

Ag and Natural Resources Staff Profiles

## John Peters

Extension Soil Scientist

Phone: 715-387-2523 FAX: 715-387-1723 [email John Peters](mailto:jbpeter1@wisc.edu) jbpeter1@wisc.edu  
Soil and Forage Analysis Lab, 8396 Yellowstone Drive, Marshfield, WI 54449

### Extension Expertise

- Diagnostic services – soil, forage, plant and manure analysis
- Soil test recommendations for crop production
- Soil fertility, plant nutrition and liming

### Research Interests

- Effect of liming on crop production and nutrient use efficiency
- Land application of industrial waste materials
- Manure sampling and testing

### Other Professional Experience

- Extensive international experience in soil fertility and soil testing

### Education

- BS Soil Science, UW-Stevens Point, 1976
- MS Soil Science, UW-Madison, 1978

### Website

- [UW-Madison Soil Testing Labs](http://uwlab.soils.wisc.edu) <http://uwlab.soils.wisc.edu>
