## EXPLANATORY NOTES

This list is a consolidation of four previous lists of retention decisions made by the Regionals, circa 1989-1991:

1. *Regional Libraries' List of Superseded Depository Documents* (*Administrative Notes* v.10 no.3, June 30, 1989).

“The Regional Libraries’ List of Superseded Depository Documents was compiled by a committee of Regional librarians under the direction of Ridley Kessler and Gary Cornwell. This list represents a first step in addressing the unique retention and collection development responsibilities of Regional Libraries.

The publications on this list were taken from Appendix C of the *Instructions to Depository Libraries*. These publications may be discarded by all Regional libraries. Regional libraries have the option of retaining any or all of the publications on this list. Selective depository libraries will continue to refer to Appendix C of the *Instructions to Depository Libraries*.”

These decisions are reflected on the consolidated list by the phrase: “Regionals may discard [1989]”

2. *Titles Recommended for Discarding by Regionals - List of Regional Depositories Currently Retaining...* Prepared by University of Florida Libraries circa 1990.

“196 titles recommended by the Regional Superseded Documents Committee (Duncan Aldrich, Deborah Yerkes, Lily Wai, and Gary Cornwell) as “OK” to discard by all Regionals... [annotated] to reflect those libraries that currently retain all issues of a particular series and indicated a willingness to do so in the future.” [See Memo below]

These decisions are reflected on the consolidated list by the phrases: “Regionals may discard [1990]” and “Regionals retaining despite permission to discard:”

3. *Titles That Should be Permanently Retained by all Regionals – List of Current Holding Libraries*. Prepared by University of Florida Libraries circa 1990.

Publications that the Regional Superseded Documents Committee felt all Regionals should permanently retain, annotated to reflect those libraries that were already retaining this material. [See Memo below]

These decisions are reflected on the consolidated list by the phrases: “Regionals should retain [1990]” and “Regionals guaranteeing retention:”

4. *List of Superseded Documents Now Annotated for Regionals* (Administrative Notes v.12 no.8, March 30, 1991)

“The committee organized to annotated the List of Superseded Documents for regional depository libraries has completed its work.”

These decisions primarily duplicate those in the documents above; new decisions are integrated with #2 and #3 above, with change of date to [1991].

**MEMO TO:** Regional Librarians

**FROM:** Gary Cornwell  
Chair, Regional Superseded Documents Committee

**SUBJECT:** Superseded Document Lists

Enclosed please find 2 lists derived from the List of Superseded Documents (Appendix C of the *Instructions to Depository Libraries*). The first of these lists contains 196 titles recommended by the Regional Superseded Documents Committee (Duncan Aldrich, Deborah Yerkes, Lily Wai, and Gary Cornwell).as “OK” to discard by all Regionals. The second list, consisting of 408 documents, represents publications that the Committee felt all Regionals should permanently retain. These two lists, when combined with the “Regional Libraries’ List of Superseded Depository Documents” published in the Volume 10, Number 13 (June 30, 1989) issue of *Administrative Notes* should account for all titles listed in Appendix C.

As many of you know, at the meeting for regional Depository Librarians held prior to the 1989 fall Council meeting, there were several recommendations adopted regarding these lists. The first recommendation was to use results obtained from the “Survey of Regional Holdings of Superseded Documents” to annotate the lists to reflect those libraries that currently retain all issues of a particular series and indicated a willingness to do so in the future. Both the “List of titles that Should be Permanently Retained by All Regionals” and the “List of Titles Recommended for Discarding” have been annotated to include that information. (**NOTE:** Holdings information was not gathered for titles previously approved for discarding and cannot be supplied).

It was also decided at the Fall meeting to accept the “List of titles that Should be Permanently Retained by All Regionals”. While this list is not binding, it does represent titles that 2 separate committees (composed entirely of regional Librarians) felt all Regionals should be keeping. As the annotated list of titles indicates, of the 42 libraries that responded to the survey, a majority of Regionals are already retaining most of this material. It is the recommendation of the Committee, as well as the consensus of the Regional Librarians, that those Regional libraries that routinely discard this material reevaluate their disposition policy and make every effort possible to permanently retain these items.

Finally, it was decided to delay adoption of the “List of titles Recommended for Discarding” until libraries had an opportunity to examine the list more closely. As is evident from the list of holding libraries, most libraries are now discarding much of this material. Those libraries listed as holding

libraries have indicated that they would continue to retain these titles whether this “List” were adopted or not. Consequently, unless there is a large outpouring from Regional librarians about particular titles they feel should be retained by all Regionals, I will submit the “List for adoption at the next Regional meeting.

Essentially, what all of this means for Regional Depositories is as follows. At the present time, Appendix C has been divided into three separate lists. The first list, was published in *Administrative Notes* and consists of titles **approved** for discarding by all Regionals. The second list, adopted at the Fall 1989 regional meetings consists of titles that **should** be permanently retained by all Regionals. The third list, contains titles that have been **recommended, but not yet approved** for discarding by Regionals.

Any comments regarding the third list should be forwarded to me prior to the next meeting of Regional librarians. Additionally, any changes or corrections to the lists of holding libraries should also be brought to my attention.

One final bit of information regarding superseded documents. A committee has been formed to make additional recommendations regarding Appendix C. The Committee has 3 basic charges: 1) To determine a method for identifying new superseded titles so that they can be automatically added to the Superseded List; 2) to update the Superseded List from its last revision to whenever the new method for adding titles can be implemented; and 3) To determine a method for automatically updating the List of Superseded Documents for Regionals. The Committee will have its first meeting at the Spring Council Meeting in Scottsdale. Dan Barkley, Carol Kohler, and I will be representing Regional depositories. Any comments or suggestions regarding Appendix C can be forwarded to one of us.

I trust that these lists will be of value to you in evaluation and weeding your Regional collections. Comments or concerns regarding any of the regional lists generated from Appendix c can be addressed to me at the above address or to:
