Paper company waste 1970

Point-source pollution 1973

Chicago incinerator

A photograph showing a power plant facility in the background, featuring a large cooling tower emitting a plume of white steam. The plant is situated near a body of water. In the foreground, a sandy dune is covered with tall, dry grasses. Five people are standing on the dune, looking towards the power plant. The overall scene is somewhat desaturated, with a blueish-grey tint.
