place indicated.

The industry committee shall investigate conditions in such industries and the committee, or any authorized subcommittee thereof, shall hear such witnesses and receive such evidence as may be necessary or appropriate to enable the committee to perform its duties and functions under the FLSA.

The committee shall meet in executive session to commence its

investigation at 9 a.m. and begin its public hearing at 11 a.m. on June 20, 2005, in Pago Pago, American Samoa.

3. The rate or rates recommended by the committee shall not exceed the rate prescribed by section 6(a) or 6(b) of the FLSA, as amended by the Fair Labor Standards Act Amendments of 1996, of \$5.15 an hour effective September 1, 1997.

The committee shall recommend to the Administrator of the Wage and Hour Division of the Department of Labor the highest minimum rate or rates of wages for such industries that it determines, having due regard to economic and competitive conditions, will not substantially curtail employment in such industries, and will not give any industry in American Samoa a competitive advantage over any industry in the United States outside of American Samoa.

4. Where the committee finds that a higher minimum wage may be determined for employees engaged in certain activities or in the manufacture of certain products in the industry than may be determined for other employees in the industry, the committee shall recommend such reasonable classifications within the industry as it determines to be necessary for the purpose of fixing for each classification the highest minimum wage rate that can be determined for it under the principles set forth herein and in 29 CFR 511.10, that will not substantially curtail employment in such classification and will not give a competitive advantage to any group in the industry. No classification shall be made, however, and no minimum wage rate shall be fixed solely on a regional basis or on the basis of age or sex. In determining whether there should be classifications within an industry, in making such classifications, and in determining the minimum wage rates for such classifications, the committee shall consider, among other relevant factors, the following:

(a) Competitive conditions as affected by transportation, living and production costs;

(b) Wages established for work of like or comparable character by collective labor agreements negotiated between employers and employees by representatives of their own choosing; and

(c) Wages paid for work of like or comparable character by employers who voluntarily maintain minimum wage standards in the industry.

5. Prior to the hearing, the Administrator of the Wage and Hour Division, U.S. Department of Labor, shall prepare an economic report

containing the information that has been assembled pertinent to the matters referred to the committee. Copies of this report may be obtained at the Office of the Governor, Pago Pago, American Samoa, and the National Office of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. Upon request, the Wage and Hour Division will mail copies to interested persons who make a written request to the Wage and Hour Division. To facilitate mailing, such persons should make advance written request to the Wage and Hour Division. The committee will take official notice of the facts stated in this report. Parties, however, shall be afforded an opportunity to refute such facts by evidence received at the hearing.

6. The provisions of Title 29, Code of Federal Regulations, part 511, will govern the procedure of this industry committee. Copies of this part of the regulations will be available at the Office of the Governor, Pago Pago, American Samoa, and at the National Office of the Wage and Hour Division. The proceedings will be conducted in English, but in the event that a witness should wish to testify in Samoan, an interpreter will be provided. As a prerequisite to participation as a party, interested persons shall file six copies of a pre-hearing statement at the aforementioned Office of the Governor of American Samoa and six copies at the National Office of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. Each pre-hearing statement shall contain the data specified in 29 CFR 511.8 of the regulations and shall be filed not later than May 20, 2005. If such statements are sent by airmail between American Samoa and the mainland, such filing shall be deemed timely if postmarked within the time provided.

Signed in Washington, DC, this 27th day of April, 2005.

Elaine L. Chao,
Secretary of Labor.

BILLING CODE 7555-01-M

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards Subcommittee Meeting on Fire Protection; Notice of Meeting

The ACRS Subcommittee on Fire Protection will hold a meeting on May 17, 2005, Room T-2B3, 11545 Rockville Pike, Rockville, Maryland.

The entire meeting will be open to public attendance.

The agenda for the subject meeting shall be as follows: *Tuesday, May 17, 2005—8:30 a.m. until 12 Noon.*

The purpose of this meeting is to discuss the Draft Regulatory Guide, DG-1139, "Risk-Informed, Performance-Based Fire Protection for Existing Light-Water Nuclear Power Plants." This regulatory guide provides guidance for use in complying with the requirements that the U.S. Nuclear Regulatory Commission (NRC) has promulgated for risk-informed, performance-based fire protection programs that meet the requirements of Title 10, Section 50.48(c), of the Code of Federal Regulations (10 CFR 50.48(c)) and the 2001 Edition of the National Fire Protection Association (NFPA) standard, NFPA 805, "Performance-Based Standard for Fire Protection for Light-Water Reactor Electric Generating Stations." The Subcommittee will hear presentations by and hold discussions with the NRC staff, representatives of the Electric Power Research Institute (EPRI), and other interested persons regarding this matter. The Subcommittee will gather information, analyze relevant issues and facts, and formulate proposed positions and actions, as appropriate, for deliberation by the full Committee.

Members of the public desiring to provide oral statements and/or written comments should notify the Designated Federal Official, Dr. Hossein P. Nourbakhsh (Telephone: (301) 415-5622) five days prior to the meeting, if possible, so that appropriate
