TABLE 2. FEDERAL REVENUE FROM ELIGIBLE FEDERAL PROPERTY

Instructions: List all revenues received from other Federal programs during the previous fiscal year (2003-2004) from activities associated with section 8002-eligible Federal property. Provide the name of each Federal program and the name of the Federal agency responsible for administering that program. If only a portion of the Federal property generating the revenue is eligible under section 8002, prorate the revenue to reflect the share attributable to the section 8002-eligible property. For example, if the LEA has 10,000 acres of U.S. Forest Service property that generated \$20,000 in timber revenues, but only 2,000 acres are eligible under section 8002, the LEA should report one fifth (20 percent) of the total, or \$4,000, as revenue associated with section 8002-eligible Federal property.

TABLE 4. TAX LEVY INFORMATION

Instructions: Enter the local real property tax levy, in mills or dollars, that was used to raise funds for current operating expenditures for the local educational agency (LEA) for fiscal year 2004-2005. Exclude capital outlay, debt service or any other funds that are not considered operating expenditures. Tax assessors for school districts with a single tax rate will only need to use one line of this table. Local tax assessing officials for school districts that have multiple tax rates should use a separate line to report each type of property and corresponding tax rate.

When funds for current operating expenditures for the LEA are raised by more than one taxing jurisdiction, submit separate copies of this table for each jurisdiction.
