<p>1. Percent of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner.</p> <p>[Compliance Indicator]</p>	<p>The State revised the improvement activities for this indicator in its SPP and OSEP accepts those revisions.</p> <p>The State's FFY 2006 reported data for this indicator are 17%. The State reported that these data are not valid or reliable because its EIS programs misunderstood the State's revised definition of timely service provision in documenting data for this indicator. Therefore, OSEP could not determine whether there was progress or slippage or whether the State met its FFY 2006 target.</p> <p>The State reported that it corrected the mistake and provided updated data for this indicator of 97%, as of November 30, 2007.</p> <p>The State reported that three of three findings of noncompliance identified in FFY 2005 related to this indicator were corrected in a timely manner.</p>	<p>OSEP's June 15, 2007 FFY 2005 SPP/APR response table required the State, in the FFY 2006 APR, due February 1, 2008, to report on the correction of noncompliance identified in FFY 2003 and FFY 2004 with the timely service provision requirements in 34 CFR §§303.340(c), 303.342(e) and 303.344(f)(1). The State reported that this noncompliance was corrected.</p> <p>The State also reported that noncompliance identified in FFY 2005 with the timely service provision requirements was corrected in a timely manner.</p> <p>The State must review its improvement activities and revise them, if appropriate, to ensure they will enable the State to provide valid and reliable data in the FFY 2007 APR, due February 1, 2009, demonstrating that the State is in compliance with the requirements in 34 CFR §§303.340(c), 303.342(e) and 303.344(f)(1), including reporting correction of the noncompliance identified in the FFY 2006 APR.</p>
<p>2. Percent of infants and toddlers with IFSPs who primarily receive early intervention services in the home or programs for typically developing children.</p> <p>[Results Indicator]</p>	<p>The State's FFY 2006 reported data for this indicator are 99.8%. The State's data reflect a high level of performance for this indicator.</p> <p>The State met its FFY 2006 target of 99%.</p>	<p>The State's actual target data for provision of services to infants and toddlers in natural environments are at or greater than 95%. There is no expectation that an increase in that percentage is necessary. OSEP appreciates the State's efforts to improve performance and expects that the State is monitoring to ensure that IFSP teams are making service setting decisions on an individualized</p>
