

The Energy Efficient Product Procurement webcast will start in a few minutes.

You will hear background music until the webcast begins.

Webcast Agenda.

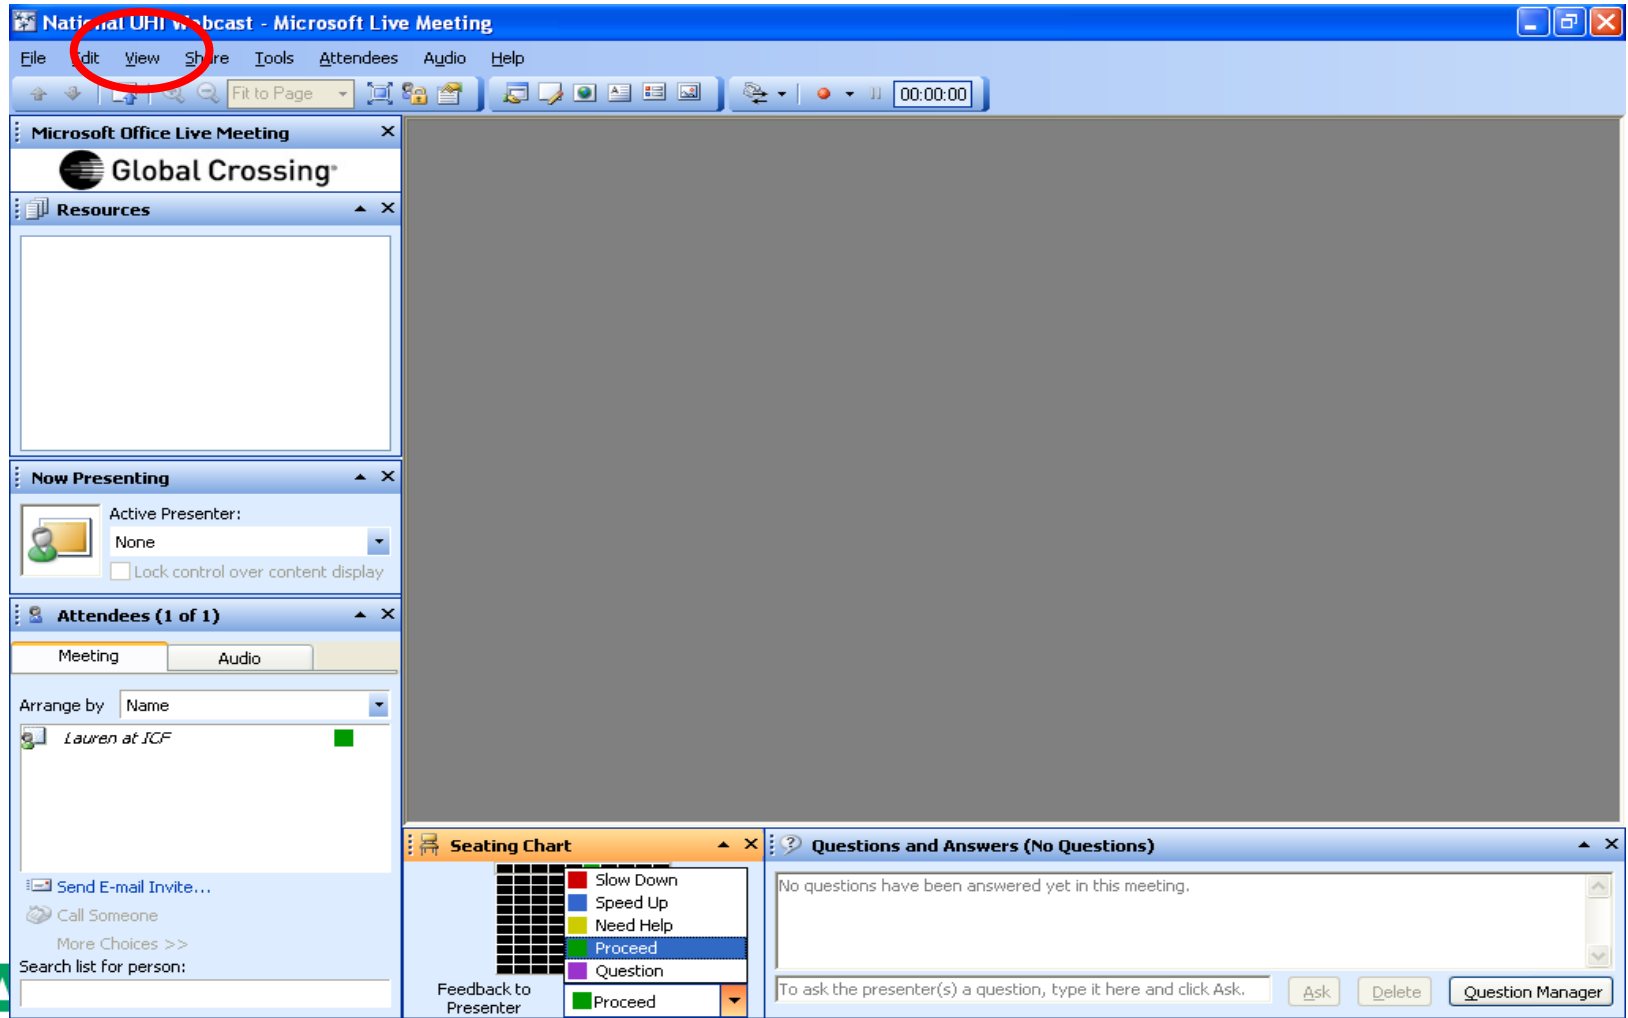

1. Logistics - Using Live Meeting - Municipal Clean Energy Environment Network Overview, Andrea Denny (approximately 5-10 min)
2. Energy Star EE Product Procurement Program, Kate Lewis (approximately 20 min)
3. City of Phoenix, Liz Paulus (approximately 20 min)
4. City of San Diego, Stephen Grealy (approximately 20 min)
5. Q&A

Live Meeting Logistics.

- You will be muted throughout this webcast to minimize background noise. You'll be able to submit questions and comments in writing.
- Today's session will be recorded and will be made available for download in a few weeks at: <http://epa.gov/cleanenergy/energy-programs/state-and-local/webcast.html>
- Throughout the webcast, if you have problems, please contact Nikhil Nadkarni at NNadkarni@icfi.com OR 202-862-1145

View and Layout.

- Press F5 to show the presentation full screen, and F5 to return to the Live Meeting console.
- To restore all the default tools to the screen, go to “View” and select “Restore Default Layout.”

The screenshot displays the Microsoft Live Meeting interface. The title bar reads "National UHI Webcast - Microsoft Live Meeting". The menu bar includes "File", "Edit", "View", "Share", "Tools", "Attendees", "Audio", and "Help". The "View" menu is circled in red. Below the menu bar is a toolbar with various icons and a "Fit to Page" dropdown. The main interface is divided into several panes: "Microsoft Office Live Meeting" (top left), "Global Crossing" (top left), "Resources" (middle left), "Now Presenting" (bottom left), "Attendees (1 of 1)" (bottom left), "Seating Chart" (bottom right), and "Questions and Answers (No Questions)" (bottom right). The "Attendees" pane shows a list with "Lauren at ICF". The "Seating Chart" pane shows a grid and a legend with options: Slow Down, Speed Up, Need Help, Proceed, and Question. The "Questions and Answers" pane shows a text input field and buttons for "Ask", "Delete", and "Question Manager".

Questions.

- If you have a question, type it into the “To Ask...” box and click “Ask.”

The screenshot displays the Microsoft Live Meeting interface for a session titled "National UHI Webcast - Microsoft Live Meeting". The interface includes a menu bar (File, Edit, View, Share, Tools, Attendees, Audio, Help) and a toolbar with various controls. On the left side, there are several panels: "Microsoft Office Live Meeting" with the "Global Crossing" logo, a "Resources" panel, a "Now Presenting" panel showing "Active Presenter: None" and a "Lock control over content display" checkbox, and an "Attendees (1 of 1)" panel listing "Lauren at JCF". At the bottom, there is a "Seating Chart" panel with a grid and a legend for feedback options (Slow Down, Speed Up, Need Help, Proceed, Question, Proceed), and a "Questions and Answers (No Questions)" panel. The "Questions and Answers" panel contains the text "No questions have been answered yet in this meeting." and a text input field with the placeholder text "To ask the presenter(s) a question, type it here and click Ask." circled in red. Below the input field are buttons for "Ask", "Delete", and "Question Manager".

Program Overview.

- Informational and peer exchange network:
 - Advance clean energy in local governments and their communities.
 - Focus on established, cost-effective best practices.
 - Serve as a Gateway to existing resources.
 - Develop new tools, resources, and guidance
 - Facilitate peer to peer exchange.

Clean Energy Strategy Guide.

- Covers 16 strategies in 4 Areas:
 - Energy Efficiency, Energy Supply, Transportation, and Urban Planning and Design.
 - Benefits; measures; participants; mechanisms for implementation; costs; funding; interaction w/fed, regional, and state programs; case studies, and resources/references.
- Launch draft chapters via this webcast series—
Procurement chapter is already available.
- Complete guide and post on our website throughout 2008.

Webcast Series.

- Spring 2008 Series:
 - Upcoming topics (tentative): Green Power Procurement, EE in affordable housing.
 - Announced through our S&L Clean Energy-Environment Listserv and on website.
 - Local government presenters.
- Other EPA webcasts:
 - Clean Energy-Environment Technical Forum Calls (state focus).
 - ENERGY STAR Training Center
<http://energystar.gov/training> .

Clean Energy Resource Database.

Energy Efficiency Resources Database

This searchable database describes key resources and documents relevant to the National Action Plan for Energy Efficiency, which addresses the following issues: Evaluation, Measurement and Verification; Energy Efficiency Potential Studies; Cost Effectiveness; Program Design and Implementation; Dynamic Rates; Resource Planning; Cost Recovery and Incentives; and Codes and Standards. The database also includes information on the following subjects: Funding and Incentives; Emissions Trading; State Management Best Practices; Air Quality; Clean Energy Supply; Local Government; and Portfolio Standards.

You can search the database and retrieve resources using one of three approaches:

1. Search by selecting one or more Subject Area(s).
2. Search by selecting one or more Subject Area(s) and refining your results by selecting one or more Search Topic(s) (on the next page).
3. Search by Keyword alone or in combination with one of the above search options.

Search Subject Area (Hold down CTRL or Mac command key to select/deselect multiple)

- Developing Energy Efficiency Policy
- Developing Renewable Energy Policy
- Supporting Effective Communication
- Supporting Heat Island Mitigation
- Local Government**
- EPA Guide to Action

 Select Local Government from subject list

Keywords (Enter a word or phrase to match exactly)

Search Topic (Hold down CTRL or Mac command key to select/deselect multiple)

- LOCAL GOVERNMENT
- All
- Biofuels**
- Building Codes
- Combined Heat and Power
- Energy Efficiency

 Select topic(s) of interest
