

**Estimated Temperatures at 5 Kilometers**  
**Legend**

- Rivers
- Lakes
- Geopressure Zones
- Sediment Thickness - Contour Interval 1500m

Miles

Map Prepared by the Idaho National Laboratory Geothermal Technologies Program and Idaho National Laboratory Geospatial Science & Engineering

Temperature data provided by:  
 Southern Methodist University Geothermal Laboratory as of 4/12/2005  
<http://www.smu.edu/geothermal>

Geopressured potential data from U.S.G.S. Circular 790 Map  
 "Geopressured - Geothermal Energy in Reservoir Fluids of the Northern Gulf of Mexico Basin"
