

Estimated Temperatures at 10 Kilometers

Legend

- Rivers
- Lakes
- Geopressure Zones

Map Prepared by the Idaho National Laboratory Geothermal Technologies Program
and
Idaho National Laboratory Geospatial Science & Engineering

Temperature data provided by:
Southern Methodist University Geothermal Laboratory as of July 2005
<http://www.smu.edu/geothermal>

Geopressed potential data from U.S.G.S. Circular 790 Map
"Geopressed - Geothermal Energy in Reservoir Fluids of the Northern Gulf of Mexico Basin"
