Subject: *Federally Chartered Corporation: Financial Statement Audit Report for the Italian American War Veterans of the United States for Fiscal Year 2003*

Dear Mr. Chairman:

As requested, we read the audit report covering the financial statements of the Italian American War Veterans of the United States, a federally chartered corporation, for the fiscal year ended August 31, 2003. The corporation preserves the memories and records of patriotic service performed by Italian American men and women who served in the Armed Forces.

Federally chartered corporations are required under 36 U.S.C. §10101 to

- present the corporation's assets and liabilities and reasonable detail on the corporation's income and expenses in annual financial statements and
- obtain an annual financial audit by an independent public accountant.

Our objective was to advise you of any matters in the report regarding compliance with the financial reporting requirements of the law. In carrying out our work, we read the corporation's financial statements and the accompanying notes, performed certain analytical procedures related to information presented in the financial statements, and read the auditor's report. We also held limited discussions with the corporation's auditor regarding potential enhancements that could be made to the corporation's financial reporting. We did not identify any instance of noncompliance with the above financial reporting requirements of the law.

We did not perform an audit or review the auditor's working papers, and we are not rendering an audit opinion.

The audit report included the auditor's opinion that the financial statements of the corporation were presented fairly on a modified cash basis of accounting. We are returning the audit report you sent with your letter.

This letter is intended solely for your use and the use of the Committee on the Judiciary.

Sincerely yours,
