Subject Just so you know - W126 O3 secondary std got dropped -
emergency rewrites underway for secondary=primary

I have talked with Jenny Noonan and Lydia, and also called Phil. I listened in on the 7:45pm call with Steve Page and Bob Meyers - a memorable phone call, not for a good reason. The rule and response to comments documents have to be written by tomorrow a.m. For AQAD, this involves re-writes to the monitoring section and data handling rules that Phil his group worked so hard on.
