

SUPPLEMENTAL TECHNICAL INSTRUCTIONS	Supplement Number	Date Issued
	96-3	9/4/96

National Mapping Division

SUBJECT

For Sale Notes

BACKGROUND

Map distribution functions have been consolidated at the Denver Distribution Center. The Earth Sciences Information Center (ESIC) at USGS headquarters in Reston forwards orders to the Denver Distribution Office for processing. Therefore, there is no longer a need to identify Reston, Virginia in the For Sale notes.

INSTRUCTIONS

This STI supercedes STI 86-1-G For Sale Notes. This instruction will be in effect until the approval of a note that reflects current NMD product distribution policy.

Show the following note on all National Mapping Division maps:

FOR SALE BY U.S. GEOLOGICAL SURVEY, P.O. BOX 25286, DENVER, COLORADO 80225

Amend the "For Sale" note when a State or Federal agency maintains a distribution center for maps falling within its sphere of interest. Append an additional line to reference the agency by name and address (City name, State name, and Zip code). Pattern after the following example:

**FOR SALE BY U.S. GEOLOGICAL SURVEY, P.O. BOX 25286, DENVER, COLORADO 80225
AND ILLINOIS GEOLOGICAL SURVEY, CHAMPAIGN, ILLINOIS 61820**

APPLIES TO

All new maps, revised maps, and reprints.

ISSUED TO

EDC, MAC, MCMC, RMMC, WMC, and FS.

APPROVED BY

Kathryn R. Clement
Senior Program Advisor, Data Production and Integration
