**4. Finding**

This proposal meets, in terms of its size and components, the criteria for a categorical exclusion as defined in Section 1940.310 and 1940.317. As indicated in item 2 above, the proposal does not affect any important land uses or environmental resources that would subject it to disqualification as a categorical exclusion. Finally, the proposal is neither a phase nor segment of a project which when viewed in its entirety would not meet the requirements of a categorical exclusion per Section 1940.317 (d).
