AmeriCorps Grants in Indiana: An Overview

In 2008, more than 350 AmeriCorps*State members provided services through 12 AmeriCorps*State programs around the state. The Indiana AmeriCorps*State programs helped communities improve the lives of children, youth and families, improve the environment, promote civic engagement for students of all ages, and support volunteer efforts. Together we have done a good job, but we want to do more. In 2009-2010, our goal is to increase the number of AmeriCorps members, volunteers and organizations with AmeriCorps programs in Indiana.

The Office of Faith-Based and Community Initiatives (OFBCI), in partnership with the Corporation for National and Community Service (CNCS), is accepting grant applications to create and support AmeriCorps*State programs in Indiana.

The 2009-2010 Indiana AmeriCorps*State Request for Proposals (RFP) documents and processes were designed to be user-friendly and easily accessible to state agencies, faith-based and community-based nonprofit organizations and other eligible institutions. There are four (4) documents that comprise guidance for the 2008-2009 program year:

- 1. Notice of Availability of Funds
- 2. 2009-2010 AmeriCorps Request for Proposals for Indiana Applicants
- 3. 2009-2010 AmeriCorps*State Application Instructions
- 4. 2009-2010 Attachments

These documents have been posted on the OFBCI website (www.ofbci.in.gov), and links to the website have been disseminated through OFBCI publications.

In the 2009-2010 funding process, we are placing a high priority on applicants that demonstrate strong local collaborations with multiple organizations, and creativity in the use of local resources in their program design. The OFBCI reserves the option to not select an applicant for funding based on the geographic location of the program, irrespective of the selection ranking. This is an effort to attain geographic diversity throughout the state and to ensure an AmeriCorps presence in under-represented areas.

Please note that funding availability depends on the decisions of Congress. This makes it imperative for applicants to carefully develop a proposal that will meet the demands of a potentially strong competition for funds in the new program year.

In partnership with local organizations, AmeriCorps members work to help address unmet community needs and solve community problems. AmeriCorps programs provide the manpower that helps communities become stronger and well-connected. So, reach out to new partners. Get things done.

Application Instructions NEW AND RECOMPETING PROGRAMS

Please use the following application instructions if you are a new or recompeting applicant applying for the following grants: State Competitive; State Education Award Program (EAP); and State Formula.

State Competitive grants are awarded to organizations operating in a single state (Indiana) that are nominated to participate in a nationwide competition by the Office of Faith-Based and Community Initiatives on behalf of the Indiana Commission on Community Service and Volunteerism (ICCSV), Indiana's Governor-appointed state commission.

State Education Award Program grants are awarded to organizations operating in a single state (Indiana) that are nominated to participate in a nationwide competition by the ICCSV. Grantees receive a small administrative grant and use their own or other resources to cover the AmeriCorps member living allowance and other program costs.

State Formula grants are awarded to organizations in Indiana through a statewide competition.

The deadlines for all Indiana AmeriCorps*State programs can be found in the 2009-2010 AmeriCorps*State Request for Proposals for Indiana Applicants document. Applications are submitted using eGrants, the Corporation for National and Community Service's integrated, secure, web-based system for applications.

Please note that State Competitive grants may be used to fund Professional Corps. Grantees receive Corporation funding to support program costs, and use other resources to support the living allowance and member support costs of the AmeriCorps members. Professional Corps programs place members as teachers, health care providers, police officers, childhood development staff, engineers, or other professionals to meet unmet needs in communities with an inadequate number of such professionals.

Professional Corps programs provide 100 percent of member support costs, including the living allowance, FICA, health insurance, and, depending on the state, workers' compensation and unemployment insurance. Although Professional Corps programs pay 100% of health insurance costs, they must comply with the minimum standards for health care coverage listed in the Budget Instructions, or demonstrate that the coverage provided has a fair market value equal to or greater than the fair market value of a policy that provides the minimum value (45 CFR § 2522.250). If you are applying for Professional Corps, you are not required to list funds in the Corporation column of Section II in the Budget Section in eGrants.

Use these instructions in conjunction with the *Notice of Federal Funds Opportunity (Notice)* for the 2008 year, and the AmeriCorps Regulations, 45 CFR §§ 2520–2550. **The Notice includes deadlines, eligibility requirements, submission requirements, and other information that changes year-to-year, for all AmeriCorps grant programs.** The *Notice* can be found at www.ofbci.in.gov. The full regulations are available online at www.gpoaccess.gov/ecfr; regulations added or revised in 2005 through rulemaking, including the selection criteria can also be found at

http://www.americorps.org/about/ac/rulemaking.asp.

The AmeriCorps regulations include the selection criteria used to select applications for funding and other pertinent information (see Table 1, below).

Do not submit any other supplementary materials such as videos, brochures, letters of support, or any other item not requested in these application instructions. The OFBCI will not review or return them.

Selection Process and Criteria

Staff and Peer Review. Commission staff will review applications for completeness. **Incomplete applications will not be scored.** Complete applications will be forwarded to a Peer Review Panel, where they will be further analyzed and scored.

Review criteria. In evaluating your application for funding, reviewers (both in the state and national competitions) will assess your program design, organizational capability, and the program's cost-effectiveness and budget adequacy. The weights assigned to each category and sub-category are listed in the chart below. Reviewers will assess application narratives against these criteria, and weight them accordingly. Please see the AmeriCorps Regulations, 45 CFR §§ 2522.420–2522.448, for additional detail regarding these criteria and what reviewers will assess in each category.

Table 2: Basic Selection Criteria: Categories, Sub-Categories, and Respective Weights

Category	Percentage	Sub-Categories and Weights
Program Design	50%	Rationale and Approach – 10% Member Outputs and Outcomes – 20% Community Outputs and Outcomes – 20%

Organizational Capability	25%	No sub-categories
Cost-Effectiveness and Budget Adequacy	25%	Cost-Effectiveness – 15% Budget Adequacy – 10%

Section 2522.450 of the AmeriCorps regulations addresses types of programs or program models that may receive special consideration in the selection process. Section 2522.455 addresses how you can find out about additional priorities governing the selection process. Section 2522.470 addresses other factors or information the Corporation may consider in making final decisions.

Because the participants on these panels are outside experts, do not assume that they are familiar with your grant program, even if you are recompeting. Please provide sufficient information in your application to make your program clear to a reviewer who is unfamiliar with your program.

Commission funding recommendations. Recommendations are then made by the Peer Review Panel to the full Commission at a scheduled meeting to determine which AmeriCorps*State program applications will be forwarded to the Corporation for competitive funding consideration. Frequently, applicants are required to make revisions to their application based on questions raised during the grant review process and before their final applications are submitted.

Pre-Award Risk Assessments. Pre-Award Risk Assessments will be conducted on all new Indiana applicants prior to the issuance of final funding decisions. The purpose of the assessment is to determine the applicant's fiscal and organizational capability to administer an AmeriCorps*State grant.

Negotiations. The recommended improvements are not only based on the quality of the applications submitted, but also on other variables such as how well applicants addressed site monitoring issues involving program management, meeting performance outcomes in their progress reports, audit findings or questioned costs, and any major issues with recruitment/retention/diversity.

New and recompeting applicants will be rank-ordered prior to submission, then forwarded, with recommendations, to the Corporation for National and Community Service as part of an aggregate grant application from the Indiana Commission.

I. Applicant Info

In eGrants, complete the Applicant Info Section (Attachment B). This section is particularly important for Corporation data collection and evaluation. Please take the time to reflect your program activities accurately in this section.

- In the Program Info Section, select existing program if you are recompeting, or enter new if you are applying for the first time.
- If you are a new program, enter your contact information into the fields that appear.
- If you are a currently funded program entering a new program for consideration, please contact Debbie Anderson, National Service Program Officer.
- Select a primary Program Model, and a secondary Program Model, if appropriate.
- Then select characteristics that fit your project under Program Design, Program Location, and Program Focus. Enter or select a Program Director and Program Website URL.

II. Application Info

Information entered in the Applicant Info, Application Info, and Budget sections will populate the SF 424 Facesheet.

In the Application Info Section enter:

- Areas affected by your program.
- Enter requested project period start and end dates. OFBCI requires these dates to be September 1, 2008 August 31, 2009.

Coordination with Indian Tribal Governments, the Corporation will handle requests for waivers from Indian Tribes in an expedited manner.

III. Narratives

The narrative section of the application is your opportunity to convince reviewers that your project meets the selection criteria. Below are some general recommendations to help you present your project in a way the reviewers will find compelling and persuasive.

- Lead from your program strengths and be explicit. Do not make the mistake of trying to stretch your program description to fit each strategic initiative, special consideration, and priority articulated in the regulations or the *Notice*. Focus on the special considerations and priorities that apply to your program.
- **Be clear and succinct.** Reviewers are not interested in jargon, boilerplate, rhetoric, or exaggeration. They are interested in learning precisely what you intend to do, and how your project responds to the selection criteria presented below.
- **Avoid circular reasoning.** The problem you are addressing should not be described as the lack of the program you are proposing.
- Explain how. Avoid simply stating that the criteria will be met.
- **Don't make assumptions.** Even if you have received funding from the Corporation in the past, do not assume your reviewers know anything about you, your program, your partners, or your beneficiaries. Avoid overuse of acronyms.
- Use an impartial proofreader. Before you submit your application, let someone who is completely unfamiliar with your project read and critique the project narrative.

In eGrants, you will enter text for Section A. Rationale and Approach, B. Member Outputs and Outcomes, C. Community Outputs and Outcomes, D. Organizational Capacity, E. Cost Effectiveness and Budget Adequacy, and F. Evaluation Plan. You may not exceed 71,000 characters in these three sections combined. The character count includes spaces and punctuation.

Please note that the Narratives Section also includes fields for Clarification Information, Amendment Justification, and Continuation Changes. These are not required fields. They will be used to enter information for clarification following review, request amendments once a grant is awarded, and enter changes in the narrative in continuation requests. Please enter N/A in these fields.

Program Design

Below, in ruled boxes, you will find the selection criteria from the AmeriCorps regulations, followed by guidance on how best to respond to the criteria.

§ 2522. 425 What does the Corporation consider in assessing Program Design? (50%) In determining the quality of your proposal's program design, the Corporation considers your rationale and approach for the proposed program, member outputs and outcomes, and community outputs and outcomes.

A. Rationale and Approach: Criteria

- (a) *Rationale and approach (10%).* In evaluating your rationale and approach, the Corporation considers the following criteria:
- (1) Whether your proposal describes and adequately documents a compelling need within the target community, including a description of how you identified the need;
- (2) Whether your proposal includes well-designed activities that address the compelling need, with ambitious performance measures, and a plan or system for continuous program self-assessment and improvement;
- (3) Whether your proposal describes well-defined roles for participants that are aligned with the identified needs and that lead to measurable outputs and outcomes; and
 - (4) The extent to which your proposed program or project:
 - (i) Effectively involves the target community in planning and implementation;
- (ii) Builds on (without duplicating), or reflects collaboration with, other national and community service programs supported by the Corporation; and
 - (iii) Is designed to be replicated.

Compelling Community Need:

- Describe the community need that you will address within the target community.
- Why did you select this need as your focus?
- How did you identify the need?
- Provide documentation of the need.
- If your program will operate at multiple sites, demonstrate a need in each community you propose to serve.

Description of Activities and Member Roles:

- Describe the activities you propose to address the need.
- What will be the member's roles in these activities, and how do the member roles relate to addressing the need as distinct from staff or volunteer roles? Discuss your program structure including number of members, where members will serve (for example, at the applicant organization or at local service sites). How do the types of member slots you are requesting (for example, full-time, half-time, quarter-time, etc.) align with the program design and activities? See Budget Instructions on page 25 for a chart that lists slot types, minimum hours served, and minimum and maximum living allowance.
- How will your plan for member development, training, and supervision contribute to achieving your desired outcomes?
- How will you ensure that members comply with rules on prohibited service activities? See 45 CFR § 2520.45, 45 CFR § 2520.65 and the AmeriCorps grant provisions for a list of prohibited service activities.
- How will receiving an AmeriCorps grant add value to your existing service activities?

Measurable Outputs and Outcomes:

- Describe the measurable outputs and outcomes you expect to achieve as a result of your activities.
- What systems will you use to track these outputs and outcomes?

• **Note**: You will develop more detailed performance measures in eGrants, including what you will measure, how they will be measured, your targets for each year, and the data you will gather, during the post-review clarification period.

Plan for Self-Assessment and Improvement:

- How will you track and evaluate your progress toward meeting and achieving your outputs and outcomes?
- What are your plans for continuous program improvement? How will you identify strengths and weaknesses, resolve problems, and gather feedback from and provide feedback to members, service sites, and partners

Community Involvement:

- Describe how you involved the target community (or target communities) in identifying the needs and activities. Which community partners and stakeholders were involved? What roles did they play, and what were their responsibilities in the planning process?
- Explain how you will continue to engage your community partners and stakeholders throughout the three year program period. What will be their ongoing roles and responsibilities?

Relationship to other National and Community Service Programs:

How will your program build on (without duplicating), or reflect collaboration with, other national and community service programs supported by the Corporation and the state commissions in the state where you plan to operate? You can find a listing of Corporation-supported programs by state at http://www.americorps.org/about/role_impact/state_profiles.asp. The National Community Service Act prohibits duplication and displacement in SEC. 177. [42 U.S.C. 12637].

Potential for Replication:

To what extent is your AmeriCorps program designed to be replicated by your organization or other organizations? What are your plans or strategies for replication?

B. Member Outputs and Outcomes: Criteria

- (b) *Member outputs and outcomes (20%).* In evaluating how your proposal addresses member outputs and outcomes, the Corporation considers the extent to which your proposal or program:
- (1) Includes effective and feasible plans for, or evidence of, recruiting, managing, and rewarding diverse members, including those from the target community, and demonstrating member satisfaction;
- (2) If you are a current grantee, has succeeded in meeting reasonable member enrollment and retention targets in prior grant periods, as determined by the Corporation;
- (3) Includes effective and feasible plans for, or evidence of, developing, training, and supervising members;

- (4) Demonstrates well-designed training or service activities that promote and sustain post-service, an ethic of service and civic responsibility, including structured opportunities for members to reflect on and learn from their service; and
- (5) If you are a current grantee, has met well-defined, performance measures regarding AmeriCorps members, including any applicable national performance measures, and including outputs and outcomes.

Member Recruitment and Support:

- Describe your plans for recruiting members for your program. What criteria will you use
 to select your members, including specific qualifications, characteristics, or backgrounds?
 What are your plans to ensure that your corps is diverse and includes members from the
 communities to be served?
- How will you assess member satisfaction? Describe your plan for providing incentives to members including opportunities for skill-building, professional development, education, activities promoting esprit de corps, member recognition, and rewards. What are your strategies to ensure that members complete their term of service (retention)?

• Tutoring programs only:

Describe how your strategy for recruiting and selecting members complies with AmeriCorps requirements for member tutoring qualifications. Members who tutor must have a high school diploma, or a higher degree, or pass a proficiency test that the program has determined is effective in ensuring that members tutoring have the necessary skills to achieve program goals.

Member Development, Training and Supervision:

- Describe in detail your plans for orienting members to AmeriCorps, the community, their placement site, and to the service they will perform.
- How do you plan to train members to perform all the activities they will engage in and, as necessary, provide them with ongoing training throughout their terms? What is the timeline for this training? Identify the training curricula and materials you will use.
- Describe your plan for supervising members, and how it ensures that members will receive adequate support and guidance throughout their terms.

• Tutoring programs only:

Describe how your strategy for training members complies with AmeriCorps requirements for member tutor training that is high quality and research based, consistent with the instructional program of the local agency or with state academic content standards, includes appropriate member supervision by individuals with expertise in tutoring, and provides specialized pre-service and in-service training consistent with the activities the member will perform.

Ethic of Service and Civic Responsibility:

Demonstrate how you will provide structured opportunities for participants to reflect on and learn from their service in order to promote a lifelong ethic of service and civic responsibility

Current Grantees Only: Enrollment

If you enrolled less than 100% of slots received during your last full year of program operation, provide an explanation, and describe your plan for improvement.

Current Grantees Only: Retention

If you were not able to retain all of your members during your last full year of program operation, provide an explanation, and describe your plan for improvement. While we recognize retention rates may vary among equally effective programs depending on the program model, we expect grantees to pursue the highest retention rate possible.

C. Community Outputs and Outcomes: Criteria

- (c) Community outputs and outcomes (20%). In evaluating whether your proposal adequately addresses community outputs and outcomes, the Corporation considers the extent to which your proposal or program:
- (1) Is successful in meeting targeted, compelling community needs, or if you are a current grantee, the extent to which your program has met its well-defined, community-based performance measures, including any applicable national performance measures, and including outputs and outcomes, in previous grant cycles, and is continually expanding and increasing its reach and impact in the community;
- (2) Has an impact in the community that is sustainable beyond the presence of Federal support (For example, if one of your projects is to revitalize a local park, you would meet this criterion by showing that after you have completed your revitalization project, the community will continue its upkeep on its own);
- (3) Generates and supports volunteers to expand the reach of your program in the community; and
- (4) Enhances capacity-building of other organizations and institutions important to the community, such as schools, homeland security organizations, neighborhood watch organizations, civic associations, and community organizations, including faith-based organizations.

Sustainability:

Outline your plans for ensuring that the impact of your program in the community is sustainable beyond the presence of federal support. For example, you might describe how your community relationships will lead to community investment in the program's continued operation; how you will diversify your funding sources to include a wide range of stakeholders (such as state, local, and private sector funding); how your strategies for recruiting and supporting volunteers will sustain member activities after your AmeriCorps grant ends; or how the community will maintain your project once it is completed.

Volunteer Recruitment and Support:

• Describe how your program will use volunteers to expand the reach of the program in the community. How will you recruit, support, and recognize volunteers? Identify how many volunteers you expect to recruit and the number of hours of service they will provide, in total and on average. Will these volunteers be episodic (committing to one-time or

occasional events) or ongoing (committing to a regular, ongoing role in the program)? If selected for funding, you will be expected to report on your actual volunteer recruitment levels.

- Describe the role that members will play in your volunteer recruitment and support efforts.
- If you are requesting a waiver of the requirement to recruit or support volunteers (see 45 C.F.R § 2520.35), explain the basis for your request in the Waiver Request Justification field, which is in the Application Info Section in eGrants. If you are submitting a hard copy application, explain the basis for your waiver request in the program narrative.

Capacity Building:

Describe how your program will enhance the capacity of other organizations and institutions important to the community, such as schools, homeland security organizations, neighborhood watch organizations, civic associations, and community organizations, including faith-based organizations. What roles will members play in your capacity-building activities?

C. Organizational Capability: Criteria

§ 2522.430 How does the Corporation assess my organizational capability? (25%)

- (a) In evaluating your organizational capability, the Corporation considers the following:
 - (1) The extent to which your organization has a sound structure including:

 - (ii) Local financial and in-kind contributions; and
 - (iii) Supporters who represent a wide range of community stakeholders.
- (b) In applying the criteria in paragraph (a) of this section to each proposal, the Corporation may take into account the following circumstances of individual organizations:
 - (1) The age of your organization and its rate of growth; and

(2) Whether your organization serves a resource-poor community, such as a rural or remote community, a community with a high poverty rate, or a community with a scarcity of philanthropic and corporate resources.

Wide Range of Community Stakeholders:

Describe community stakeholders in your organization. How has non-financial support from your community stakeholders continued over time, expanded in scope, increased in amount, or become more diverse?

Special Circumstances:

In applying the organizational capability criteria to each proposal, reviewers may also take into account the following circumstances of individual organizations:

- The age of your organization and its rate of growth.
- Whether your organization serves a resource-poor community, such as a rural or remote community, a community with a high poverty rate, or a community with a scarcity of philanthropic and corporate resources.

If you feel that any of the circumstances stated above have an impact on your organizational capability that has not already been discussed, please describe.

E. Cost Effectiveness and Budget Adequacy: Criteria

§ 2522.435 How does the Corporation evaluate the cost-effectiveness and budget adequacy of my program? (25%)

- (a) In evaluating the cost-effectiveness (15%) and budget adequacy (10%) of your proposed program, the Corporation considers the following:
 - (1) Whether your program is cost-effective based on:
 - (i) Your program's proposed Corporation cost per MSY, as defined in §2522.485; and
 - (ii) Other indicators of cost-effectiveness, such as:
- (A) The extent to which your program demonstrates diverse non-Federal resources for program implementation and sustainability;
- (B) If you are a current grantee, the extent to which you are increasing your share of costs to meet or exceed program goals; or
- (C) If you are a current grantee, the extent to which you are proposing deeper impact or broader reach without a commensurate increase in Federal costs; and
 - (2) Whether your budget is adequate to support your program design.
- (b) In applying the cost-effectiveness criteria in paragraph (a) of this section, the Corporation will take into account the following circumstances of individual programs:
 - (1) Program age, or the extent to which your program brings on new sites;
- (2) Whether your program or project is located in a resource-poor community, such as a rural or remote community, a community with a high poverty rate, or a community with a scarcity of corporate or philanthropic resources;
- (3) Whether your program or project is located in a high-cost, economically distressed community, measured by applying appropriate Federal and State data; and
- (4) Whether the reasonable and necessary costs of your program or project are higher because they are associated with engaging or serving difficult-to-reach populations, or achieving greater program impact as evidenced through performance measures and program evaluation.
- (c) The indicators in paragraphs (a)(1)(i) and (a)(1)(ii)(B) of this section do not apply to Education Award Program applicants.

Cost Effectiveness

Corporation Cost per Member Service Year (MSY):

- The Corporation cost per MSY is determined by dividing the Corporation's share of budgeted grant costs by the number of MSYs you are requesting in your grant. It does not include child care or the cost of the education award.
- One MSY is equivalent to at least 1700 service hours, a full-time AmeriCorps position.
- The Corporation cost per MSY will be automatically calculated once you enter your budget in eGrants.
- The maximum cost per MSY allowable is published each year in the *Notice*.

 Cost effectiveness will be evaluated by analyzing cost per MSY in relation to your program design. If you request above the maximum, please justify. This is rarely approved.

Diverse Non-Federal Support:

- Demonstrate how your program has or will obtain diverse non-federal resources for program implementation and sustainability.
- Include a discussion of the non-Corporation resource commitments (in-kind and cash) that you have obtained, the additional commitments you plan to secure, and how you will secure them. In the budget, you must list the sources of your match funds.

Current Grantees Only: Decreased Reliance on Federal Support. Describe the extent to which you are increasing your share of costs to meet or exceed program goals, or the extent to which you are proposing deeper impact or broader reach without a commensurate increase in federal costs.

Budget Adequacy

Discuss the adequacy of your budget to support your program design including how it is sufficient to support your program activities and is linked to your desired outputs and outcomes.

For EAPs Only: EAP applicants must describe the costs that will not be covered by Corporation funding. These costs might include staff salaries and benefits, travel, evaluation, living allowances or salaries for AmeriCorps members, supplies, and equipment. You will not be required to track or report on these expenditures. Reviewers will consider this information to assess the adequacy of your budget to support your program design.

The Corporation cost per MSY and the extent to which a current EAP grantee is increasing its share of costs to meet or exceed programs goals will not be considered in assessing an EAP applicant's cost effectiveness. However, all the other indicators described in this section will apply and the cost effectiveness/budget adequacy section still equals 25% of the selection criteria weight.

F. Evaluation Summary or Plan

If you are competing for the first time, please enter N/A in the Evaluation Summary or Plan field since it pertains only to recompeting grantees.

If you are recompeting for AmeriCorps funds for the first time since the AmeriCorps rule took effect (July, 2005), you must submit a summary of your evaluation efforts or plan to date, or a copy of any evaluation that has been completed, as part of your application for funding. Submit your summary or plan in the Evaluation Summary or Plan Narrative Field in eGrants. If you are recompeting for the first time, and have completed an evaluation report, or you are recompeting for the second time since July, 2005, submit your report according to the instructions in Section VII., below.

Your evaluation requirements are different depending on the amount of your grant, as described in the AmeriCorps Regulations, Section 2522.710:

- If you are State grantee (other than an Education Award Program grantee), and your average annual Corporation program grant is \$500,000 or more, you must arrange for an independent evaluation of your program, and you must submit the evaluation with any application to the Corporation for competitive funds as required in \$2522.730 of this subpart.
- If you are State grantee whose average annual Corporation program grant is less than \$500,000, or an Education Award Program grantee, you must conduct an internal or an external evaluation of your program, and you must submit the evaluation with any application to the Corporation for competitive funds as required in \$2522.730 of this subpart.

G. Amendment Justification

Enter N/A. This field will be used if you are awarded a grant and need to amend it. Please delete any information previously entered in the field before entering new information.

H. Clarification Information

Enter N/A. This field will be used to enter information that requires clarification in the post-review period. Please delete any information previously entered in the field before entering new information.

I. Continuation Update

Enter N/A. This field will be used to enter changes in your narratives in your continuation requests. Please delete any information previously entered in the field before entering new information.

IV. Performance Measures

Inclusion of performance measures in this section of the application is optional at this point in the application process. If you are selected for consideration for a State Competitive or State Formula grant, you will be asked to provide performance measures in eGrants at that time. We do **strongly encourage** you, particularly if you are a first time applicant, to include this information as additional support for the outputs and outcomes listed in the Narrative sections of the application. If you opt to not enter the performance measures into this section, you must enter N/A in each field described below.

A. Service Categories

In eGrants, the service categories are located in the Performance Measures Section. In this section you will select issue areas and service categories that describe your program activities. First select an issue area, and then choose service categories from the pull down menu. When you have selected all applicable service categories, indicate which service category is the primary and which is the secondary in importance to your program. Only one service category can be indicated as the primary, and one as the secondary. See Additional Information for the list of Issue Areas and Service Categories.

B. Performance Measures

Before you complete the Performance Measures, please review 45 CFR §§ 2522.500–2522.650. The Performance Measure worksheet in Attachment D is provided as a tool to help you think through the development of performance measures and assemble the information in eGrants. You may find the Performance Measurement Toolkit, on the Corporation's web site useful in

developing your performance measures (http://www.nationalserviceresources.org/star/ac-program-toolkit).

You are required to align at least one set of performance measures in your primary service category. In eGrants, you will align the measures by entering three different Result Types and Result Statements for one Performance Measurement Title. The three Result Types are Output, Intermediate Outcome, and End Outcome.

In order to align a set of performance measures in eGrants:

- First select Add Performance Measure in eGrants.
- Enter the Title, the Measure Category, and the Service Category from the pull down menus.
- Enter a sentence or two on Needs and Activities, and Result Type.
- For the Output Result Type, enter a Result Statement, Indicators, Targets, Number or Percentage, Instruments, and Performance Measure Statement.
- Add New Result for the Intermediate Outcome and complete the pertinent fields.
- Do not Add New Performance Measure in order to add an Intermediate or End Outcome for your aligned measure.
- Finally, Add New Result for the End Outcome and complete the pertinent fields.
- Once you have aligned one set of measures, i.e., completed three Result Types (Output, Intermediate Outcome and End Outcome) for one Performance Measurement Title, you may continue to Add New Performance Measures as appropriate for your program design.

V. Documents

In addition to your application submitted in eGrants, you are required to provide your evaluation, as described on page 18, and labor union concurrence (if necessary) in hard copy or e-mail, as part of your application. After you have submitted the documents, change their status in eGrants from the default "Not Sent" to the applicable status ("Sent," "Not Applicable," or "Already on File at CNCS"). In the event of difficulties submitting an application in eGrants, please see the *Notice* for instructions.

A. Evaluation

Submit any completed evaluation report as described in C., below. Select Evaluation and select Sent once you have submitted a completed evaluation report.

B. Labor Union Concurrence

If a program applicant:

- (1) Proposes to serve as the placement site for AmeriCorps members; and
- (2) Has employees engaged in the same or substantially similar work as that proposed to be carried out by AmeriCorps members; and
- (3) Those employees are represented by a local labor organization then the program applicant's application must include the written concurrence of the local labor organization representing those employees.

For the purposes of this section, "program applicant" includes any applicant to the Indiana Commission on Community Service and Volunteerism, as well as any entity applying for assistance or approved national service positions through a Corporation grantee or sub-grantee.

If this applies to you, please select "Enter New," name the new document "Labor Union Concurrence," and enter status Sent.

C. Submission Instructions for Program Evaluations and Labor Union Concurrence

Send hard copy information to:

Office of Faith-Based and Community Initiatives Indiana Government Center South 302 W. Washington Street, Room E012

Indianapolis, Indiana 46204

Attention: National Service Program Officer

This information must be postmarked by 4:30 P.M. (Eastern Time) on Monday, October 20, 2008. Please use an alternative service to the U.S. Postal Service to send hard copy. U.S. Postal Service deliveries to government agencies often are delayed and sometimes damaged due to security measures. Attach a hard copy of the program's SF424 facesheet to each document so that we know which application corresponds to each document. If you prefer, you may submit evaluations and labor union concurrence electronically to deanderson@ofbci.in.gov.

VI. Budget Instructions for New and Recompeting Applicants

For EAPs Only: Use the Budget Instructions for EAPs on page 29 and the budget worksheet in Attachment G to prepare your budget.

A. Overview of Key Budget Requirements

Program requirements, including requirements on match, are located in the AmeriCorps regulations, modified by 2008 appropriations language, and summarized below. The appropriations language includes an important change in how AmeriCorps State and National programs match federal funds. It replaces the regulatory15% minimum member support and 33% minimum program operating match with a single overall minimum match of 24% for the first three-year funding period. Starting with the second three-year cycle, match gradually increases every three years to 50% by year ten, according to the minimum overall share chart found in 45 CFR 2521.60. Current grantees remain where they are in terms of match requirements. For example, a grantee entering the sixth year of funding will be required to match at 34% as specified in the chart.

Table 3: Match Requirements in the AmeriCorps Regulations

Competition	Match Requirement
State and Territory Competitive	Minimum grantee share is 24% of program costs for the
	first three years. Overall grantee share of total program
	costs increases gradually beginning in Year 4 to 50% by
	the tenth year of funding and any year thereafter.

State EAP	Grantee pays all program costs over \$600 per MSY		
	provided by the Corporation.		

- Equipment costs must not exceed 10% of the total Corporation share.
- Administrative costs must not exceed 5% of the total Corporation funds requested.
- If you are applying for the first time, you must match with cash or in-kind contributions at least 24% of the project's <u>total</u> Operating Costs (Section I) plus Member Costs (Section II) plus Administrative Costs (Section III). If you are recompeting, your Program Officer can tell you where you are in the match schedule.
- The acceptable sources of matching funds are federal, state, local, private sector, and/or other funds in accordance with applicable AmeriCorps requirements.
- In Sections I, II, and III of the budget, you should clearly and specifically identify the source and total dollar amount of cash match from private, state and local and federal funds, and the source and total amounts of in-kind support. Define all acronyms the first time they are used.

Note: The Corporation's legislation permits the use of non-Corporation federal funds as match for the grantee share of the budget. However, it may be advisable to discuss your intention to report expenditures as costs on both grants with the other agency (matching on the CNCS grant and direct on the other agency's grant).

B. Preparing Your Budget

Your proposed budget should be sufficient to allow you to perform the tasks described in your proposal narrative. Reviewers will consider the information you provide in this section in their assessment of the Cost-Effectiveness and Budget Adequacy selection criterion.

Follow the detailed budget instructions, below, to prepare your budget. We recommend that you prepare your budget in the same order as indicated in the Budget Worksheets in Attachments F and G. The Budget Checklist in Attachment H is a resource for you to ensure your budget is complete. eGrants will create the budget and the budget narrative automatically from the detailed budget information you enter. Once you have entered your budget information in eGrants you will be asked to validate your budget, and eGrants will check your submission for errors.

As you prepare your budget:

- All the amounts you request must be defined for a particular purpose. Do not include miscellaneous, contingency, or other undefined budget amounts.
- Your detailed budget narrative must provide a full explanation of the proposed costs including their purpose.
- Present the basis for all calculations in the form of an equation.
- Do not include unallowable expenses, e.g., entertainment costs (which include food and beverage costs) unless they are justified as an essential component of an activity.
- Do not include fractional amounts (cents).

Please refer to the relevant OMB Circulars on allowable costs for further guidance. The OMB circulars are online at www.whitehouse.gov/OMB/circulars.

- A-21 Cost Principles for Educational Institutions, 2 CFR 220
- A-87 Cost Principles for State, Local, and Indian Tribal Governments, 2 CFR 225

• A-122 - Cost Principles for Non Profit Organizations, 2 CFR 230

Programs must comply with all applicable federal laws, regulations, and OMB circulars for grant management, allowable costs, and audits, including providing audits to the A-133 clearinghouse if they expend over \$500,000 in federal funds, as required in OMB Circular A-133.

Detailed Budget Instructions

These instructions do not apply to applicants for State EAP grants. Please see page 29 for detailed budget instructions for State EAPs.

Source of Match

In the "Source of Match" field that appears at the beginning of Sections I, II, and III, enter a brief description of the Source of Match, the amount, the match classification (Cash, In-kind, or Not Available) and Match Source (State/Local, Federal, Private, Other or Not Available). Define any acronyms the first time they are used.

Section I. Program Operating Costs

Complete Section I, Program Operating Costs, of the Budget Worksheet by entering the "Total Amount," "CNCS Share," and "Grantee Share" for Parts A-I, as follows:

A. Personnel Expenses

Under "Position/Title Description," list each staff position separately and provide a brief 5 or 6 word position description, salary, and percentage of effort devoted to this award. Because the purpose of this grant is to enable and stimulate volunteer community service, do not include the value of direct community service performed by volunteers. However, you may include the value of volunteer services contributed to the organization for organizational functions such as accounting, audit work, or training of staff and AmeriCorps members.

B. Personnel Fringe Benefits

Under "Purpose/Description," identify the types of fringe benefits to be covered and the costs of benefit(s) for each staff position. Allowable fringe benefits typically include FICA, Worker's Compensation, Retirement, SUTA, Health and Life Insurance, IRA, and 401K. You may provide a calculation for total benefits as a percentage of the salaries to which they apply or list each benefit as a separate item. If a fringe amount is over 30%, please list separately. Holidays, leave, and other similar vacation benefits are not included in the fringe benefit rates but are absorbed into the personnel expenses (salary) budget line item. Uncommon or exceptionally high-cost benefits should be itemized and justified.

C. 1. Staff Travel

Describe the purpose for which program staff member will travel. Provide a calculation to include costs for airfare, transportation, lodging, per diem, and other travel-related expenses multiplied by the number of trips/staff. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage, daily per diem, and similar supporting information. Only domestic travel is allowable.

We expect applicants to include funds in this line item for travel for staff and site staff to attend Corporation-sponsored technical assistance meetings. There are two to three such opportunities per year, including opportunities for new grantee orientation, financial training, and the National Conference on Service and Volunteering.

C. 2. Member Travel

Describe the purpose for which members will travel. Provide a calculation to include costs for airfare, transportation, lodging, per diem, and other related expenses for members to travel outside their service location or between sites. Costs associated with local travel, such as bus passes to local sites, mileage reimbursement for use of car, etc., should be included in this budget category. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage, daily per diem, and similar supporting information.

D. Equipment

Equipment is defined as tangible, non-expendable personal property having a useful life of more than one year AND an acquisition cost of \$5,000 or more per unit (including accessories, attachments, and modifications). Any items that do not meet this definition should be entered in E. Supplies below. Purchases of equipment are limited to 10% of the total Corporation funds requested. If applicable, show the unit cost and number of units you are requesting. Provide a brief justification for the purchase of the equipment under Item/Purpose.

E. Supplies

Include the amount of funds to purchase consumable supplies and materials, including member service gear and equipment that does not fit the definition above. You must individually list any single item costing \$1,000 or more. Except for safety equipment, grantees may only charge the cost of member service gear to the federal share if it includes the AmeriCorps logo. Grantees may also add the AmeriCorps logo to their own local program uniform items using federal funds. All safety gear may be charged to the federal share, regardless of whether it includes the AmeriCorps logo. All other service gear must be purchased with non-federal funds.

F. Contractual and Consultant Services

Include costs for consultants related to the project's operations, except evaluation consultants, who will be listed in Section H., below. Payments to individuals for consultant services under this grant may not exceed \$540 per day (excluding costs for indirect expenses, travel, supplies, etc.). The \$540 daily rate is a ceiling, and we anticipate budgeted daily rates at considerably lower levels. Indicate the daily rate for consultants you are proposing to use and their contractual services. Indicate the daily rate, number of days, and total cost.

G. 1. Staff Training

Include the costs associated with training staff on project requirements and training to enhance the skills staff need for effective project implementation, i.e., project or financial management, team building, etc. If using a consultant(s) for training, indicate the estimated daily rate, not to exceed the daily rate limit.

G. 2. Member Training

Include the costs associated with member training to support them in carrying out their service activities, for example, orientation, project-specific skills such as age-appropriate tutoring, CPR, or ecosystems and the environment. You may also use this section to request funds to support training in Life After AmeriCorps. If using a consultant(s) for training, indicate the estimated daily rate, not to exceed the daily rate limit.

H. Evaluation

Include costs for project evaluation activities, including additional staff time or subcontracts, use of evaluation consultants, purchase of instrumentation, and other costs specifically for this activity not budgeted in Personnel Expenses. This cost **does not** include the daily/weekly gathering of data to assess progress toward meeting performance measures, but is a larger assessment of the impact your project is having on the community, as well as an assessment of the overall systems and project design. Indicate daily rates of consultants, where applicable.

I. Other Program Operating Costs

Allowable costs in this budget category should include when applicable:

- Background checks of members and grant-funded staff.
- Office space rental for projects operating without an approved indirect cost rate
 agreement that covers office space. For national office space, rental may be unallowable;
 check relevant OMB Circulars. If space is budgeted and it is shared with other projects
 or activities, the costs must be equitably pro-rated and allocated between the activities or
 projects.
- Utilities, telephone, Internet and similar expenses that are specifically used for AmeriCorps members and AmeriCorps project staff, and are not part of the organizations indirect cost/admin cost allocation pool.
- Recognition costs for members. List each item and provide a justification in the budget narrative. Gifts and/or food in an entertainment/event setting are not allowable costs.

Section II. Member Costs

Member Costs are identified as "Living Allowance" and "Member Support Costs." Your required match can be federal, state, local, or private sector funds.

In the "Source of Match" box, enter the total amount of cash and in-kind match under columns for "Private," "State and/or local," and "Federal." Then, for each amount entered, identify the source of the matching funds or in-kind contributions by entering text under "Sources." Define acronyms the first time they are used.

A. Living Allowance

The narrative should clearly identify the number of members you are supporting by category (i.e., full-time, half-time, reduced-half-time, quarter-time, minimum-time, 1st and 2nd Years of 2-year half-time) and the amount of living allowance they will receive, allocating appropriate portions between the Corporation's share (CNCS Share) and grantee match (Grantee Share).

<u>Members</u> – Enter the total number of members you are requesting in each category. Enter the amount of the living allowance for each type of member. Enter the number of members for

which you are not requesting funds for a living allowance, but for which you request education awards.

Table 4: Minimum and Maximum Living Allowance

Term of Service	Minimum Number of Hours	Minimum Living Allowance	Maximum Living Allowance	MSY
Full-time	1700	\$11,400	\$22,800	1.000
One Year Half-Time	900	N/A	\$12,070	0.500
				*0.250
Two Year Half-Time	900	N/A	\$12,070	
Reduced Half-Time	675	N/A	\$9,050	0.381
Quarter-Time	450	N/A	\$6,035	0.2646
Minimum-Time	300	N/A	\$4,025	0.2117

Notes:

- 1. There is no requirement to pay a living allowance to less than full-time members.
- 2. The amount of the maximum for less than full-time living allowance is rounded to the nearest dollar.
- * For a two year half-time position, the living allowance can be split between two years, e.g. 0.250 in Year 1 and 0.250 in Year 2. The total MSY factor is .500.

B. Member Support Costs

Consistent with the laws of the state where your members serve, you must provide members with the benefits described below.

- **FICA for Members.** Unless exempted by the IRS with accompanying documentation (note in the narrative and provide documentation with application), all projects must pay FICA for any member receiving a living allowance, even when the Corporation does not supply the living allowance. In the first column next to FICA, indicate the number of members who will receive FICA. Calculate the FICA at 7.65% of the total amount of the living allowance.
- Worker's Compensation. Some states require worker's compensation for AmeriCorps members. You must check with your State Department of Labor or state commission to determine if you are required to pay worker's compensation and at what level. If you are not required to pay worker's compensation, you must obtain Occupational, Accidental, Death and Dismemberment coverage for members to cover in-service injury or incidents.
- **Health Care.** You must offer health care benefits to full-time members in accordance with AmeriCorps requirements. Except as stated below you may not pay health care benefits to less-than-full-time members with Corporation funds. You may choose to provide health care benefits to less-than-full-time members from other sources (i.e., non-federal). Less-than-full-time members who are serving in a full-time capacity for a sustained period of time (such as a full-time summer project) are eligible for health care benefits. In your budget narrative, indicate the number of members who will receive health care benefits. The Corporation will not pay for dependent coverage.
- Unemployment Insurance and Other Member Support Costs. Include any other required member support costs here. Some states require unemployment coverage for their AmeriCorps members. You may not charge the cost of unemployment insurance taxes to the grant unless mandated by state law. Programs are responsible for determining the

requirements of state law by consulting their state commission, legal counsel, or the applicable state agency.

Section III. Administrative/Indirect Costs

Definitions

Administrative costs are general or centralized expenses of the overall administration of an organization that receives Corporation funds and do not include particular project costs. These costs may include administrative staff positions. For organizations that have an established indirect cost rate for federal awards, administrative costs mean those costs that are included in the organization's indirect cost rate agreement. Such costs are generally identified with the organization's overall operation and are further described in Office of Management and Budget Circulars A-21, A-87, and A-122.

Options for Calculating Administrative/Indirect Costs (choose either A. OR B.)

Applicants can choose to use one of two methods to calculate allowable administrative costs – a Corporation fixed percentage method or a federally approved indirect cost rate method. Regardless of the option chosen, the Corporation's share of administrative costs is limited by statute to 5% of the total Corporation funds **actually expended** under this grant.

State Commission 1% Fixed Amount Option. Regardless of the method used to calculate administrative costs, state commissions may choose to set aside a portion of the Corporation share to use in administering its subgrantees. This amount must not exceed a one-fifth share of the maximum 5% Corporation share (i.e., allocating 1% as set aside for administering subgrantees and the remaining 4% for subgrantee administrative costs). When using this option, the subgrantee's portion must not exceed the remaining 4% portion of the maximum Corporation share. Both the commission and subgrantee portions of the Corporation share of administrative costs should be requested in the subgrantee's budget.

To allocate the subgrantee share of the amount: Multiply the sum of the Corporation share of Sections I and II by 4.21% (i.e. 0.0421). This is the maximum amount that the subgrantee can request as the Corporation share of administrative costs. Enter this amount as the Corporation share for Section III A or Section III B as appropriate, in the line item subgrantee share amount.

<u>To allocate the Commission share of this amount</u>: Multiply the sum of the Corporation shares of Sections I and II by 1.05% (i.e. 0.0105). This amount is the total the commission can retain to administer the subgrant(s). Enter this amount as the Corporation share for Section IIIA or Section IIIB as appropriate, line item commission share amount.

A. Corporation Fixed Percentage Method

The Corporation fixed rate allows you to charge administrative costs up to a cap without a federally approved indirect cost rate and without documentation supporting the allocation. If you choose the Corporation Fixed Percentage Method (Section IIIA in eGrants), you may charge, for administrative costs, a fixed 5% of the total of the Corporation funds expended. In order to charge this fixed 5%, the grantee match for administrative costs may not exceed 10% of all direct cost expenditures.

- a. Multiply the sum of the Corporation funding shares of Sections I and II by 0.0526. This is the maximum amount you can request as Corporation share. Enter this amount as the Corporation share for Section III A.
- b. Then multiply the total (both Corporation and grantee share) of Sections I and II by 10% (0.10) and enter this amount as the grantee share for Section III A.
- c. Enter the sum of the Corporation and grantee shares under Total Amount.

B. Federally Approved Indirect Cost Rate Method

If you have a Federally Approved Indirect Cost (IDC) rate and choose to use it, the IDC rate will constitute documentation of your administrative costs including the 5% maximum payable by the Corporation. Specify the Cost Type for which your organization has current documentation on file, i.e., Provisional, Predetermined, Fixed, or Final indirect cost rate. Supply your approved IDC rate (percentage) and the base upon which this rate is calculated (direct salaries, salaries and fringe benefits, etc.). It is at your discretion whether or not to claim your entire IDC rate to calculate administrative costs. If you choose to claim a lower rate, please include this rate in the Rate Claimed field.

- a. Determine the base amount of direct costs to which you will apply the IDC rate, including both the Corporation and Grantee's shares, as prescribed by your established rate agreement (i.e., based on salaries and benefits, total direct costs, or other). Then multiply the appropriate direct costs by the rate being claimed. This will determine the total amount of indirect costs allowable under the grant.
- b. Multiply the sum of the Corporation funding share in Sections I and II by 0.0526. This is the maximum amount you can claim as the Corporation share of indirect costs.
- c. Subtract the amount calculated in step b (the Corporation administrative share) from the amount calculated in step a (the Indirect Cost total). This is the amount the applicant can claim as grantee share for administrative costs.

Budgeting for Indiana AmeriCorps*State Events:

Your budget should include support for staff attendance at OFBCI-sponsored trainings and events in or near Indianapolis, including a program directors' summer orientation (tentatively scheduled for 2 days), Opening Ceremony (tentatively scheduled for 1 days in the fall), and 3-4 additional, full-day training dates during the year. You should also plan for travel costs (e.g. mileage, parking) for members to attend one OFBCI-sponsored event (Opening Ceremony) in or near Indianapolis during the program year. Please note that these are estimates of the events to be conducted during the 2009-2010 program year.

Section IV. Increasing Grantee Overall Share of Total Budgeted Costs

Grantees are required to meet an overall matching rate that increases over time. You have the flexibility to meet the overall match requirements in any of the three budget areas, as long as the

minimum match of 24% for the first three years, and the increasing minimum in years thereafter, are maintained. These matching requirements may be waived in limited circumstances.

Applying for Alternative Match

If you are requesting the alternative match as specified in 45 CFR § 2521.60(b), you must demonstrate that your program is either located in a rural county or in a severely economically distressed community as defined below. Also describe the efforts you have taken to raise the resources needed to meet the matching requirements in the Waiver Justification field in the Application Info Section of eGrants.

Please see 45 CFR §§ 2521.35–2521.90, for match and waiver requirements. You apply for the alternative match the year before it goes into effect. If approved, you will base your budget in your next application on the approved alternative match. The alternative match requirement will be in effect for whatever portion of the three-year project period remains, if you are approved for funding.

- 1. **Program Location**: Except when approved otherwise, the Corporation will determine the location of your program based on the legal applicant's address. If you believe that the legal applicant's address is not the appropriate way to consider the location of your program, you must provide relevant facts about your program location in your waiver request. The Corporation will, in its sole discretion, determine whether some other address is more appropriate for determining a program's location.
- **2. Rural County:** In determining whether a program is rural, the Corporation will consider the most recent Beale code rating published by the U.S. Department of Agriculture for the county in which the program is located. Any program located in a county with a Beale code of 6, 7, 8 or 9 is eligible to apply for the alternative match requirement. See Attachment K for the Table of Beale codes.
- **3. Severely Economically Distressed County**: In determining whether a program is located in a severely economically distressed county, the Corporation will consider the following list of county-level characteristics. See Attachment K for a list of website addresses where this publicly available information can be found.
 - The county-level per capita income is less than or equal to 75 percent of the national average for all counties using the most recent census data or Bureau of Economic Analysis data;
 - The county-level poverty rate is equal to or greater than 125 percent of the national average for all counties using the most recent census data; and
 - The county-level unemployment is above the national average for all counties for the previous 12 months using the most recently available Bureau of Labor Statistics data.

State and State EAP: Your state commission must approve your waiver request before it is forwarded to the Corporation.

VII. Budget Instructions for Education Award Programs

These instructions apply only to applicants for Education Award Program funding. EAP applicants may only request a fixed amount of funding per MSY. Therefore, EAP applicants are not required to complete a detailed budget. In addition, the matching requirements in 45 CFR §§ 2521.40–2521.95 do not apply to EAP applicants.

Budget Section II. AmeriCorps Member Positions Member Positions

Identify the number of Education Award members you are requesting by category (i.e. full-time, half-time, reduced half-time, quarter-time, minimum-time) and list under the column labeled #w/o Allow (without CNCS-funded living allowance.) Leave all other columns blank.

The total number of member service years (MSY) will **automatically calculate** at the bottom of the Member Positions chart, per the following example:

Amounts of fixed awards are based on the member service years which are calculated as follows:

Member Positions	Calculation	MSY	
Full-time (1700 hours)	(members x 1.000)	=	
1-Year Half-time (900 hours)	(members x 0.500)	=	
2-Year Half-time (1 st Year) (generally 450 hours)	(members x 0.500)	=	
2-Year Half-time (2 nd Year) (generally 450 hours)	(members x 0.000)*	=	
Reduced Half-time (675 hours)	(members x 0.3810)	=	
Quarter-time (450 hours)	(members x 0.2646)	=	
Minimum-time (300 hours)	(members x 0.2117)	=	
	Total MSY		
Total # of MSYs x MSY amount (up to \$600) = Total Grant Request \$			

^{*} Grantees receive the total amount for 2-Year Half-time members in the first year. Therefore, 2-Year Half-time members serving in their second year are not included in the calculation for funds.

Fixed Award

Under "Calculation," you will enter the calculation for your grant request. Applicants may request up to \$600 per member service year (MSY).

Display your calculation in the following format:

Type the total amount requested in the "Total Amount" & "CNCS Share" columns. Leave the "Grantee Share" blank. See example below:

Purpose	Calculation	Total Amount	CNCS Share	Grantee Share	edit	del
Program Grant Request	47.5 MSY	\$19,000	\$19,000	\$0		
	X \$600/MSY				view	
Subtotal		\$19,000	\$19,000	\$0		

VIII. Review, Authorize, and Submit

eGrants requires that you review and verify your entire application before submitting, by completing the following sections in eGrants:

- Review
- Authorize
- Assurances
- Certifications
- Verify and
- Submit

Read the Authorization, Assurances, and Certifications carefully. Complete each section of the Assurances and Certifications. If you are submitting an application in hard copy, the Assurances and Certifications can be found in Attachment E.

The person who authorizes the application must be the applicant's authorized representative. A copy of the governing body's authorization for this official representative to sign must be on file in the applicant's office.

Be sure to check your entire application to make sure that there are no errors before submitting it. eGrants will also generate a list of errors if there are sections that need to be corrected prior to submission when you verify.

IX. Survey on Ensuring Equal Opportunity for Applicants

The Corporation and other federal agencies are collaborating with the White House Office of Faith-Based and Community Initiatives to conduct a survey of organizations that apply for federal funding. The purpose of this voluntary information collection is to compile statistics on the types of organizations that apply to the Corporation for funds, such as number of employees, budget size, and self-identification as a faith-based/religious organization or a non-religious community-based organization.

This form is for applicants that are nonprofit private organizations, **not including private universities.** All information from the attached survey will be confidential and the responses will be aggregated in-house for a summary report. Information provided on your form will not be released and will not be considered in any way in making funding decisions.

There are two ways to complete the survey: (1) while preparing your application; and (2) after submitting your application.

- 1) To complete the survey while preparing your application, go to the eGrants Main Menu, click on Enter Survey on Ensuring Equal Opportunity, provide the requested information and submit.
- 2) If you submit your grant application without completing the survey, a pop-up box will appear and ask you if you would like to complete the survey. You may select Yes, No, or Remind Me Later. If you select Remind Me Later, you will be asked to fill in the survey next time you attempt to submit an application to the Corporation for National and Community Service.

If you are submitting an application in hard copy, the survey forms and instructions are found in the Attachment J.

Application Instructions:

COMPETITIVE CONTINUATION REQUESTS

The following instructions for submitting a continuation request apply only to programs that are currently in their first or second year of operation within a three-year grant cycle. If your program is currently in the final year of its grant cycle, you must apply using the application instructions for new and recompeting programs.

Continuation Expansions

Based on our anticipated appropriation, and the expected volume of new and recompeting applications in 2009, the Corporation does not expect to approve any requests for expansion (additional members or funding) within continuation requests in fiscal year 2009. If any expansions are considered, preference will be given to expansions that address the Corporation's strategic initiatives, include low cost MSYs, and expansions of programs demonstrating outcomes that have exceeded their goals.

Continuation Budget Increase: In 2009, your continuation request may not include an increase for cost of living.

When to Submit Your Continuation Request:

The date for the submission of continuation requests is **November 10, 2008** at **4:30 p.m. Eastern Time.**

How to Submit Your Continuation Request:

- Submit your continuation request in eGrants.
- To create your continuation request in eGrants, click **Continuation** on your eGrants home page. You will be shown a list of grants that are eligible to be continued. Select the grant you wish to continue. **Make sure you select the correct one**. The system will copy your most recently awarded application.
- Edit your continuation application as directed in the continuation request instructions below. When you have completed your edits, click the **SUBMIT** button.

Be sure you also review the *Notice* when preparing your request. If you have questions about the content of your continuation request, please contact National Service Program Officer, Debbie Anderson, at 317-232-2504 or <u>deanderson@ofbci.in.gov</u>.

If you experience problems using eGrants, contact the eGrants Help Desk at (888) 677-7849 or (202) 606-7506, or email at egrantshelp@cns.gov.

What to Include in Your Continuation Request:

I. Applicant Info and Application Info

Update the Applicant Info and Application Info Sections in eGrants if necessary. Note in the Continuation Changes field that you have updated the Applicant Info or Application Info Section(s).

II. Narrative (Narratives Section)

Your original application will appear in the narrative sections Rationale and Approach, Community Outputs and Outcomes, Organizational Capability, Cost-Effectiveness and Budget Adequacy, Evaluation Summary or Plan, Amendment Justification, Clarification Information, and Continuation Changes, as appropriate.

If you have changes in any of these areas, please document them in the Continuation Changes field in eGrants. Delete information previously entered in the Continuation Changes field before entering new information. Do not enter continuation changes in the original fields. If you are not proposing changes to your continuation request, simply leave your original narrative as it is, and enter No Changes in the Continuation Changes field.

Enrollment

If you enrolled less than 100% of slots received during your last full year of program operation, provide an explanation, and describe your plan for improvement in the Continuation Changes field.

Retention

If you were not able to retain all of your members during your last full year of program operation, provide an explanation, and describe your plan for improvement in the Continuation Changes field. We recognize retention rates may vary among equally effective programs depending on the program model. We expect grantees to pursue the highest retention rate possible.

III. Performance Measures (Performance Measures Section)

Your performance measures are copied from your previous year's application into your continuation request. If you need to revise your performance measures, View/Edit the performance measures that copy over from your original application, or add new performance measures. Note in the Continuation Changes field that you have updated your performance measures.

IV. Budget (Budget Section)

Provide a detailed budget for the upcoming year. Incorporate any required Corporation increases, such as an increase to the member living allowance into your budget. Your budget from the previous year's application is copied into your continuation request so you can make the necessary adjustments.

Budgeting for Indiana AmeriCorps*State Events:

Your budget should include support for staff attendance at OFBCI-sponsored trainings and events in or near Indianapolis, including a program directors' summer orientation (tentatively scheduled for 2 days), Opening Ceremony (tentatively scheduled for 1 days in the fall), and 3-4 additional, full-day training dates during the year. You should also plan for travel costs (e.g. mileage, parking) for members to attend one OFBCI-sponsored event (Opening Ceremony) in or near Indianapolis during the program year. Please note that these are estimates of the events to be conducted during the 2009-2010 program year.

V. Increasing Grantee Overall Share of Total Budgeted Costs

Grantees are required to meet an overall matching rate that increases over time. You have the flexibility to meet the overall match requirements in any of the three budget areas, as long as the minimum match of 24% for the first three years, and the increasing minimum in years thereafter, are maintained. These matching requirements may be waived in limited circumstances. See 45 CFR §§ 2521.35–2521.95 for the specific regulatory match and waiver requirements.

Applying for Alternative Match

If you are requesting the alternative match as specified in § 2521.60(b), you must demonstrate that your program is either located in a rural county or in a severely economically distressed community as defined below. Also describe the efforts you have taken to raise the resources needed to meet the matching requirements in the Waiver Justification field in the Application Info Section of eGrants.

Please see 45 CFR §§ 2521.35–2521.90, for match and waiver requirements. You apply for the alternative match the year before it goes into effect. If approved, you will base your budget in your next application on the approved alternative match. The alternative match requirement will be in effect for whatever portion of the three-year project period remains, if you are approved for funding.

- **4. Program Location**: Except when approved otherwise, the Corporation will determine the location of your program based on the legal applicant's address. If you believe that the legal applicant's address is not the appropriate way to consider the location of your program, you must provide relevant facts about your program location in your waiver request. The Corporation will, in its sole discretion, determine whether some other address is more appropriate for determining a program's location.
- **5. Rural County:** In determining whether a program is rural, the Corporation will consider the most recent Beale code rating published by the U.S. Department of Agriculture for the county in which the program is located. Any program located in a county with a Beale code of 6, 7, 8 or 9 is eligible to apply for the alternative match requirement. See Attachment K for the Table of Beale codes.

- **6. Severely Economically Distressed County**: In determining whether a program is located in a severely economically distressed county, the Corporation will consider the following list of county-level characteristics. See Attachment K for a list of website addresses where this publicly available information can be found.
 - The county-level per capita income is less than or equal to 75 percent of the national average for all counties using the most recent census data or Bureau of Economic Analysis data;
 - The county-level poverty rate is equal to or greater than 125 percent of the national average for all counties using the most recent census data; and
 - The county-level unemployment is above the national average for all counties for the previous 12 months using the most recently available Bureau of Labor Statistics data.
