## **How to Find Information on Hazardous Waste Sites in Alaska, Idaho, Oregon & Washington**

July 2007

This brochure tells you how to find information about the federal Superfund Program in Region 10, which covers Alaska, Idaho, Oregon, and Washington. The Superfund Program is concerned with identifying and cleaning up the nation's most contaminated hazardous waste sites. If you are interested in Superfund, you may also be interested in the broader topic of Cleanup. Superfund and Cleanup information both are available on the internet, by phone, and by mail.

# *On the Internet*

## *Seeking Information on Superfund Sites and Programs in Region 10?*

---

### **[www.epa.gov/r10earth/cleanup.htm](http://www.epa.gov/r10earth/cleanup.htm)**

This site offers you information about Superfund sites, related programs, community involvement, site assessments, the National Priorities List (NPL), and many other topics. An alternative way to explore this site is to use the Index. First, go to **[www.epa.gov/r10earth](http://www.epa.gov/r10earth)**, then click on "Index." Then click on the first letter of the topic or cleanup site you want to find. For example, click "B" for Bnker Hill. Click "C" for cleanup. Click "S" for Superfund Records Center. Click "B" for Brownfields.

## *Wondering whether a site is a Superfund site?*

---

### **[www.epa.gov/enviro](http://www.epa.gov/enviro)**

## *Looking for Information about the National Superfund Program?*

---

### **[www.epa.gov/superfund](http://www.epa.gov/superfund)**

Besides providing lots of information about laws, related programs, and helpful resources, this site offers some useful tools. The tools (located on the right-hand bar of the page) include:

- **Search Superfund:** Quickly find potential and confirmed hazardous waste sites based on address or contaminants. Provides maximum flexibility in searching for hazardous waste sites (23 fields and customized results).
- **Enviomapper:** Zoom in by geography to find NPL sites. Create online, interactive maps of Superfund sites.
- **Record of Decision (ROD):** Review abstracts of RODs for sites in your community.
- **Map of NPL Sites:** Locate NPL sites in your area with a click of a mouse.

## *Interested in a National One-Stop Shop for Superfund Site Information?*

---

### **[www.epa.gov/superfund/sites](http://www.epa.gov/superfund/sites)**

Here you'll find a one-stop shop for everything you want to know about a specific Superfund site or group of sites. For example, you can locate a site, see site progress profiles, learn how sites are placed on the NPL, review case studies, see photos, learn about contaminants, get data, and more.

## *Want to Download Superfund Products?*

---

[www.epa.gov/superfund/sites/phonefax/products.htm](http://www.epa.gov/superfund/sites/phonefax/products.htm)

**Report and Product Description:** These buttons allow you to access frequently requested EPA hazardous waste site lists and reports. If you choose to download a .dbf file, you may use software such as Access or Dbase to read the data. Reports available are described below.

**List 9 Active CERCLIS Sites:** Lists all Superfund sites/incidents, addresses, Congressional districts, and activities associated with each site/incident.

**List 11 Responsible Parties at CERCLIS Sites:** Lists responsible parties at Superfund sites that have received Special or General Notice letters from EPA. It displays the party name and address, and data on selected enforcement actions, if present, at the associated sites, as well as basic site information for each site.

**SCAP 12 Site Summary Report for Non-NPL Sites:** Details information on Superfund sites/incidents that are not on the NPL. Only the sites/incidents that have planned or actual remedial/removal activities are included in the report. The remedial/removal activities (planned or actual) as well as the enforcement activities (actual) related to each site/incident are listed.

**List 8T Archive (NFRAP) Listing:** Reports all sites previously listed as contaminated or suspected of contamination, but have subsequently been determined to be of no further federal Superfund interest at this time. The report lists the sites/incidents, addresses, Congressional districts, and activities associated with each site/incident.

## *By Phone and Fax*

**Automated Phone and Fax Information System:** You can request List 8T, List 9, List 10, List 11, and SCAP 12 reports via e-mail or CD-ROM.

You can access an online order form at  
**[www.epa.gov/superfund/sites/phonefax/order.htm](http://www.epa.gov/superfund/sites/phonefax/order.htm)**.

For further assistance, please call the Superfund Order & Info Line at (703) 284-8214 from 7:30 a.m. to 5:00 p.m. EST to contact someone in person.

## *By Mail (or Internet)*

**Freedom of Information Act Requests:** Written requests for information can be submitted under the Freedom of Information Act (FOIA), via mail, fax, or online. Certain guidelines apply when submitting FOIA requests. For details, visit **[www.epa.gov/r10earth](http://www.epa.gov/r10earth)** and click on the "FOIA" link. For information or to submit your request, contact:

**Attn: FOIA Officer  
U.S. EPA Region 10  
1200 Sixth Avenue  
Seattle, WA 98101**

**telephone: (206) 553-8665  
fax: (206) 553-0059**

# *State Agencies*

*The preceding data systems pertain to sites under EPA's review. State agencies may be aware of other potential hazardous waste sites. State contacts are listed below.*

## ***Alaska***

---

Alaska Department of Environmental Conservation  
410 Willoughby Avenue, Suite 105  
PO Box 111800  
Juneau, AK 99801-1795  
(907) 465-5010  
[www.dec.state.ak.us](http://www.dec.state.ak.us)

## ***Idaho***

---

Idaho Department of Environmental Quality  
1410 North Hilton Street  
Boise, ID 83706  
(208) 373-0502
