CHAIR'S MESSAGE

I bring you greetings on behalf of the Congressional Black Caucus of the 110th Congress. I am proud to serve as the 20th Chair of the CBC. This year's theme: *Change Course, Confront Crises, Continue the Legacy*, will allow us to energize, mobilize and organize America, while advancing the Democratic agenda.

Since the formation of the CBC in 1971, our core mission has been to *Change Course* for African Americans and others by working to close, and ultimately eliminate, disparities that exist for all Americans. These disparities continue to exist from generation to generation. We feel it is time to *Confront Crises* in order to strengthen and maximize the potential and security of our communities. Finally, we would be remiss if we did not strive to *Continue the Legacy* of the CBC, whose position has always been 'the CBC has no permanent friends, no permanent enemies - just permanent interests.'

Within this Congress, CBC Members hold key leadership positions. In the following pages you will find information about the CBC and details about CBC Members' positions of leadership, areas of expertise and the contact information for their Press Departments. We invite you to utilize this reference guide when researching and compiling news stories. We hope that it will spark discussions about ways we can collaborate and communicate with you about issues that impact your audiences and all American citizens.

Thank you for your time and interest. We look forward to developing a mutually beneficial relationship with you.

Sincerely,

A handwritten signature in black ink that reads "Carolyn C. Kilpatrick". The signature is written in a cursive, flowing style.

Carolyn C. Kilpatrick
Chairwoman

MISSION

Since 1971, the Members of the Congressional Black Caucus (at times referred to herein as the “CBC” or “Caucus”) have joined together to strengthen their efforts to empower America’s neglected citizens - including but not limited to Americans of color - by more effectively addressing our legislative concerns. The Congressional Black Caucus is committed to utilizing the full Constitutional power, statutory authority, and financial resources of the Government of the United States of America to ensure, insofar as possible, that everyone in the United States has an opportunity to live out the American Dream.

The legislative agenda of universal empowerment that the Members of the Caucus shall collectively pursue shall include, but are not limited to: the creation of universal access to a world-class education from birth through post secondary level; the creation of universal access to quality, affordable health care and the elimination of racially based health disparities; the creation of universal access to modern technology, capital, and full, fairly-compensated employment; the creation and or expansion of US foreign policy initiatives that will contribute to the survival, health, education, and general welfare of all peoples of the world in a manner consistent with universal human dignity, tolerance, and respect, and such other legislative action as a majority of the entire CBC membership from time to time may support.
