## **Helping Seniors Afford The High Quality Health Care They Deserve**

### **Reducing The Cost Of Prescription Drugs**

We need a prescription drug plan that makes sense. Linda Sánchez is sponsoring the

"Medicare's Equitable Drugs for Seniors Act" (H.R. 3707) so that the Secretary of

Health and Human Services can negotiate fair

drug prices for Medicare beneficiaries. She's

also pushing to pass the "Pharmaceutical

Market Access Act" (H.R. 2427), which would

allow Americans to buy medications from

countries who sell the same drugs for less.

## Helping Seniors Keep Up With Rising Costs

Linda Sánchez is fighting to help struggling seniors with the increasing cost of daily expenses and stagnating benefits. When healthcare costs rise, seniors are left with nowhere to turn. That's why Linda is sponsoring the "Consumer Price Index for Elderly Consumers Act" (H.R. 2262), which calculates the Social Security Cost of Living Adjustment (COLIA) fairly by taking rising healthcare costs into consideration.
