## 11th Annual Information Technology Products & Services EXPO

This annual Tech EXPO is hosted by the National Information Technology Center (NITC), Office of the Chief Information Officer, for USDA and coordinated with the Federal Direct Business Expositions organization. The event was held on November 2, 2005, at the USDA Beacon Building in Kansas City, Missouri. The EXPO allows government personnel to evaluate products and services with hands-on demos. Attendees are able to meet face-to-face with vendor representatives to identify potential solutions that will satisfy requirements and achieve the goals of their organizations. There were over 575 attendees that visited the exhibitor's booths.

## 12th Annual Information Technology Products & Services EXPO

**Thursday - November 2, 2006**
