### I. Funding Opportunity

The provision of broadband transmission service is vital to the economic development, education, health, and safety of rural Americans. The purpose of the Community Connect Grant Program is to provide financial assistance in the form of grants to eligible applicants that will provide currently unserved areas, on a "community-oriented connectivity" basis, with broadband transmission service that fosters economic growth and delivers enhanced educational, health care, and public safety services. Rural Development will give priority to rural areas that it believes have the greatest need for broadband transmission services, based on the criteria contained herein.

Grant authority will be used for the deployment of broadband transmission service to extremely rural, lower-income communities on a "community-oriented connectivity" basis. The "community-oriented connectivity" concept will stimulate practical, everyday uses and applications of broadband facilities by cultivating the deployment of new broadband transmission services that improve economic development and provide enhanced educational and health care opportunities in rural areas. Such an approach will also give rural communities the opportunity to benefit from the advanced technologies that are necessary to achieve these goals. Please see 7 CFR part 1739, subpart A for specifics.

This notice has been formatted to conform to a policy directive issued by the Office of Federal Financial Management (OFFM) of the Office of Management and Budget (OMB),

published in the **Federal Register** on June 23, 2003. This Notice does not change the Community Connect Grant Program regulation (7 CFR 1739, subpart A).

### II. Award Information

b. *Assistance instrument*: Rural Development will execute grant documents appropriate to the project prior to any advance of funds with successful applicants.

B. Community Connect grants cannot be renewed. Award documents specify the term of each award. Applications to extend existing projects are welcomed (grant applications must be submitted during the application window) and will be evaluated as new applications.

### III. Eligibility Information

#### A. Who is eligible for grants? (See 7 CFR 1739.10.)

1. Only entities legally organized as one of the following are eligible for Community Connect Grant Program financial assistance:

- a. An incorporated organization,
- b. An Indian tribe or tribal organization, as defined in 25 U.S.C. 450b(b) and (c),
- c. A state or local unit of government,
- d. A cooperative, private corporation or limited liability company organized on a for-profit or not-for-profit basis.

2. Individuals are not eligible for Community Connect Grant Program financial assistance directly.

3. Applicants must have the legal capacity and authority to own and operate the broadband facilities as proposed in its application, to enter into contracts and to otherwise comply with applicable federal statutes and regulations.

#### B. What are the basic eligibility requirements for a project?

1. Required matching contributions. Please see 7 CFR 1739.14 for the requirement. Grant applicants must demonstrate a matching contribution, in cash or in kind (new, non-depreciated items), of at least fifteen (15) percent of the total amount of financial assistance requested. Matching contributions must be used for eligible purposes of

Community Connect grant assistance (see 7 CFR 1739.12).

2. To be eligible for a grant, the Project must (see 7 CFR 1739.11):

a. Serve a Rural Area where Broadband Transmission Service does not currently exist, to be verified by Rural Development prior to the award of the grant;

b. Serve one Community recognized in the latest U.S. Census or the latest version of the Rand McNally Atlas;

c. Deploy Basic Broadband Transmission Service, free of all charges for at least 2 years, to all Critical Community Facilities located within the proposed Service Area;

d. Offer Basic Broadband Transmission Service to residential and business customers within the proposed Service Area; and

C. See paragraph IV.B of this notice for a discussion of the items that make up a completed application. You may also refer to 7 CFR 1739.15 for completed grant application items.

### IV. Application and Submission Information

#### A. Clarifications to Requirements for FY 2008

1. Rural Development clarifies that the definition of "Critical Community Facilities" includes the mandatory Community Center.

2. For all funding commitments, including all matching fund commitments and commitments made by the applicant, that are required to complete the Project in addition to the Rural Development grant, evidence must be submitted demonstrating that funding arrangements have been obtained. If the appropriate funding commitments are not included in the application, the application will be deemed ineligible for consideration. This evidence must:

- a. Clearly state the name of the entity that is making the commitment;
- b. The amount of the commitment; and
- c. The purpose of commitment.

3. Rural Development clarifies that in order to qualify as eligible costs for grant coverage or matching fund contributions, operating expenses incurred in providing Broadband Transmission Service to Critical Community Facilities for the first 2 years of operation and in providing training and instruction must be for the

following purposes subject to the specified maximum amounts:

- a. Salary for operations manager, not to exceed \$30,000 per year.
- b. Salary for technical support staff, not to exceed \$30,000 per year.
- c. Salary for community center staff, not to exceed \$25,000 per year.
- d. Bandwidth expenses, not to exceed \$25,000 per year.
- e. Training courses on the use of the Internet, not to exceed \$15,000 per year.

The operating costs to be funded by the grant or used as matching contributions cannot exceed in the aggregate \$250,000. No other operating expenses are eligible for grant funding or to be considered as matching funds.

4. Community means any incorporated or unincorporated town, village, or borough recognized in the latest decennial census as published by the Bureau of the Census or in the most recent edition of a Rand McNally Atlas that is located in a Rural Area.

5. Rural Development clarifies that the economic need of the applicant's service territory will be based on the median household income (MHI) for the Community serviced and the state in which the Community is located, as determined by the U.S. Bureau of the Census at <http://factfinder.census.gov>. If the community was qualified using the Rand McNally Atlas, the applicant must use the MHI, contained in the latest decennial census, of the county in which the Community resides as the Community MHI. The economic need will no longer be based on the Per Capita Personal Income of the community.

**B. Where to get application information.** The application guide, copies of necessary forms and samples, and the Community Connect Grant Program regulation are available from these sources:
