Dear Mr. Chairman:

In response to your request, we are enclosing a table showing amounts appropriated, authorized, or obligated for the programs listed in your letter of June 4, 1971. These data are presented for the ten years ended June 30, 1971. Also included are the appropriations requested for the programs for fiscal year 1972.

These data are based on the best information readily available to us in June 1971, and are included in the table for information only as a rough indicator of the relative volume and principal elements of U.S. foreign assistance. The line items are subject to qualifications as indicated in the various footnotes to the table.

We plan to make no further distribution of this table unless copies are specifically requested and then we shall make distribution only after your agreement has been obtained or public announcement has been made by you concerning the contents of the table.

Sincerely yours,

*Thomas B. Staats*
